Nathaniel Morton Elementary School

In Memoriam

John F. Prentice

**Town Meeting Member, Member Advisory & Finance Committee
Selectman of Plymouth (October, 1966 to March 1974)**

John served as Chairman of the Board of Selectmen during the 350th Anniversary Celebration of the Founding of Plymouth and represented the Town in appropriate ceremonies here and in Plymouth, England. Known affectionately as the "Farmer" in recognition of his long years in the dairy business, John's quiet demeanor belied his capacity for and dedication to hard work both in his private and public life. He was a member of many boards and committees concerned with the welfare of the Town and its residents. His geniality and kindness enriched the lives of all who came in contact with him.

In Memoriam

Arthur Sirrico

It is with much regret that we must record the passing of Arthur Sirrico on July 2nd, 1979 but we do so with great respect and thanks for his dedication to the Town as a Park Commissioner for fourteen years, March 1942 to September 13th, 1956 and as Park Superintendent for twenty one years from October 3rd, 1956 to December 31st, 1977.

Under his jurisdiction and supervision hundreds of shrubs and trees in the beautiful parks of Plymouth were planted and cared for and are now living testimonials to a man who truly loved his home town, also, but not relegated to a small part of his life, the Town's organized playgrounds are the result of Arthur's unflagging interest in sports and his concern for the children.

This kind of man is a rarity among men and the Town of Plymouth will always revere his memory.

In Memoriam

David Montanari

David Montanari was first appointed to the Plymouth Fire Department as a member of the Call Force on June 16, 1954. He served in this capacity until his appointment as a permanent Firefighter on April 27, 1959.

During his length of service David served as a Provisional Fire Lieutenant on three occasions: July 1974 through May 1975,—August 1975 through July 1976—January 1977 through May 1979.

David was killed in line of duty while fighting a fire at Box 621, a vacant railroad building off Water Street, on Aug. 25, 1979.

David's untimely death occurred unexpectedly at the very young age of forty-nine in service to people of Plymouth. He was a dedicated firefighter, ever conscious to serve the Town, the Department, and the Townspeople in the truest traditions of the fire service. He shall truly be missed by all who knew him and held him in the highest regard—his family, his friends, and his brotherhood of firefighters.

Dedication

Arsene Strassel

Arsene Strassel was first appointed as a teller in 1940 when the town consisted of only one precinct. When the town changed to three precincts he was appointed as a Deputy Warden under Carlton Kendrick, who was also a former member of the Board of Registrars, and Arsene worked at Cold Spring School in this capacity. In 1962 Mr. Strassel was appointed to the Board of Registrars, and he served the town until 1979, with the last nine years being served as Chairman of the Board.

Dedication

John Pacheco

John Pacheco, **MUSIC MAN EXTRAORDINAIRE**, was born in Plymouth, Massachusetts, on March 3, 1914.

He started clarinet lessons at the age of 8, and at 14 travelled to Boston to study with Augustus Vannini, instructor at New England Conservatory and member of the Boston Symphony Orchestra. As a child he played with the Phinney Pilgrim Band and with the Cordage Company Band.

In 1938 he was hired on a part-time basis by the Plymouth School Department as an instructor in instrumental music. From 1939 to the present he has been Conductor and Director of the American Legion Band, Post 40.

As master of the clarinet, he was afforded the thrill of playing with some of the country's best known musicians and directors such as Fabian Sevitzy, Dr. E.F. Goldman, Walter Smith and Percy Granger.

For many years he actively participated in the Plymouth Philharmonic Orchestra as a playing member and in 1964 he became conductor. Highlights of this period were guest soloists Joseph Silverstein, Concertmaster of the Boston Symphony Orchestra, and Armando Ghitalla, principal trumpet of the BSO,—both under his baton.

John has been a long-time member of Kiwanis and served as its president in 1954. In 1957, he was elected president of the Southeastern Massachusetts Band Association, and in 1975 became president of the Local Musicians' Union.

John has directed the Plymouth High School, Plymouth-Carver High School and Plymouth Junior High School Bands, and was the Director of the Plymouth-Carver Intermediate School Band. He is currently teaching music in the elementary schools.

Special Town Meeting

March 5, 1979

The Meeting was called to order at 8:00 P.M. by the Moderator, Thomas Frates with 79 Town Meeting Members present, as reported by the checkers Robert Marvelli and Arsene Strassel, II.

The Moderator declared a quorum present.

There were no newly-elected Town Meeting Members present who had not been sworn in to their position.

Mr. Paul Sears rose to inquire whether or not there was a tape or other recording being made of these proceedings.-NO.

At this time Mr. Frates spoke in respect to the background of Article I, and outlined the statutes which govern it.

Mr. Michael Babini, member of the Planning Board, and Mr. Ray Frieden, Planning Director addressed the meeting and presented the feelings and recommendations of the Planning Board in regard to Article I and its effects on small lot owners previously affected by zoning changes in 1973 and 1978.

ARTICLE 1:

Mr. Malaguti moved that the Town vote to amend the Zoning By-Law of the Town of Plymouth by adding a section "307.02 Non-Conforming Lots" as follows:

Any lot lawfully laid out by plan or deed duly recorded, as defined in Section 81L of Chapter 41, or any lot shown on a plan endorsed with the words "approval under the subdivision control law not required" or words of similar import, pursuant to Section 81P of Chapter 41, which complies at the time of such recording or such endorsement, whichever is earlier, with the minimum area, frontage, width, and depth requirements, if any, of the zoning ordinance or by-law in effect, notwithstanding the adoption or amendment of provisions of a zoning ordinance or by-law imposing minimum area, frontage, width, depth, or yard requirements, or more than one such requirement, in excess of those in effect at the time of such recording or endorsement (1)

may thereafter be built upon for residential use if, at the time of the adoption of such requirements or increased requirements, or while building on such lot was otherwise permitted, whichever occurs later, such lot was - and continues to be held in ownership separate from that of adjoining land located in the same residential district, and of any other land shown on such plan or deed or (2) may be built upon for residential use for a period of five years from the date of such recording or such endorsement, whichever is earlier, if, at the time of the adoption of such requirements, such lot was held in common ownership with that of adjoining land located in the same residential district or (3) may thereafter be built upon for residential use, if at the time of the adoption of such requirements or increased requirements, or while building on such lot was otherwise permitted, whichever occurs later, such lot was held in ownership separate from that of adjoining land located in the same residential district but not separate from some other land shown on such plan or deed and provided that the number of permits issued in each subdivision under clause (3) in any 12-month period shall not exceed 33% of the number of lots in each subdivision which were initially eligible for permits under clause (3) alone or one permitted per year, whichever is greater and further provided, in either instance, at the time of building (a) such lot has an area of five thousand square feet or more and a frontage of fifty feet or more, as defined in Section 81L of Chapter 41, is in a district zoned for residential use, and conforms except as to area, frontage, width and depth with the applicable provisions of the zoning ordinance or by-law in effect and (b) any proposed structure is to be located on such lot so as to conform with the minimum requirements of front, side, and rear yard setbacks, if any, in effect at the time of such recording or such endorsement, whichever is earlier, and to all other requirements for such structure in effect at the time of building.

The provisions of this section shall not be construed to prohibit a lot being built upon, if at the time of building, building upon such lots is not prohibited by the zoning ordinances or by-laws in effect.

Mr. Richard Withington moved to amend Mr. Malaguti's motion by deleting the following:

1. after the words "... such lot was ..." DELETE the words "... and continue to be ..."
2. after the words "... located in the same residential district ..." DELETE the words "... and of any other land shown on such plan or deed ..."
3. after the words "... located in the same residential district ..." DELETE the words "... or (3) may thereafter be built upon for residential use, if at the time of the adoption of such requirements or increased requirements, or while building on such lot was otherwise permitted, whichever occurs later, such lot was held in ownership separate from that of adjoining land located in the same residential district but not separate from

other land shown on such plan or deed and provided that the number of permits issued in each subdivision under clause (3) in any 12 month period shall not exceed 33% of the number of lots in each subdivision which were initially eligible for permits under clause (3) alone or one permitted per year, whichever is greater ..."

4. Delete the last paragraph.

Mr. David Buckman moved to additionally amend Mr. Malaguti's motion by changing the amount of permits for which building would be allowed from 33% to 10% in one subdivision per year.

Mr. Buckman's amendment was voted and NOT PASSED, by vote of 49 to 30.

Mr. Withington's amendment was voted and NOT PASSED.

Mr. Malaguti's original motion was presented for voting and was NOT PASSED, by vote of 46 to 34.

ARTICLE 2:

VOTED (UNANIMOUSLY) That the Town appropriate from Free Cash the sum of \$9,000.00 to be added to the funds appropriated in Article 7 of the 1978 Annual Town Meeting for the purpose of supplementing departmental expenses:

ITEM	DEPARTMENT	LINE	DESCRIPTION	AMOUNT
A.	Library	50-00-1-00	Salaries & Wages	\$9,000.00

ARTICLE 3:

No Action Taken on Article 3.

ARTICLE 4:

VOTED (UNANIMOUSLY) That the Town appropriate the sum of \$500,000.00 for necessary repair projects in connection with the storm disaster of 1978 and to meet said appropriation the treasurer is hereby authorized to borrow, with the approval of the Board of Selectmen, up to and including the sum of \$500,000.00 under the provisions of Chapter 74 of the Acts of 1945 provided that such borrowing shall be reduced by the amount of any Federal or State grants available therefor.

ARTICLE 5:

VOTED (UNANIMOUSLY) That the Town authorize the transfer of \$5,126.00 from the Construction of the Federal Furnace School and \$443,874.00 from the Construction of the Indian Brook School appropriations for the purpose of constructing and originally equipping a six-room addition to the Federal Furnace School in accordance with plans submitted by the Permanent Elementary School Building Committee.

ARTICLE 6:

No Action Taken on Article 6.

ARTICLE 7:

VOTED (UNANIMOUSLY) That the Town vote to transfer funds appropriated in Article 7 of the 1978 Annual Town Meeting as follows:

Special Town Meeting

April 7, 1979

ARTICLE	INDEX
DESCRIPTION	
1. Regional School District debt	
2. Parker Drive drainage	

Special Town Meeting

(within the ANNUAL

April 7, 1979

At 10:50 A.M. it was voted to adjourn the Annual Meeting so as to open action on the Special Town Meeting Warrant articles.

ARTICLE ONE:

Mrs. Krensky moved that the Town approve the amount of the \$140,000.00 debt authorized on March 6, 1979, by the Plymouth-Carver Regional School District School Committee for the purpose of financing in part the construction and equipping thereon of a High School and a Vocational School including architect's and engineering fees and other costs incidental thereto.

This motion was NOT PASSED.

ARTICLE TWO:

Mr. Malaguti moved that the Town authorize the Department of Public Works to install and to make alterations and/or repairs to the drainage system on Parker Drive, and to appropriate the sum of \$5,000. from Free Cash (Surplus Revenue), and further that Town Meeting direct the Department of Public Works to look into purchasing a parcel of land in that area for a suitable leaching field, and report back to the next Annual Town Meeting their progress.

This motion was PASSED.

At 11:30 A.M. this Meeting was dissolved and adjourned to return to the Annual Town Meeting.

PLANNING BOARD

ARTICLE 63:

To see if the Town will vote to amend the Zoning By-law as it relates to the Light Industry Zone or take any other action relative thereto.

PLANNING BOARD

ARTICLE 64:

To see if the Town will vote to amend the Zoning By-law to define the terms "Gross Floor Area" and "Net Floor Area".

PLANNING BOARD

ARTICLE 65:

To see if the Town will vote to amend the Zoning By-law as it relates to the height of structures.

PLANNING BOARD

ARTICLE 66:

To see if the Town will vote to amend the Zoning By-law as it relates to temporary construction signs.

PLANNING BOARD

ARTICLE 67:

To see if the Town will vote to amend the Zoning By-law as it relates to frontage requirements in the RR Zone.

PLANNING BOARD

ARTICLE 68:

To see if the Town will vote to amend the Zoning By-law to provide notice of zoning changes to non-resident property owners who request such notice and to establish a fee therefor.

PLANNING BOARD

ARTICLE 69:

To see if the Town will vote to amend the Zoning By-law as it relates to non-conforming lots.

PLANNING BOARD

ARTICLE 70:

To see if the Town will vote to amend the Zoning By-law by requiring minimum setbacks from easements and to prohibit including the area within easements as part of the minimum lot area required.

PLANNING BOARD

ARTICLE 71:

To see if the Town will vote to amend the Zoning By-Law as it relates to access.

PLANNING BOARD

ARTICLE 72:

To see if the Town will vote to amend Zoning Map Number 1 by changing certain parcels of land in the vicinity of Clark Road and State Route 3 from Rural Residential to Neighborhood Commercial or take any other action relative thereto.

PLANNING BOARD

ARTICLE 73:

To see if the Town will vote to amend the Town By-laws, Article V Public Ways and Places, Section 18 Parades, Marches or Demonstrations by deleting said section and substituting the following section:

"Parades, Processions and Formations

Section 18.

No person shall take part in any parade, procession or other organized formation of persons or vehicles, other than a funeral procession or a picket line in or upon any street, way, highway, road or parkway under the control of the Town unless the Board of Selectmen has issued a permit approved by the Chief of Police, for such parade, procession or formation. Said permit shall designate the time, place and manner of such parade, procession or formation. Before a permit is issued, written application giving the time, place and manner of such parade, procession or formation shall be filed with the Board of Selectmen at least seven days before the time fixed for the same."

or take any other action relative thereto.

CHIEF OF POLICE

ARTICLE 74:

To see if the Town will vote to amend the By-laws of the Town relative to establishing a report of the previous year's Town meeting action on any article that required funding over \$5,000.00. Said report

will be submitted by the department head responsible for funding accountability of said article. This report to be submitted to the Advisory and Finance Committee no later than thirty (30) days before the Annual Town Meeting. These reports will be correlated by the Advisory and Finance Committee and forwarded to all Town Meeting Members with other Finance Committee reports/materials.

BY PETITION: WILLIAM BURKE ET AL

ARTICLE 75:

To see if the Town will vote to accept Section 17A Chapter 138 of the Massachusetts General Laws authorizing the Selectmen to increase the number of liquor licenses in the Town.

BY PETITION: WILLIAM J. CORCORAN ET AL

Annual Town Meeting

April 7, 1979

The meeting was called to order by the Moderator, Thomas Frates, at 10:30 A.M. on Saturday, April 7, 1979, in the Plymouth-Carver Regional High School.

The number of Town Meeting Members present April 7, 1979, was 91 as reported by records of the checkers Arsene Strassel, II, and Robert Marvelli. The Moderator declared a quorum present.

Town Meeting Members were sworn to the faithful performance of their duties by the Town Clerk Andrew J. Collas.

At this time the meeting was officially opened by girls from Cadette Girl Scout Troop 208 of Plymouth, with a Flag Ceremony. These girls are candidates for a First Class award and this service is performed as part of the program involved in their need to perform a service in Citizenship.

Mr. Malaguti moved that the Adjourned Sessions of the Town Meeting should be held on Monday, April 9; Tuesday, April 10; Wednesday, April 18 and Thursday, April 19. SO VOTED.

Special Town Meeting

(within the Annual)

April 7, 1979

At 10:50 A.M. it was voted to adjourn the Annual Meeting so as to open action on the Special Town Meeting Warrant articles.

ARTICLE 1:

Mrs. Krensky moved that the Town approve the amount of the \$140,000.00 debt authorized on March 6, 1979, by the Plymouth-Carver Regional School District School Committee for the purpose of financing in part the construction and equipping thereon of a High School and a Vocational School including architect's and engineering fees and other costs incidental thereto.

This Motion Was NOT PASSED.

ARTICLE 2:

Mr. Malaguti moved that the Town authorize the Department of Public Works to install and to make alterations and/or repairs to the drainage system on Parker Drive, and to appropriate the sum of \$5,000 from Free Cash (Surplus Revenue), and further that Town Meeting direct the Department of Public Works to look into purchasing a parcel of land in that area for a suitable leaching field, and report back to the next Annual Town Meeting their progress.

This Motion Was PASSED.

At 11:30 A.M. this meeting was dissolved and adjourned to return to the Annual Town Meeting.

Annual Town Meeting

April 7, 1979

ARTICLE 2:

VOTED: That the Town authorize the broadcasting of the 1980 Annual Town Meeting and appropriate the sum of \$1,000.00 for the expenses thereof, provided that the Town receive from the broadcasting facilities a tape recording of the entire proceedings of the meeting so broadcast.

ARTICLE 3:

Mr. Malaguti moved that any Committee desiring to do so be allowed to present reports to the Town Meeting at this time. The following Committees did so:

Permanent Elementary School Building Com.—Romeo Carletti

Manomet Sewage Disposal Planning & Bldg.—A. Morgardo

(This Committee was voted to be continued for one year.)

Sewer & Waste — Municipal or Private? Cost Study Report—J. McKinnon

Town Forest Committee and Fire Station Building Committee asked to defer their reports to be presented with pertinent articles which are to be considered at later points in the Meeting. SO VOTED.

The above reports were accepted and copies filed with the Town Clerk.

ARTICLE 4:

VOTED (UNANIMOUSLY) That the Town authorize the Treasurer with the approval of the Selectmen to borrow in anticipation of the revenue for the twelve month period beginning July 1, 1979, in accordance with General Laws Chapter 44, Section 4, and acts in amendment thereof, and including in addition thereto, Chapter 849 of the Acts of 1969, as amended, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

ARTICLE 5:

Miss Canucci moved that the Town of Plymouth amend the Personnel By-Law by amending Schedule B salaries by increasing the salary figures for Fiscal '80 by 5% effective July 1, 1979; further that the salary figures of the Police Chief, Deputy Fire Chief, Library Director and Asst. Library Director be increased by 5% for Fiscal '80 effective July 1, 1979; and further that the Personnel By-Law be amended according to the "Revisions to the Personnel By-Law" dated March 23, 1979, effective July 1, 1979; and further that the newly added Section 13A- Longevity Pay, be amended to include the statement "Eligibility for Longevity Pay shall be for permanent full-time employees."

Mr. Silva moved to amend Miss Canucci's motion by adding in Schedule A-Harbor master compensation grade should be changed from S-18 to S-20.

This amendment was PASSED. (See P. 244-C)

Mr. Silva moved to amend Miss Canucci's motion by adding to Section 20 — Job Posting of Clerical Positions — after the word "employee" insert the words "or applicant has been judged NOT QUALIFIED, the position shall be advertised." (See P. 244-E)

Miss Canucci's motion was considered and voted upon section by section as the motion to amend was read — Section 15— Sick Leave was NOT PASSED (See P. 244-D)

Section 13A — Longevity Pay was NOT PASSED (See P. 244-E)

Miss Canucci's motion was then voted and Passed with the deleted sections and as amended by Mr. Silva.

ARTICLE 6:

Mr. Malaguti moved that the Town set the salaries of elected Town Officers as follows, effective July 1, 1979:

(As per Mass. G.L. Chapter 41, Sec. 108)

MODERATOR	\$300.00
Chairman,	
BOARD OF SELECTMEN	3,000.00
Other SELECTMEN	2,000.00
TOWN CLERK	10,641.00
TOWN TREASURER	10,641.00
TOWN COLLECTOR	19,500.00

This motion was voted and PASSED.

Mr. William Burke moved to defer action on Article 7 until the next full session.

PASSED.

ARTICLE 8:

Mr. Malaguti moved that the Town appropriate the sum of \$199,316.00 for the repair and/or purchase and/or lease and/or replacement of departmental equipment for the various departments of the Town and/or trade in used equipment as follows:

	Fin.Com. Requests	Final Approved Amt.

This Motion was PASSED.

Mrs. Y. Rezendes moved to amend Art. 7, Budget #91, Plymouth-Carver Regional School District Operating Cost Assessment by striking the amount of \$5,937,899.00 and substituting therefor the figure of \$5,961,299.00, the increased amount to be used for the purpose of Driver Education Training only.

This Motion was NOT PASSED.

Mr. William Burke moved to consider Article 74 out of order at this time, and it was so VOTED.

ARTICLE 74:

Mr. Burke moved that the following section be added to the Town of Plymouth By-Laws — Article IV

Articles over \$5,000

Section 8

Any article of the previous year's Town Meeting that required funding of \$5,000.00 or more, shall, no later than 90 days preceding the next Annual Town Meeting, be accounted for by the department head responsible for funding accountability of said article. These reports will be submitted to the Executive Secretary for correlation and study by the Board of Selectmen. Said information will be forwarded to the Advisory and Finance Committee prior to commencing deliberations/hearings for the next Annual Town Meeting.

Article 7 and any article with an accepted bid/request will be exempt from the By-Law. These reports will be forwarded to all Town Meeting Members with other Finance Committee reports/ materials.

This Motion was PASSED.

At 10:50 P.M. Mr. Roger Silva moved to adjourn, and it was so VOTED.

Annual Town Meeting Adjourned Session April 18, 1979

The Meeting was called to order by the Moderator, Thomas Frates, at 8:20 P.M. on Wednesday, April 18, 1979, in the Plymouth-Carver Regional High School.

The number of Town Meeting Members present on April 18, 1979, was 79 as reported by the records of the checkers Arsene Strassel, II and Robert Marvelli. The Moderator declared a quorum present.

ARTICLE 9:

Mr. Malaguti moved that the Town appropriate the sum of \$51,000.00 from available funds (Surplus Revenue) for State Aid Construction for various streets in Plymouth: said monies to be used in

conjunction with any available funds — State or Local — already appropriated; said monies to be expended by the Department of Public Works, with reimbursement to be returned to Excess and Deficiency Funds.

VOTED: UNANIMOUSLY

ARTICLE 10:

Mr. Malaguti moved that the Town appropriate the sum of \$199,800.00 to construct, reconstruct hardsurface or seal the following streets:

Item #	Description	Fin. Com. Request	Amount Apprvd.
A.	Plymouth St.—Rte. 44 to Carver Line	3,500.00	3,500.00
B.	Obery St.—Sandwich Rd. to House of Correction	18,500.00	18,500.00

ARTICLE 11:

Mr. Malaguti moved that the Town report and allow as Town Ways, the following streets or portions thereof as laid out by the Selectmen and reported to the Town, provided that all necessary easements have been granted prior to recording of the acceptance of said ways in the Plymouth County Registry of Deeds:

Item	Road		
A.	Black Cat Road — As amended by motion of Mr. McKinnon to say "from Veronica Rd. to Cotton Brook".		
B.	Eagle Hill Drive	Affirmative	Negative
C.	Shore Drive	69	5
D.	Prence Road		
E.	Cypress Street — As amended by motion of Mr. McKinnon to say "from Lake Drive to Packard Street".		
F.	Enchanted Lane		
G.	Stockade Path		
H.	Empire Road		

By a counted vote as indicated above this motion was PASSED ... with amendments by Mr. McKinnon as voted above.

ARTICLE 12:

VOTED: (UNANIMOUSLY)

That the Town appropriate the sum of \$501,808.00 and authorize the Department of Public Works to lay water mains on the following streets or portions thereof:

Item	Road	Amount
A	State Rte. 3A—from Town Square across Main St. Ext.—to Water Street	400,000.00
B	Florida Avenue — 780' — 8" mains	6,808.00
C	Clay Hill Drive — 500' — 8" mains	7,900.00
D	Earl Road — 800' — 8" mains	6,919.00
E	Center Road — 600' — 8" mains	5,406.00
F	Tower Road — and (F and G are amended by Mr. McKinnon to add "Upon the granting to the Town at no cost all necessary easements and releases.")	
G	Bay Shore Drive — 3,750' — 8" mains	74,775.00
		\$501,808.00

Mr. Malaguti moved to amend Item A so as to have it read: "In Market St. from Summer St. to Town Square, in Main St. Ext. from Water St. to Town Square, in Main St. and Court St. from Town Square to Murray St." PASSED.

ARTICLE 13:

Mr. Malaguti moved that the Town appropriate the sum of \$69,300.00 and authorize the Department of Public Works to install a drainage system, and/or to make alterations and/or repairs to drainage systems on the following roads, or portions thereof:

Item	Road	Amount
A	Hopkins Road	20,000.00

B Sandwich Road (Old Sandwich Rd.) Mr.
McKinnon's motion to approve B for \$5,800.
NOT PASSED.

DISAPPROVED

C	Federal Furnace Road (2)	5,000.00
D	Wellington Rd.	7,000.00
E	Shore Drive	26,000.00
F	Billington Street	6,000.00
G	Samoset Avenue (2)	5,300.00
		\$69,300.00

This Motion was PASSED UNANIMOUSLY.

ARTICLE 14:

Mr. Buckman moved to table Article 14 and 15 until the first meeting of the next week. By vote of 47 AFFIRMATIVE and 32 NEGATIVE, this motion was NOT PASSED. (This requires $\frac{2}{3}$)

Ms. Helene Regan moved that the Town vote to authorize the Board of Selectmen to convey to the Plymouth Youth Organization Inc., a parcel of Town-owned land shown on Lots 16B, and 16C on Plat 23 of the Plymouth Assessors' Maps, and said land being located on the easterly side of Sandwich Street — for a sum to be determined and upon conditions to be determined by the Selectmen.

Affirmative	Negative
-------------	----------

26

48

This Motion was NOT PASSED.

ARTICLE 15:

Mr. Malaguti moved that the Town appropriate the sum of \$30,000.00 for the maintenance, repair, remodeling, and refurbishing of the Town-owned building and land located on the easterly side of Sandwich Street and shown on Lot 16B and 16C on Plat 23 of the Plymouth Assessors' Maps, said funds to be expended under the supervision of the Department of Public Works.

By voice vote and decision of the Moderator this motion did NOT PASS. However, at least 7 members questioned this decision.

At this time the matter of a quorum being present was challenged and upon count of the members present the number was 75. Since this was not a quorum, the meeting was then adjourned at 11:00 P.M. and the Moderator emphasized that the action on Article 15 would continue at the next meeting.

Annual Town Meeting Adjourned Session April 19, 1979

The Meeting was called to order by the Moderator, Thomas Frates, at 7:55 P.M. on Thursday, April 19, 1979, in the Plymouth-Carver Regional High School.

The number of Town Meeting Members present April 19, 1979,

was 79 as reported by the records of the checkers Arsene Strassel, II and Shirley Wood. The Moderator declared a quorum present.

Mr. Malaguti moved that the adjourned sessions for the following week be held on the following dates — Monday, April 23; Tuesday, April 24; and Thursday, April 26, 1979. SO VOTED.

ARTICLE 15: (Continued)

Mr. Wm. Stearns moved to amend the motion of Mr. Malaguti by adding "the Moderator shall appoint a committee of 5, including one member from the Board of Selectmen and one member of the Park Dept., to report at the next Special Town Meeting as to the cost of re-locating the Park Dept. garage from Stephens Field, razing the A.K. Finney Building, and utilizing the land area in conjunction with Stephens Field."

This Motion to amend was NOT PASSED.

Mr. Malaguti's original motion was presented and a standing vote being taken — 48 AFFIRMATIVE and 32 NEGATIVE. This Motion PASSED.

ARTICLE 16:

VOTED: (UNANIMOUSLY) That the Town vote to rescind the action taken under Article #39 of the 1923 Town Meeting, said action having been a designation of land at the foot of Nelson Street as a public campground.

ARTICLE 17:

VOTED: (UNANIMOUSLY) That the Town appropriate the sum of \$20,000.00 for the purpose of expanding the recreational facilities on land owned by the Town known as the Nelson Memorial Playground, and shown as Lot 31 on Plat 10 and Lot 24 and Lot 57 on Plat 12 of the Plymouth Assessors' Maps, said appropriation to be expended under the supervision of the Department of Public Works.

ARTICLE 18:

VOTED: That the Town appropriate the sum of \$7,000.00 for the purpose of repairing the tennis courts at Stephens Field and the tennis courts at Veterans Field; said appropriation to be expended under the supervision of the Department of Public Works.

ARTICLE 19:

VOTED: That the Town appropriate the sum of \$17,380.00 to purchase and install smoke, fire and/or burglar detectors in various Town-owned buildings, said appropriation to be expended under the supervision of the Department of Public Works.

ARTICLE 20:

NO ACTION

ARTICLE 21:

VOTED: That the Town appropriate the sum of \$10,262.00 to purchase and install gasoline pumps at the Town barn, said appropriation to be expended under the supervision of the Department of Public Works.

ARTICLE 22:

VOTED: That the Town vote to rescind its action taken under Article 47 of the 1976 Annual Town Meeting, said appropriation of \$8,200.00 to be returned to the Excess and Deficiency Account.

ARTICLE 23:

Mr. Malaguti moved that the Town authorize the Board of Selectmen to acquire by purchase or take by eminent domain, a certain parcel of land situated on the easterly side of Old Pond Road belonging now or formerly to Catherine V. Sharp, et als, shown as a part of Lot 30 on Plat 52 of the Plymouth Assessors' Maps and further shown as "Proposed Well Site" on a plan entitled "Sketch of Land Showing Proposed Well Site in Manomet/Ellisville area, Scale 1" = 200', dated March, 1975, Plymouth Department of Public Works, Engineering Division, Verne T. Porter, P.E., RLS, Engineer" containing 8.1 acres, more or less, for the construction of a gravel-packed well, provided such site is approved by the Massachusetts Department of Environmental Quality Engineering, after public hearings as required by Chapter 40, Section 39B of the General Laws, and appropriate the sum of \$8,200.00 for the expenses of acquisition of land and acquiring title, said land to be under the jurisdiction of the Public Works/Water Division.

Mrs. Elliot moved to amend Mr. Malaguti's motion by adding "Before we accept this property we have clear and marketable title to the above property."

This Motion to amend was NOT PASSED.

Mr. Malaguti's original motion was presented and on a standing vote — 57 AFFIRMATIVE and 19 NEGATIVE, this Motion PASSED.

ARTICLE 24:

NO ACTION

ARTICLE 25:

VOTED: That the Town authorize the Department of Public Works to install a pressure reducing valve at the intersection of Newfield Street and Summer Street, and appropriate the sum of \$10,000.00, said appropriation to be under the supervision of the Department of Public Works/Water Division.

ARTICLE 26:

VOTED: That the Town appropriate the sum of \$15,000.00 to purchase and install a standby engine at the Wanno's Pond Well, and to dispose of the present standby engine, said appropriation to be under the supervision of the Department of Public Works/Water Division.

ARTICLE 27:

NO ACTION

ARTICLE 28:

VOTED: (UNANIMOUSLY) That the Town appropriate the sum of \$12,000.00 for engineering services to revise operational plans at the Manomet Landfill and for bi-monthly inspections as required by the Department of Environmental Quality Engineering, said funds to be expended under the supervision of the Department of Public Works.

ARTICLE 29:

VOTED: That the Town appropriate the sum of \$60,000.00 for a comprehensive landfill design for Town-owned land at Cedarville, containing 182 acres, more or less, said funds to be expended under the supervision of the Department of Public Works.

ARTICLE 30:

VOTED: That the Town appropriate the sum of \$35,000.00 to secure the old Cedarville Landfill Site in compliance with applicable requirements of the Department of Environmental Quality Engineering, said funds to be expended under the supervision of the Department of Public Works.

ARTICLE 31:

VOTED: That the Town appropriate the sum of \$7,500.00 to engage the services of an engineering firm to prepare bid specifications for contracts to operate the Manomet Landfill, the Cedarville Transfer Station, and the South Street Transfer Station in compliance with all applicable requirements of the Department of Environmental Quality Engineering, said funds to be expended under the supervision of the Department of Public Works.

ARTICLE 32:

VOTED: (UNANIMOUSLY) That the Town appropriate the sum of \$60,000.00 for designing, constructing, and reconstructing shore protection structures off Manomet Point Road, said funds to be expended under the supervision of the Board of Selectmen.

ARTICLE 33:

NO ACTION

ARTICLE 34:

VOTED: (UNANIMOUSLY) That the Town authorize the Board of Selectmen to expend the \$29,000.00 HUD Community Development Entitlement Funds for approved Community projects as follows:

A. Repairs to the 130 Court Street property.

ARTICLE 35:

VOTED: That the Town appropriate the sum of \$50,000.00 for the purpose of offsetting the anticipated costs for funding the Town's contributory retirement system, as provided under Chapter 40, Section 5D of the General Laws as inserted by Chapter 559 of the Acts of 1977.

ARTICLE 36:

VOTED: That the Town appropriate the sum of \$84,000.00 for the Goals Project, said monies to be expended under the direction of the Planning Board for the purposes of implementing the following items:

- | | |
|---|-----------|
| A) Task 1 — Refinement of Village Centers Plan | 13,200.00 |
| B) Task 2 — Determination of Growth Management Approaches to Village Centers Plan | 3,500.00 |
| C) Task 3 — Capital Improvement Program and Operating Budget | 30,000.00 |

D) Task 4 — Draft Growth Management Bylaws and Policies	18,000.00
E) Task 5 — Public Meetings	10,500.00
F) Task 6 — Development of Growth Monitoring System	5,100.00

ARTICLE 37:

NO ACTION

ARTICLE 38:

NO ACTION, however, Mr. Carl Groetzinger presented the report of the Library Site Committee at this time, as it relates to the use of the Central Fire Station, also.

ARTICLE 39:

VOTED: (UNANIMOUSLY) That the Town appropriate the sum of \$48,000.00 to be added to the Unemployment Compensation Fund, in accordance with Massachusetts General Laws, Chapter 40, Section 5E.

ARTICLE 40:

VOTED: (UNANIMOUSLY) That the Town appropriate the sum of \$1,231.77 for the payment of certain unpaid bills, as follows:

Item	Department	Creditor	Amnt.
A.	Selectmen	Paul J. Door	131.80
B.	Selectmen	Memorial Press	254.25
C.	Fire Dept.	Assoc. in Neurosurgery	20.00
D.	Fire Dept.	Radiology Assoc. of Plymouth	71.00

H.	Building/Zoning	Saml. Arons & Sons	31.50
I.	Building/Zoning	B.O.C.A.	350.00
J.	Fire Dept.	A.G. Krebs, M.D.	30.00
K.	Selectmen	Balboni Drugs	30.82
L.	Selectmen	Carney Hospital	32.50
			\$1,231.77

ARTICLE 41:

VOTED: (UNANIMOUSLY) That the Town vote to rescind that portion of the action taken under Article 27 of the November 18, 1975, Special Town Meeting consisting of the authorization granted to the Treasurer with the approval of the Selectmen to borrow funds for the construction, originally equipping and furnishing an elementary school as authorized under Chapter 44, Section 7; Clause (3) of the General Laws as amended.

ARTICLE 42:

NO ACTION

ARTICLE 43:

Mr. Malaguti moved that the Town vote to continue the Library Site Committee for one year.

Mr. C. Groetzinger moves to amend by asking that the Town vote to raise and appropriate or take from available funds the sum of one

million, one hundred thousand dollars (\$1,100,000.00) for the purpose of remodeling, renovating and adding-to the Plymouth Public Library.

This Motion to amend was NOT PASSED.

Mr. Malaguti's original motion was presented and PASSED.

ARTICLE 44:

VOTED: That the Town appropriate the sum of \$2,560.00 for the purpose of microfilming certain Town records, provided that all necessary precautions are taken not to damage said Town records.

At 11:00 P.M. it was voted to adjourn.

Annual Town Meeting Adjourned Session April 23, 1979

The meeting was called to order by the Moderator, Thomas Frates at 7:45 P.M. on Monday, April 23, 1979, in the Plymouth-Carver Regional High School.

The number of Town Meeting Members present on April 23, 1979, was 89 as reported by the records of the checkers Shirley Wood and Nanci Cordeiro. The Moderator declared a quorum present.

ARTICLE 45:

VOTED: That the Town lease a private ambulance service, to include the services of Emergency Medical-Trained Technicians, for one year, and to appropriate the sum of \$151,186.83 — said appropriation to be under the direction of the Fire Chief, and to continue the Ambulance Study Committee for one year to evaluate said service.

ARTICLE 46:

Chief Lamb moved that the Town vote to raise and appropriate a sum of \$10,000.00 to be added to the \$10,000.00 voted under Article 39 of the 1978 Annual Town Meeting, for purposes of hiring an architect to submit plans and specifications for the altering, remodeling, or making an addition thereto to the Manomet Fire Station on State Road.

This Motion was NOT PASSED.

At this time Mr. U. Tarantino presented the report of the Fire Station Building Committee, which was accepted, and filed.

ARTICLE 47:

VOTED: That the Town increase the number of precincts in the Town from seven to ten, and decrease the number of Town Meeting Representatives from 105 to 100, and appropriate the sum of \$24,300.00 for the purchase of nine (9) additional voting machines.

ARTICLE 48:

VOTED: That the Town appropriate the sum of \$1,200.00 for the purpose of designing, constructing, and equipping a playground on a parcel of Town-owned land situated on the easterly side of Lake Drive and shown as Lot 182 on Plat 130 of the Plymouth Assessors' Maps,

said appropriation to be expended under the supervision of the Department of Public Works.

ARTICLE 49:

NO ACTION

ARTICLE 50:

VOTED: That the Town appropriate the sum of \$25,000.00 for the Conservation Fund for the preservation and development of the natural resources of the Town as provided in General Laws, Chapter 40, Section 8C.

ARTICLE 51:

Mr. Malaguti moved that the Town appropriate the sum of \$25,000.00 to conduct an eutrophication study of Plymouth ponds, said funds to be expended under the direction of the Conservation Commsn.

By Vote of 56 — AFFIRMATIVE and 28 — NEGATIVE, this motion was PASSED.

ARTICLE 52:

NO ACTION

ARTICLE 53:

Mrs. Franks moved that the Town transfer to the Town Forest certain parcels of land situated on the easterly side of Old Sandwich Road and shown as Lots 13, 14, 15, and 16 on Plat 51 of the Plymouth Assessors' Maps, said transfer to be made with the provision that the Town be allowed to construct wells and other water facilities on said lots.

Mrs. Franks also presented the report of the Town Forest Committee at this time.

By vote of 25 — AFFIRMATIVE and 53 — NEGATIVE, the motion was NOT PASSED.

The Report was accepted and filed.

ARTICLE 54:

VOTED: (UNANIMOUSLY) That the Town discontinue as a Town Way a portion of Ellisville Road as laid out by the Selectmen and reported to the Town, and alter said layout as shown on a plan entitled "Proposed Revision to Ellisville Road Entrance at State Highway, Route 3A in Plymouth, Mass." scale 1" = 20', dated January 30, 1978, Delano and Keith Associates Inc., Engineers; and further, to authorize the Selectmen to convey to Joseph H. and Betty W. Davis a certain parcel of Town-owned land situated at Ellisville Road and Route 3A and shown as abutting lot 21E1 on Plat 52 of the Plymouth Assessors' Maps for a sum not less than \$2,646.16, and upon such other conditions as the Selectmen may deem appropriate.

ARTICLE 55:

VOTED: (UNANIMOUSLY) That the Town authorize the Selectmen to convey to Albert L. and Margaret E. Crowell a certain parcel of Town-owned land situated on the westerly side of Hyannis Road and shown as Lots 437 and 438 on Plat 49 of the Plymouth Assessors'

Maps for a sum of not less than \$100.00 and upon such other conditions as the Selectmen may deem appropriate, which shall include all outstanding taxes, interest, legal fees and miscellaneous charges.

ARTICLE 56:

Mr. Malaguti moved that the Town authorize the Selectmen to convey to Leo and Peprouhie Roupenian a certain parcel of Town-owned land situated on the northerly side of Taylor Avenue and Shown as a portion of Lot 87C on Plat 46 of the Plymouth Assessors' Maps— more particularly described as follows: the Northerly portion between mean high water and a certain bulkhead or stonewall being approximately 160 feet in a Southerly direction, including said bulkhead or stonewall for a sum of not less than \$100.00, which shall include all outstanding taxes, interest, legal fees and miscellaneous charges and upon such other conditions as the Selectmen may deem appropriate.

Mr. Silva moved to amend so as to read as follows: "the central portion containing a certain bulkhead or stonewall consisting of approximately 200 square feet."

At this point it was moved to table Article 56 until the Session of April 24, 1979, and it was so VOTED UNANIMOUSLY.

ARTICLE 57:

Mr. Malaguti moved that the Town authorize the Selectmen to convey to Richard K. and Gail P. Byrne a certain parcel of Town-owned land situated on the Easterly side of Wareham Road and shown as Lot 2B on Plat 114 of the Plymouth Assessors Maps, for a sum of not less than \$100.00 which shall include all outstanding taxes, interest, legal fees and miscellaneous charges, and upon such other conditions as the Selectmen shall deem appropriate.

After discussion, Mrs. Asker moved to table Article 57.

This Motion was NOT PASSED.

Mr. Malaguti's motion was presented in its original form and was DISAPPROVED — UNANIMOUSLY.

ARTICLE 58:

VOTED: (UNANIMOUSLY) That the Town authorize the Selectmen to convey to Pasquale N. Marganelli a certain parcel of Town-owned land situated on the Southerly side of Reed Avenue and shown as Lots 21 and 22 on Plat 48 of the Plymouth Assessors' Maps for a sum of not less than \$100.00 and upon other conditions as the Selectmen may deem appropriate, which shall include all outstanding taxes, interest, legal fees and miscellaneous charges.

ARTICLE 59:

Mr. S. Brewster moved that the Town of Plymouth vote to amend certain provisions of the Zoning By-law as adopted November 14, 1972, and amended thereafter as follows:

1. **Section 401.03 Rural Residential** — by deleting subparagraph C Special Permit Uses, Number 3 in its entirety and substituting therefor the following Number 3 —

"Special Permit Uses

3. Golf courses, country clubs, tennis clubs and courts, swimming pools, trailer and tent camping grounds or tourist camps of a seasonal nature, and other such customary accessory uses and structure.

By Vote of 9 — AFFIRMATIVE and 70 — NEGATIVE, this motion was NOT PASSED.

At 11:00 P.M. it was moved and voted to Adjourn.

Annual Town Meeting Adjourned Session April 24, 1979

The meeting was called to order by the Moderator, Thomas Frates at 7:55 P.M. on Tuesday, April 24, 1979, in the Plymouth-Carver Regional High School.

The number of Town Meeting Members present on April 24, 1979, was 81 as reported by records of the checkers Nanci Cordeiro and Robert Marvelli. The Moderator declared a quorum present.

Mr. Malaguti moved to remove from the Table for further action — Article 56, which was tabled on April 23, 1979.

SO VOTED.

At this time, because of lack of clarity in the slides and some confusion on the part of members of the body, it was moved by the Chairman of the Finance Committee, Mr. Malaguti, that the motion be withdrawn.

Therefore, NO ACTION.

ARTICLE 63:

NO ACTION

ARTICLE 64:

VOTED: (UNANIMOUSLY) That the Town amend the Zoning By-Law **Section 102, Definitions** by adding immediately after definition of "Frontage" the following definitions:

Floor Area, Gross — the sum of the areas of each floor in a building measured from the exterior faces of exterior walls or from the center lines of party walls. Gross floor area includes the area at each floor in the structure except:

- 1) attic space less than 5'-0" in height
- 2) cellar space less than 6'-0" in height

When calculating Gross floor area for the purpose of determin-

ing parking requirements, Gross floor area for retail establishments including restaurants shall include the area of outdoor patios, walks, etc. if used for sales or service activities.

Floor Area, Net — the Gross floor area of a building minus the area of the following spaces measured to the inside of their wall:

- 1) hallways, including foyers
- 2) stairs and stairwells
- 3) structural elements over 5SF in horizontal cross-section.

ARTICLE 65:

Mr. Malaguti moved that the Town vote to amend the Zoning By-Law **Section 300.09 Height**, by adding after "... Board of Appeals" the words "after a finding by the Board that there is no feasible alternative to the proposed height, that it is the minimum necessary, that there is a clear and specific public benefit which may be realized **only by exceeding 35'** in height, and that the proposed structure will not in any way detract from the visual character or quality of the adjacent buildings, the neighborhood or the Town as a whole."

By vote of 75 — AFFIRMATIVE, and 22 — NEGATIVE, this motion was PASSED.

ARTICLE 66:

VOTED: (UNANIMOUSLY) That the Town amend the Zoning By-Law **Section 302.01 Signs**, Table 302.01-2, Definition Reference Number 1,5B, in every case under "Number Permitted" to read "1 per street frontage" and in Part 1, under "Maximum Size in S.F." to read "5 S.F." and "32 S.F. (multi-family only)" and in Parts 2. and 3. under "Maximum Size in S.F." to read "32 S.F."

ARTICLE 67:

VOTED: (UNANIMOUSLY) That the Town amend the Zoning By-Law, Table #1. Lot Standards for Development Abutting Streets by deleting with respect to RR Zone, the phrase "275 feet non-wooded" in every case.

ARTICLE 68:

NO ACTION

ARTICLE 69:

VOTED: (UNANIMOUSLY) That the Town amend the Zoning By-Law of the Town of Plymouth by adding a section "307.02 Non- Conforming Lots" as follows:

"Any lot lawfully laid out by plan or deed duly recorded as defined in Section 81L of Chapter 41, or any lot shown on a plan endorsed with the words "approval under the subdivision control law not required" or words of similar import, pursuant to Section 81P of Chapter 41, which complies at the time of such recording or such endorsement, whichever is earlier, with the minimum area, frontage, width and depth requirements, if any, of the zoning ordinance or by-law in effect, notwithstanding the adoption or amendment of provisions of a zoning ordinance or by-law imposing minimum area, frontage, width, depth, or yard requirements, or more than one such requirement, in excess of those in effect at the time of such recording or endorsement (1) may thereafter be built upon for residential use, if,

at the time of adoption of such requirements or increased requirements, or while building on such lot was otherwise permitted, whichever occurs later, such lot was held in ownership separate from that of adjoining land located in the same residential district, or (2) may be built upon for residential use for a period of five years from the date of such recording or such endorsement, whichever is earlier, if, at the time of the adoption of such requirements or increased requirements, such lot was held in common ownership with that of adjoining land located in the same residential district and further provided, in either instance, at the time of building (a) such lot has an area of five thousand square feet or more and a frontage of fifty feet or more, is in a district zoned for residential use, and conforms except as to area, frontage, width, and depth with the applicable provisions of the zoning ordinance, or by-law in effect and (b) any proposed structure is to be located on such lot so as to conform with the minimum requirements of front, side, and rear yard setbacks, if any, in effect at the time of such recording or such endorsement, whichever is earlier, and to all other requirements for such structure in effect at the time of building."

ARTICLE 70:

Mr. Malaguti moved that the Town amend the Zoning By-Law, **Section 102 - Definitions** as follows:

By adding to the definition of **Lot Measurements**, paragraph C, so that it reads: "Lot area shall be a net figure, exclusive of any public rights-of-way. In the case of lots created after (the effective date of this amendment). lot area shall also be exclusive of any private easements of record."

By adding to the definition of **Yard** after the last sentence, a sentence which reads: "Yards for principle buildings on lots created after (the effective date of this amendment) shall be measured so as to be exclusive of land subject to any easement of record."

VOTED: 56 AFFIRMATIVE and 19 NEGATIVE, this Motion PASSED.
ARTICLE 71:

VOTED: (UNANIMOUSLY) That the Town amend the Zoning By-Law, **Section 300.05 Building to have Access** by adding after the first sentence as follows:

"The Planning Board shall approve no access to an existing lot which does not meet the following criteria:

1. A way is shown on a plan heretofore approved by the Board under the Subdivision Control Law and said way has been constructed in substantial conformance with the Board's requirements at the time of approval; **OR**

2. The proposed use is allowed or permitted in the Zoning District in which the land lies (Seasonal or other temporary or periodic uses will be considered to be year-round or permanent unless otherwise allowed by By-Law); **AND**

3. The **width** of the traveled way is sufficient to allow two vehicles traveling in opposite directions to pass by one another (a minimum of 16 ft.) and to allow for snowplowing of the minimum width; **AND**

4. The width of the existing right-of-way is at least 40 ft. in residential zones or existing topography and existing or proposed structures allow for a right-of-way of at least 40 ft. to include eventual widening of the road and installation of sidewalks; **AND**

5. The construction of the existing traveled way is compacted binding gravel or better, such as to allow standard vehicles such as police cars, fire trucks, and ambulances to travel the road; **AND**

6. The existing construction of the way does not allow or create any drainage problems either in the way, on adjacent streets or ways, or on adjacent properties and the Board determines that the road is not subject to periodic flooding which makes it impassable, based on either historical documentation or inspection; **AND**

7. The grade of the existing traveled way does not generally exceed 10% or exceed 15% in a few extreme instances; **AND**

8. Dead end ways have existing turn-arounds of at least 60 ft. minimum radius and do not exceed 500 ft. in length.

Existing access shall not be improved in any way except in accordance with the Subdivision Control Law. Approval of access under this section shall be limited to the use proposed."

ARTICLE 73:

Mr. Malaguti moved that the Town vote to amend the Town By-Laws, **Article V Public Ways and Places, Section 18 Parades, Marches or Demonstrations** by deleting said section and substituting the following section:

"PARADES, PROCESSIONS AND FORMATIONS Section 18.

No person shall take part in any parade, procession or other organized formation of persons or vehicles, other than a funeral procession or a picket line or upon any street, way, highway, road or parkway under the control of the Town unless the Board of Selectmen has issued a permit approved by the Chief of Police for such parade, procession or formation. Said permit shall designate the time, place and manner of such parade, procession or formation. Before a permit is issued written application giving the time, place and manner of such parade, procession or formation shall be filed with the Board of Selectmen at least seven days before the time fixed for the same."

AMENDMENTS

1. Mr. Leo Best moved to amend the motion by inserting the word "Labor" before . . . picket line . . .

This Motion amending the original was PASSED.

2. Mr. Silva moved to amend by substituting the number 3 for seven days.

This Motion to amend was PASSED.

3. Mr. Meltzer moved to amend by changing . . . "approved by the Chief of Police" . . . to read ". . . a permit with notification to the Chief of Police . . ."

This motion to amend was NOT PASSED.

The original motion, as amended, was presented to the body for vote and was NOT PASSED.

ARTICLE 74:

ARTICLE 84:

VOTED: (UNANIMOUSLY) That the Town transfer from available funds the sum of \$1,300,000.00 to reduce the tax levy of the forthcoming fiscal year, and to exempt the balance of said free cash from any limitations which may be imposed by law.

"CAP MOTION"

Mr. Malaguti moved that the Town vote to exceed the budget, appropriations and levy limits, which may be imposed by law, by a figure not in excess of 6% of the sums voted in Fiscal 1979.

This motion was APPROVED UNANIMOUSLY.

At 10:26 P.M. Mr. Ed Chase moved to adjourn and dissolve this Town Meeting, and it was SO VOTED.

Election of Town Meeting Rep Caucus Precinct 2

A caucus of Town Meeting Members from Precinct 2 was held on Sept. 10, 1979, at 7:30 P.M. with three members present. Gaetano Brigida served as chairman, and Kevin P. Cotti acted as clerk. At this time the members present voted to elect Charles A. Pingree, Jr., of 2 Goddard Court and Glenda Paul of 77 Alden St. as Town Meeting Members to serve Precinct 2 until the 1980 Annual Election. They replace A. Woodward who moved from the precinct and D. Montanari who is deceased.

Election of Town Meeting Rep Caucus Precinct 5

A caucus of Town Meeting Members from Precinct 5 was held on Sept. 19, 1979, with 8 members present. Antone Morgardo acted as Chairman of the meeting, and Francis Collins served as clerk. On the first ballot a tie resulted between William Nolan — 3 votes and Gary Flood — 3 votes, with Robert Dean receiving 2 votes. Results of the second ballot were — Robert Dean, 1 vote; William Nolan, 4 votes; and Gary Flood, 3 votes. Therefor, Mr. William Nolan will serve as a Town Meeting Member for Precinct 5 until the 1980 Annual Election. This is to fill the spot vacated by Ruthe Shannon, who has moved to Sandwich (Her resignation was not received in time for the position to be included on the 1979 Annual Election ballot — therefor, Mr. Francis Collins was elected to serve at that time until the 1979 Annual Election was held. At this time Mr. Collins appeared on the ballot as a candidate for a 3-year term — to which he was elected; thus he is now a permanent Rep. until such time as it becomes necessary for him to run for office again.)

Precinct 3 Caucus

On Oct. 22, 1979, at 7:00 P.M. a caucus of Prec. #3 Town Meeting Members was held with eleven attending. M. Sproles served as clerk and G. Bagni acted as chairman. At this time Noel Bosanguet was elected to serve until the next election. (He replaces Mr. George Neal, who moved from the precinct and resigned.) This caucus was held in the Plymouth-Carver High School, as it was held immediately preceding the start of the Special Town Meeting.

Precinct 7 Caucus

On Oct. 22, 1979, at 7:00 P.M. a caucus of Prec. #7 Town Meeting Members was held. Mr. David Malaguti was elected to serve until the next election. Two vacancies exist in this precinct, however, only one member was replaced at this time. Helene Regan has resigned, and David Heard has resigned because of his moving from the Town of Plymouth.

Special Town Meeting

October 22, 1979

The Meeting was called to order by the Moderator, Thomas Frates, at 7:45 P.M. in the Plymouth-Carver Regional High School with 90 Town Meeting Members present, as reported by the checkers Robert Marvelli and Shirley Wood.

The Moderator declared a quorum present.

Andrew Flynn of the Plymouth Fire Department presented a resolution in honor of deceased Firefighter David Montanari.

Mr. Tavares moved that the Meeting vote to allow Atty. Harold Kowal to address the meeting. Atty. Kowal is the bargaining agent representing the Town of Plymouth in labor and contract negotiations. SO VOTED.

ARTICLE 1:

Mr. Kenneth Tavares moved that the Town accept collective bargaining agreements approved by the Board of Selectmen and representatives of the International Association of Firefighters, Local 1768; Secretarial Clerical Union, — N.A.G.E. — Local RI-279; Department of Public Works, AFSCME, AFL-CIO, Local 2824, State Council 93; and the Plymouth Public Library, AFSCME, AFL-CIO, Local 2824, State Council 93; and further that the Personnel By-Law be amended by incorporating the agreements including all changes including salaries in such agreements, retro-active to July 1, 1979, and to run through June 30, 1981.

Miss Canucci moved to amend Mr. Tavares' motion by further amending the Personnel By-Law by amending the Clerical salaries under Section 8, "Part-Time Positions Classified in Clerical Group" to increase same in accordance with the Secretarial-Clerical agreement; further that the salaries of the Call Firefighters, Call Fire Captain and Call Fire Lieutenant under Miscellaneous Schedule D be amended in accordance with the Firefighters agreement for hourly rates; further that Section 11 "Definition of Work Week", Library Group — be amended to read 37.5 in place of 40; further that Section 14 "Vacation Leave" be amended to read July first; and further that all amendments be retro-active to July 1, 1979, and to run through June 30, 1981, with the exception of the reduction of hours in the Library Group which shall become effective with passage of this contract at this Special Town Meeting.

The amendment of Miss Canucci was VOTED, and the original motion of Mr. Tavares, as amended, was moved and PASSED.

ARTICLE 2:

VOTED: That the Town appropriate the sum of \$204,220.00 from Surplus Revenue to be added to funds all ready appropriated in Article 7, of the 1979 Annual Town Meeting for the purpose of supplementing departmental expenses, changes in the Classification and Compensation Plans of the Personnel By-Law, including Collective Bargaining Agreements:

Budget Code #	Department	Amount
01-00-1-00	Selectmen	2,005.00
03-01-1-31	Personnel Board	439.00

87-01-1-00	DPW — Maintenance Division	
87-00-1-31	DPW — Maintenance Div. — Overtime	775.00
	Total —	\$204,220.00

Note: All amounts being requested are to be added to Salaries and Wages appropriation Line Items, with the exception of 80-01-4-00 DPW Admin. Oth. Exp. (Uniform Allowance.)

Special Town Meeting

October 22, 1979

ARTICLE 3:

VOTED: That the Town appropriate the sum of \$1,500.00 from Surplus Revenue to be added to the funds all ready appropriated in Article 8 of the June 12, 1978, Special Town Meeting, for the purpose of installing a drainage system at Ship Pond,; said funds to be ex ded under the jurisdiction of the Dept. of Public Works.

ARTICLE 4:

Mr. Cotti moved that the Town appropriate the sum of \$9,500.00 from Surplus Revenue for hiring necessary consultants, engineering, legal or otherwise, in connection with the implementation of interim development controls, said appropriation to be expended under the direction of the Planning Board.

This motion was Passed by vote of 44 AFFIRMATIVE, and 43 NEGATIVE.

(See further action following Article 9.)

ARTICLE 5:

VOTED: That the Town appropriate the sum of \$4,395.00 from Surplus Revenue to purchase a programmable calculator, said appropriation to be expended under the direction of the DPW — Engineering Division.

ARTICLE 6:

Mr. Holmes moved that the Town appropriate the sum of \$3,135.00 from Surplus Revenue to purchase trash receptacles, said appropriation to be expended under the direction of the Department of Public Works.

This Motion was NOT PASSED.

ARTICLE 7:

VOTED: (UNANIMOUSLY) That the Town appropriate the sum of \$13,960.81 from Surplus Revenue to pay certain unpaid bills incurred during the previous fiscall year:

Item	Department	Payee	Amount
A.	Selectmen	Peter R. Blum	549.96
B.	Selectmen	Balboni's Drug	75.53
C.	Selectmen	Memorial Press	180.81
D.	Library	Petrell Bros. Realty	732.64
E.	School Dept.	New Bedford Gas	12,297.13
F.	Police Dept.	Radiology Assoc.	11.00
G.	Fire Dept.	Radiology Assoc.	10.00
H.	Fire Dept.	S.L. Grabias, M.D.	25.00
I.	Fire Dept.	St. Luke's Radiology	21.00
J.	NO ACTION		
K.	Emergency Preprdns.	N. England Telephone	57.74
			Total — \$13,960.81

ARTICLE 8:

Mr. Tavares moved that the Town vote to propose a Charter amendment, by placing the following question on the April 26, 1980, Ballot:

"Shall the Town approve the Charter amendment proposed by the October 22, 1979, Special Town Meeting, summarized below?"

"Amend Chapter 3, Section 10, Sub-section 1, of the Town Charter, by eliminating the words, "who shall be a civil engineer."

This Motion was NOT PASSED.

ARTICLE 9:

VOTED: (UNANIMOUSLY) That the Town authorize the transfer of the unexpended balances from the following accounts:

A. Sewer System and Treatment and Disposal Facilities	124,319.00
B. Long Pond Road Sewer Construction	115,842.74
C. Sewer Construction — Cherry Street, Squanto Road, and Nick's Rock Road	29,331.82
D. Drainage Construction — South Street	1,651.80
E. Drainage Construction — Ocean View Avenue	1,655.33
Total Funds to be transferred to the following accounts	<u>\$272,800.69</u>
a. Water Street Sewer and Roadway Repairs	148,012.83
b. Sewer System Construction	124,787.86
	<u>\$272,800.69</u>

At this time Mr. Alfred Lopresti **moved** to rescind the action taken under Article 4.

Mr. Walter Morrison moved to call for a quorum count; count being taken at 9:50 P.M. showed 88 members present at this time.

Discussion proceeded on Article 4 and whether or not to rescind prior action.

Article 4 being presented again to the body of the Town Meeting, a standing vote resulted in the following action:

Shall the Town vote to RESCIND the action taken on Article 4 at a prior time in this meeting? —

46 AFFIRMATIVE — 41 NEGATIVE

Therefor, the former approval of Article 4 is overturned, and the appropriation requested under Article 4 is NOT PASSED.

Board of Selectmen

During the year 1979, a change on the Board of Selectmen took place as Joseph Gallitano defeated incumbent William Nolan in the April town election. In addition, Kenneth Tavares was elected to be Chairman of the Board, replacing Selectman Roger Silva, who resigned the chair prior to the April election.

The subject of concern during the review of budgets in 1979, and at the 1979 Annual Town Meeting was tax cap. Pursuant to Governor King's tax limitation legislation, all communities in the Commonwealth were required to operate under a four percent tax cap. Due to tight budgeting and management, Plymouth did not exceed the tax cap and experienced an \$.80 tax rate reduction.

Much discussion and many hours of meetings took place during 1979, the third year of the Goals Project — Community Development Plan. The evaluation of growth management approaches, the preparation of a public facilities and capital improvements plan, and the establishment of urban — rural demarcation lines were of a particular importance. It is expected that the full plan will be presented to the 1980 Annual or Special Town Meeting.

The accident at Three Mile Island prompted a complete review of the Nuclear Evacuation Plan for the Town of Plymouth. With the assistance of State Civil Defense, Civil Defense Director Gerald Hayes prepared a new ten mile evacuation plan, which became effective at the close of the calendar year. The Selectmen are of the conviction that an audible warning system is a necessary element of an effective evacuation plan, and will pursue funding for such a system during 1980.

In an effort to more effectively inform the public of the activities of the Board, the Selectmen instituted an advanced docket for newspaper publication, together with the distribution of a newsletter capsulizing the Board's activities over a two month period. In addition, the Board issued position papers on a number of issues, including financial disclosure requirements for local officials, and the construction of a shopping mall in West Plymouth. The Board was also pleased to be informed that the Massachusetts Department of Public Works decided to construct the new Route 44 according to Alternative Route 4M-1, rather than through the Parting Ways Cemetery, an alternative route the Board vigorously opposed.

Based upon time commitment and financial liability, the Board voted during 1979 to release control of the Plymouth Manpower Consortium CETA program to the State Manpower Department. The program was subsequently incorporated into the Taunton CETA program, with a local branch office maintained at the Cordage Park.

Of particular significance during 1979 was the adoption of a new schedule for Town Wharf leases, effective July 1, 1979. Based upon a report from appraisal consultant Meridith & Grew and the recommendation of the Town Wharf Leasing Committee, the Selectmen voted to establish lease rates consistent with values found in the waterfront area.

Reacting to changing conditions in technology and economic conditions, the Board of Selectmen established several study committees to review a number of issues. A Downtown/Waterfront Steering Committee was established pursuant to a Coastal Zone Management grant to study the economic character of the area, and, in concert with a consultant, to prepare alternative schemes of development. A Computer Study Committee, chaired by the Town Accountant, was reactivated to produce a data processing system capable of addressing the management and information needs of Town government. And finally, a Cable Advisory Committee was charged by the Board to evaluate the need for Cable television in Plymouth, and to evaluate prospective licensees for the community. Each of these committees is expected to report its full findings during 1980.

The year of 1979 presented the Board of Selectmen and the Town of Plymouth a series of challenges to effective and efficient management. The ability to administrate and react to growing demands for services with limited resources, the need to control growth, to increase the tax base and stimulate economic activity were all of prime concern to the Board of Selectmen and those departments who administer the Board's policies. Surely these issues will be present during the decade of the 1980's. It is imperative that all concerned devote their efforts and energies to addressing these challenges in the manner that is in the best interest of the Town of Plymouth.

Goals

In 1977 the cover of the Town Report was a graphic design emphasizing the "Goals" project and the fact that it was underway. Preliminary results were reported at that time. The Town's major objectives were identified as:

1. Growth Management
2. Tax Rate Control
3. Public Facilities Improvements
4. Economic Development
5. Town Center/Waterfront Area Development
6. Village Centers

At that time the goals were only at the draft stage, having not yet been accepted by Town Meeting.

In 1978, the goals and various programs for action were accepted by the Town Meeting. The major program was the development of a Comprehensive Community Development Plan by the Planning Board in close co-operation with the Board of Selectmen and the Advisory and Finance Committee. The necessary technical studies were begun in 1978 and are being completed now. The actual plan and its implementation measures are also being shaped now (as of January 1, 1980) for presentation to the annual Town Meeting.

The Plan itself is called The Village Centers Plan. It consists of a general description of the overall land use plan for the Town together with projections of key characteristics of the Town: population, housing, employment and school enrollment. There are two special sections of the plan which relate to the implementation of the overall plan (the Housing component) and to the impact of a second nuclear generator (the Pilgrim II study). These special studies are included because they deal with two of the most critical issues which the Town will face in the years to come. The plan is accompanied by a Public Facilities Plan and a Capital Improvements Program and a series of resolutions and bylaws designed to implement the plan. The entire package is referred to as The Community Development Plan. It is very likely that additional issues will develop in the years to come and that the plan will have to be modified as time goes on. We have provided for that through a monitoring system designed to inform us of trends as they are happening. The framework of the plan allows for inclusion of new elements or changes to existing elements in such a way that their impact on the town can be fully assessed.

A large number of studies were done during 1978 and 1979 in preparation for the plan itself. All of these studies are available in the Planning Board Office as technical or legal memorandums. They are briefly described here in order to give the reader an idea of how they have contributed to the plan.

One of the first studies was of local and state planning and growth management laws and practices so as to be able to tailor the plan and its implementation measures to our legal structure and to

our own local administrative practices. This has led to a heavy reliance on the Board of Appeals and the Special Permit mechanism. Studies of regional trends and projections of the key elements above allowed us to set reasonable targets and expectations for the plan. The supply of land was studied so as to learn where available land for development was located and to allow the rational establishment of growth areas and village limits. The characteristics of the land were also studied to learn where growth could occur with a minimum impact on our environment. A complete set of maps and regulations for environmentally sensitive lands is being developed from this study. Public facilities were studied so as to determine where capacity exists to most economically accommodate future development. Our water resources were studied in particular so as to allow the drawing of regulations to protect them from pollution. Our present and projected housing needs were studied using federal community development monies. This study was used to set more specific targets for housing. The potential impact of Pilgrim II was studied using a grant from the office of Coastal Zone Management. This study showed the magnitude of potential growth and suggested measures to mitigate that impact.

All of these individual studies have been drawn together into an overall Village Centers Plan which locates and describes general land use types, densities of development and environmentally sensitive areas. Targets for each village are set for certain of the key variables.

The plan is further developed in a Public Facilities Plan which lists needed facilities by location, cost and timing; a Capital Improvements Program which selects and organizes public facilities according to need and tax rate objectives; a set of regulations and bylaws which directs residential growth to follow the capital improvements and respect environmentally sensitive areas; and a monitoring system which tracks growth and development as it occurs.

The plan does not present a radical departure from existing zoning. It does reduce the overall density of the Town to some degree. It distinguishes between villages and rural areas and encourages development to occur in the villages as the public facilities become available to both meet existing needs and to service additional growth. It proposes to discourage growth in the rural areas by means of a permit limit. It imposes special requirements on development in Environmentally Sensitive Areas so as to protect the environmental resources. It proposes to exempt all commercial and industrial development from all controls except those related to the environment. The Capital Improvement Program proposes that needed improvements be made in the industrial and commercial areas first so as to encourage expansion in non-residential tax base and employment opportunities.

The Public Facilities Plan and Capital Improvements Program indicate a substantial need for additional facilities to service the present population. These needs include schools, water services, sewer services, libraries, recreational space and facilities, public administration facilities, fire and police facilities and equipment, street

improvements and solid waste disposal facilities. We have a lot of catching up to do in existing developed areas. The philosophy behind our growth management approach is to make these improvements as we can afford them and require that new growth be located to take advantage of these facilities and services as they are constructed. Growth is discouraged in areas not to be served to allow us to do the needed catch-up without significant tax rate impacts.

The Capital Improvements Program is not binding, but it does show what the Town's intent is at this point in time. It also allows new projects to be viewed against previously recognized needs and priorities so that decisions can be made based on the long-range view as well as on the immediate situation. Obviously this requires a yearly update of the plan and its components to change it as projects are completed, growth occurs, or needs change. Resolutions calling for this annual monitoring and update are included in the proposal.

The plan is still in draft form and is being reviewed on a daily basis. Drafts have been sent to all Town Meeting Members, Departments, Boards, Commissions and other agencies. Input and suggestions have been encouraged and, in many cases, have resulted in changes to the plan. We hope to present a plan to Town Meeting which will be acceptable to all and which will work.

THE GOALS: PROGRESS TO DATE

1. Comprehensive Plan in its final stages of development.
2. Conservation Easement Program under way.
3. Capital Improvements Program ready for adoption.
4. Fee schedules being revised to reflect actual costs.
5. Public Facilities Plan ready for adoption.
6. Town Development Committee has begun to function.
7. Industrial Park continues to expand.
8. Federal grants obtained for Pilgrim II impact study.
9. Town Center/Waterfront Steering Committee formed and grant obtained by the Planning Board to develop master plan for the waterfront: project is underway.

R. A. Frieden

Personnel Board Report

From January 1, 1979 through June 30, 1979, the Town of Plymouth operated under the Personnel By-Laws and six collective bargaining unit contracts.

From July 1, 1979 through December 31, 1979, the Town operated under the Personnel By-Laws, but only four collective bargaining unit contracts as explained by this report in the following paragraphs.

At the annual Town meeting held on April 7, 1979, the Personnel Board's recommendation that the "B" salary schedule be increased in the amount of 5% effective July 1, 1979 through June 30, 1980, was accepted by the Town. A 5% salary increase was also recommended and it too, was accepted by the Town for the positions of library director, assistant library director, deputy fire chief, and police chief, effective July 1, 1979 through June 30, 1980.

Of major importance was the Town's acceptance of the reorganization plan submitted by the Personnel Board for the Building Inspectors Department. Beginning on July 1, 1979, the departmental organization is as follows:

Building Inspector/Zoning Agent	S-28
Assistant Building Inspector	S-20
Jr. Assistant Bldg. Inspector	S-18
Zoning Field Inspector	S-15
Full-time Plumbing/Gas Inspector	S-17
Full-time Wiring Inspector	S-17

Included in this annual report is the Personnel Board's report as submitted and distributed at the annual Town meeting. It includes the revised Miscellaneous "D" salary schedule as well as the by-law amendments recommended by this Board and accepted by vote of the Town.

At the special Town meeting held on October 22, 1979, the Town accepted and funded the collective bargaining agreements which called primarily for 5% and 5% salary increases for fiscal years 1980 and 1981, and are as follows:

International Association of Firefighters, Local 1768;

Secretarial Clerical Union, Local R1-279;

Department of Public Works, AFSCME, AFL-CIO, Local 2824, State Council 93; and

Plymouth Public Library, AFSCME, AFL-CIO, Local 2824, State Council 93.

The related part-time and miscellaneous salary schedules also were accepted and funded by the Town at this special Town meeting.

Of major interest during the October 22nd meeting was the reduction in the library department work week. The Town voted to accept a reduction in their work week from forty (40) hours per week to thirty-seven and one-half (37½) hours per work week effective with the passage of this contract.

A second major change voted October 22nd is the change in the vacation year. The Town voted to change the vacation year from June 1st through May 31st to July 1st through June 30th, effective July 1, 1979.

It should be noted that, although it is not a job description, the Town voted to retain the title, "Civil Engineer" as it relates to the Director of the Department of Public Works in the charter.

Still to be negotiated are two collective bargaining contracts, namely the police and the ranking officers. Both these contracts expired on June 30, 1979.

Nineteen (19) administrative positions were surveyed by the Olney Associates on December 10, 1979. The figures used were those for FY '80 and are:

Appropriations (excluding schools): \$14,880,654 and population: 32,000. The results of the survey are as follows:

Salary rates higher than the average:	8
Salary rates, average:	9
Salary rates lower than the average:	2

Included in this year's studies by the Personnel Board are:

- Review of the Engineering Division of the Department of Public Works with the possibility of recommending a reorganization;
- Review and updating DPW job descriptions; and
- Overview of all fringe benefits.

In addition, decisions were rendered regarding:

- 5 Requests for New Positions;
- 21 Requests for Reclassifications; and
- 2 Starting salaries.

Continuing study involves review of clerical positions and clarification of administrative and supervisory personnel groupings.

The transition to the Charter form of government requires constant adjustments. It is vitally important that the by-laws, classification and compensation plans, and job descriptions be updated, therefore, the Personnel Board has inserted a special article in the warrant for the next annual Town meeting requesting monies for consultants' services.

We take this opportunity to thank all persons involved with the twenty-three (23) meetings held during this calendar year for their cooperation. We also wish to thank the many cities and towns within and outside the County and State for their exchange of information.

Committee on Inland Fisheries

Your Committee wishes to report that the appropriation for the year 1978 was expended for a May stocking program in Russells and Sawmills Ponds located in North Plymouth.

The stocking consisted of 625 nine to eleven inch German Brown trout which were purchased from the Plymouth Rock Trout Company on May 22, 1979 and liberated under the supervision of Louis S. Hambly, Jr., Southeastern Fish and Wildlife District Manager. Provisions were made for a matching stocking by the State Department of Fisheries and Wildlife.

The following ponds and brooks in the Plymouth area were stocked with trout during the year.

Ponds

Long Pond, Little Pond, Fearings Pond, Lout Pond, Russells Pond, Sawmills Pond, Big Sandy Pond and Fresh Pond

Brooks

Town Brook, Beaver Dam Brook and Eel River

Plymouth is fortunate to have so many ponds with good trout water. However, inflation and the cost of trout food is having a serious impact on the cost of stocking these waters to provide good fishing. Since 1970 the cost of a single fish 10 inches in length has increased from 73¢ to \$1.20 in 1979.

To maintain the average number of fish stocked, we are now receiving fish from the U.S. Federal Fish hatcheries.

We are hopeful that shad eggs will be available this spring to be place in Town Brook, using available money from the Philip Jackson Fund.

Your Committee requests that the sum of seven hundred and fifty dollars (\$750) be appropriated to carry on the Town's fresh water fish stocking program in 1980.

Retirement Board

The Board of Retirement presents herewith its annual report covering the activities of the Contributory Retirement System for the calendar year 1979 as furnished to the Commonwealth of Massachusetts Division of Insurance.

In accordance with Chapter 393 of the Acts of 1979, a 5% cost-of-living increase, effective July 1, 1979, was granted to all qualifying retirees.

There were six non-contributory pensioners and one beneficiary receiving retirement allowances from the Town as of December 31, 1979.

Respectfully submitted,
Richard W. Drew, Jr., Secretary

Conservation Commission

This year we held many public hearings, issued permits for work to be done, placed several cease and desist orders and inspected all work for which we had issued permits.

We followed up all complaints concerning wetland violations that came from neighbors and other persons interested in protecting our wetlands. Our efforts on pond and water supply purity were intensified.

One such is the development of a town by-law to be used in conjunction with the Wetlands Act. We hope this bylaw will be accepted at Town Meeting, as it will strengthen our hands regarding the use of wetlands.

At the 1978 Town Meeting \$4500.00 was appropriated for an in-depth study of Billington Sea. We received the final report in November . . . it did not elate us. Billington Sea has a heavy concentration of nitrates and phosphates. These nutrients are fed to the pond in the following manner. Ten per cent from cranberry bogs that are adjacent to the pond. Fifty per cent from cottages around the pond and forty per cent from a spring within the pond. This spring water comes from the aquifer, or underground water, which flows slowly from the northwest to the southeast. We suspect this contamination is coming from developments along Rte. #44.

During the latter half of this year we had forty of our larger ponds tested for nitrates and phosphates. This was a one-shot test. All but two or three of these ponds had a phosphate and nitrate count, some to a greater and some to a lesser degree. We hope to continue these studies in 1980.

Next year we hope to have an aquifer protection bylaw for your consideration and approval.

In February we sent two persons from P.C.I.S. to a 4H workshop on conservation. The classes were held in Ashland and plans include two more in April. We have been doing this for several years and will continue to do so.

In 1979, we contracted with C.E.T.A. for six men. These men erected three or more miles of snow fence on Long Beach and Taylor Ave. Beach. Repaired two buildings, set out more picnic tables and bird houses, laid out and brushed the perimeter of the land at Boot Pond and Indian Brook and cleared old trails and made new ones.

We also continued our annual Christmas Tree Recycling Project on Plymouth Beach. This program has been successful in the past in preventing sand erosion on the beach during the winter months.

Plymouth Recreation Activities Commission

The Recreation Activities Commission presented a detailed budget to the Town for Fiscal 1980 in the amount of \$205,064.00. The present members of the Commission are Edward Borgatti, Chairman; Gerald Sirrico, Vice Chairman; Joanne Aprea; Paul Coffin; Chester Downie; Carl Freyermuth; and Vincent Sgarzi. John Medeiros is the Commission's director with Kristine Pimental as his full-time assistant. Tina Pasteris is the Commission's secretary.

In January the Recreation Commission worked out a comprehensive plan for the scheduling of fields at the request of Mr. Henry Cryer of the Plymouth-Carver High School Athletic Department. Mr. Cryer had requested permission to schedule school related activities at a number of fields that are under the supervision of the Recreation Commission. Mr. Cryer's request was made necessary by the implementation of double sessions at the high school.

The Recreation Commission sponsored a youth gymnastics program in March. Ms. Janet Murphy directed the program which was held at the Plymouth-Carver High School. One hundred twenty-five youngsters took part in the program.

At the 1979 Annual Town Meeting, the Recreation Commission sponsored an Article which proposed the building of a small playground area in the Buttermilk Bay section of Plymouth. The Article received approval of Town Meeting, and through the combined efforts of the Commission, the Department of Public Works, and the Army Corps of Engineers this playground is now a reality.

Also at the 1979 Annual Town Meeting, it was voted to discontinue using the Nelson Street Park as a trailer campground. The campground will be utilized as a neighborhood park with tennis courts and playground equipment to be installed over the next two years.

During the month of May, the Commission sponsored the Annual Walter B. Haskell Memorial Children's Fishing Rodeo which saw over 300 youngsters participate. The first ever Plymouth Kite Day was held under the direction of Mr. Alan Bartlett. The Kite 79 Program was held at Plymouth Beach and attracted nearly 1,000 children and adults.

Beginning on Memorial Day Weekend through Labor Day, the Commission supervised lifeguards, swimming instructors, park police, matrons, and caretakers at Plymouth Beach, Morton Park, Nelson Street, Stephens Field, Fresh Pond, White Horse Beach, and Taylor Avenue Beach. Nearly 1,600 youngsters received swimming lessons at these locations. The sale of beaches and ponds parking tickets netted the Town \$15,216.00. Once again, summer band concerts were held at Jenny Grist Mill.

At the close of school in June, an extensive recreational program was provided for several hundred Plymouth youngsters. Under the direction of playground supervisor, Mr. Mark Tanguay, this program included instruction in tennis, arts and crafts, soccer, basketball, and

baseball. Programs were offered at Stephens Field, Siever Field, West Elementary School, Veterans Field, and Briggs Field.

Special playground events were held throughout the eight week program. On July 3, 1979, the Annual Fourth of July Children's Races were held at Haskell Field. Medals and prizes were awarded to the various age groups. A field trip to Lincoln Park was held just prior to the conclusion of the program. Two hundred thirty-five youngsters were able to attend. An All Playground Day was held during the final week of the program. Over 200 youngsters from the various playgrounds in Plymouth were treated to a day that included games, races, and a cookout at Stephens Field.

Adult tennis instruction was available. Two adult tennis tournaments were held with 150 adults taking part in the doubles and the mixed doubles tournaments.

The Commission was contacted by the Multiple Sclerosis Society and organized a Swim Marathon that was held in August. The Marathon raised over \$2,000. for the Society.

A number of Senior Citizens programs were offered by the Recreation Commission in 1979. Included among these programs was a boat ride, a Senior Citizens picnic, and a Christmas arts and crafts program.

During the month of December, the Commission sponsored an area Table Tennis Tournament at Memorial Hall. This program attracted nearly 100 players. Trophies were awarded in five categories.

The Manomet Youth Center continued to offer a wide range of activities in 1979. There was an enrollment of over 600 youngsters ages eight through seventeen. The children participated in floor hockey, basketball, indoor soccer, baseball, and a variety of individual games and activities. The Youth Basketball Program was highlighted with a series of free clinics. These clinics were conducted by Plymouth-Carver High School Varsity Basketball Coach, Mr. Marty Thorsen, and members of his team.

The Recreation Activities Commission would like to thank Mr. Douglas Gray for his work with the Night Park Police and for the fine job done by the Park Division, Mr. Fred Smith and the Engineering Division for their cooperation and efforts regarding the Buttermilk Bay playground area, the Army Corps of Engineers for their work in constructing the playground at Buttermilk Bay, Mr. Henry Cryer for allowing the Commission the use of school facilities for a number of programs, Mr. Robert Dickie for allowing the Youth Basketball Program to use the Indian Brook School, Mr. Marty Thorsen, his staff and players for the free basketball clinics last winter, and to the many local merchants and clubs who so generously donated prizes to the Children's Fishing Rodeo.

Library Advisory and Site Study Committee

This committee is recommending an addition to the front of the Lindens in the carport area and combining some small rooms adjacent to the carport. This added space will accommodate the main entrance and circulation desk as well as space for an office.

There are sixteen hundred square feet of unused space in the basement of the Lindens. By renovating this area, sorely needed space will be added to the Library.

Some work is planned for the second floor, mainly combining some of the smaller rooms. We will have plans, facts and figures to present to the 1980 Annual Town Meeting.

Old Colony Planning Council

During the past ten years, the Old Colony Planning Council region has been one of the fastest growing areas of the state. Growth and its impact on community facilities and services is and will continue to be one of chief concerns of local communities in the region. Therefore, one of the most important tasks for the Planning Council in the near future will be to assist member communities of the Council in anticipating, examining and planning for additional growth and development. Through intergovernmental cooperation it will be possible to channel new development to appropriate areas for growth and to preserve and protect areas not suited to development.

As housing costs continue to escalate, more of the region's families will be closed out of the private housing market and will look toward publicly assisted housing programs to satisfy their needs. Evidence of this trend was felt this year and it is expected that additional demands will surface in the region's communities in the future for expanding low and moderate cost housing opportunities. The Council will assist communities interested in expanding housing opportunities to provide for local needs.

Although the region is an employment center the area's economy has been highly dependent upon adjacent areas as the source of employment for residents or markets for goods produced. The Council has sought to achieve a more diversified, well balanced economy for the region that provides a variety of economic opportunities consistent with the area's natural, physical and human resources. Developing new and better paying job opportunities in the region has been a high priority program of the Council.

The high cost of energy will make it essential that we improve the region's transportation network to its fullest capabilities and examine alternatives to the use of the private automobile for personal and business use. The greatest energy savings are likely to result from local development decisions that contain urban sprawl and reduce unnecessary automobile traffic. The Planning Council can provide direction on transportation improvement policies that will address energy concerns by promoting carpooling, vanpooling and public transportation.

Some of the specific accomplishments of the Old Colony Planning Council last year were:

Designation as an Economic Development District, a process which will enable OCPD communities to participate in the full range of Economic Development Administration Programs (EDA).

Pioneered the transportation planning effort in the state by initiating the use of computer technology and systems planning.

Was recognized by the U.S. Environmental Protection Agency (EPA) as having one of the best 208 Water Quality Management planning programs in New England.

Processed more than 200 million dollars in federal grant funds for the region through the A-95 Review Process which screens applications for cost effectiveness of our tax dollars.

Operated the Business Information Center which assisted in developing 3.3 million dollars of Small Business Administration and conventional financing for small business while creating an estimated 350 new jobs in this area.

Although much was accomplished by the Council last year, there is still much to be done in effecting a higher level of regional coordination and in providing more cost effective governmental services to the residents of the region. The problems that we face in the 1980's, whether they be problems relating to the provisions of job opportunities for residents, protecting our drinking water supply, supplying a balanced transportation system or creating recreation and open space amenities, the boundaries of the solution as well as the problems are often regional in nature.

Report of the Town Accountant

I herewith submit my report of the financial transactions of the Town of Plymouth for the fiscal year ending June 30, 1979.

There were no overdrafts for fiscal 1979, but the following unpaid bills remain on file in this office:

Selectmen — Memorial Press Group	\$ 10.00
Police — Truex Chiropractic Center	200.00
Health — Memorial Press Group	17.70

The several schedules are in the following order:

Schedule A — Cash Receipts and Cash Payments as reported to the Bureau of Accounts of the Commonwealth for the fiscal year ending June 30, 1979.

Schedule B — Departmental and all special appropriations and such receipts, including Federal Grants, as may be legally expended, and all payments from the same, classified as to purpose, for the fiscal year ended June 30, 1979.

Schedule C — Estimated Receipts, other than from local taxes, as used by the Assessors in setting the fiscal 1979 tax rate. The schedule also shows the actual receipts from the same sources, as well as the actual receipts for the calendar year 1979, which the Assessor will require in setting the tax rate in fiscal 1981.

Schedule D — Revenue Account for fiscal 1979. Also Revenue Account for fiscal 1979 as of the setting of the new rate.

Schedule E — Excess and Deficiency Account.

Schedule F — Balance Sheet as of June 30, 1979.

Schedule G & H — Bonded Indebtedness, July 1, 1979, including projected payments of principal and interest for fiscal 1981.

Schedule I — Trust and Investment Funds, June 30, 1979.

Schedule J — Calculation of the Town's borrowing capacity, June 30, 1979, based on the latest available equalized valuation.

Thomas J. Duffy
Town Accountant

Edward D. Borgatti
Town Collector

Assessing Department

The year 1979 has been a year of adjustment for the Assessing Department. It marked the first year in which all properties in the Town of Plymouth were assessed at full and fair cash value. The equalization program necessitated many changes in the practices and procedures of the Department. The Assessors are very proud of the fact that Plymouth's equalization program has been judged one of the finest, most up-to-date and refined of any town's in the Commonwealth. While the new system entails an increased workload within the Department, it gives the Assessors the capability of maintaining up-to-date records and ensuring that properties will not be disproportionately assessed.

The first billing under the new program of 100 per cent valuation produced over 3000 abatement applications and over 400 appellate court cases. Each of these applications was reviewed by the Board of Assessors which prompted many reinspections. Each of the 400 appellate cases involves preparing indepth appraisal reports which have been accepted by the Appellate Tax Board with gratifying results as evidenced by the overwhelming majority of cases having been decided in favor of the Town. The Board held hearings with taxpayers every day from February through July for the purpose of hearing the taxpayers' problems and to explain the way their property had been valued under the new system.

While new construction in Plymouth sagged during 1978 in comparison with previous years, the volume of home improvements increased and approximately 2000 properties had to be inspected, reappraised and reassessed in order to reflect construction carried out during 1978. In August, the Department of Revenue certified that the assessment practices of the Town were in substantial compliance with the Supreme Court's *Sudbury* decision and informed the Assessors that the Town would be required to implement usage classification for Fiscal 1980. Even though the order was subsequently rescinded by the Department, during the two months it was in force the Assessors had to revamp their appraising and data processing systems in order to implement the new law. This classification fiasco coupled with the tighter State review of the Town's revenue structure in light of the Governor's tax cap caused substantial delays and resulted in Fiscal 1980 tax bills being delayed.

This was also the first year the land on the Town Wharf was assessed to the lease holders. All of these changes and additions added approximately 14.6 million dollars in valuation to the Town for the Fiscal 1980 billing thus reducing the tax rate by eighty cents to \$22.00 per thousand.

This year we also added all the current street numbers that the Town Engineer has made available. These numbers are shown on the Fiscal 1980 bill under the property location field thus saving the need of an additional mailing.

The Board of Assessors would like to take this opportunity to thank their office staff for their outstanding performance in handling a greatly increased workload under extreme pressure. We would also

like to commend Mrs. Katharine Tassinari for her 27 years of dedicated service to this Department, the last 12 years of which she served as Assistant Assessor, which ended with her retirement on August 1, 1979.

Set forth below are the pertinent figures for this report, showing a comparison with the figures from last year's report. (For a detailed explanation of how the following figures relate to the tax rate, please refer to last year's comprehensive report.)

Abstracts	Calendar 1978	Calendar 1979	Change

Planning Board

During 1979 the Planning Board continued to work perhaps more than full-time on problems of planning for the largest and fastest-growing town in the state. Top priority has been the Growth Management Plan which was mandated by the Town as a result of the Goals process.

The composition of the Board remained stable as Michael F. Babini was re-elected to a third term on the Board. At its meeting of April 24, 1979 the Board recognized as follows:

Louis J. Cotti, Jr.	Chairman
Michael F. Babini	Vice Chairman
Robert G. Barnes	Clerk
Joseph A. Balboni	Clerk pro-tem
John Sherman Breen	Member

The staffing of the Planning Board also changed. Peter Goodale, who replaced Anthony Ricci as Junior Planner in 1978, has moved to Boston. We wish Mr. Goodale the best of luck. On October 29, 1979, Mr. Samuel Butterfield replaced Mr. Goodale as Junior Planner. Mr. Butterfield is a Plymouth native, having graduated from Plymouth-Carver High School. He attended the University of Mass. and received his degree in Environmental Engineering (Magna Cum Laude). He has worked for a Boston engineering firm as a designer and estimator and has additional experience in landscape design and regional planning. The clerical staff has also changed. Mrs. Mary Parker (Senior Clerk) has taken a position in the Accountant's office as Principle Accounting Clerk. Mrs. Barbara Tassinari (Junior Clerk) replaced Mrs. Parker and Mrs. Elizabeth Nagle replaced Mrs. Tassinari. Mrs. Nagle was subsequently replaced by Mrs. Leslie Tilley.

The Board met regularly on Tuesday evening at 7:30 p.m. in the Town House. The Board took action with respect to plans as follows:

Definitive Plans:	No.	No. of Lots
Approved and endorsed:	0	0
Pending:	1	5
Disapproved:	2	447
Incomplete:	1	3
Rescinded	0	0

Preliminary Plans:

Approval Not Required Plans:

Approved:	106	83
Disapproved:	18	
No. of pork chop lots:		13

The Board also filed reports on approximately 70 zoning applications.

GOALS/COMMUNITY DEVELOPMENT PLAN:

The 'Goals' program is moving into its final stages of completion with action anticipated at the 1980 annual Town Meeting.

Last winter a number of studies were done to develop a firm

foundation for the Growth Management Plan. These include reports on Ranges of Future Demand, Analysis of Land Supply, Analysis of Land Suitability, Analysis of Public Facilities, a more detailed Village Centers Plan, Analysis of Growth Management Systems, analysis of state enabling legislation, and analysis of local regulations and policies. Based on these studies a draft village centers plan was developed from the original Village Centers concept on which the zoning bylaw is based.

The initial Village Centers Plan, presented as a fold-out sheet to Town Meeting last year was then revised based on comments received and additional studies done. A more detailed description was provided in order to set some reasonable, specific targets for growth management. Various growth management approaches tailored to the Town were then suggested by the consultants. Of major concern to the Board and to many citizens was the provision of adequate areas for industrial and other forms of economic development and not increasing lot size requirements beyond the present 60,000 square feet without very good reasons.

While work proceeded on the growth management approaches, a thorough review of all departmental needs was performed and a public facilities plan was developed based on needs, national standards and the Village Centers Plans and targets. A capital improvement program was then prepared based on the public facilities needs and the village centers and limits. This plan is a key element in any rational, non-arbitrary growth management program. During the first months of 1980, the various components of this plan will be pulled together and reviewed by as many agencies as possible. This review process will also include consideration of the findings of a special study of Pilgrim II impacts funded by a grant from the Mass. Office of Coastal Zone Management. A final version will be mailed to Town Meeting Members one month before Town Meeting to assure informed action at the annual Town Meeting.

DATA INVENTORY

Efforts to improve the Town's information base about itself and its inhabitants are continuing. A portion of Community Development Plan includes a monitoring component which will establish a convenient format for key information. The preparation of base maps for computerization has been completed in co-operation with the Town Clerk's office. Still to come is the actual translation of these maps into computer language. A grant is being sought now to accomplish this task. The Board's staff also provided input to the computer study committee as to needs for the planning function.

SUBDIVISION CONTROL

The Board has met with the PDIC to establish parameters for a revision to the subdivision regulations to more closely define the requirements for roads in industrial subdivisions. The Board has developed and adopted a regulation requiring the developer of any subdivision to prepare and submit plans for road acceptance purposes in conjunction with the Selectmen's road priority program.

ZONING

The Planning Board continued its activities with respect to zoning. It successfully brought an amendment through the Town Meeting which reinstated the protection for individual owners of under-sized lots. While some controversy surrounded the issue, the Board supported the protection as a matter of fairness. The Board can also report some success in court over the question of 'paper' roads. An Appeals Court upheld the Town's position that the Town has the right to refuse a building permit if it feels that the access to the lot is inadequate.

Under the provisions of the town bylaw, the Board has a responsibility to appoint a designee to the Design Review Board. The Planning Board is pleased to report that Doctor Laurence Gellar has accepted its appointment to the Design Review Board.

1979 also saw a number of very complex and controversial petitions in its review capacity. The Board spends a great deal of time considering each petition before it but gave especially close scrutiny to the following: The petition of East Bay Corp. to locate a shopping center at the intersection of Routes 80 and 44; the rezoning of a portion of the land around the Clark Road interchange with Route 3 and the petition of Plymouth Realty Trust for a master plan (preliminary) approval for a 400 unit condominium project at White Cliffs.

TRANSPORTATION

The Board and its staff thoroughly reviewed a Mass. DPW proposal and report dealing with the relocation of Route 44. After consultation with the Board of Selectmen, the Board directed its Planning Director to present to the DPW reasons for preferring a northerly alignment for the proposed road. This alignment has been selected by the DPW.

The Board also reviewed and made recommendations on the Regional Transportation Improvement Program which is used to set priorities for major projects. The Board also arranged for the Old Colony Planning Council's transportation section to study the traffic in the Central Business District and to propose and evaluate alternatives to improve traffic flow in the area.

WATER AND SEWER

The Board, through its staff, has continued its efforts to expediate the necessary sewer planning for the needs of the town. Also part of the overall Community Development Plan is a Capital Improvement Program which includes required sewer and water improvements.

OPEN SPACE AND RECREATION

The Board carefully considered the proposal of the Conservation Commission to the Mass. Secretary of Environmental Affairs to designate the Ellisville Harbor as an Area of Critical Environmental Concern. The Board recommended that the area for designation be reduced to encompass only the wetlands areas rather than large areas of uplands as initially proposed. The Board felt that the pro-

posed area was unnecessarily large and included much land not essential to the harbor resource.

Open space and recreational facilities are also an integral part of the proposed Capital Improvements Program.

ECONOMIC DEVELOPMENT

The Board and its staff prepared the successful application to the Mass. Office of Coastal Zone Management which has resulted in a \$20,000 grant to the Town to prepare a Waterfront Development Plan. The plan is being prepared by the Boston firm of Land/Frenchman Inc. under the direction of a Steering Committee appointed by the Selectmen. The Board's staff is providing administrative services for the grant.

The Board has also paid close attention to employment in Plymouth (see chart I).

COMMUNITY FACILITIES

The Community Development Plan proposed includes most if not all of the Community Facilities required by the Town for the next 20 years.

HOUSING

The Board has participated in the preparation of a Housing Assistance Plan to serve as a guide for future activities of the Town in providing assistance to low and moderate income residents. Such a plan is needed for many federal programs as well as for the Community Development Plan and its Growth Management aspect.

The Board has also charted building permits by the month in order to assess the town's rate of growth. The data is presented in Chart II.

WPLM

The Board has continued to air a public service radio program on WPLM dealing with topics of long-range interest to the Townspeople. This past year the program was expanded to 15 minutes and the name changed to "Hometown Perspective" to more accurately reflect the nature of the material presented. The program goes on the air at 7:15 p.m. on Mondays during the fall and winter and at 7:15 p.m. on Sundays during the baseball season. Persons wishing to participate in interviews are urged to call the Planning Board office and make arrangements with the Planning Director.

CONCLUSION

This year will be a watershed year for the town. Long-range comprehensive planning as an integral part of the Town's overall management program is being proposed to the Town Meeting in concrete form. There has been and continues to be opportunity to change the content of the plan. And, as planning is at least one half process, the plan will continue to change as our condition and perceptions

change. We have done what we could to develop an acceptable plan and we are anxious to do more. The real decision is up to you.

Plymouth Redevelopment Authority

1979 has been a very successful year for the Plymouth Redevelopment Authority. Processing HUD Section 312 loans has brought the Town praise from the United States Department of Housing & Urban Development and brought the Authority commendation from the Board of Selectmen. A Section 312 Loan provides 3% money to low/moderate income families in Plymouth for home rehabilitation. HUD has further honored the Board by granting loan approval authority.

Ongoing research during this year has brought new funding possibilities to light for certain areas of Town and a new program will be announced at a later time. This research falls in the areas of historic preservation, housing revitalization, business financing and Town infra structure improvements.

The Authority Officers for this year are John Droege, Chairman, Robert Wollner, Vice-Chairman, James L. Pierson, Treasurer, George DiLiddo, Secretary and Leon Wilson, Loan Approval Officer.

Plymouth Development and Industrial Commission

Plymouth Development & Industrial Commission (PDIC), in cooperation with Old Colony Planning Council (OCPC) and Stonehill College implemented a student internship program in economic development and completed a profile of industry in the town. The overview of economic history of Plymouth and the progress of PDIC was documented. The Plymouth work force increased by 211 jobs during the first six months of '79.

A recent survey of firms in Plymouth revealed 986 employees in the Industrial Park and 634 in Cordage Park, a total of 1620 industrial jobs — an increase of 323 at the end of the calendar year.

Now in its eleventh year of continued progress in the Plymouth Industrial Park, the PDIC is proud to announce that four new firms have been added in the Park during the past year. They are: Accurate Fabricators, Inc., Atlantic Design & Construction, C.S.H. Industries and Bartlett Consolidated, Inc.

During the same year, Richards Micro Tool Co., Inc. announced its sixth expansion. Pixley-Richards, Inc. has completed a 14,000 s/f extension and Tech Etch, Inc. has added 8,000 s/f of space and a second shift. Foxboro Co. is acquiring two new firms in addition to the four which are proceeding on schedule.

Plans have been approved and work has begun on the new buildings for Atlantic Design & Construction and Bartlett Consolidated. Several new concerns have taken advantage of Small Business Administration's 502 Program including Atlantic Design & Construction.

Land was purchased in the Park for the Gamepoint Racquetball and Health Club. Official groundbreaking took place in November for a 16,300 s/f facility with eleven climate controlled courts and a health club.

Solo Products Corp. located in Cordage Park is now employing 60 people. Plymouth Coated Products Corp., also at Cordage recently leased an additional 5,000 s/f of space. Mid-Cape Fillet Corp. and Shipping Service has added another vessel which makes a total of six in its whole and processing fish business with an employment force of 65 at the present time. Eleven individually owned boats also use this facility at Cordage Park.

The past year has brought several Rt. 44 hearings and it has been announced with some amount of certainty that the 4-M-1 route will be approved and terminated at Cherry Street with a turnoff at the Plymouth Industrial Park extending to a state built connector road to Rt. 80.

A Business Information Center was established as an adjunct to the variety of services already offered by PDIC. The center offers a great deal of support and assistance to new and existing businesses. To date the center has assisted over 36 companies, one of which has

been saved from bankruptcy. Five new jobs have been created which resulted in over \$20,000 new working capital. David Gretsches, Assistant to the Executive Secretary manages the BIC program. Any business in need of confidential assistance call 746-6680.

Through the cooperation of the Town Clerk of Plymouth and OCPC, a report of occupational titles was compiled for the first time using the 1978 town census of Plymouth residents who were asked where they worked and at what occupation. 83 occupation divisions are included in this report which explains in detail the Plymouth labor pool.

Two 4 page newsletters were printed and distributed during the year updating the accomplishments of PDIC.

1979 brought a change in commission membership. Vincent J. Nicoli, a commissioner of long standing, submitted his resignation. Anthony Cordaro and Jack B. Meehl, Jr. were appointed to fill existing vacancies. John A. Pacheco, Chairman, resigned his membership when he accepted out of town employment and Robert D. Meichsner and Mr. Meehl were elected Chairman and Vice Chairman respectively. Michael T. Russell, our newest member, was appointed in November.

Melvin G. Coombs, Executive Secretary of PDIC for the past 14 years announced his intended retirement in 1980.

Board of Appeals

The Board of Appeals has regularly held meetings on the first and third Tuesdays of each month to hear and decide applications for special permits and variances in accordance with the requirements of Plymouth's Zoning By-Law. During 1979, the Board held 28 meetings and acted on 79 petitions. This is an increase in both the number of meetings and the number of petitions from the previous year.

Major matters heard by the Board this year included a proposed shopping center to be built by East Bay Development Corporation at Routes 44 and 80 in West Plymouth and a proposed condominium development at White Cliffs.

Six appeals were filed against decisions rendered in 1979. Two of these appeals have already been dismissed, and the other four are pending.

In July of 1979, Sharon Hanley DeCoste resigned as an alternate member of the Board and A. Charles Caranci, Jr. of James Way, Pinehurst Village, was appointed to fill the vacancy. In addition, the Selectmen appointed Richard M. Serkey of 9 Stoddard Street to a three-year term in place of Nicholas F. Filla and also appointed David R. Pierce of 57 Summer Street as an alternate member to replace David B. Heard. Allan T. Gifford was re-appointed as a regular member of the Board for a three-year term.

On October 2, 1979, the Board re-organized and voted unanimously to elect Eugene V. Blanchard as Chairman, Everett L. Hale as Vice-Chairman, and Richard M. Serkey as Clerk.

The Board will continue to meet regularly and looks forward to another busy year.

	1977	1978	1979	Change
Permits for New Systems	452	342	222	- 120
Permits for Repairs	76	36	35	- 1
Final Sewage Inspections	452	349	228	- 121

Of all factors influencing the health of individuals in rural and urban areas where public sewers are not available, no single item is of greater importance than the proper disposal of human excreta. Many diseases such as typhoid fever, dysentery, and various types of diarrhea are transmitted from one person to another through the fecal contamination of food and water, largely due to the improper disposal of human wastes. For this reason, every effort should be made to prevent such hazards and to dispose of all human excreta so that no opportunity will exist for fecal contamination of water or food.

Safe disposal of all human and domestic wastes is necessary to protect the health of the individual family and the community and to prevent the occurrence of nuisances.

Environmental Inspections and Investigations

Environmental inspections and investigations are performed in order to protect man's right to a clean environment and to enforce rules and regulations and adopt new ones as required to insure that man's rights are protected.

The increase in population makes the need for such control more urgent than ever before if we are to overcome the adverse effects of man's activities on his environment.

The ever increasing population growth over such a large land area as Plymouth with its many ponds and wetlands makes the provisions of safe water, the collection and disposal of human, domestic, and industrial wastes, the prevention of atmospheric pollution an increasingly more difficult process from year to year.

Reportable Diseases

A reportable disease may be defined as any disease or condition for which an official report is required. Reportable diseases usually include both communicable (transferable from person-to-person) and non-communicable (example: dog bite) diseases and the content of the list varies from state-to-state.

In Massachusetts there are five diseases reportable directly to the State Department of Public Health by the physician; eighteen rare diseases reportable to the local Board of Health; and thirty-seven common diseases reportable directly to the local Board of Health by the family physician, parents, guardian, householder, attendant, or the intelligent social-minded people of the community, school teachers, etc.

Measures for the control of spread can only be instituted by the

health authorities when they are informed of the existence of such diseases.

Richard R. O'Keefe, R.S., C.H.O.
Director of Health

Plymouth Community Nurse Association

This is the twentieth Annual Nursing Service Report of the work done by the Plymouth Community Nurse Association in behalf of the Plymouth Board of Health, for the calendar year January 1, 1979 through December 31, 1979.

A total of 292 home visits were made in behalf of the Plymouth Board of Health. The nursing service breakdown is as follows:

- 6 - Tuberculosis Follow-up
- 4 - Other Acute Communicable Disease Follow-up
- 151 - Maternity
 - (76 - Postpartum)
 - (75 - Newborn)
- 13 - Infant Health Guidance
- 10 - Preschool Health Guidance
- 3 - School (age) Health Guidance
- 103 Adult Health Guidance
- 2 - Unclassified (Visit made but not at home or not found)

In addition to the above statistics, there were 190 Postpartum Encounters.

328 Tuberculin skin tests (Mantoux), were given in the PCNA office, for food handlers, Nursing Home employees and school personnel certification. 328 follow-up office visits were made to read the tests. This represents 656 encounters.

"On-site" tuberculin skin testing (Mantoux testing), was also done by the PCNA nurses, (in cooperation with the Board of Health), at summer camps, local restaurants and other designated locations. A total of 133 TB skin tests were given at these sites. These tests were read in 72 hours. This represents 266 encounters.

Eleven Well Child Conferences were held in Plymouth in 1979, at a local church parish house. A total of 153 infants and preschool children were seen and examined by our WCC pediatrician, C. James Gormley, M.D. 299 various immunizations and twenty-seven tuberculin skin tests (Tine tests), were given at these conferences. The twenty-seven tuberculin skin tests were read in 72 hours.

Special "On-site" immunization clinics were held at the Plymouth-Carver Intermediate School and Plymouth-Carver High School, February 12 and 15, respectively, in cooperation with the Plymouth School Department. A total of 1,345 various immunizations were given to 714 students who were required by State law to up-date their immunization records. These clinics were prepared and staffed by the PCNA nurses.

Ten Chest x-ray clinics were held at the Jordan Hospital which were coordinated and staffed by the PCNA nurse. Of the sixty-six people who were x-rayed and examined, fifty-three were Plymouth residents. No Chest X-ray clinics were scheduled July or August.

In our Early Childbearing statistics, (ECB Program), 766 visits were made in 1979.

Postpartum Encounters represent telephone contacts (average time, ten to fifteen minutes), to multiparas who have been referred to our agency by Jordan and neighboring hospitals. The telephone interview solicits current and past problems with the mother and newborn as well as determines if medical supervision has been established or continued. Telephone interviews are acceptable alternatives to in-home visits. They represent an efficient method of providing health care or information to select groups. Furthermore, one hundred and ninety families of Plymouth have received a message that the Board of Health of Plymouth cares for their health as well as the medical community. This is known as public relations. Follow-up home visits are made on a selection basis according to priorities of need, (Agency Maternity Standard).

Antepartum figures do not appear in the above statistics because of the State funded Early Childbearing Program.

The total number of health related encounters between the Plymouth Community Nurse Association professionals and citizens of the Plymouth area for 1979, was 1,933.

Not included in our individual statistics but certainly having a major impact on our office staff are the many telephone requests made to our office for previous immunization history which is contained on Board of Health records held in our office. One person was assigned almost full time to the retrieval of this information, especially during the months of August, September and October. Requests come to us on a regular basis from physicians' office staffs, school nurses and individual citizens. Many parents came to us in an irate, stressed condition because of the "run-a-round" they had been given. As representative of the Plymouth Board of Health, our secretary smiled, obtained their signed releases, researched the information and mailed or handed copies of those immunization records in order for children to be allowed continued attendance at Plymouth schools. This is Board of Health activity not covered by contract which relieves your office of the stress involved and which we have accepted as reasonable, albeit interruptive of our normal office routine.

To improve our office efficiency until our statistical department becomes computerized, we request that statistical data be presented to you on a fiscal year basis, from July 1, to June 30. This report (for the calendar year), was time consuming to our office staff since most requests for our statistics are on our fiscal year to which our agency moved several years ago in order to be timely with our contracting towns.

Andree J. Wells, R.N., MPH
Executive Director

Plymouth Public Library

Growth and change continued to be major factors for the Plymouth Public Library during 1979, both in the areas of public service and the behind-the-scenes operations that make the Library work (cataloging, technical processing, borrower registration, and overdue accounts, etc.).

For the first time in many years, there are adequate professional staff to accomplish the very necessary task of weeding outdated and damaged books from the collection. Vigorous weeding will ease somewhat the overcrowded shelving, and "buy" the Library time until the Library Advisory and Site Study Committee is successful in achieving its goals for the expansion of the Main Library. With plans turned down at Town Meeting in April of 1979, the Site Study Committee has continued to address the need for space, and will again be going before Town Meeting for approval of their plan for renovations of the North Street buildings.

In striving for more efficient use of limited work space and staff, reorganization continued throughout 1979, with the major visible change being the relocation and piecemeal construction of a working circulation desk. Staff reorganization was also an important element of 1979, initiated by both personal relocations and retirements. Carolyn Pratt, employed by the Library since 1936, retired in July. Three full-time professional Librarians, Susanne Andrews, Nancy Zollinger, and Sandra Hurd, have brought expertise and enthusiasm to the Library's Reference and Cataloging departments.

The Plymouth public makes heavy use of the Library's Reference department, which handles a question approximately once every five minutes. Detailed and technical searches are daily routines for the Librarians staffing the Reference desk. Each week an average of 1500 people use the Library.

Inflation continues to be a major problem, cutting the Library's buying power, as books and other Library materials cost more and more. This past year the Plymouth Public Library spent \$1.48 per capita for books, down from a high in 1976 of \$1.82 per capita, at a time when book prices are rising faster than the rate of inflation. Greater collection size is not indicative of the number of items purchased, as many gift books, government documents, maps, and other free materials are added to the collection each year.

In an attempt to recover long overdue Library materials, court action was initiated during 1979 against "bad borrowers." Through cooperation with the Plymouth Police and the Third District Court, hundreds of dollars worth of Library materials, previously not paid for or returned to the Library, were reclaimed through court action. The success of this program guarantees its continuance during the coming year.

The Library continues to strive for excellence in public service, fiscal integrity, and response to community needs. Suggestions and comments are welcome at all times.

Ruth Brown Chamberlain
Director

Veterans Administration

During 1979, a record \$14,726,000 in dividends was paid to 135,591 Massachusetts veterans holding G.I. insurance policies. World War I, II, and Korean Conflict veterans who have kept their insurance, automatically receive this payment on the anniversary of their policies.

Observance of the 35th anniversary of the historic legislation; "Serviceman's Readjustment Act", better known as the G.I. Bill was acknowledged on June 22, 1979.

Public Law 95-479 of 1979 has reduced the percentage of disability for entitlement to dependency benefits from 50% to 30%. Public Law 95-588, effective January 1, 1979 now prevents any decrease in VA pension due solely to a Social Security cost of living increase. President Carter signed into law June 13, 1979 the new low-key Readjustment Counseling Program for Vietnam veterans. Also, the week of May 28 to June 3, 1979, Congress authorized and President Carter proclaimed "Vietnam Veterans Week." Veterans Administration Chief, Max Cleland stated that it represents "a chance to balance the scales for 9 million veterans who are due our respect."

Public Law 96-128 reflecting a 9.9 per cent increase in V.A. compensation was signed into law November 28, 1979, retroactive to October 1, 1979. Interest rate on home mortgages insured by VA was raised to 11.5 per cent in November 1979. Many other programs were initiated during 1979 too numerous to mention here.

During 1979, veterans and their dependents received 1.9 million dollars in Federal Funds, excluding use of 4 major VA hospitals and outpatient facilities. This office has experienced a sharp increase in Rehabilitation which is still rising.

I wish to express my thanks to my staff, Mrs. Jean Goduti, my assistant, Mrs. Anne Torrance, and Ms. Miriam MacKenzie.

Respectfully Submitted,
Antonio L. Gomes
Director of Veterans' Services

Veterans' Services

Effective January 16, 1979, an ongoing Computer match program was mandated by law, Chapter 367, M.G.L. All Directors and Agents are now required to maintain a Master File at high priority.

This Program involves Employers of Massachusetts, Department of Welfare, Department of Employment Security, Department of Veterans Services and the Department of Revenue.

Several seminars and in-service training programs were held in 1979. New District Authorizers were assigned throughout the Commonwealth. The new Hearing Processes are now in force.

On July 19, 1979, Governor Edward J. King signed Chapter 393, Section 42 into law. This provided all recipients of Veterans' Services an overall 5% increase in benefits effective July 1, 1979. Also, Section 5A of Chapter 115 was amended by Chapter 409. This act dissolves and makes unenforceable all Real Estate liens twenty years from the recording date with the Registry.

Medical expenses continue to rise. Throughout 1979 the Rate Setting Commission confirmed and adopted increases for all types of service. Rising fuel costs continue to be a problem since the current budget does not adequately allow enough fuel allowances despite the relatively mild winter.

During 1979 we experienced our greatest change which is the Rehabilitation Program, Chapter 111B. Veterans' Agents now must realize the medical and social factors involved and closely supervise rehabilitation cases extensively.

1749 Court House Committee

1979 Annual Report

The 1749 Court House Museum at Town Square, the original "Town House" for town business, continues to be a tremendous asset to the town, as one of the most popular museums for tourists.

As the building is maintained, and guide salaries paid by the town, admission continues to be "free" delighting parents, especially with large families. The building is open 7 days per week from the end of June until Labor Day, then open 4 days a week until Thanksgiving week, when it again is open the full 7 days. Two guides are present to give lectures, or just answer questions.

The town owned antique horse drawn fire engine delights firemen; the court room reproduction on the second floor intrigues those of the legal profession and families enjoy the Pilgrim artifacts.

During 1979 over 2100 families and persons signed the guest book representing visitors from every state with the exception of Vermont, Wyoming and Idaho. There were also 23 countries represented.

In the late fall 57 Superior Court Judges and Chief Justice of the Superior Court, James Lynch, participated in a confidential lecture session.

Plymouth residents visiting the museum express their appreciation for being a part of this town building and it's worth to the general public.

The original committee, voted under Article 64 of the 1972 Town Meeting as a Permanent Standing Committee, headed by Town Historian Allen D. Russell, still oversees the activity of the museum and welcomes any suggestions for improvement in the building or the operation of the museum from the townspeople.

Council on Aging

1979 witnessed new beginnings in elder affairs. On the state level, newly elected Governor Edward J. King appointed three successive Secretaries of Elder Affairs to head the Department: namely, Stephen Guptill, Emory Mower, and Thomas Mahoney. On a local level, construction and renovation on the 130 Court Street property reached completion. By the end of summer, the 81 units of the Cherry Hill public housing for the elderly were fully occupied; Building Blocks children's day care moved into the Yeoman building; and other agencies requested and received space in the town facilities.

The Council on Aging, while operating on a restrained spending town budget, managed to expand its programs through federal and state grants. The most significant expansion effected staff hired through a Title VI project of the Comprehensive Employment and Training Act (CETA). This project drew an annualized budget of \$56,808 in federal monies. The grant was awarded for eighteen months. The following staff were hired on the CETA project budget: Lee Anderson, Program Coordinator; Linda Carlson, Case Manager-Coordinator; Elizabeth Colley, Outreach Worker; Maureen Gagnon, Driver and Chore Worker; Dorrace Delaney, Shuttle Bus Aide; and Catherine McCann, Nutrition and Outreach Worker. Other CETA staff assigned to the Council on Aging programs were: Mary Carafoli, Nutrition Aide; Thea McGurn, Nutrition Coordinator; Marlene Cabral, Secretary; Francis Doyle, Shuttle Bus Aide; and Michelle Hartigan, Secretary.

Added to the CETA staff, the Council on Aging Senior Center operated with a contingent of Senior Aides who work under another federally funded community services employment program for persons with limited incomes who are 55 years of age and older. Senior Aides generally work 20 hours per week. The following Senior Aides were employed at the Center: Iris McLean and Anna Powers, Dispatchers; Mary Talisano, Nutrition Secretary; Robert Rogers, Catherine Elliott, June Martin, and Barbara Ruffini, Nutrition Aides; Harriet Costa, Ginny Haskins, and Mary Gomes, Meals on Wheels Drivers; Lola Johnson, Secretary; and Edward Johnson, Bookkeeper/Accountant. Howard and Edna Bourdon delivered Meals on Wheels under the state Elder Service Corps program.

With all these workers, the Council on Aging could indeed operate a multipurpose senior center with outreach programs that provided services to approximately fifty homebound elderly on any given day, a congregate meals program that provided 100 meals daily, five days a week. Some of the meals were delivered to the homebound. In-house programs flourished this year. Among them, a series of Social Gerontology Workshops directed by Professor Andy Plotkin of Bridgewater State College; Preventive Health and Fitness Training given by Robert Christie; A Senior Center Humanities unit coordinated by Lee Anderson; Creative Stitchery taught by Mary Davidson; Sewing for Beginners conducted by Phyllis Gray; and Oil Painting classes taught by Hulda Dale.

A priority item of the Council on Aging this year has been the

conservation of gasoline by our shuttle bus program. A policy voted by the Council was that Plymouth senior citizens who own and operate cars are expected to use their own transportation. In another effort to cut mileage, a weekly shopping trip to Hanover Mall was eliminated and buses were restricted to the boundaries of our town. The Council Committee on Transportation also acted to reschedule trips so the buses would take shoppers to only one supermarket per day. All riders must shop at the store scheduled for that day.

The following comparative record of the years 1973 to the present is taken from our shuttle bus log and shows constant growth in volume of riders:

TOTAL PASSENGERS CARRIED

MONTH	1973	1975	1979
January	928	1495	2412

Average Daily:	53	82	113

By contract with the Plymouth Community Nurse Association, the Council on Aging sponsors blood pressure clinics, flu shots, health education, and health counseling concerning medications, diet, weight, and nutrition. During 1979, the following attendance was recorded:

Month	No. of People Seen	Month	No. of People Seen
January	123	July	135
February	127	August	124
March	176	September	198
April	157	October	209
May	176	November	580
June	159	December	132

Total number of People seen: 2,290

Average number seen monthly: 191

A program of legal services for the elderly was initiated this year through the law offices of Connolly and Greenglass. These two attorneys volunteered their services to the Council on Aging and came to the Senior Center once a month to assist the elderly in making out wills and to answer legal questions. They do an average of ten wills per month, using the first hour for signing wills already prepared from

the previous month; and the second hour for making out new wills. A limit of ten persons is taken on a "first come, first served" basis.

On July 24, the Board of Selectmen appointed Genevieve Ash, Helen Foley, and Lawrence Mossey to the Council on Aging. The Council selected Ed Johnson and Barbara Schierberg to serve on the Board of Directors of Old Colony Elderly Services. Howard Bourdon was presented to the Advisory Board of the Home Care Corporation. Ed Batchelder was appointed to serve on the Nutrition Advisory Council. Lawrence Mossey was chosen to serve on the Board of South Shore Community Action Council. The Director Chris Schembri was elected Chairman of Southeastern CIRCA Region VII and Secretary of the Massachusetts Association of Senior Center Directors. The Director also served on the Council on Aging Advisory Committee and the Older Americans Act Committee of the Department of Elder Affairs.

The Council on Aging participated for the first time in the Bridgewater College Work-Study Program during the summer. Carol Schoffield, a college senior who lives in Plymouth, worked full time during the summer recess as outreach worker doing home visits, housekeeping chores, shopping assistance, and friendly visiting for homebound elderly.

The Volunteer Income Tax Assistance (V.I.T.A.) program was conducted at the Council on Aging Senior Center. During the month of January, IRS agents provided 12 hours of instructions to a class of 22 volunteers. Following the mini-course, volunteers gave 320 hours of assistance, serving 191 taxpayers. In Plymouth, the assistance was given at the Senior Center of 130 Court Street; the Second Congregational Church of Manomet; and the Old School House in South Plymouth.

Added to the tens of thousands of federal dollars the Council on Aging received through salaries for staff and food for the nutrition program, the following cash grants were awarded: \$7,500, grant from Title III-B Older Americans Act for renovating the 130 Court Street building; \$3,000, state grant to use as match for federal grants.

While 1979 was a year of escalating energy costs affecting the economy of the Nation adversely, the Council on Aging programs continued to meet the growing needs of the elderly population. There are ways to meet every challenge.

Police Department

The Department consists of 68 permanent Police Officers:

Chief.....	1
Captain.....	1
Sergeants.....	7
Detectives.....	5
K-9 Officers.....	3

Bicycle Licenses	44.00
Total	\$280,632.50

My thanks to the following:

The Board of Selectmen, Executive Secretary, and Finance and Advisory Committee for their understanding, cooperation, and continued support in our efforts to update the Department. Through the cooperation of all concerned we updated the department telephone system, established an in-service training facility, obtained a motorcycle through the Governor's Highway Safety Bureau, and laid the foundation for further improvements during 1980.

My thanks to the merchants of Plymouth who were largely responsible for the publication of the Department drug booklet, "A Reason for Tears".

My thanks to the people of Plymouth and the members of the Plymouth Police Department who, during this trying year, have stood behind the efforts of their elected officials in their efforts to better the Plymouth Police Department.

Richard H. Nagle
Chief of Police

Fire Department

Herewith submitted is the annual statistical report of the Fire and Forest Fire Departments for the year ending December 31, 1979.

PERSONNEL:

The department personnel includes:

ADMINISTRATION STAFF

- 1—Chief of Department
- 1—Deputy Chief
- 1—Lieut. in charge of Fire Prevention
- 1—Captain — Training Officer

CIVILIAN STAFF

- 1—Fire Alarm Superintendent
- 1—Master Mechanic of Apparatus
- 1—Assistant Mechanic
- 1—Principal Clerk
- 1—Junior Clerk

COMPANY FIRE FORCE — Operating 6 Fire Stations includes:

- 4—Captains — (Shift Commanders at Headquarters)
- 5—Captains — (Company Commanders — 1 at each station)
- 15—Lieutenants — (Company Officers — 1 for each shift at each station)
- 84—Firefighters — (Company personnel—manning the 6 stations)
- 4—Firefighters — (Fire Alarm Office assignments)

Call Force strength consists of 55 authorized positions —currently 37 posts are filled. This force supplements and assists the outlying stations limitedly as required.

STATIONS

- | | |
|------------------------------------|-----------------------------------|
| Headquarters — 114 Sandwich Street | Cedarville Station — Route 3A |
| Manomet Station — State Road | 7 Hills Station — Route #44 |
| North Station — Spooner Street | Bourne Road Station — Bourne Road |

RETIREMENTS, ETC.:

- Deputy Fire Chief — Weldon J. LaVoie — Retired March 24, 1979
- Fire Lieutenant — George W. Butters — Retired December 31, 1979
- Firefighter David A. Montanari — Deceased August 25, 1979

PROMOTIONS: 1979

From Firefighter to Fire Lieutenant

Arthur H. Lamb, Jr.

Firefighter David A. Montanari served the Department from April 27, 1959 to August 25, 1979. On several occasions David served as an Acting Lieutenant and proved to be a dedicated firefighter. David died in line of duty on August 25, 1979 while fighting a fire at the old railway freight offices on Park Avenue. David will be remembered and missed by his fellow firefighters and all who knew him, for his interest, dedication, and the ability and the desire he maintained to give of himself.

FIRE ALARM DIVISION: (Peter Gage — Superintendent)

The largest single project of 1979 was the move to the new Fire

These additions with direct alarm connections to the department represent several millions of dollars worth of properties automatically protected to reduce loss potential in the event of fire.

At this time work is in progress on the following streets:

Water Department Shop — Howland Street
 Old Court House — Town Square
 Bradford Pumping Station — Long Pond Road
 Racquetball Club — Aldrin Road
 Boston Edison Classroom/Indoctrination Building

To the Honorable Board of Selectmen, for their support, cooperation, interest, and participation, my sincerest thanks.

To all Town Departments and Agencies for their cooperation and help, my gratitude.

To the department staff, officers, and men for their faithful and devoted performance to duty, my deep appreciation.

Arthur H. Lamb,
 Fire Chief

Plymouth Fire and Forest Fire Department

Nursing, Rest Homes, Mental Health	30
Schools	48

Department Headquarters on Sandwich Street. Many new concepts were incorporated in the new fire alarm office.

New equipment includes radio and telephone recording equipment, instant telephone playback recorder, satellite transmitter and receiver systems for the radio communication equipment, automatic in house fire detection and alarm equipment, random access rear projection information display equipment, emergency power generating system and controls, a greatly improved telephone system, new improved status boards for information display, a new station intercommunications system, a microprocessor controlled fire alarm box reader and transmitter, and many other significant improvements.

Major items were included in the building program while many lesser items have been procured and installed by the fire alarm division with the assistance of firefighters as the year progressed. Although this is a complex array of systems, and we experienced a fair share of shakedown problems, a reasonable amount of time has been devoted to smoothing out the kinks.

Radio equipment was installed in the following new vehicles:

Engine #5 — Radio & Electronic Siren/P.A. system

Service Truck — 2 Radios & Electronic Siren/P.A. system

Tank Truck — Radio

In addition to the annual routine maintenance work throughout the fire alarm system, a major rehabilitation of downtown electrical service by the New Bedford Gas and Edison necessitated a complete rebuilding of municipal fire alarm circuits on the following streets:

Water Street

South Park Avenue

Memorial Drive

Chilton Street

Howland Street

Brewster Street

Newfield Street

Additional extensions of alarm circuits were constructed to accommodate new service on:

Aldrin Road

Court Street

Samoset Street

Memorial Drive

South Park Avenue

Water Street

1979 has been a year of considerable interest in automatic fire alarm systems directly connected to the Fire Department:

Municipal Buildings added in 1979:

Fire Department

Headquarters

Sewer Plant

Highway Barn

Memorial Hall

Cherry Hill

Hedge School

Nathaniel Morton School

Federal Furnace School Addition

Industrial/Commercial Buildings added in 1979:

Plymouth 5 Cents Savings Bank

Foxboro Company

Boston Edison Guard Facility

Methodist Church

Ocean Spray Cranberry Company addition

Day Care Centers	24

HOSE (Footage used)

1-1/8"	27,340
1-1/2"	1,650
2-1/2"	4,000

Total Acres Burned: 257

Largest Fire: Beaver Dam Road 47 acres

The fire incident rate for the Forest Department was unusually low during 1979. The wet spring weather played an important role along with the determined action of the Townspeople to exercise proper control of burning under permits issued by the department. Additionally, the public deserves plaudits for the prompt notification to the department of outside fires observed and the absence of carelessness which could contribute to wild fires in the open.

Annual Report of the Harbor Master

HARBOR DIVISION

The 1979 boating season arrived simultaneously with the fuel shortage and spiraling cost of available fuel. This did not deter the recreational boats from taking their seasonal excursions. We entertained several out-of-Town and State Yacht Clubs, with the cooperation of the Plymouth Yacht Club, and extended them the courtesy of using our available mooring and dockage facilities.

At the present time the Harbor Master's Office and the Harbor Committee are formulating plans with the Corp of Engineers for a new mooring area dredging and maintenance dredging in our main channels. Hopefully these plans will be completed and funded in the not too distant future.

In 1979 1034 family shellfish permits were issued and 5 permits to take mussels commercially were also issued.

During the past year we have had forty six (46) commercial boats operating out of Plymouth Harbor using our wharf facilities. These vessels range in size from 25' to 80' and they include fishing draggers, scallop draggers, gill netters, lobster boats and a swordfish vessel. There are several fishing vessels in the 60' to 100' class off loading their catches at the Cordage Park Wharf, which is operating fish transport company and a fish processing plant.

We have been assured by the State Access Board that the proposed new launching ramp will be completed in the spring of 1980. This will give many more small boats access to Plymouth Harbor and the Bay.

Boat and equipment thefts and vandalism were kept to a minimum because of extended night patrols. These patrols begin in April and continue until October seven (7) nights a week.

This past season, because of the crowded condition in our mooring area, we have had to start placing boats in undredged areas. At the present time we are utilizing two of these areas, Nelson St. and Hob's Hole.

POND DIVISION

This was our first full season with the Pond patrols in operation. Again they were greeted warmly and our previous year of instructions and advising the boating public at the ponds of our new regulations very few problems were encountered.

Harbor and Pond Statistics — 1979

Ponds—Violations, filed	14
Ponds—Violations, cited	6

*This figure does not include boats launched from the boat ramp.

Respectfully Submitted,
 Angelo Brigida
 Harbor Master

1979 Annual Report

Office of Emergency Preparedness

The Office of Civil Defense and Emergency Preparedness is located in the basement of Memorial Hall, 83 Court Street, Plymouth, MA 02360. This location was chosen for security and survival reasons.

The telephone numbers are 746-4039 and 746-4186.

In the event of any emergency declared by the Plymouth Board of Selectmen or higher authority, the Office of Civil Defense and Emergency Preparedness (OEP/CD) will become operational on a full-time basis. It is presently manned by a parttime secretary four days a week, Tuesday Through Friday, between 10:00 am and 2:00 pm.

Mr. Gerald F. Hayes was reappointed by the Plymouth Board of Selectmen as the permanent Director of the department. His term runs from 1 July 1979 through 30 June 1980.

This department is the town agency responsible for the coordination of all town departments and resources in times of disaster, man-made or natural.

In the event of an incident at the Pilgrim Nuclear Power Station (PNPS), this office will be responsible for the orderly evacuation of any town residents that may be affected by the incident.

At 4:00 am on March 28, 1979, a serious accident occurred at the Three Mile Island Nuclear Power Plant near Middletown, Pennsylvania. The accident was caused by mechanical malfunctions in the plant and made much worse by a combination of human errors in responding to it. During the next four days, the extent and gravity of the accident was unclear to the managers of the plant, to the federal and state officials and to the general public. What is quite clear is that its impact, nationally and internationally, has raised serious concerns about the safety of nuclear power and the ability of state and local governments to respond to serious accidents at nuclear power plants. It is in response to these concerns that a completely new Radiological Emergency Response Plan for the Town of Plymouth was developed in close cooperation with state and federal officials.

The new Radiological Emergency Response Plan calls for a number of different protective actions, such as sheltering, evacuation or the administering of radiological blocking agents (depending on the type and seriousness of an accident) to protect the health and safety of town residents. The basic concept of the plan is to provide an orderly evacuation of any portion of or all of the population within a ten mile radius of Pilgrim Nuclear Power Station should conditions warrant this protective action. It also describes, in detail, how each department shall respond and what their duties are during this period. The new RERP was adopted by the Plymouth Board of Selectmen (with reservations concerning the public notification procedures) on 1 January, 1980 and is now in effect.

Training

1. In June, 1979, the Director traveled to the Department of Energy's Nevada Test Site to attend a course in Radiological Emergency Response Operations sponsored by the N.R.C. Other courses attended include (a) Radiological Emergency Response Planning for Fixed Nuclear Facilities held in Hyannis in October, 1979 and (b) Accident Assessment And Protective Action Decision Making for Radiological Emergency Response Coordinators held in Auburn, Massachusetts in November, 1979.

2. Completion of courses conducted by the University of Lowell as a Radiological Defense Officer (RDO) as well as an Instructor Course to teach and conduct courses in Radiological Monitoring and Radiological Defense Officer has provided the Town of Plymouth with a capability unique among local governments around nuclear power plants nationwide. All of the above mentioned training was provided at no cost to the town.

3. The OEP/CD, in cooperation with Patrolman Richard Roderick (liaison officer to the Plymouth Auxiliary Police) established a training program and provided resources to carry out this function. The unit now has approximately fifteen trained and fully equipped officers who are ready to assist the Police Chief in any way he thinks may be of benefit to the town. In 1979, the Auxiliary Police served approximately 2500 hours without pay. Some of their duties included Memorial Day Traffic, Fourth of July fireworks, the Boat Race, the Bike Race and the tree-lighting at Christmas. The members have conducted fund-raising drives to pay for their own uniforms and serve without pay, thus performing a valuable service at little or no cost to the Town. Anyone wishing to be part of this unit should contact this office or the Plymouth Police Department.

Communication

The Emergency Operations Center (EOC) continues to improve. The Center has a radio room that is capable of two-way radio communications between the center and the Plymouth Police, Fire and Department of Public Works.

We installed a dedicated telephone system which places us in direct contact with the N.R.C. in Washington and the Plymouth and all Nuclear Power Stations should an accident occur at the PNPS. This system is funded by the N.R.C.

We have also developed a radio system that allows us to maintain communications with the Massachusetts Civil Defense Agency and the Massachusetts Department of Public Health through either the RACES (Radio Amateur Civil Emergency Service) or the Massachusetts Executive Department frequencies. This capability funded in part by State monies.

We have received approval for and are now awaiting installation of a primary link of the National Attack Warning System (NAWAS) which will put us in communication with all federal agencies and

serve as a backup system for notification of any emergency situation from enemy attack to severe storms to nuclear power plant accidents. This system is funded, in part, by federal funds.

As always, we are in need of volunteers for all phases of our operations. Without volunteers and their continued support, the Office of Civil Defense and Emergency Preparedness would not function in the manner for which the United States Department of Defense and the Massachusetts Civil Defense Agency created it.

Gerald F. Hayes, Director

1979 Annual Report

Engineering Division

Nineteen seventy-nine saw many changes in the Engineering Division, most notably a proposal to restructure and increase personnel in an effort to meet present and future needs of Plymouth. The 1980 Annual Town Meeting will make the final decision on this proposal.

Definitive projects handled during the year were:

(1) Assessors Map Revisions — 413 parcels affecting 63 plats (full and half-sized originals revised);

(2) Street layouts accepted as Town Ways at the Annual Town Meeting:

- a. Black Cat Road — Portion thereof,
- b. Eagle Hill Drive,
- c. Shore Drive,
- d. Prence Road,
- e. Cypress Street — Portion thereof,
- f. Enchanted Lane,
- g. Stockade Path, and
- h. Empire Road;

(3) Design, specifications, field work and/or inspections in conjunction with highway and drainage construction were performed on Carter's Bridge Road, Cold Spring Brook, College Pond Road, Fisherman's Landing, Hopkins Road, Gate Road, Middle Street Parking Lot Expansion and Ship Pond;

(4) Engineering consultation and foundation and sewer service layout was provided at the Stephens Field Bathhouse Site. This project has a target completion date in 1980;

(5) Cadastral and topographic surveys and/or plans were furnished for:

- a. Industrial Park Water Tank Site,
- b. Playground Site at Buttermilk Bay Shores,
- c. Parting Ways Cemetery (Parting Ways, The Museum of Afro-American Ethnohistory, Inc.), and
- d. Manomet Cemetery;

(6) Printing Services included:

a. Twenty-two sets of Assessors Maps (142 sheets each) for use of various Town Agencies;

b. One hundred fourteen sets of Zoning Maps (9 sheets each), and

c. Approximately 800 prints of miscellaneous plans and contract drawings.

On-going and miscellaneous projects include:

(1) Town Forest outline survey and monumentation;

(2) Reports, recommendations, designs and cost estimated were given on numerous localized problems and flooding areas;

(3) Inspectional services at 130 Court Street and Appollo Eleven Road were completed; and

(4) The street listing and numbering program is still in progress

and approximately 60% complete. This program was instituted to identify the status of and assign house numbers on each street in Town.

The purchase of a programmable electronic calculator and streamlining of the filing and office procedures have been made so that the Division can more efficiently provide necessary data and cope with the needs of the 80's.

The Engineering Division would like to thank all those who have provided aid and support in our endeavors during 1979 and look forward to the same relationship in the future.

Respectfully submitted,
Frederick J. Smith, P.E., R.L.S.
Assistant Civil Engineer

Building Department

1979 was a year of change in the Building/Zoning Department. After receiving the approval of the last Annual Town Meeting, the department was reorganized to the benefit of both the employees and the citizens. Through this reorganization, we are now able to have around the clock coverage in Building, Zoning, Plumbing, Wiring and Gas, for emergency situations. Reorganization enabled us to raise our building fees to a level more in keeping with comparable communities. In 1978, the department collected \$8,655.00 in building permit fees. This year we collected \$29,545.00 for an increase of \$20,890.00. Reorganization, therefore, has proved both efficient and cost effective, and well worth the planning effort.

Change was also seen this year in the type of permits issued. Many factors influenced these changes, including inflation, high interest rates, fuel conservation and the high cost of home heating. We have issued 422 permits for wood and coal stoves, 127 of these permits were issued in October alone. The increasing common use of these stoves concerns me, and prompts me to remind the reader that for safety's sake, these stoves must have permits so they can be inspected, to assure their safe installation and use. The state of the economy has also affected the number of permits issued for single family houses. This decrease has been offset this year by the increase in permits for additions to existing structures and remodeling (See the following charts for details of permits).

We have continued to assist the Assessors this year in obtaining information for their records. We are also in the process of starting to set up inspections on multi-family dwellings, and continuing our certification program. We are beginning to prepare the department for the construction of Pilgrim II. All indications show that construction will begin in the spring of 1980. Members of this department traveled to Pottstown, Pennsylvania to visit a nuclear plant under construction. We were able to speak to local officials, so that now we hope to be better prepared to anticipate and thereby mitigate some of the problems a project of this magnitude involves. I intend to contact officials in other localities where nuclear plants are, or have recently been under construction. This department intends to do all in its power to insure a safely constructed plant, when and if the final licenses are obtained by Boston Edison.

In closing, let me issue an invitation to the citizens of Plymouth, to address their questions or concerns, at any time. This department works best protecting the citizens' interests and safety, when the public is well informed.

Respectfully submitted,
Richard A. Manfredi

Department of Public Works

The year of 1979 saw many changes in the Department of Public Works. John J. McKinnon, P.E. resigned as Director of the Department effective September 7, 1979 after one and one half years service to the Town. His replacement, Peter O'Connor P.E. was hired October 29, 1979 and retired as of December 21, 1979. No new Director has been hired to date.

Charlotte E. Strassel, Principal Clerk in the Water Division, having given unstintingly of her talents for more than thirteen years, retired December 31, 1979. We shall sorely miss her and wish her the best on her retirement.

On June 23, 1979 the 30-inch sewer main collapsed on Water Street causing a massive cave-in of the road pavement and the carrying of sand into the Treatment Plant.

Carriere Construction Co. was engaged by the Director to correct the many problems and worked from June 24 to July 21, 1979 without being able to remedy the situation. The Contractor had several bad washouts which multiplied his problems.

Metcalf & Eddy Engineers were hired on the 21st of July to take charge of the work.

M & E Engineers contacted P. Gioioso & Sons, Inc. of Hyde Park, a major pipelaying contractor, who agreed to take on the project. P. Gioioso & Sons, Inc., under the direction of M & E, enlarged the trench area, removed the old sheeting and replaced with new, removed old 30-inch sewer main, excavated below pipe level, and placed reinforced concrete cradle, and replaced and tied in the 30-inch main.

On the 17th of August P. Gioioso & Sons completed the replacement of the 10-inch water main, backfilled and compacted the entire construction area and pulled out his equipment.

The Water Division flushed and disinfected the water main and restored service to McGrath's and several homes after receiving a report from the laboratory that the water was potable.

R.E. Chapman Co. installed four wells in the immediate area of the cave-in at elevation - 38 feet and pumped to waste.

The Water Division cut off the three wells five foot below ground level and tied them into a header which they piped to a nearby drain manhole. A pump was connected to the header and pumped to waste for twenty-four hours which collapsed the boils. These wells are now freeflowing and act as relief wells, thus stabilizing the roadbed.

The Highway Division graveled and graded the road and adjacent parking lot and with the services of Simeone Corp. blacktopped the entire area. The cost of this project including the removal of sand from the aeration tank and clarifiers which will be done in the spring was in excess of \$250,000. Cleaning and televising of the 30-inch main from State Wharf to Nelson Street will be done in the near future to detect any defects and infiltration which could cause a similar experience.

A contract for engineering services in relation to the reconstruction of Route 3A (Court, Main, and Sandwich Streets) from the Kingston Town Line to Jabez Corner was awarded by the Board of Selectmen on July 10, 1979 to Whitman & Howard, Inc.

This will encompass the design of the road, curb, sidewalks, drainage, and traffic lights. Upon completion and acceptance construction would be done under the Federal Urban Systems Funding.

The Snow and Ice Control under the direction of Leonard B. Harlow has been carried out in a very professional way.

Many projects were completed this year as well as maintenance work which I will not elaborate on as they appear in the reports of each Division.

I personally wish to thank the men and the office staff of the Department of Public Works for their cooperation and help during the year.

John E. Holmes, Acting Director
DEPARTMENT OF PUBLIC WORKS

Water Division

The 125th Annual Report is hereby submitted by the Superintendent covering the calendar year 1979.

The total rainfall during the year amounted to 61.92 inches, which is about 15.92 inches above the annual average for this area.

The year ended with the water elevation at Little South Pond at 106.90 feet compared to 105.37 feet for the previous year end.

The pumpage for the year amounted to 1,479,178,300 gallons which is 20,277,800 gallons less than was pumped last year.

In the spring of 1979, some 200 water services were renewed in the Colony Beach and Pilgrim Beach sections of Plymouth. This completes the water replacement in the old Agua Water System.

Receipts from the sale of water, connections to mains, services rendered, etc. amounted to \$695,525.65.

CONSTRUCTION, LOCATION, LENGTH AND SIZE OF PIPE LAID

Location	Length and Size
South Meadow Road	3,200 feet 12" A.C.
Dorothy Road	800 feet 8" A.C.
Part of Lawrence Road	800 feet 8" A.C.
Part of Sleepy Hollow Drive	1,000 feet 8" A.C.
Jordan Hospital	500 feet 8" A.C.

Total 6,300 feet

SUMMARY OF STATISTICS

Population 34,042 (Summer population 39,395 estimated).

Date of Construction, 1855.

By Whom owned, Town.

Sources of Supply, Great and Little South Ponds, Lout Pond Well, Wanno's Pond Well, Ship Pond Well, Federal Furnace Well, North Plymouth Well, and Bradford Well.

Mode of Supply, Pumping.

PUMPING

Builders of pumping machinery, Fairbanks-Morse, Deming, Warren, Layne & Bowlin, and Morris Electric.

Pumpage for the year:

Lout Pond pumping (electric)	523,920,000 gals.
Lout Pond Well (electric)	133,111,900 gals.
Wanno's Pond Well (electric)	119,172,000 gals.
Ship Pond Well (electric)	184,210,300 gals.
Federal Furnace Well (electric)	49,195,800 gals.
North Plymouth Well (electric)	391,333,900 gals.
Bradford Well (electric)	78,234,400 gals.

Total Pumping 1,479,178,300 gals.

STATISTICS OF CONSUMPTION OF WATER

Population 34,042 (Summer population 39,395 estimated).

Estimated population on pipe line, 29,282.

Total consumption for the year, 1,479,178,300 gals.

Average daily consumption, 4,052,543.

Gallons per day to each inhabitant, 138.4.

Gallons per day to each tap, 449.

STATISTICS RELATING TO DISTRIBUTION SYSTEM

Kind of Pipe:

Cement-lined sheet iron, Cement-lined cast iron.

Cement-lined Ductile Iron, and Asbestos-Cement.

Sizes, from 2-inch to 30-inch.

Extended, 6,300 feet.

Discontinued, 0 feet.

Total now in use, 169 miles, 1,718 feet.

Cost to repair per mile, \$23.48.

Number of leaks per mile, 0.10.

Small distribution pipe less than 4-inch, 3 miles, 0 feet.

Hydrants now in use, 1,227 public and 15 private.

Stop gates added, 24; discontinued, 0; number now in use, 2,131.

SERVICES

Kind of pipe: Lead, Cement-lined galvanized, Cement-lined
cast iron, and copper tubing.

Sizes, from three-quarter inch to six-inch.

Total in use, 27 miles, 4,704 feet.

Service taps added, 189; discontinued, 0.

Total now in use, 9,018.

Average length of service, 21 feet.

Average cost per service, \$98.00.

Meters added, 166.

Number now in use, 7,057.

Percentage of services metered, 78 percent.

Respectfully submitted,
Frank H. Brenner, Superintendent

Sewer Division

During the year of 1979, one billion, fifty four million gallons of Sewage was treated at the Waste Water Treatment Plant on Water Street.

Eighteen sewer connections were made in the past year, nine of these industrial, seven single family dwellings, and two duplex homes.

On June 23, the 30" Sewer Line in Water Street in front of McGrath's Restaurant collapsed, necessitating the closing of that section of the road for a period of time.

We have cleaned approximately 22 miles of pipe this past year in our on-going program and also have a continuous program of overhauling pumps in the plant and pump houses to assure their running smoothly.

There are still problems in locating the source or sources of surface water which is seeping into our lines, the main reason our plant is operating over capacity. Until such time as this problem is resolved, and the flow through the plant is decreased, we cannot extend our sewer lines or increase the size of our plant.

Records at the Night Soil Depository on Long Pond Road show that Sewage Pumping trucks during 1979 dumped 1,552 loads of septic dumping from on-site sewer systems, equivalent to 300,000,000 gallons of domestic sewage.

We wish to thank other Department of Public Works Divisions for their aid throughout the year, especially during the summer.

Respectfully submitted,
Damion Smith
Superintendent

Highway Division

I herewith submit a report of the work done in the Highway Division of the Department of Public Works from January 1 to December 31, 1979.

STREET CLEANING

The two Mobil sweepers cleaned approximately 10,000 curb miles from March to December. The main street from Jabez Corner to the Plymouth/Kingston line was swept each day including the waterfront. The side streets were done in rotation. The sweepers also serviced Manomet, Cedarville, Buttermilk Bay areas and Long Pond and Chiltonville. The private developments that were sanded by the Highway Division during the winter months were also swept. I am again requesting the replacement of one sweeper at the 1980-81 Annual Town Meeting.

ASPHALT SIDEWALKS

The construction of sidewalks was completed on the following streets: Sections of Water St., Allerton St., Spooner St., and South Green Street. Maintenance of sidewalks was done on Samoset St., from the Belsito Building to Brenner's Paint Store, new curbing and sidewalk at Al's Sub Shop at the corner of Water St. and Park Ave., corner Samoset St. and Chestnut St., Newfield St., #85 Cherry St., corner Whiting and Mt. Pleasant Sts. and a new curb and sidewalk on Standish Ave. at the request of the Safety Officer for the school children. A new concrete sidewalk and ramp was constructed at 37 Court St. by contractor Arthur C. Cotti.

BERMS

Several requests for berms due to erosion were placed by the Highway Division on various town streets and private streets as follows: Homer Ave., William Ave., Esta Rd., Rocky Hill Rd., Flint Locke Drive, Manomet Ave., Carter's Bridge Rd., Federal Furnace Rd., Emerson Rd., Cedarville Fire Station, #17 Lantern Lane, #14 Burgess Rd., Ellisville Rd., Cochituate Rd., Beach St., Town Pier, #453 Seaview Drive

DRAINS

Many drainage systems were installed this year by town forces and others were done under contract. All drains were surveyed by the Engineering Division. Drainage was completed on Carolyn Drive in Manomet. Leaching basins were placed on Manomet Ave. to correct a flooding of the Lally property. A leaching basin was placed at Bradford Ave. to relieve a water problem. A catchbasin and a leaching basin was placed near Valley Road and a leaching basin was installed at the north end of Manomet Ave. Drainage was completed at the new Middle Street parking lot. Pipes and manholes were installed on Strand Ave. At the Samoset St. brook, rear of Hogan's and Edward Brewster, new pipes were replaced to stop property flooding in the back yard. R. Bolduc & Sons placed additional pipes at Clear Pond with a headwall. Approximately 3000 feet of ditch was hand dug by town forces and chinkers placed on the bankings to stop erosion.

Guard rails were installed by Bartlett Consolidated, Inc. of Plymouth. Bolduc & Sons did extensive drainage work on Hopkins Road to relieve flooding and constant pumping. More leaching basins were installed on College Pond Road and Parker Drive and these projects were done by R. Bolduc & Sons. George R. Richmond of Manomet placed more leaching basins, pipes, headwall on Winthrop Road with a leaching area. Drainage at Cold Spring area and Carter's Bridge was completed by contractor Gallo Construction Company of Sagamore. Pipes, manholes and catchbasins were furnished by Highway Division. A small drain job was done on Palmer Road by R. Bolduc & Sons. Eight more leaching basins were placed on the Bourne Road. The Highway Division repaired drainage on Arboretum Rd., Sandwich and Stephens Sts., Nook Rd., Taylor Ave., Cherry St., Davis St., Court St. at the brick block, Highland Ave., High Pine Drive, Fremont and Union Sts., Lincoln St., Vinebrook Rd., Priscilla Rd., Delancey Drive, Cape Insurance Agency, leaching basin at Cliff St. and leaching basin at West Pond Road.

GUARD RAILS

Guard rails were constructed by town forces on two sections of West Long Pond Road. A guard rail was placed at the intersection of Jordan Road and Long Pond Road. Russell Mills Road had new guard rails. Repairs were made to the guard rails at Sandwich Road, Clifford Rd. bridge, River St. bridge and a portion of Billington St. Temporary repairs were made to the chain link fence on Billington St. The fence at the railroad bridge on Standish Ave. was replaced with wooden posts with steel and painted black. Newfield St. had a new fence placed at a hazardous area.

MAINTENANCE OF PRIVATE ROADS (Temporary Repairs)

The following roads were graded and gravelled under temporary repairs to private roads: Brentwood Drive, Cedar Terrace, Braley Road, Theatre Colony Way, Central Ave., Centerville Way, Seaview Drive, Ellisville Drive, Trask Road, Helen St., Janet St., George St., Silver Birch Ave., Simpson and Valley Road, Brewster Ave., private road off Cherry St., Highland Ave., Garabaldi St., Pawtuxet Rd., Monotomy Rd., Wildwood Rd., Coral St., Juniper St., Chestnut St., Spruce St., Nickerson St., Birch Ave., Mildred Ave., Milford St., Archer St., Jackson St., Downey St., Kelly St., Worcester St., Chandler St., Willow St., Ave. C., Jocelyn Ave., entrance to Bayside Estates, Dartmouth Rd., Cedar Bushes, Burbank St., Princetown Rd., Granby Rd., Shore Rd., Blueberry Rd., Blueberry Lane, Jenks Circle, Pretto Way, John F. Kennedy Parkway, Arrowhead Rd., Sagamore Ct., Falmouth Rd., James Circle, Winding Way, Highland Ave., Indian Hill Ave., Crescent Ave., Lopresti Rd., Brian's Way, Lakeview Blvd., Bradford Ave., Park Ave., Lookout Point Rd., Wamsutta Rd. and King Phillip Road.

HIGHWAY CONSTRUCTION AND RECONSTRUCTION

Simeone Corporation was contracted to place three inches of Type I mix on Diamond St. in Manomet, Plymouth Street and the Middle St. Parking lot. Repairs to town roads by Infra-Red heating was done by Felix A. Marino Co., Inc. of Peabody. This operation heats the surface of the road so that it can be regraded to match the existing road. Many trenches and low spots were repaired on Sandwich St.,

Main St. Ext., Court St., from the lights at Rte. #44 to the Kingston line, Water St., Chilton St., Leyden St., Summer St., Standish Ave., Spooner St., Samoset St., Carver Rd. and Federal Furnace Road.

TRAFFIC AND STREET MARKINGS

Center and sidelines were painted on Rocky Hill Rd., Point Rd., Micajah Pond Rd., Hedges Pond Rd., Long Pond Rd., Bourne Rd., Clark Rd., White Horse Rd., Taylor Ave., Beaver Dam Rd., Jordan Rd., Herring Pond Rd., Summer St., Seven Hills Rd., and South Meadow Road. Center lines only were painted on Boot Pond Rd., Gunner's Exchange Road. Crosswalks, meter spaces, parking areas and no parking areas were painted. Yellow center guidelines were painted on dangerous curves. Many signs have been made and installed on streets throughout Plymouth and private developments. Vandalism has again caused the Highway Division to replace many signs and posts.

The work in the districts of Long Pond, Cedarville and Manomet have been carried out by the three district foreman. Other work done by the Highway Division includes patching of roads, roadside mowing, grading and gravelling of dirt roads, installing and removal of snow fences, applications of calcium chloride on dirt roads, replacing parking meters, plowing and sanding, rubbish pickup, pumping of poor drainage areas and picking up of litter. The catchbasin cleaner cleaned basins from April to December. Plugged drains were cleared by the men of the Sewer Division with their sewer jet rodder. Equipment purchased this year for the Highway Division included two new dump trucks, fifteen ton trailer, and three new snowplows. Requests from the Selectmen's Office and Department of Public Works Office were taken care of as received at the office. I wish to thank the men of the Sewer Division, Park Division, Water Division, Tree Division, Engineering Division and the Maintenance Division for their cooperation.

Respectfully submitted,
Ralph L. Bonna
Highway Superintendent

Cemetery Division

Besides the regular maintenance on our cemeteries in Chiltonville, Manomet, White Horse, Russell Mills, South Pond, Herring Pond, Burial Hill, and Cedarville, most of the fences enclosing Vine Hills and Oak Grove Cemeteries have been painted. We also trimmed many of the trees and bushes, and with the cooperation of the Tree Department, removed 4 large pine trees.

The addition to the Manomet Cemetery has been started—this will make available 700 new lots when completed, welcome news for residents in the Manomet area as that cemetery has little available space.

Unfortunately, vandalism was a big problem in the fall and winter in Vine Hills and Oak Grove Cemeteries—129 monuments were topped and/or smashed—this wanton disrespect for the deceased caused not only mental anguish to many families, but carried a monetary cost of \$2,572 for repairs, an expense ultimately borne by the taxpayers. Litter picked up in the A.M. also indicates that our cemeteries are a place for partying.

We respectfully request that any questionable activity in the cemeteries after 4:00 P.M. be immediately reported to the police—in May, 1979, the Massachusetts Legislature passed a law making the defacing or stealing of property on cemetery grounds a felony rather than a misdemeanor, and a conviction could result in a fine of \$3,000 and imprisonment.

Finally, we wish to thank all Town Departments for their help in the past year, especially the Highway Department for loaning us a crew on several occasions when we had three or more graves to be dug at the same time.

Respectfully submitted,
Walter Smith, Superintendent

Park Division

During 1979 several projects relating to the Town's parks and playgrounds were initiated by the Park Division to help meet the increased demands for recreational facilities. These projects along with the ever increasing maintenance schedule have provided a very active year for the Park Division.

The Annual Town Meeting voted to allow the Park Division to begin renovations at the A.K. Finney building on Sandwich Street for its future home. The work will take several years to complete but will afford us the necessary space to maintain the various parks and playground equipment.

A plan was submitted to Town Meeting by the Park Division for expanding the recreational facilities at the Nelson Street Memorial Park. It was voted to discontinue the trailer park and to use that area for playground equipment and possibly tennis courts in the future. Monies were appropriated to begin the project by improving the entrance road, purchasing playground equipment and making necessary repairs to the bathhouse. The second phase of this project will be presented in 1981.

A new security and storage building was built at Plymouth Beach by the Maintenance Division. This building replaces the portable guard building that had been so heavily vandalized in recent years.

Restoration and repair work from the Blizzard of '78 continued on Plymouth Beach through the efforts of private contractors and a CETA crew. Five major breaches along the beach were filled and over three miles of snow fencing was installed. This kind of work should become an annual maintenance program to ensure the preservation of this vital area.

Playground equipment was installed by the Park Division at Buttermilk Bay Shores and the completion of this project is expected in the Spring. It is a small playground but should help provide some entertainment for the children of that area.

The construction of a new Stephen's Field concession and sanitaries building was begun in the fall. This building will be constructed by the Maintenance Division but it is also a project of combined effort by the Highway, Water, Sewer and Park Divisions. The new facility should be complete by the summer of 1980.

As stated previously 1979 was a year of increased activities at all the Town-owned parks and playgrounds. As Plymouth's population grows so does the demand on these facilities, creating more maintenance problems each year. The Park Division's personnel have done very well in keeping pace with the expanding maintenance schedule. We also would like to thank all the other Department of Public Works divisions for their help and cooperation.

It is with great sadness that we note the passing of Arthur Sirrico on July 2, 1979. Arthur guided and led the Park Division as both a Park Commissioner, March 1942 to September 1956 and as Superintendent from October 3rd, 1956 to December 31st, 1977. During this time

many recreational areas and programs were developed through his efforts. The children of Plymouth and future generations as well have and will benefit greatly because of Arthur's ability and work. The Park Division would like to take this opportunity to pay tribute to this good man.

Respectfully,
Douglass Cunningham Gray
General Foreman, Park Division

The Department of Public Works Maintenance Division

The Department of Public Works/Maintenance Division has increased in vehicles and work load over the past two years.

Constant repairs to Town vehicles and equipment keep the three Master Mechanics and Maintenance Man quite busy at the Municipal Garage. Constant records have to be kept to handle these repairs.

Money was again appropriated for the installation of Smoke and Fire Detectors. This year the Old Town Court House, Cedarville Schoolhouse, Billington Street Pumping Station, Bradford Well Station and Howland Street Shop were done. Funds will be requested for additional buildings next year.

The Memorial Hall resumed split shifts during the winter months for night basketball practices, Marching Girl practices and Recreation Activities Commission use. Roof repairs are still being done by Cazeault Roofing, Inc. This work should be completed in 1980.

Garbage service contracts are still in effect with B & M Disposal picking up Plymouth and West Wind Shores and Mrs. Alice Grennell picking up Manomet. Browning-Ferris Industries of Marshfield still holds the contracts for the South Street Transfer Station, Manomet Sanitary Landfill and Cedarville Transfer Station until July 1980. The feasibility study report on these locations was completed by Coffin & Richardson of Boston and presented at the 1979 Annual Town Meeting.

The Maintenance Division took over full-time custodial duties at the 130 Court Street Building as of July 1, 1979. This is working out very well as the Custodian works the night shift and the building is utilized at night with many meetings. New outdoor lights and poles were ordered to be installed for better and brighter illumination during the evening hours.

The 130 Rear Court Street Building was also taken over by the Town with the Maintenance Division handling all repairs and maintenance. Problems arose with the heating system but this was eventually taken care of. However, there is a great deal of work that has to be done in the building.

As of July 1, 1979 Capitol Building of Revere was awarded the contract for cleaning services at the Public Sanitariums. This was cancelled during September as the cleaning was not being done properly. The work is now being done by a private individual from Plymouth. No problems have arisen since and I would like to note that an outstanding job is being done. The money being paid now is less than half of what the Town of Plymouth was originally paying for Town employees.

Money has been appropriated and plans are being formulated to paint the exterior of the Memorial Building and the Police Station.

During the month of October two — 5000 gallon underground gasoline tanks were installed by Northeastern Petroleum of Jamaica

Plain at the Municipal Garage on Long Pond Road. One tank is for regular gasoline and the other tank is for unleaded gasoline. These tanks will be a big help in the coming months due to the gasoline shortage.

The Maintenance Men made the necessary general repairs as needed to the following Town Buildings: Town Office Building; Memorial Building; South Street Fire Station; Highway Garage; Howland Street Shop; Police Station; Fire Stations; Bartlett Hall; 1749 Court House; Cedarville Schoolhouse; Park Division Buildings; Cemetery House; Dog Pound; Public Library; Information Booth and 130/130R Court Street.

The Maintenance Division is grateful for all the help and assistance it has received from all Town Boards, Committees, Commissions and Departments during this past year.

Leonard B. Harlow,
General Foreman
Maintenance Division

Tree Division

In 1979 the Tree Division of the Department of Public Works conducted its usual work schedule of clearing brush, disposing of rotted trees and fallen limbs in the Town Forest as well as all town maintained roads.

Two diseased elm trees were located in the Town which were a threat to other tree life in the areas of Chestnut Street and South Street. Following the normal procedure of posting and notifying the abutters these trees were cut down and removed. Monies for this program is determined by the Department of Natural Resources and is included in our budget appropriation from the Town.

Extensive spraying operations on a daily schedule took place during the months of May; June; July and August for Spray Moth, Browntail Moth, Tent Caterpillar, Elm Leaf Beetle and Japanese Beetle as well as Mites, Scales, Aphids, Red Spider and Poison Ivy. This program can only be successful if the spraying program is initiated when these pests are vulnerable, thus, correct timing for spraying is imperative. Federal law requires that the Tree Division personnel applying "restricted" pesticide be certified thus to receive such certification three employees in our division have been trained and have passed the necessary examination tests given by the University of Massachusetts.

This past year the Tree Division received many requests from private citizens for the planting of young trees on their property but as this program was discontinued two years ago we regrettably were unable to oblige.

Respectfully submitted,
Daniel J. Fratus,
Tree & Moth Superintendent
Insect Pest Superintendent

Plymouth County Mosquito Control Project

The Plymouth County Mosquito Control Project respectfully submits the following report for 1979.

Eastern equine encephalitis virus was of major concern as the summer progressed this year with virus activity varying. This can be attributed to the difficult weather conditions during July, August and September, a period when virus activity is most prominent in this area. Through cooperative efforts between the Project, The Lakeville Encephalitis Field Station and the Extension Specialist of the University of Massachusetts, a very close monitoring program was established. This program covered many aspects including light trap collections of mosquitoes for virus testing, the variety and number of those collected and actual biting collections in more high risk areas to determine the variety and amount of those collected which have taken previous blood meals, in order to determine possible vector counts.

The Project expanded its pre-hatch treatments in 1979, which covered 1,200 acres and we expect to put more effort in this area in 1980. Favorable results of the previous year were experienced in a number of spring months in the areas treated.

The Project extended their water management program in the spring in order to alleviate additional high breeding areas by reclaiming 167,285 feet of drainage ditches, small streams and salt marsh ditches by hand and 57,960 feet by backhoe. The Project also cleaned 104 culverts of major blockage by both hand labor and backhoe.

Although the water management program overlapped into the spring larvicide program the Project proceeded as scheduled to alleviate breeding in areas readily treatable, in which there might be breeding activity. In doing so the Project treated 1400 acres. During the summer the Project treated 3,386 catch basins, a major source of breeding nuisance mosquitoes. As the spring breeding increased, aerial spraying covered 2,870 acres of the larger breeding areas.

When the spring brood of mosquitoes emerged, the Project began the summer spraying schedule, spraying during morning hours. All areas sprayed were done so from the streets. The Project has discontinued individual backyard treatments because it is time consuming, very expensive and does not combat the real problem. As the summer progressed, we experienced major rains which produced larger than normal broods of mosquitoes. To suppress the onslaught the Project utilized five vehicle units, each capable of performing most aspects of mosquito control. During 1979 the Project sprayed 65,205 acres by vehicle mounted sprayers.

The Project wishes to stress to the homeowner the importance of eliminating breeding areas on private property. Any water containers could breed mosquitoes. Toys, birdbaths, wading pools (change water frequently), buckets, tires, tin cans, abandoned automobiles, etc. are just a few of the most troublesome warm

weather breeding areas. Help in this particular area would be appreciated, not only by the Project, but your own friends and neighbors.

Late in 1979 the State Reclamation Board hired an entomologist to assist all of the Projects and to work with the University of Mass. Extension Specialist, in a cooperative effort in mosquito control. Also, there are plans to form an additional Project in the central portion of the state. This would bring the total number of Projects in the state to eleven which would leave little of the state without service by organized mosquito control.

The Project wishes to thank the various towns and their departments for their cooperation and assistance in the best interest of mosquito control.

Respectfully submitted,
Arthur L. Westgate
Superintendent

Plymouth School Committee Annual Report

At this time last year we were pleased to have our youngsters well established in the newly completed six-room addition to the Indian Brook School. This year we are equally pleased to know that the work on a similar addition to Federal Furnace School is presently being completed and classes will soon move into this much needed facility.

Two major additions within two years may well provide for you an improved understanding of the quality of performance of Mr. Carletti and his Building Committee. They have now completed all work on four twenty-four classroom elementary schools that at this writing provide desirable accommodations for 2,473 young people.

Following a most extensive search, we were pleased to have found an outstanding person to serve as our Elementary Supervisor. Mr. Leo P. Dauwer comes to us after many years of highly successful experience as a principal in the Marshfield schools. He has announced his pleasure with our programs and with the cooperative attitudes displayed by all of our building principals and central office staff.

We once again express our thanks to all of you as members of our rapidly expanding community. That our elementary enrollments have doubled in just under seven years speaks clearly to the magnitude of our population increase. That you have each time acknowledged our request for added classrooms has us understand your willingness to provide for your children the quality education that we so much want for each one of them. You have made serving you a most satisfying experience. With your support we shall continue to strive to achieve the highest educational advantage for those elementary years that serve as the foundation upon which all future educational development is predicated.

Plymouth-Carver Regional School Committee Report

This was the year when we had hoped to come before you for the approvals necessary to begin construction on our new high school. Last year in our annual report we outlined for you the several steps that had been taken during the previous year. We spoke to you at that time of our fears that the construction cost would prove more expensive than the communities could be asked to pay.

We had held public meetings, one of these in conjunction with the Selectmen. Everyone was agreed that we needed the school desperately. We were scolded only for not having had our proposal before you much earlier. Consensus clearly stated that the school be developed as quickly as possible. At the same time came the admonition that we spend no more money than the taxpayers could afford.

There was indeed a dichotomy here. Build it big enough and with a wide enough variety of curriculum offerings, but don't let it cost too much. It was just this that had given us such great concern. It did not seem reasonable that we could provide all that everyone seemed to want at a cost that they would later prove willing to support.

In August we received an updated cost estimate from our architect. This indicated his belief that the construction cost would be 26 M. This would have had us with a turn-key total expense of something very close to 30 M. This was indeed more than we wanted to spend. The plans were ready to go out to bid, and the time for any change had passed many months before.

It was when the filed sub-bids were opened in September that our worst fears were realized. They exceeded the architect's estimates by 3.75 M. This could have had the construction and subsequent turn-key costs exceed our given estimates by several millions of dollars. Because we felt that we could not in conscience recommend to Town Meetings an expenditure of such magnitude, we voted to abandon the project.

As the year ended, we were pleased by the response from the communities of many very well qualified people who were willing to serve on a Building Committee to whom we had voted to delegate the authority for developing plans for construction of the new school. We wish for them every success and urge you to support their recommendations.

The following have been voted as Building Committee members: Ralph E. Brooks, Frank W. Collins, Albert R. DeLoid, Thomas H. Hogan, Thomas A. Jordan, Doris P. Krensky, James R. Sorensen, Edith Starr, William G. Travers. As alternates: Robert A. Bartlett, Fred L. DeFeo, Norman Grise, Catherine E. Key, Tracy Baldrate, Richard L. Ehrlich.

The Annual Report of the Principal of the Plymouth-Carver High School

The most significant event that highlighted the 1979 school year was the implementation of double sessions for grades 9-12. The total student population numbered over 2300, and the staff grew in number as a direct result of this transition.

There were over thirty teachers who were transferred to the high school from within the school system and twenty new teachers were hired. Three coordinators for grades 7-12 were appointed, namely: Mr. Mark McQuillan, English, Miss Phyllis Johnson, Social Studies, and Mrs. Jean Patenaude, Guidance. Mrs. Joan Weinman was appointed Assistant Dean of Girls.

During the summer a committee of teachers and parents was organized under the direction of Mr. Paul Fleming implementing the Department of Education's Basic Skills Assessment program for mathematics, writing and reading. The purpose of the basic skills competency program is to assist all students in achieving mastery of basic skills prior to high school graduation through curriculum, instruction, and evaluation.

Once again, the American Field Service continues to be very active at Plymouth-Carver High School. There were nine exchange students here from abroad with American Field Service and Youth for Understanding totaling four each and one from Rotary. A short term exchange with Gloversville High School in Gloversville, New York was arranged with twenty-three of their students coming to Plymouth-Carver High School in October for a week; twenty-four of our students were at Gloversville in February for a week.

The Plymouth-Carver Student Council played a strong role in the Southeastern Massachusetts Association, attending many executive board meetings throughout the year. A large delegation of our students attended the fall and spring convention and the two-day state convention in Hyannis.

A successful workshop at Memorial Hall was conducted to help give the council members cohesion and direction, as well as encouraging leadership. The council raised \$400 for a scholarship which was awarded at graduation, and also provided money for Globe Santa at Christmas. The council, and its advisor, Mr. Kenneth Taylor, should be commended for their tireless efforts in the developments of the student council.

The National Honor Society was very active with various projects such as providing a tutoring service, a Valentine Party for Cardinal Cushing School for Exceptional Children, prepared revisions for the Student Handbook, and assisted with the registration for Adult Education.

The *Eagle Eye* was a new publication produced by Mrs. Evans' Journalism and Writing I class. All of the work necessary to get the paper completed was done by the students, and the cooperation of

Mr. Johnson at the graphic arts center. I would also like to recognize Mrs. Evans, Advisor to the Yearbook, for their fine publication.

The Model Congress, under the leadership of Mrs. Lloyd, attended the A.I.C. session in Springfield. Their bill was to establish in this country a committee within the Health, Education, and Welfare Department to regulate college admissions policies with the intention to prevent discrimination of any kind.

In May, 1979, two DECA students distinguished themselves by earning the right to represent Plymouth-Carver High School and attend and compete in the National DECA Development Conference in Houston, Texas. Through a series of competency based events in marketing and distribution these students progressed through both the regular and state conferences, competing with other DECA students from schools throughout Massachusetts to gain this recognition. The Student Store, which is operated by the DECA students, raised the monies necessary to finance these conferences attended by DECA members from Plymouth-Carver High School. In addition, DECA was able to offer \$900 in scholarship aid to graduating seniors through their retailing efforts.

The course, The World of Work, was implemented as part of the Work-Study program. The classroom aspect takes the form of a seminar on a daily basis and provides opportunities for personal growth, dissemination of career information, and supervised job experience. In the curriculum for The World of Work are units on decision making, job survival skills, consumer information, and labor market trends. We are grateful to the local businesses in the hiring of our young people through our Work-Study program and giving them the opportunity to gain this valuable experience in The World of Work.

This year's production by the Drama Club of "You Can't Take It With You" proved very successful. It was a comedy and was well received by enthusiastic audiences.

The Concert Choir conducted three concerts: Christmas, Spring, and The Choral Festival in May. The choir, under the direction of Mrs. Sylvia Thornton, initiated the Women's Chamber Singers. These girls performed for the first time at The Sweet Adelines Concert at the Old Colony Theatre on May 10th.

The Plymouth-Carver High School Marching Band and Color Guard were extremely active throughout the year. The Color Guard, under the direction of Terri Zinsius, participated in the New England High School Color Guard Circuit, and hosted their own competition at the Memorial Hall last April.

During the school year, the Future Nurses Club participated in a variety of activities. Through fund raising, a total of \$200 was earned for a scholarship fund. A Para-medical Career Orientation Program was arranged through the cooperation of the Jordan Hospital and the Pediatric Division of the Mayflower House Nursing Home. The girls, under supervision, were assigned to laboratories, x-ray equipment, physical rehabilitation, and occupational therapy.

The local Plymouth-Carver Scholarship Program is the largest

ever with \$48,686.56 in assistance to students through the efforts of service clubs, civic organizations, memorial scholarships and trust funds. This program, which continues to grow, is one of the most generous local scholarship programs in the state. We are grateful to everyone for making this program possible.

I would like to express my sincere appreciation and thanks to the school committee, superintendent's staff, administration and faculty of the high school for their support and cooperation throughout the school year, and their understanding with double sessions.

W. P. Cingolani, Principal

In Memoriam

Edward Chase

Edward Chase was the Town Engineer for the Town of Plymouth for 29 years, having been appointed on September 1, 1942. Mr. Chase served as consultant engineer until the Town changed to a charter town meeting form of government. Mr. Chase was also supervising engineer for the Division of Waterways, Massachusetts Department of Public Works. He was a town meeting member, a member of the Planning Board for ten years, the Society of Mayflower Descendants and a trustee of the Pilgrim Society. He was a 12th generation member of the John Alden family.

In Memoriam

Daniel J. Fratus

The Department of Public Works reports with great sorrow the death of Daniel J. Fratus on July 29th, 1980. Mr. Fratus had been a municipal employee since September 30th, 1952 when he was appointed a Special Policeman. In November of 1965 he joined the Tree Division as a Motor Equipment Operator and in March of 1970 the Board of Selectmen, after the death of the late Daniel L. Holmes, appointed him as Superintendent of Trees, Moths & Insect Pests. Danny fulfilled his obligations with alacrity and commonsense. It is our belief that he was of "the old school," and he will be missed by his many friends and former co-workers.

In Memoriam

Frederick M. Hahn

Line Supervisor, Plymouth Municipal Airport

We at the airport will always be grateful for having known and worked with Fred Hahn, and the town has greatly benefitted from his expertise in various trades during his years of service at the airport, which total over 14 years. Many dollars were saved when Fred supervised and participated in the finishing of the administration building and addition interiors. Landscaping and maintenance of the grounds came under Fred's supervision, and the airport is known as one of the most attractive ones in New England.

Fred was respected and liked by his fellow employees. He was admired for his impeccability, orderliness, and pleasantness with all he came into contact with. He was a gentle, friendly person.

He served for three years as a non-commissioned officer in the United States Army, and for several years was a member of the National Guard. He has lived at Westerly Road, Plymouth, with his wife Rose while working at the airport.

His extensive knowledge of aeronautics, aircraft, air traffic patterns and procedures contributed to the safe operation of Plymouth Airport. He provided great support during the various air shows and airport fun days dedicating many hours to these causes.

A humorous memory, we who worked with Fred will always have, is that of Fred's "lunch" time; his wife, an ardent and creative cook packed a lunch that whetted any appetite, as can be witnessed to by those who stood around waiting for a hand out of one of those delicious goodies.

Our sadness at the loss of Fred will always stay with us; but it is exceeded by our gladness to have known him.

Fred's kind of man is another rarity among men, and the Town of Plymouth is better for his having served it.

John J. Magee

John J. Magee died this year at the age of 81. Mr. Magee was an active member of the Pilgrim Society and was a former Plymouth Fire Commissioner. Mr. Magee was instrumental in increasing the efficiency and caliber of the Fire Department. He also served on the Board of Welfare.

Warrant for Presidential Primary

Plymouth, ss.

To either of the Constables of the Town of Plymouth:

GREETING:

In the name of the Commonwealth you are hereby required to notify and warn the Inhabitants of said Town who are qualified to vote in Primaries to meet in Precinct 1, Hedge School; Precinct 2, Cold Spring School; Precinct 3, Town Hall; Precinct 4, Plymouth-Carver High School; Precinct 5, Manomet Elementary School; Precinct 6, Indian Brook School; Precinct 7, Plymouth West Elementary School; Precinct 8, Plymouth Municipal Airport; Precinct 9W, Federal Furnace School; Precinct 9E, Plymouth-Carver Intermediate School; Precinct 10W, South Elementary School; Precinct 10E, Old School House; on

TUESDAY, THE FOURTH DAY OF MARCH, 1980

at 10:00 o'clock A.M., for the following purposes:

To bring in their votes to the Primary Officers for the Election of Candidates of Political Parties for the following offices:

PRESIDENTIAL PREFERENCE . . .

DISTRICT MEMBERS OF STATE COMMITTEE (One man and one woman) for each Political Party for the second Plymouth District Senatorial District . . .

35 Members of the Democratic Town Committee . . .

35 Members of the Republican Town Committee . . .

The polls will be open from 10:00 A.M. to 8:00 P.M.

Hereof fail not and make return of this warrant with your doings thereon at the time and place of said meeting.

GIVEN UNDER OUR HANDS THIS 5th DAY OF FEBRUARY, A.D., 1980.

Kenneth A. Tavares
Clarence R. Krueger
Joseph R. Gallitano
Selectmen of Plymouth
February 5, 1980

A true copy attest: Richard H. Nagle, Constable
6th February, 1980

At this time the Town Clerk, Andrew J. Collas, did re-affirm and re-new the appointment of Mrs. Shirley Wood as Assistant Town Clerk and Assistant Town Treasurer.

Warrant for State Primary

Plymouth, ss.

To any of the Constables of the Town of Plymouth

GREETINGS:

In the name of the Commonwealth, you are hereby required to notify and warn the Inhabitants of said Town who are qualified to vote in Primaries to meet at the proper voting place in each precinct as follows: Precinct 1, at the Hedge School; Precinct 2, at the Cold Spring School; Precinct 3, at the Town Hall; Precinct 4, at the Plymouth-Carver Regional High School; Precinct 5, at the Manomet Elementary School; Precinct 6, at the Indian Brook School; Precinct 7, at the West School; Precinct 8, at the Plymouth Airport; Precinct 9W, at the Federal Furnace School; Precinct 9E, at the Plymouth-Carver Intermediate School; Precinct 10W, at the South School; Precinct 10E, at the Old School House in said Plymouth on

TUESDAY, THE SIXTEENTH DAY OF SEPTEMBER, 1980

at ten o'clock in the forenoon for the following purposes:

To bring in their votes to the Primary Officers for the Nomination of Candidates of Political Parties for the following offices:

REPRESENTATIVE

IN CONGRESS for the 12th Congressional District

COUNCILLOR for the 1st District

SENATOR IN GENERAL COURT for the 2nd Plymouth District

REPRESENTATIVE

IN GENERAL COURT for the 1st Plymouth District

COUNTY COMMISSIONERS (2) for this Plymouth County

SHERIFF for this Plymouth County.

And you are hereby further required to serve this warrant in the manner prescribed by vote of the Town Charter as outlined in Chapter 2, Section 1-3 by posting notices in the Town Office Building and a public place in each precinct, seven days at least before said meeting. Also by publishing the warrant in a local newspaper.

Hereof fail not and make return of this warrant with your doings thereon at the time and place of said meeting.

Given under our hands this twenty-second day of July, 1980.

David F. Tarantino, Chairman

Roger E. Silva

Clarence R. Krueger

Joseph R. Gallitano

Kenneth A. Tavares

Plymouth, ss.

August 19, 1980

Pursuant to the foregoing warrant, the Inhabitants of Plymouth qualified to vote in Primaries are hereby notified to meet at the time and place and for the purposes therein mentioned.

Richard H. Nagle

Constable of Plymouth

Plymouth, ss.

Pursuant to the foregoing warrant, I have this day notified and warned the Inhabitants of Plymouth qualified to vote in Primaries to meet in Precinct 1, at the Hedge School; Precinct 2, at the Cold Spring School; Precinct 3, at the Town Hall; Precinct 4, at the Plymouth-Carver Regional High School; Precinct 5, at the Manomet Elementary School; Precinct 6, at the Indian Brook School; Precinct 7, at the West School; Precinct 8, at the Plymouth Airport; Precinct 9W, at the Federal Furnace School; Precinct 9E, at the Plymouth-Carver Intermediate School; Precinct 10W, at the South School; Precinct 10E, at the Old School House in said Plymouth on Tuesday, the sixteenth day of September, 1980, at ten o'clock in the forenoon, by posting copies of this warrant in three public places in the Town, one of which postings was in Chiltonville, and one in Manomet Ponds; seven days at least before such meeting; also by causing this warrant to be published in the newspaper published in Plymouth.

Richard H. Nagle
Constable of Plymouth

Town of Plymouth State Election

Plymouth, ss.

To any of the Constables of the Town of Plymouth, in the County of Plymouth, Commonwealth of Massachusetts:

GREETINGS:

In the name of the Commonwealth, you are hereby required to notify and warn the Inhabitants of Plymouth, who are qualified to vote in elections and town affairs to meet in Precinct 1, Hedge School; Precinct 2, Cold Spring School; Precinct 3, Town Hall; Precinct 4, Plymouth-Carver Regional High School; Precinct 5, Manomet Elementary School; Precinct 6, Indian Brook School; Precinct 7, West School; Precinct 8, Plymouth Airport; Precinct 9W, Federal Furnace School; Precinct 9E, Plymouth-Carver Intermediate School; Precinct 10W, South School; Precinct 10E, the Old School House in said Plymouth, on

TUESDAY, THE FOURTH DAY OF NOVEMBER 1980

The same being the first Tuesday after the first Monday in said November at six o'clock in the forenoon, to bring in their votes for the following officers, to wit:

Electors of President and Vice President; Representatives in Congress; Councillor; Senator in General Court; Representative in General Court; County Commissioner; Sheriff; and to vote by ballot "yes" or "no" on the following eight questions:

QUESTION NO. 1

Proposed Amendment to The Constitution

QUESTION NO. 2

Law proposed by initiative petition

QUESTION NO. 3

Law proposed by initiative petition

QUESTION NO. 4

Referendum on an existing law

QUESTION NO. 5

Proposed Amendment to The Constitution

QUESTION NO. 6

Proposed Amendment to The Constitution

QUESTION NO. 7

This question is non-binding

Shall the Representative from this district be instructed to vote in support of the construction and operation of a second nuclear power plant at Pilgrim Station, if all safety and other regulatory requirements are satisfied?

QUESTION NO. 8

This question is non-binding

Shall the Representative from this district be instructed to vote

in favor of legislation prohibiting the construction of a second nuclear power plant in the Town of Plymouth?

All the above will be voted on one ballot.

The polls will be open in Precinct 1, Hedge School; Precinct 2, Cold Spring School; Precinct 3, Town Hall; Precinct 4, Plymouth-Carver Regional High School; Precinct 5, Manomet Elementary School; Precinct 6, Indian Brook School; Precinct 7, West School; Precinct 8, Plymouth Airport; Precinct 9W, Federal Furnace School; Precinct 9E, Plymouth-Carver Intermediate School; Precinct 10W, South School; Precinct 10E, the Old School House, at six o'clock in the forenoon and will be closed at eight o'clock in the evening, said Tuesday, November fourth, 1980.

And you are hereby required to serve this warrant in the manner prescribed by a vote of the Town by posting notices thereof in three public places in the town, seven days at least before said meeting, one of which postings shall be in Chiltonville and one in Manomet Ponds. Also by publishing the warrant in the newspapers published in Plymouth.

Hereof fail not and make return of this warrant with your doings thereon at the time and place of said meeting.

Given under our hands this twenty-first day of October, 1980.

David F. Tarantino
Kenneth A. Tavares
Roger E. Silva
Clarence R. Krueger
Joseph R. Gallitano
Selectmen of Plymouth

Plymouth, ss.

Pursuant to the foregoing warrant, the Inhabitants of Plymouth qualified to vote in elections and town affairs are hereby notified to meet at the time and place and for the purposes therein mentioned.

Richard H. Nagle
Constable of Plymouth

Plymouth, Mass. October, 1980

Pursuant to the foregoing warrant, I have this day notified and warned the Inhabitants of Plymouth qualified to vote in elections and town affairs, to meet in Precinct 1, Hedge School; Precinct 2, Cold Spring School; Precinct 3, Town Hall; Precinct 4, Plymouth-Carver Regional School; Precinct 5, Manomet Elementary School; Precinct 6, Indian Brook School; Precinct 7, West School; Precinct 8, Plymouth Airport; Precinct 9W, Federal Furnace School; Precinct 9E, Plymouth-Carver Intermediate School; Precinct 10W, South School; Precinct 10E, the Old School House in said Plymouth on Tuesday, the fourth day of November, 1980, at six o'clock in the forenoon by posting copies of this warrant in three public places in the Town, one of which postings was in Chiltonville and one in Manomet Ponds; seven days at least before such meeting; also by causing this warrant to be published in the newspapers published in Plymouth.

Oct. 24, 1980
Richard H. Nagle
Constable of Plymouth

Caucus Precinct 6

CAUCUS PRECINCT #6 — April 5, 1980 — 9:50 A.M.
(precinct as designated prior to redistricting)

At this time 10 members from Pre. #6 met to fill the vacancy caused by the resignation of Charles Conti.

Richard Barbini was elected to fill this position. (44 Jacqueline La.)

Mr. Russell Blake also resigned from Precinct #6, and at this time David Buckman was elected to serve in his place. (10 Jaye St.)

These positions are to be filled only until the April 26 election by Mr. Barbini and Mr. Buckman.

Caucus Precinct 6

CAUCUS PRECINCT #6 — April 7, 1980 — 7:20 P.M.

Due to the resignation of Janet McDonald, this caucus was held to elect a member to serve in her place until the April 26 election.

Mr. Lawrence Couter was elected to fill this vacancy. (W. Pond Rd.)

Caucus Precinct 5

CAUCUS PRECINCT #5 — April 8, 1980 — 7:15 P.M.
(precinct as existing prior to redistricting)

Due to the resignation of Barry J. Wood, who has moved to Duxbury the remaining town meeting members met to vote to fill this vacancy.

At this time Gary Flood was elected to serve until the April 26, 1980, election. (38 Savin Rd.)

Annual Town Meeting April 1980

The Meeting was called to order at 10:20 A.M. by the Moderator,
Thomas Frates.

The number of Town Meeting Members present was 92, as reported by the checkers, Nanci Cordeiro and Shirley Wood.

Upon opening of the Meeting Mr. Frates called for the body to honor deceased member of the Finance Committee Mr. Richard Cole with a moment of silence.

At 10:30 A.M. Mr. Frates moved to adjourn to the Special Town Meeting.

Action of the Town Meeting Members with respect to the articles presented in the warrant for said Special Town Meeting will be found on preceding pages 13 to 14.

At 11:35 A.M. it was voted to adjourn and dissolve the Special Town Meeting and return to action of the 1980 Annual Town Meeting.

ARTICLE TWO:

VOTED: That the Town authorize the broadcasting of the 1981 Annual Town Meeting and appropriate the sum of \$1,000.00 for the expenses thereof, provided that the Town receive from the broadcasting facilities a tape recording of the entire proceedings of the meeting so broadcast.

At this time Mr. Koontz moved that the adjourned sessions of this Town Meeting be held on Monday, April 7; Tuesday, April 8; Wednesday, April 9; and Thursday, April 10, all of which sessions will convene at 7:30 P.M.

It was so VOTED.

ARTICLE THREE:

Mr. Koontz moved to receive the reports of the various Town Committees, Boards, Commissions, and Departments and to place them on file at the Town Clerk's Office. The following presented reports to the Town Meeting —

Permanent Elementary School Building Comm.
Manomet Sewage Planning & Building Comm.

Mr. Lopresti moved to consider Articles 82 & 83 during the discussion of Article 7 — Police Dept. Budget.

By vote of 65 Affirmative and 6 Negative, it was so VOTED.

ARTICLE FOUR:

VOTED: That the Town authorize the Treasurer with the approval of the Selectmen, to borrow in anticipation of the revenue for the twelve month period beginning July 1, 1980, in accordance with General Laws, Chapter 44, Section 4, and acts in amendment thereof, and including additions thereto, Chapter 849 of the Acts of 1969, as amended, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

ARTICLE FIVE:

Miss Canucci moved that the Town of Plymouth amend the Personnel By-Law by amending Schedule B, Weekly Salary Schedule, as well as the Library Director, Asst. Library Director, Deputy Fire Chief and Police Chief salaries by increasing the salary rates in the amount of 7% effective July 1, 1980; further, that the Personnel By-Law be amended according to the "Recommended Amendments to the Per-

sonnel By-Law" dated March 25, 1980, April 1, 1980, and April 4, 1980, effective July 1, 1980.

Mr. Koontz moved to amend Miss Canucci's motion by striking out on Page 1 of the Revisions to the Personnel By-Law, dated March 25, 1980, "Add — Civil Defense Director — S/22", and substitute the following: "Add — Civil Defense Director (Public Safety Group) Misl. — \$1,000.00 Annual Salary, and by further adding this to Schedule D — Miscellaneous Compensation, for July 1, 1980, — June 30, 1981.

Also: by striking out the New Section 15. Sick Leave: on page 4, of the Revisions to the Personnel By-Law, dated March 25, 1980 in its entirety.

Mr. Koontz' motion was PASSED UNANIMOUSLY.

Mr. Burke moved that the reference to accredited institutions on page 5 of the Recommended Amendments in the last paragraph be changed to reflect accreditation by the Commonwealth of Massachusetts.

This Motion DID NOT PASS.

Miss Canucci's motion, as amended was voted and PASSED — see appendix as attached pp. 27-A to 27-D plus preliminary presentations.

ARTICLE SIX:

Mr. Koontz moved that the Town set the salaries of elected Town Officers as follows effective July 1, 1980:

(Mass. Gen. Laws, Chap. 41, Sec. 108)

OFFICE	SALARY
Moderator	\$300.00
Chairman of Board of Selectmen	3,000.00
Other Selectmen	2,000.00
Town Clerk	*11,386.00
Town Treasurer	*11,386.00
Town Collector	*20,865.00

*Indicates changes recommended.

This motion was PASSED — UNANIMOUSLY.

ARTICLE SEVEN:

VOTED: That the Town raise and appropriate the sum of \$28,696,013. to provide for a Reserve Fund and to defray the expenses of the Town for other purposes as listed in the printed recommendations of the Advisory and Finance Committee, with amendments thereto voted,; of which \$2,000.00 shall be from the Plymouth-Home National Bank Parking Meter Receipts; \$10,090.13 from State Aid to Libraries for Library Salaries and Wages, Budget #45 — Item #248; \$1,121,591.00 from U.S. Federal Revenue Sharing Funds (Regular) for Police Salaries and Wages, Budget #19 — Item #115; and \$1,400.00 from Street Parking Meter Receipts for Police — Building Maintenance & Parking Control, Budget #19 — Item #138; \$200,000.00 shall be from the Overlay Surplus for a Reserve Fund under Budget #65 — Item #325; and \$50,000.00 from the Income from Cemetery Perpetual Care Funds for Cemetery — Salaries and Wages, Budget #71 — Item #356.

Mr. Andrew Collas moved to amend Article #7, Town Treasurer Budget #5 — Item 33 — Payroll Services by deleting the amount of -0- and substituting therefor the figure of \$21,000.00

This Motion PASSED.

Mr. Tarantino moved to amend Article #7, Item #69-DPW Administration, Manomet Garbage Contract, by substituting the sum of \$28,000.00 for the recommended amount of -0-, thus making the total for this Item \$28,000.00

This Motion PASSED.

Mr. Tarantino moved to amend Article #7, Item #70-DPW Administration, Buttermilk Bay/West Wind Shores Garbage Contract, by substituting the sum of \$5,700.00 for the recommended amount of -0-, thus making the total for this Item \$5,700.00

This Motion PASSED.

Mr. Tarantino moved to amend Article #7, Item #71-DPW Administration, Plymouth Garbage Contract, by substituting the sum of \$68,000. for the recommended amount of -0-, thus making the total for this Item \$68,000.00

This Motion PASSED.

Mr. Collas moved to amend Article #7, Budget #17- Switchboard/Mailroom — Item #111 — Contractual Services by deleting the figure of \$47,312.00 and substituting the figure of \$58,312.00

This Motion PASSED.

Mr. Tarantino moved to amend Article #7-Item #195-Office of Emergency Preparedness, Salaries and Wages, by substituting the sum of \$5,661. for the recommended amount of \$4,661., thus making the total of this Item \$5,661.00.

This Motion PASSED.

Mr. Vaz questioned the presence of a quorum, at which time a count was taken, showing a total of 80 Town Meeting Members present according to the Tellers.

Mr. Tarantino moved to amend Article #7, Item #203-Office of Emergency Preparedness, New Equipment Procurement, by substituting the sum of \$2,300.00 for the recommended amount of -0-, thus making the total of this Item \$2,300.00.

This Motion DID NOT PASS.

Mr. Noel Bosanquet moved that Article #7, Police Dept. budget-Item #115 — be reduced by \$351,028. to bring this line item #115 down to \$1,454,381.

This Motion PASSED, with the provision that the reduction be proportionately applied to other line items in the Police Budget.

YES — 57 NO — 29

At 5:00 P.M. Mr. Tarantino moved to adjourn to Monday night at 7:30, and it was so VOTED.

Adjourned Session April 7, 1980

The Meeting was called to order at 7:40 P.M. by the Moderator, Thomas Frates.

The number of Town Meeting Members present was 88, as reported by the checkers.

The Moderator declared a quorum present.

At this time the first order of business was the completion of action on Article #7.

Mr. Paul Withington moved to rescind the action taken on Article #7-Item 85-Engineering, Dept. 12.

This Motion DID NOT PASS.

Mr. Tarantino moved to amend Article #7, Item #343-Harbor Master, Salaries and Wages, by substituting the sum of \$54,873. for the recommended amount of \$50,188., thus making the total of this Item \$54,873.

This Motion PASSED by vote of 45 Affirmative, and 40 Negative.

At this time the adjusted figures for the Police Budget as affected by Mr. Bosanquet's motion of the previous Saturday session were presented and approved item by item. (See corrected sheets in recapitulation.)

All remaining department budgets were presented and approved, for completion of Article #7 — Operating Budget.

At 11:05 P.M. Mr. Edward Chase moved to adjourn to Tuesday at 7:30 P.M., and it was so VOTED.

Adjourned Session April 8, 1980

The Meeting was called to order at 7:40 P.M. by the Moderator, Thomas Frates.

The number of Town Meeting Members present was 91, as reported by the checkers.

The Moderator declared a quorum present.

At this time Article #82 was presented for discussion, as voted by the Meeting on Saturday, April 5, 1980.

ARTICLE EIGHTY-TWO:

NO ACTION ON ARTICLE 82.

ARTICLE EIGHTY-THREE:

Mr. Lopresti moved that the Town appropriate the sum of \$60,000. (\$50,000.00 to purchase and equip one (1) Fixed Wing Single Engine Aircraft — Gross load 2,500 pounds, land type, and \$10,000.00 for the operation of said aircraft), to be assigned to the Plymouth Police Patrol, for police-related work, and/or community service; said aircraft to be operated by Police Personnel only.

This Motion DID NOT PASS.

ARTICLE EIGHT:

Mr. Koontz moved that the Town appropriate the sum of \$278,771. for the repair and/or purchase and/or lease and/or replacement of departmental equipment for the various departments of the Town and/or trade in used equipment as follows:

- Item A. No Recommendation
- Item B. No Recommendation

YES. Item C. Authorize the DPW Highway Division to acquire by purchase one grader and trade a 1955 Galion grader for the sum of \$67,089.00.

YES. Item D. Authorize the DPW Highway Division to acquire by purchase one Tractor/loader and trade in a 1972 MF tractor/loader for the sum of \$15,265.00.

- Item E. No Recommendation

YES. Item F. Authorize the DPW Highway Division to acquire by purchase one street sweeper and trade a 1974 Mobil Street Sweeper for the sum of \$38,753.00.

YES. Item G. Authorize the DPW Highway Division to acquire by purchase one station wagon and trade a 1973 Ford Station Wagon for the sum of \$7,089.00.

YES. Item H. Authorize the DPW Highway Division to acquire by purchase one utility pickup truck with no trade for the sum of \$8,594.00.

YES. Item I. Authorize the DPW Highway Division to acquire by purchase one dump pickup truck with no trade for the sum of \$8,264.00.

YES. Item J. Authorize the DPW Highway Division to acquire by purchase one dump truck and trade a 1973 IH dump truck for the sum of \$15,484.00.

Item K. No Recommendation

YES. Item L. Authorize the Fire Department to acquire by purchase one sedan and trade a 1974 Ford sedan for the sum of \$7,075.00.

Item M. No Recommendation

YES. Item N. Authorize the Police Department to acquire by purchase two (2) sedans and trade a 1978 Ford sedan and a 1976 Dodge sedan, and further to acquire by lease seven (7) sedans with no trade for the sum of \$85,688.00.

YES. Item O. Authorize the Police Department to acquire by lease two (2) station wagons with no trade for the sum of \$20,070.00.

YES. Item P. Authorize the Town Clerk to acquire by purchase one photo copier and trade a 3M photo copier for the sum of \$5,400.00.

Chief Lamb moved that the Town vote to raise and appropriate the sum of \$64,487.00 to purchase and equip one rescue truck for the Fire Department and to dispose of the present rescue truck as obsolete equipment to be inserted as Item M.

This Motion DID NOT PASS.

Mr. Schembri moved to amend Article 8, Item K, to approve a trade-in of a 12-passenger 1978 van for a 12-passenger 1980 van at \$6,383.00.

This Motion DID NOT PASS.

ARTICLE NINE:

Mr. Koontz moved that the Town appropriate the sum of \$44,500. to construct, hardsurface or seal the following streets:

Item #	Description	Amount
A.	No Recommendation	-0-
B.	Memorial Drive	\$8,750.00
C.	Howland Street	8,250.00
D.	No Recommendation	-0-
E.	Clifford Rd., Rte. #3A to Bridge	5,000.00
F.	Clifford Rd.-Jordan Rd. to Bridge	\$7,500.00
G.	No Recommendation	-0-
H.	No Recommendation	-0-

I.	No Recommendation	-0-
J.	Industrial Park Rd. 630' ±	\$15,000.00
	Total Recommended	44,500.00

Mr. Tarantino moved to amend Article 9 by striking the amount of \$44,500.00 and substituting therefor the amount of \$111,375.00 thereby adding the following streets:

Item #	Description	Amount
A.	Point Road	\$66,875.00

This Motion PASSED by vote of:

YES	NO
58	24

Actual Appropriated Amt. \$111,375.00; provided all necessary easements are obtained.

Mr. Koontz' motion, as amended by Mr. Tarantino, was then voted and PASSED — UNANIMOUSLY.

ARTICLE TEN:

Mr. Tarantino moved that the Town appropriate the sum of \$12,000.00 and authorize the Department of Public Works to oil seal a portion of Pinewood Road.

This Motion DID NOT PASS.

ARTICLE ELEVEN:

VOTED: UNANIMOUSLY That the Town report and allow as Town Ways, the following streets or portions thereof as laid out by the Selectmen and reported to the Town, provided that all necessary easements have been granted prior to recording of the acceptances of said ways in the Plymouth County Registry of Deeds:

Item	Road
A.	No Recommendation
B.	Tower Road
C.	Janebar Circle
D.	Allen Drive from Winthrop Rd. to Prence Rd.
E.	Heather Drive
F.	Seneca Lane
G.	Miller Drive
H.	Marion Way (entire road and portion of Crabtree Rd.)
I.	Oaken Bucket Lane
J.	No Recommendation
K.	Savin Road
L.	Cayuga Circle
M.	Pequot Terr.
N.	Pinewood Rd. from Carver Rd. 2500' ±
O.	White Oak Drive
P.	Gull Lane
Q.	Canterbury Drive
R.	Nottingham Lane

ARTICLE TWELVE:

No Action on Article 12.

ARTICLE THIRTEEN:

VOTED: UNANIMOUSLY That the sum of \$1,500,000.00 be appropriated for laying and re-laying water mains of not less than 6" on the following streets or portions thereof:

- A. Court Street 9800' more or less
- B. Water Street 1400' more or less
- C. Sandwich Street 6400' more or less

and that to raise this amount the Treasurer with the approval of the Selectmen is authorized to borrow \$1,500,000.00 pursuant to The G.L. c.44 s.8, as amended.

ARTICLE FOURTEEN:

VOTED: UNANIMOUSLY That the Town appropriate the sum of \$20,000. for the Department of Public Works to construct a sidewalk on Long Pond Road from Nook Road to the Plymouth-Carver Intermediate School.

ARTICLE FIFTEEN:

Mr. Tarantino moved that the Town appropriate the sum of \$25,000. for the Department of Public Works to install a drainage system, and/or to make alterations and/or repairs to drainage systems on Lady Slipper Drive, provided all necessary easements are obtained in advance at no cost to the Town.

By vote of 66 Affirmative, and 18 Negative, this motion was PASSED.

ARTICLE SIXTEEN:

No Action on Article 16.

ARTICLE SEVENTEEN:

VOTED: That the Town appropriate from surplus revenue the sum of \$83,378.00 to secure the old Cedarville Landfill Site in compliance with requirements of the Department of Environmental Quality Engineering, said funds to be expended under the supervision of the Department of Public Works.

ARTICLE EIGHTEEN:

VOTED: UNANIMOUSLY That the Town appropriate the sum of \$29,531. for State Aid Construction for various streets in Plymouth; said monies to be used in conjunction with any available funds — State or Local — all ready appropriated; said monies to be expended by the Department of Public Works.

ARTICLE NINETEEN:

No Action on Article 19.

ARTICLE TWENTY:

VOTED: That the Town appropriate the sum of \$3,000.00 to be added to the sum previously appropriated in Article 17 of the 1975 Annual Town Meeting for the purpose of purchasing land for a well site, said monies to be expended by the Department of Public Works.

ARTICLE TWENTY-ONE:

VOTED: That the Town appropriate the sum of \$50,000.00 for the Department of Public Works to repair and/or replace the sewer line at Spooner and Court Streets.

ARTICLE TWENTY-TWO:

VOTED: That the Town appropriate the sum of \$1,246.00 for the

Department of Public Works, Engineering Division, to purchase and install in the Engineering van, one mobile radio.

ARTICLE TWENTY-THREE:

VOTED: That the Town appropriate the sum of \$54,000.00 for the Department of Public Works to remove sewer-connected drain lines and to make other necessary repairs or improvements to the Town's sewer system.

ARTICLE TWENTY-FOUR:

No Action on Article 24.

ARTICLE TWENTY-FIVE:

VOTED: UNANIMOUSLY That the Town appropriate the sum of \$6,700. for the Department of Public Works to reconstruct and surface the parking lot at Bartlett Hall.

ARTICLE TWENTY-SIX:

Mr. Koontz moved that the Town appropriate the sum of \$72,000. for the maintenance, repair, remodeling and refurbishing of the Park Division garage, said funds to be expended under the supervision of the Department of Public Works.

By vote of 39 Affirmative, and 42 Negative, this motion DID NOT PASS at this time — however, see further action on this article at the April ninth session. Page 35.

ARTICLE TWENTY-SEVEN:

VOTED: That the Town appropriate the sum of \$18,700.00 to purchase and install smoke, fire and/or burglar detectors in various Town-owned buildings, said appropriation to be added to the appropriation under Article 19 of the 1979 Annual Town Meeting and to be expended under the supervision of the Department of Public Works.

ARTICLE TWENTY-EIGHT:

VOTED: That the Town appropriate the sum of \$9,500.00 for the Department of Public Works to paint and waterproof the exterior of the Town Office Building.

ARTICLE TWENTY-NINE:

No Action on Article 29.

ARTICLE THIRTY:

VOTED: UNANIMOUSLY That the Town appropriate the sum of \$10,000.00 for the remodeling of the Harbormaster Building, said funds to be expended under the supervision of the Harbormaster.

ARTICLE THIRTY-ONE:

VOTED: UNANIMOUSLY That the Town appropriate the sum of \$1,000.00 for dredging, surveys and/or related expenses; said funds to be expended under the supervision of the Harbor Committee.

ARTICLE THIRTY-TWO:

VOTED: UNANIMOUSLY That the Town lease a private ambulance service, to include the services of Emergency Medical- Trained Technicians, for one year; and to appropriate the sum of \$159,561.00; said appropriation to be under the direction of the Fire

Chief, and to continue the Ambulance Study Committee for one year to evaluate said service.

Mr. Ulber Tarantino moved to defer consideration and action on Article 33 until Wednesday night.

So VOTED.

ARTICLE THIRTY-FOUR:

No Action on Article 34.

ARTICLE THIRTY-FIVE:

VOTED: UNANIMOUSLY That the Town appropriate the sum of \$85,000.00 for the purpose of offsetting the anticipated costs for funding the Town's contributory retirement system, as provided under Chapter 40, section 5D of the General Laws as inserted in Chapter 559 of the Acts of 1977; said funds to be added to the Town's Contributory Retirement System's Full Funding Funds.

ARTICLE THIRTY-SIX:

VOTED: That the Town appropriate the sum of \$20,000.00 to be added to the Unemployment Compensation Fund, in accordance with Massachusetts General Laws, Chapter 40, Section 5E.

ARTICLE THIRTY-SEVEN:

No Action on Article 37.

ARTICLE THIRTY-EIGHT:

VOTED: UNANIMOUSLY That the Town authorize the Selectmen to acquire by purchase or take by eminent domain with the owner's consent, a certain parcel of land situated between North Street and Brewster Street shown as Lots 6A, 6B, 26A, and 26B1 on Plat 20 of the Plymouth Assessors Maps for the Department of Public Works to construct off-street parking facility on said land, appropriate the sum of \$160,000. from Parking Meter Funds to be used for all expenses related thereto, including but not limited to architectural and engineering fees, the expenditure of funds subject, however, to the prior acquisition of all necessary approvals and permits and title.

ARTICLE THIRTY-NINE:

VOTED: That the Town appropriate the sum of \$197,000.00 for the maintenance, repair, remodeling and refurbishing of the Plymouth Public Library, including architectural fees; said appropriation to be under the supervision of the Library Site Committee, and further to continue said Committee for one year.

ARTICLE FORTY:

VOTED: That the Town appropriate \$250.00 to purchase a memorial plaque for the Arthur Sirrico Memorial Playground and for that purpose authorize the Board of Selectmen to petition the General Court under the provisions of s.8 of Art. 89 of the Amendments to the Constitution for an act authorizing said appropriation.

ARTICLE FORTY-ONE:

VOTED: UNANIMOUSLY That the Town appropriate the sum of \$437.60 for the payment of certain unpaid bills, as follows:

Item	Department	Creditor	Amount
A.	Police Dept.	Radiology Associates	\$11.00

B.	Police Dept.	Truex Chiropractice Ctr.	200.00
C.	Selectmen	Jordan Hospital	58.10
D.	Selectmen	Howard's Flowers	126.00
E.	Selectmen	Memorial Press Group	10.00
F.	Selectmen	Saml. Arons & Sons	32.50
			\$437.60

ARTICLE FORTY-TWO:

Mr. Collas moved to appropriate the sum of \$13,500.00 to renovate the Town archives including new equipment, supplies and materials, electrical service, plumbing, painting and/or other necessary renovations; monies to be expended by the Town Clerk's office.

This Motion was PASSED.

ARTICLE FORTY-THREE:

No Action on Article 43.

ARTICLE FORTY-FOUR:

No Action on Article 44.

ARTICLE FORTY-FIVE:

VOTED: That the Town rescind its action taken under Article 62 of the 1977 Annual Town Meeting and establish a new mileage rate of \$.185 per mile for privately owned vehicles used for authorized town business.

ARTICLE FORTY-SIX:

Mr. Tarantino moved that the Town accept Section 17A of Chapter 138 of the General Laws, and authorize the Selectmen to increase the number of on-premise liquor licenses by not more than five.

By vote of 56 Affirmative, and 25 Negative, this motion PASSED.

At 11:00 P.M. Mr. Edward Chase moved to adjourn and it was so voted.

1980 Annual Town Meeting Adjourned Session April 9, 1980

The meeting was called to order at 8:00 P.M. by the Moderator, Thomas Frates.

The number of Town Meeting Members present was 88 as reported by the checkers.

The Moderator declared a quorum present.

Mr. Tarantino moved to reconsider Article #7 — limited to the Police Budget.

By vote of 37 Affirmative and 42 Negative, this motion DID NOT PASS.

Mr. Tarantino moved to reconsider Article #26.

By unanimous voice vote this motion PASSED.

ARTICLE TWENTY-SIX: (reconsideration)

Mr. Tarantino moved that the Town appropriate the sum of \$72,000. for the maintenance, repair, remodeling and refurbishing of

the Park Division garage, said funds to be expended under the supervision of the Department of Public Works.

Upon reconsideration, this motion was PASSED.

ARTICLE THIRTY-THREE:

Mr. Tarantino moved that the Town appropriate from Federal Revenue-Sharing funds the sum of \$442,000.00 for the alteration and reconstruction of the Manomet Fire Station; said appropriation to be expended under the supervision of the Fire Station Building & Study Committee.

This motion DID NOT PASS — UNANIMOUSLY.

Chief Lamb moved that the work of the Fire Station Study and Building Committee on the Manomet Fire Station be terminated with thanks.

That a new Committee of five, to be known as the Manomet Station Building Committee, be appointed by the Moderator to report to a special or annual town meeting its recommendations for any alterations, reconstruction or rebuilding of this facility.

ARTICLE FORTY-SEVEN:

VOTED: That the Town amend Article V, Section 2a of the Town By-Laws entitled Dog Control by —

adding a new provision as follows — Notwithstanding any other provision of this by-law, the Dog Officer shall not release any dog which has been confined until the owner or keeper of the dog shall pay all outstanding charges, fees, expenses and penalties, of whatsoever nature, including without limiting the foregoing in any way, all license fees, care and custody charges, citations, fines and other penalties.

ARTICLE FORTY-EIGHT:

No Action on Article 48.

ARTICLE FORTY-NINE:

VOTED: That the Town amend the By-laws of the Town, Article IV, Financial Affairs, by adding thereto a new section, Section VIII "Bargaining Agreement Changes", as follows: — "At least 15 days prior to any Town Meeting which will consider an appropriation to fund any bargaining agreement between the Town and any of its bargaining units which is different in any respect from the prior agreement between the Town and the bargaining unit, the Town — acting by its duly authorized agent or representative regarding said agreement — shall notify each Town Meeting member of such differences."

ARTICLE FIFTY:

No Action on Article 50.

ARTICLE FIFTY-ONE:

VOTED: That the Town rescind its action taken under Article 108 of the 1955 Annual Town Meeting.

ARTICLE FIFTY-TWO:

VOTED: That the Town appropriate the sum of \$80,000.00 to con-

duct an aquifer and eutrophication study, said funds to be expended under the supervision of the Conservation Commission.

ARTICLE FIFTY-THREE:

VOTED: That the Town appropriate the sum of \$9,000.00 for the cleanup and improvement of Town ponds, said funds to be expended under the supervision of the Conservation Commission.

ARTICLE FIFTY-FOUR:

Mr. MacGregor moved that the Town vote to designate Old Sandwich Rd., from Beaver Dam Road south to Route 3A, a scenic road pursuant to Chapter 40, Section 15C of the General Laws.

This motion DID NOT PASS.

ARTICLE FIFTY-FIVE:

VOTED: That the Town appropriate the sum of \$15,000.00 for improvements to Town beaches, said funds to be expended under the supervision of the Conservation Commission.

ARTICLE FIFTY-SIX:

VOTED: That the Town appropriate the sum of \$7,500.00 for the Conservation Fund for the preservation and development of the natural resources of the Town as provided in General Laws, Chapter 40, Sec. 8C.

ARTICLE FIFTY-SEVEN:

No Action on Article 57.

ARTICLE FIFTY-EIGHT:

Mr. Koontz moved that the Town By-Law be amended by adding thereto a new article providing for the protection of wetlands.

This motion DID NOT PASS.

At 11:10 P.M. Mr. Edward Chase moved to adjourn to Thursday night and it was so voted.

Adjourned Session of April 10, 1980

The meeting was called to order at 7:50 P.M. by the Moderator, Thomas Frates.

The number of Town Meeting Members present was 82 as reported by the checkers.

The Moderator declared a quorum present.

ARTICLE FIFTY-NINE:

No action on Article 59.

ARTICLE SIXTY:

Mr. Koontz moved that the Town appropriate the sum of \$15,000.00 to hire a professional personnel consultant to study the Town's Personnel By-laws, job descriptions, and compensation plans, said funds to be expended under the supervision of the Personnel Board.

Mr. Tarantino moved to amend Mr. Koontz' motion by striking the figure of \$15,000.00 and substituting therefor the figure of \$6,000.00

thereby limiting the consultant's study to the Personnel By-laws, job descriptions and compensation plan of Town employees not covered by the Town's various bargaining agreements.

Mr. Koontz' motion, as amended by Mr. Tarantino, was presented and voted as amended. Therefor, the amount PASSED and appropriated is \$6,000.00.

ARTICLE SIXTY-ONE:

No action on Article 61.

ARTICLE SIXTY-TWO:

No action on Article 62.

ARTICLE SIXTY-THREE:

No action on Article 63.

ARTICLE SIXTY-FOUR:

A. no motion on section a.

B. no motion on section b.

C. Mr. Pingree moved that the Town:

1. — amend the Zoning By-Law by adding Section 401.16 Light Industrial/Waterfront (LI/WF) as recommended by the Planning Board on Pages 10 thru 14 inclusive, of their final report and recommendation on the proposed amendment to the "Town of Plymouth Zoning By-Law, (except that on page 13 strike: gravel pits, Concrete plants, and Asphalt plants)

Article 64, 1980, Annual Town Meeting" dated April 1, 1980

2. — amend the Zoning Maps #1 and #2 as recommended by the Planning Board in paragraphs one and two of Page 16 of their final report and recommendation on the proposed amendment to the "Town of Plymouth Zoning By-law, Article 64, 1980 Annual Town Meeting" dated April 1, 1980, being that portion of the area bounded by the Town Line, Court Street, Hedge Road and Plymouth Bay which was zoned Light Industrial as of March 18, 1980, from Light Industrial to Light Industrial/Waterfront and further identified as —

Plat 1: Lots 1A, 1B, 2, 2A, 2C, 2D, 2E and

Plat 6: Lots 62B, 62B-1, and 62B-2.

This motion was PASSED — UNANIMOUSLY.

ARTICLE SIXTY-FIVE:

Mr. Sears moved that the Town vote to amend the Zoning By-Law by adding thereto a new Section 204: The Board of Appeals is hereby designated as the permit-granting authority for purposes of granting variances pursuant to the requirements of Section 10 of Chapter 40A of the Massachusetts General Laws. The Board of Appeals is expressly permitted to grant variances authorizing a use or activity not otherwise permitted in the district in which the land or structure is located.

By vote of 21 in the Affirmative, and 55 in the Negative, this motion DID NOT PASS.

ARTICLE SIXTY-SIX:

Mr. Collins moved that the Town amend the Zoning By-Law by adding to Section 309 Special Permit Uses, subsection 309.07 Tem-

porary uses, structures and operations, a new paragraph which reads:

"Temporary structures over two hundred and fifty (250) square feet in coverage such as tents, which will stand on one lot for a period of more than 15 days per year and which house seasonal activities which are either allowed or permitted by special permit issued by the Board of Appeals or which are accessory to such uses, may only be erected upon issuance of a special permit by the Board of Appeals subject only to the conditions and safeguards contained in Section 205.02. Such structures standing for less than 15 days per year are required to obtain only a zoning permit and are exempt from the special permit requirements herein."

This motion was PASSED — UNANIMOUSLY.

ARTICLE SIXTY-SEVEN:

No action taken on Article 67.

ARTICLE SIXTY-EIGHT:

No action taken on Article 68.

ARTICLE SIXTY-NINE:

No action taken on Article 69.

ARTICLE SEVENTY:

No action taken on Article 70.

ARTICLE SEVENTY-ONE:

No action taken on Article 71.

ARTICLE SEVENTY-TWO:

No action taken on Article 72.

ARTICLE SEVENTY-THREE:

No action taken on Article 73.

ARTICLE SEVENTY-FOUR:

Mr. Tarantino moved to amend the By-Laws of the Town, Article XIII, "Expenses for Inspections and Reviews" by striking the present Article in its entirety and substituting therefor the following: — "Any person presenting any matter to any Board, Committee or Commission of the Town or any Town official which entails the Town's incurring of any expense whatsoever including, without limiting, the generality of the foregoing, expenses for consultation, inspections or review of plans, may be required to prepay the Town for such expenses, unless otherwise prescribed by the General Laws."

This motion was PASSED.

ARTICLE SEVENTY-FIVE:

VOTED: That the Town designate the following streets as Scenic Roads:

A. Old Beach Road

B. Strand Avenue

C. Manomet Avenue from Old Beach Road to Strand Avenue, in accordance with M.G.L. Chap. 4, sec. 15C.

ARTICLE SEVENTY-SIX:

No action taken on Article 76.

ARTICLE SEVENTY-SEVEN:

No action taken on Article 77.

ARTICLE SEVENTY-EIGHT:

VOTED: That the Town authorize the Selectmen to convey to David H. Gonsalves a certain parcel of Town-owned land situated on the Westerly side of Bartlett Road and shown as Lot 22 on Plat 74 of the Plymouth Assessors' Maps for a sum and upon such other conditions as the Selectmen may deem appropriate, which shall include all outstanding taxes, interest, and legal fees.

ARTICLE SEVENTY-NINE:

Mr. Bongiovanni moved to see if the Town will vote to transfer from surplus revenue the sum of \$6,000.00 to implement Chap. 773 of the Acts of 1973 — an act requiring cities, towns, and districts to establish separate funds for the deposit and disbursement of monies received as payments for off-duty work details performed by their employees; and further, to see if the Town will establish a fee for these services as provided in said Chapter 773.

This motion DID NOT PASS.

ARTICLE EIGHTY:

Mr. Sears moved that the sum of \$10,600.00 be raised and appropriated, or transferred from unappropriated available funds, to reimburse Clifton C. Johnson, former Director of Plymouth Manpower Consortium, for legal expenses incurred with respect to the defense of criminal proceedings brought against him, which defense resulted in a finding of Not Guilty; and Mr. Sears further moved that the Board of Selectmen be authorized to petition the General Court under the applicable provisions of the General Laws and the Constitution of the Commonwealth of Massachusetts and any amendments thereof for an act authorizing the Town of Plymouth to make said appropriation.

This motion was PASSED.

ARTICLE EIGHTY-ONE:

No motion presented.

ARTICLE EIGHTY-TWO:

see p. 29

ARTICLE EIGHTY-THREE:

see p. 29

ARTICLE EIGHTY-FOUR:

No action taken on Article 84.

ARTICLE EIGHTY-FIVE:

VOTED: That the Town authorize the Town Accountant to close out any unexpended balances remaining in the following accounts on June 30, 1980:

Surfside Waterfront Study

(Art. 20, 1973)

Ellisville Harbor Waterfront Protection

(Art. 4, 1972)

Shellfish Cultivation
(Art. 33, 1977)
Meadow Glen Ave. Water Mains
(Art. 68, 1970)

ARTICLE EIGHTY-SIX:

No action taken on Article 86.

ARTICLE EIGHTY-SEVEN:

VOTED: UNANIMOUSLY That the Town transfer the sum of \$1,769,021.00 from available funds to reduce the tax levy of the forthcoming fiscal year.

ARTICLE EIGHTY-EIGHT:

VOTED: UNANIMOUSLY That the Town vote to increase the appropriations limit established by Chapter 151 of the Acts of 1979 by \$1,559,329.61 so that the appropriations limit so increased will be \$20,240,084.60, and further that the Town will increase the levy limit established by Chapter 151 of the Acts of 1979, by not more than \$1,000,000.00 so that the levy limit as so increased will not be more than \$21,128,907.67; and further that the Town vote to exempt \$1,769,021.00 of free cash from the provisions of Section 12A of Chapter 151 of the Acts of 1979 and that such free cash not be utilized for the purpose of reducing the property tax levy for fiscal 1981.

At 11:20 P.M. Mr. Edward Chase moved to adjourn and dissolve this Annual Town Meeting, and it was so voted.

Special Town Meeting May 27, 1980

The Meeting was called to order at 7:45 P.M. by the Moderator, Thomas Frates.

The number of Town Meeting Members present was 96 as reported by the checkers, Alton Leeson and Nanci Cordeiro.

The Moderator declared a quorum present.

Mr. Koontz moved that adjourned sessions of this Special Town Meeting be held on Wednesday, May 28, 1980, at 7:30 P.M. in the Plymouth-Carver High School. This motion did NOT PASS.

Mr. Leo Best moved to defer action on Articles one, two, and three until after articles four through nine have been considered. (Mr. Best's rationale being that in the interest of clarity four through nine should take precedence.) By vote of 24 Affirmative, and 66 Negative, this motion did NOT PASS.

ARTICLE ONE:

Mr. Koontz moved that the Town vote to adopt (only as a non-binding statement of policy) the Comprehensive Plan, Resolution No. 1-80, "A Resolution for the Adoption of the Comprehensive Plan for the Town of Plymouth, Massachusetts", as shown in Legal Memorandum No. 7, Revised Draft, Zoning Bylaws and Resolutions, dated: April 25, 1980, and shown on pages 4 and 5 thereof. (See draft attached to warrant.)

Mr. Robert Bartlett moved to amend Mr. Koontz' motion by eliminating from the last paragraph of Resolution 1-80 the words "therefor" and "irrevocably". By vote of 22 Affirmative and 63 Negative, this motion to amend did NOT PASS.

By vote of 51 Affirmative, and 40 Negative on the original motion, Mr. Koontz' motion as originally presented to the Meeting was PASSED.

ARTICLE TWO:

Mr. Koontz moved that the Town vote to adopt (only as a non-binding statement of policy) Resolution No. 2-80, "A Resolution for the Adoption of the Capital Improvements Program (1981-2000) for the Town of Plymouth, Massachusetts", as shown in Legal Memorandum No. 7, Revised Draft, Zoning Bylaws and Resolutions, dated: April 25, 1980, and shown on pages 6 and 7 thereof. (See draft attached to warrant.)

By vote of 52 Affirmative, and 38 Negative, this motion was PASSED.

ARTICLE THREE:

Mr. Koontz moved that the Town vote to adopt (only as a non-binding statement of policy) Resolution No. 3-80, "A resolution for the Adoption of an On-Going Program of Monitoring of Development

in Plymouth, Massachusetts", as shown in Legal Memorandum No. 7, Revised Draft, Zoning Bylaws and Resolutions, dated: April 29, 1980, and shown on pages 8 and 9 thereof. (See draft attached to warrant.)

By vote of 55 Affirmative, and 37 Negative, this motion was PASSED.

Discussion was opened on Article 4 at this time; however, at 11:50 P.M. Joanne Aprea moved to adjourn to Thursday, May 29, and by vote of 29 Affirmative, 55 in the Negative, this motion did NOT PASS.

Mr. Burke immediately moved to adjourn until Wed., May 28, 1980, at 7:30 P.M. and by vote of 58 Affirmative and 28 Negative, this motion PASSED.

Special Town Meeting Adjourned Session — May 28, 1980

The Meeting was called to order at 7:50 P.M. by the Moderator, Thomas Frates.

The number of Town Meeting Members present was 80 as reported by the checkers.

The Moderator declared a quorum present.

ARTICLE FOUR:

Mr. Koontz moved that the Town amend its Zoning Bylaws by amending Part IV of the Zoning Bylaws of the Town of Plymouth by adding a new Section 400.05 entitled "Village/Rural Services Area Line", as shown in legal Memorandum No. 7 Revised Draft, Zoning Bylaws and Resolutions, dated: April 25, 1980, and shown on Pages 10 and 11 thereof, and further to adopt the Village Rural Service Area Line and designation as shown on Map entitled "Urban Services Draft 1"

(Discussion followed which resulted in no formal motions.)

Mr. Withington moved to cut off debate and move the question. So Voted by vote of 60 Affirmative, and 20 Negative.

At this time, by vote of 55 Affirmative, and 35 Negative, this motion failed to carry, as a $\frac{2}{3}$ vote is necessary.

Mr. William Abbott questions the accuracy of the count and moves that the vote be taken by roll call, this motion requires a $\frac{2}{3}$ approval of the body and fails to pass by vote of 47 Affirmative, and 40 Negative.

Therefor, Moderator Thomas Frates calls for a standing counted vote again on the motion, and this motion DID NOT PASS by vote of 54 Affirmative, and 34 Negative, it needing a $\frac{2}{3}$ vote for passage.

ARTICLE FIVE:

Mr. Koontz moved that the Town amend Zoning Map No. 1 as shown on maps entitled "May Zoning (Plymouth Quadrant)" and "January 19 Zoning"; thereby changing the Rural Services Areas to

RR-Rural Residential Districts and to change portions of the Village Services Areas to R-40 Large Lot Residential or R-25 Medium Lot Residential Districts.

By Vote of 46 Affirmative, and 41 Negative this motion DID NOT PASS, as it requires $\frac{2}{3}$ vote of the body for passage.

ARTICLE SIX:

NO ACTION.

ARTICLE SEVEN:

NO ACTION.

ARTICLE EIGHT:

Louise Hague moved that the Town amend the Zoning Bylaws by adding thereto a new text entitled "Environmentally-Sensitive Areas" as shown on pages 34 through 39 of Legal Memorandum No. 7, Revised Draft, Zoning Bylaws and Resolutions, dated April 25, 1980, and further amending the Zoning Bylaw by adding new maps entitled "Hydrology-Flood Hazard Areas" and a map leaving the legend "Sphere of Influence; Existence of Proposed Wells and Well Field Recharge Area" and further amending as shown in the "Final Report and Recommendations of the Planning Board on the Proposed Amendment to the Town of Plymouth Zoning Bylaw", dated May 22, 1980, and shown on pages 9 and 10 thereof.

Susan Stearns moved to have the vote on Article 8 taken by roll call.

This motion requiring a $\frac{2}{3}$ vote by ruling of Moderator, Thomas Frates, the motion for a roll call did not pass by vote of 47 Affirmative and 36 Negative.

A standing counted vote was taken on Ms. Hague's motion and it DID NOT PASS by vote of 43 Affirmative and 45 Negative.

ARTICLE NINE:

Mr. Charles Caranci moved that the Town amend its Zoning Bylaw to permit Retirement Mobile Home Planned Unit Developments by deleting the present Section 311 and substituting a new Section 311, as shown on pages 42 through 44 in Legal Memorandum No. 7, Revised Draft, Zoning Bylaws and Resolutions, dated: April 25, 1980, and further by adding new definitions to Section 102, as shown on page 42 of same memo No. 7, and further by amending Section 401 as shown on page 44 of same Memo. No. 7, and further amending as shown in "Final Report and Recommendations of the Planning Board on the Proposed Amendment to the Town of Plymouth Zoning Bylaws", dated: May 22, 1980, and shown on pages 11 and 12, thereof, and further by deleting the second line of Section 311.01 on page 42 of the aforesaid Memorandum the words "in accordance with the Town's Housing Assistance Plan", and by deleting under Section 311.02, page 43, line 14, the words "in a Village Services Area"; and by deleting under said Section, page 43, line 15, the word "therein" and inserting in place thereof the words "in the Town".

By vote of 18 Affirmative, and 55 Negative, this motion DID NOT PASS.

ARTICLE TEN:

NO ACTION.

ARTICLE ELEVEN:

NO ACTION.

ARTICLE TWELVE:

Mr. W. Lowery moved that the Town amend the Zoning Bylaw by adding a new section entitled "313 Recreational Campgrounds" and by further amending the existing section 401 as shown in Legal Memorandum No. 7, Revised Draft, Zoning Bylaws and Resolutions, Third Draft, dated: April 25, 1980, pages 49 through 55 thereof, and by further amending as shown in the "Final Report and Recommendations of the Planning Board on the Proposed Amendment to the Town of Plymouth", dated: May 22, 1980, and shown on pages 15 thereof.

Mr. Robert Bartlett moved to adjourn at 11:10 P.M. This motion DID NOT PASS.

The question was moved and voted and IT DID NOT PASS by vote of 26 Affirmative, and 45 Negative, it requiring a $\frac{2}{3}$ vote for passage.

At 11:20 P.M. Mr. Chase moved to adjourn and dissolve, and it was SO VOTED.

Special Town Meeting

June 30, 1980

INDEX

Article	Description
1.	Add funds to Art. 7 of 1979 ATM
2.	Roof repairs to Regional Schools
3.	Amend P-C R.S.D. agreement
4.	Amend Personnel Bylaws

Special Town Meeting

June 30, 1980

The meeting was called to order at 7:45 P.M. by the Moderator, Thomas Frates.

The number of Town Meeting Members present was 86 as reported by the checkers.

The Moderator declared a quorum present.

ARTICLE ONE:

Mr. Koontz moved that the Town appropriate the sum of \$92,848.68, of which the amount of \$70,000.00 (Item A) is to come from Free Cash, and the amount of \$22,848.68 (Items B thru F) is to come from Overlay Surplus, to be added to funds already appropriated in Article 7 of the 1979 Annual Town Meeting for the purpose of supplementing departmental expenses, as follows:

Item #	Department	Line Item	Description	Amount
A.	Selectmen	01-22-3-00	Insurance (Health & Life)	\$70,000.
B.	Legal Dept.	02-01-3-Li	Expenses	2,000.
C.	Police Dept.	60-01-3-00	Administration — Contrctl. Services (Telephone)	5,516.68
D.	Police Dept.	60-03-3-00	Patrol — Contrctl. Services	6,000.00
E.	D.P.W.			
	Administration	80-01-3-L1	Vehicle Insurance	6,132.00
F.	D.P.W.		Vehicle Maintenance/ Gas & Oil	3,200.00
	Maintenance Div.			
			Total	<u>\$92,848.68</u>

This motion was PASSED as presented.

ARTICLE TWO:

Mr. Koontz moved that the Town vote to approve the amount of the \$400,000.00 debt authorized on June 10, 1980, by the Plymouth-Carver Regional District School Committee for the purpose of financing reconstruction and extraordinary repairs to portions of the roofs at the high school and the intermediate school, including any architects' and engineering fees and other costs incidental thereto, there be and hereby is authorized, under and pursuant to Chapter 71, Section 16 (d), of the General Laws and the District Agreement, the incurring of debt on the full faith and credit of the District by the issuance and sale at one time or from time to time of bonds or notes in the aggregate principal amount of \$400,000.00, to be issued as one or more separate issues, each such issue to be in such principal amount, to be payable over such period (not to exceed, five years from its date), to bear such rate of interest and to be in such form, subject to applicable provisions of law and not inconsistent with this vote as shall later be determined by the Treasurer, with the approval of this Committee.

At this point Mr. Dardinski attempted to amend Mr. Koontz' motion by adding an amendment to "provide that the School Dept. be charged with making a legal attempt to recover costs of this extraordinary expense from the original supplier of the roofing materials."

However, Moderator T. Frates ruled that said amendment went too far beyond the scope of the article, and did not accept Mr. Dardinski's motion to amend.

Mr. Frates did allow the Town Meeting Members to consider a resolution showing their desire to give direction and instruction to the School Dept. to make an effort at some recovery of funds. This resolution PASSED UNANIMOUSLY. The original motion of Mr. Koontz was presented for consideration and was PASSED UNANIMOUSLY.

ARTICLE THREE:

Mr. Koontz moved that the Town accept an amendment to the Plymouth-Carver Regional School District Agreement initiated by vote of the Plymouth-Carver Regional District School Committee adopted on June 10, 1980, and entitled "Amendment No. IV to the Agreement for the Establishment of the Plymouth Carver Regional School District." A copy of the text of the proposed amendment is attached. See p. 54-A

ARTICLE FOUR:

Miss Canucci moved that the Town amend the Classification and Compensation Plans and the Personnel By-Law as follows:

Section 7. Schedule A. Administrative Group

Reference: Page 12

Add: the following Class titles and Compensation grades:

Advisory & Finance Committee Secretary	S-16
Assistant Town Clerk/Treasurer	S-13
Assistant Town Collector	S-13

Section 7. Schedule A. Clerical Group

Reference: Page 10

Delete: the following Class titles and Compensation grades

Finance Committee Secretary Part-time)	C-5
Senior Clerk — Asst. Town Clerk	C-6
Senior Clerk — Asst. Town Collector	C-6;

And further moved that the sum of \$4,146.00 be appropriated from Free Cash to be added to Article 7 of the 1980 Annual Town Meeting as follows:

No.	Item No.	Department	Line Item	Description	Amount
A)	01.	Advisory & Finance Committee	01-01-1-00	Salaries & Wages	2,482.00
B)	30.	Town Treasurer	05-01-1-00	Salaries & Wages	416.00
C)	44.	Town Collector	06-01-1-00	Salaries & Wages	832.00
D)	49.	Town Clerk	08-01-1-00	Salaries & Wages	416.00
Total					\$4,146.00

This motion was PASSED.

Mr. Koontz moved that the Town vote to increase the appropriations limit established by Chapter 151 of the Acts of 1979 by \$4,146.00 so that the appropriations limit as so increased will be \$20,244,230.60; and further that the Town vote to increase the levy limit established by Chapter 151 of the Acts of 1979 by not more than \$1,004,146.00 so that the levy limit as so increased will not be more than \$22,133,053.67.

By vote of 64 Affirmative, and 16 Negative, this motion PASSED.

At 9:40 P.M. Mr. Edward Chase moved to adjourn and dissolve this meeting and it was so voted.

Special Town Meeting

12. Tax cap article
13. Charter amendment

Special Town Meeting November 17, 1980

The Special Town Meeting was called to order at 7:45 P.M. by the Moderator, Mr. Thomas Frates.

The number of Town Meeting Members present was 96 as reported by the checkers.

The Moderator declared a quorum present.

Mr. Donald Thomas moved that the adjourned session of this Special Town Meeting be held on Wednesday, November 19, 1980, at 7:30 P.M. in the Plymouth-Carver Regional High School.

It was SO VOTED.

VOTED: (UNANIMOUSLY) That Article #1 be taken out of order, and that NO ACTION be taken on said article until the adjourned session of this Special Town Meeting on Wednesday, November 19, 1980.

ARTICLE TWO:

Mr. Thomas moved that the Town vote to appropriate the sum of \$466,361.00 to acquire an Automated Data Processing System for the Town, including all expenses reasonably incidental thereto, said appropriation to be expended under the supervision of the Board of Selectmen, and further moved that a Steering Committee be established to monitor said acquisition, appointed by the Board of Selectmen, and reporting to the Board of Selectmen.

Mr. Krueger moved to amend Mr. Thomas' motion by adding "that the Automatic Data Processing System be re-committed to the Computer Study Committee for further study and redefinition of the town's data processing requirements. The new request for proposal, which is sent to computer manufacturers and software firms, should request quotations for two upward compatible systems — the smaller one to do those jobs presently done by a service bureau for approximately \$132,000.00 per year, and the larger one to accomplish all the additional applications described in the present Request for Proposal. The Computer Search Committee should evaluate the new proposals and prepare a new recommendation."

This amendment was voted and NOT PASSED.

Mr. Thomas' original motion was presented for a vote and PASSED.

ARTICLE THREE:

Mr. Thomas moved that the Town vote to authorize the Board of

Selectmen to acquire, by purchase from the Estate of George R. Briggs (Plymouth-Home National Bank, Executor and Trustee) and in part by purchase and in part by gift from Rose T. Briggs, or to take by eminent domain with such owner's consent, for municipal purposes only, certain parcels of land totaling approximately 780 acres, otherwise known as the Indian Brook Properties, shown as Lot 6, Plat 49; Lots 3 and 5, Plat 65; Lots 5, 7, 8, 8A, 14 and 14B, Plat 70; Lots 1, 1B and 1C, Plat 72; Lots 1, 1B and 1C, Plat 73; and Lots 2 and 2A, Plat 74 of the Plymouth Assessors' Maps; and to raise and appropriate the sum of \$650,000.00 for expenses of acquiring title.

Mr. Paul Withington moved to amend Mr. Thomas' motion by adding "In no case shall recreational motor cycling and/or snow mobiling be permitted; and use shall be restricted and said regulations to be administered by the Board of Selectmen."

This motion to amend was PASSED.

Mr. Thomas' motion, as amended by Mr. Withington was then presented and PASSED — by UNANIMOUS VOTE.

ARTICLE FOUR:

VOTED: That the Town of Plymouth accept the Collective Bargaining Agreements signed by the Board of Selectmen and the Representatives of the "International Brotherhood of Police Officers" Local 433, and the "Superior Officers Group", and further that the Personnel By-Law be amended by incorporating these agreements including the salary changes in such agreements to be retro-active to July 1, 1979, and to run through June 30, 1981, and further that the Town appropriate the sum of \$400,233.00 to be added to the funds already appropriated from Free Cash in Article 7 of the Annual Town Meeting, as follows to fund said contracts:

A) Line 115-Police-Salaries and Wages (19-01-100)	\$303,439.00
B) Line 116-Police-Overtime (19-01-100)	89,094.00
C) Line 128-Police-(Patrol) Contractual Services- Uniform Allowance (19-03-393)	7,700.00
Total: to be added to Article #7 (1980)	\$400,233.00

ARTICLE FIVE:

Mr. Thomas moved that the Town appropriate the sum of \$29,000.00 to conduct energy conservation audits on the following town-owned municipal buildings:

6 — FIRE STATIONS: Headquarters, Seven Hills Station, Manomet Fire Station, North Plymouth Fire Station, Cedarville Fire Station, and Bourne Road Fire Station;

6 — MUNICIPAL BUILDINGS: Police Headquarters, Highway Barn, Town Office Building, Memorial Hall, 130 Court Street, and 130 Court Street-rear;

8 — SCHOOLS: West Elementary School, South Elementary School, Federal Furnace Elementary School, Indian Brook Elementary School, Manomet Elementary School, Hedge Elementary School, Mt. Pleasant Elementary School; and Cold Spring Elementary School, and further that said appropriation be expended under the supervision of the Board of Selectmen.

This motion DID NOT PASS.

ARTICLE SIX:

Mr. Agnew moved that the Town appropriate the sum of \$19,000.00 to design an addition to the Manomet Fire Station, said funds to be expended under the supervision of the Manomet Fire Station Building Committee.

This motion DID NOT PASS.

ARTICLE SEVEN:

VOTED: (UNANIMOUSLY) That the Town appropriate the sum of \$16,205.32 for the payment of certain unpaid bills as follows:

Item	Department	Creditor	Amount
A)	Selectmen	Sundry Persons	\$14,421.75
B)	Health	Litton Office Products	178.74
C)	Police	E. J. Hacker, Jr., M.D.	51.00
D)	Legal	Carlino Consulting Engineers	182.99
E)	Health	Educaional Reading Services, Inc.	8.24
F)	Selectmen	Memorial Press Group	216.00
G)	Library	Bro-Dart (McNaughton Book Service)	1,146.60
Total:			\$16,205.32

ARTICLE EIGHT:

Mr. Thomas moved that the Town appropriate the sum of \$105,654.74 to be added to funds already appropriated in Article #7 of the 1980 Annual Town Meeting for the purposes of supplementing departmental expenses as follows:

Budget Code	Department	Amount
1) 03-01-300	Selectmen — Contractual Services — #336 — Negotiator	\$10,000.00
2) 10-01-300	DPW — Administration — Contractual Services #397 — Vehicle Insurance	6,400.00
3) 10-02-600	DPW — Administration — Dump and Garbage Contracts #693 — Landfill Cover	57,254.74
4) 42-01-605	Plymouth Schools — Operation of Plant — Roof repairs/Butler Building — Man. Elementary School	22,000.00
5) 66-01-300	DPW — Water Division — Contractual Services — #338 — Water Testing for TCE	10,000.00
Total to be added to Article 7-(1980)		\$105,654.74

This motion was **PASSED**.

At 11:00 P.M. Mr. Tarantino moved to adjourn and it was so Voted.

Special Town Meeting — Adjourned Session November 19, 1980

The Meeting was called to order at 7:42 P.M. by the Moderator, Mr. Thomas Frates.

The number of Town Meeting Members present was 90, as reported by the checkers.

The Moderator declared a quorum present.

Mr. Robert Coggins moved that the vote on Article One be taken on a recorded roll call vote as opposed to the standard procedure of voice vote.

Rationale: To allow constituents of all precincts an opportunity to see how their elected representative votes on this major issue.

This motion was PASSED.

Mr. Thomas advised the body that there will be two resolutions presented for consideration which control the action taken under Article 1. These two resolutions will be voted on by roll call.

RESOLUTION I

Resolved: That the Town endorse the Plymouth-Carver Regional District School Committee's decision not to sign a construction contract or issue bonds for the comprehensive high school project unless the operating cost is determined not to be in violation of the provisions of Proposition 2½.

VOTE—YES, 86; NO, 2; ABSTAIN, 2.

RESOLUTION II

Resolved: That the Town instruct its Representative to the General Court to file special legislation for the purpose of permitting a special election to be held on the question of exceeding the 2½ % limit on local taxes insofar as such limit would otherwise prevent the Plymouth-Carver Regional District School Committee from proceeding with the construction of the new comprehensive high school.

VOTE—YES, 87; NO, 2; ABSTAIN, 1.

Mr. Thomas moved that the Town hereby approve the amount of the \$26,000,000.00 debt authorized by vote of the Plymouth-Carver Regional School Committee on October 28, 1980, for the purpose of constructing and equipping a new comprehensive high school, provided that in accordance with the vote of the Plymouth-Carver Regional District School Committee that a construction contract will not be signed or bonds issued for the comprehensive high school project unless the borrowing is approved by the Emergency Finance Board and is determined not to be in violation of the provisions of Proposition 2½.

BY VOTE—YES, 73; NO, 17; this motion was PASSED.

ARTICLE NINE:

Mr. Thomas moved that the Town authorize the Board of Selectmen to lease certain town-owned land for a period in excess of ten years as follows:

Old Central Fire Station Building, and the following parcels on Town Wharf as shown on a plan entitled: "Plan of Land at Town Wharf, Plymouth, Mass., dated: May 6, 1975, by Verne T. Porter, Civil Engineer", and Lots shown on said plan as: Lots 2, 3, 3A, 4, 4A, 5A, 7, 7A, 8, 10, 10A, 12, 12A, 14, 14A, 15, 16, 17A, 18 and 19.

BY VOTE—YES, 75; NO, 6; this motion was PASSED.

ARTICLE TEN:

Mr. Thomas moved that the Town authorize the Board of Select-

men to acquire by purchase a certain parcel of land owned by Burton Coutts located at 172 Summer Street, and shown as Lot 102, Plat 27 of the Plymouth Assessors' Maps, and appropriate the sum of \$40,000.00 for expenses of acquisition of said land and other expenses reasonably incidental thereto.

BY VOTE—YES, 78; NO, 8; this motion was PASSED.

ARTICLE ELEVEN:

VOTED: That the Town authorize the transfer of the unexpended balances from the following accounts:

Budget Code	Department	Amount
A) 10-02-691	DPW — Administration — (Dump and Garbage Contracts) "Manomet Landfill Contract"	\$15,000.00
B) 39-03-666	DPW — Type I Construction — fiscal '78 — "Bourne Road"	40,000.00
C) 39-03-772	DPW — Type I Construction — Fiscal '78 — "Rocky Hill Road"	15,000.00
D) 66-05-641	DPW — Water Division — Super High Systems Improvements	15,000.00
	Total to be transferred:	\$85,000.00

ARTICLE TWELVE:

VOTED: (UNANIMOUSLY) That the Town vote to increase the levy limit established by Chapter 151 of the Acts of 1979, by not more than \$333,051.47 so that the levy limit as so increased will not be more than \$22,515,555.14.

ARTICLE THIRTEEN:

NO MOTION ON ARTICLE 13.

At 11:00 P.M. Mr. Morgardo moved to adjourn and it was so voted to adjourn and dissolve this meeting.

Board of Selectmen

The year 1980 brought to the Board of Selectmen a series of varied and challenging issues. The demand for essential and non-essential services by Town residents continued to increase, as did the cry for less government spending and less reliance upon the property tax. In response to this dilemma, the Board continued to seek more efficient, creative and professional management of Town affairs, sought in conjunction with the Planning Board to institute an effective growth management plan, and emphasized the need to develop a broader tax base and alternative sources of revenue.

At the April, 1980 Town Election incumbent Board of Selectmen David Tarantino and Roger Silva won reelection for three year terms. Shortly thereafter, Mr. Tarantino was elected Chairman of the Board. In the personnel area, the Board appointed Paul Hannigan of Falmouth as the community's fourth Director of Public Works, and charged him with the responsibility of bringing professional management to the Department as intended by the Town Charter.

The 1980 Annual Town Meeting concluded during the week of April 7th, and approved a gross appropriation of approximately \$30,000,000 to meet the operating and capital needs of the Town for Fiscal Year 1981. At a Special Town Meeting on May 27, 1980, the Comprehensive Growth Management Plan was narrowly defeated. Shortly after that defeat, the Board of Selectmen and Planning Board began the detailed process of refining the Plan to address concerns raised at the Special Town Meeting, work that has continued into 1981. The final product of that review is expected to be presented to Town Meeting representatives during 1981.

The voters of the Commonwealth approved in November the property tax cutting measures popularly referred to as Proposition 2½. Based upon this new law, the Board has begun to work with the Executive Secretary and Town Departments to ascertain the impact and implications of Proposition 2½ upon Plymouth's series and financial well-being.

Responding to the need to more effectively manage the fiscal and information functions of town government, the Board of Selectmen requested, and a Special Town Meeting in November approved the purchase of a comprehensive, interactive data processing system. At that same meeting representatives approved the purchase of the Briggs property on State Road as proposed by the Land Purchase Committee, and funded the arbitrated Police contract award.

The Board of Selectmen was pleased to announce on June 24, 1980 that the Executive Office of Communities and Development approved the Plymouth Rock Commercial Area Revitalization District (CARD). This designation will allow commercial establishments to receive tax-exempt industrial revenue bond financing, and may pave the way for state and federal funds to deal with parking and associated needs in the Downtown and Waterfront Areas.

The Waterfront received further attention during 1980 due to the efforts of the Waterfront Steering Committee, an advisory group ap-

pointed by the Board to oversee a Coastal Zone Management Grant and study of the development potential of that important resource. Following a symposium and public hearings, the Committee issued and the Selectmen adopted a final report, and the Board appointed a Waterfront Development Committee to oversee the implementation of the Plan.

Acting pursuant to the State's Community Antenna Television Commission regulations, the Board in late October of 1980 awarded the local cable television license to Campbell Communications, Inc. of Plymouth. The action followed a series of public hearings and the issuance of a final report on all cable television applicants.

During 1980, a Hazardous Waste Committee was appointed by the Board and charged with the responsibility to determine the existence, location and potential impact of hazardous wastes illegally buried in Plymouth. The Committee continues its work, which includes the installation of test wells and research into possible funding sources for removal and clean-up.

Finally, the Board of Selectmen would like to take this opportunity to thank the many Town officials, volunteers and citizens who dedicate their time and energies to insure that the Town of Plymouth is responsive to community needs, and operates in a professional, responsible manner. More than ever, that dedication and interest is needed as we face the impact of inflation, increased demand for services, and Proposition 2½.

Personnel Board

The Town of Plymouth began the 1980 calendar year operating under the Personnel By-Laws and four collective bargaining contracts. The contract between the Town and the International Brotherhood of Police Officers reached final arbitration and at the Special Town Meeting held on November 17, 1980, this contract and the contract with the Ranking Officers Group of the Plymouth Police Department were funded.

At the April 5, 1980 Annual Town Meeting, the Town voted to amend the Personnel By-Laws as follows:

7% Salary increase for Schedule B, Deputy Fire Chief, Library Director, Assistant Library Director, and Police Chief salaries effective July 1, 1980;

A one-step salary schedule for the Deputy Fire Chief position;

7% salary increase or the anticipated Federal minimum salary rate for Schedule D, Miscellaneous Compensation Schedule, except animal inspector, caretaker, census taker, public health physician, and sealer of weights and measures; deleted Clerical Aide position from Schedule D.

Related the call fire department annual and hourly rates to their respective collective bargaining agreement salary rates;

Reallocated position classes involving administrative, supervisory, recreational, and public safety classifications;

Amended Section 5, Compensation Plan by adding a new section, Section (k) providing for payment for temporary out-of-job grade services;

Added Longevity Pay benefits under Section 13A;

Added Maternity Leave benefits under Section 17A; and

Added a new section, Section 21, Professional Development.

The definition of the term, Civil Service Law, was updated in order to include the sealer of weights and measures under this law and to delete the plumbing inspector; both changes are in accordance with the current General Laws.

The maximum balance under Sick Leave, Section 15 (b) was increased from 120 days to 150 days.

The Town voted to accept the Personnel Board's recommendation to restructure the DPW Engineering Division. Effective July 1, 1980, the positions in this department include:

Principal Civil Engineer	S30
Assistant Civil Engineer	S23
Junior Civil Engineer	S17
Senior Engineering Aide	S12
Engineering Aide	S 8

The following new positions were added to the compensation and classification plans:

Police Lieutenant	P-03A
Civil Defense Director	Misc.

The Town was advised that, even though no changes are being recommended at this Annual Town Meeting regarding the request to reclassify three clerical positions to three administrative positions because the study is incomplete, recommendations will be made at the next Special Town Meeting.

The Special Town Meeting held on May 27, 1980 was called for the Goals Project only, therefore no recommendations were presented at that time.

At the Special Town Meeting held on June 30, 1980, the Town voted to add three new positions effective July 1, 1980, as follows:

Advisory & Finance Committee Secretary	S16
Assistant Town Clerk/Treasurer	S13
Assistant Town Collector	S13

At this same meeting, the Town voted to delete the following positions:

Finance Committee Secretary (Part-time)	C5
Senior Clerk-Assistant Town Clerk	C6
Senior Clerk-Town Collector	C6

To protect the Town's interests relating to the requests received for the reclassifications from the clerical group employees to the administrative group, the Personnel Board has received and placed on file signed letters from the departments and the employees involved stating it is their wishes to be so reclassified. These three singular positions were evaluated by two consulting firms, namely Charles M. Evans Associates and Olney Associates, Inc. Personal interviews were conducted and both consultants agreed to the changes recommended.

At the June 30, 1980 Special Town Meeting, it became necessary for the Personnel Board to withdraw its motion to compensate the administrative group employees for emergency snow and ice removal and sanding operation at straight time because the DPW department did not have an estimate of the cost ready for consideration at this meeting.

Included in the normal transactions for the year, decisions were rendered for the following:

Requests for new positions:	2
Reclassifications:	22
Starting salaries:	3
Job descriptions:	1
Vacation & holiday benefits:	2

Miss Canucci was elected to serve on the Selectmen's Committee to Study Civil Service. Mr. Bishop was elected to serve as the alternate.

Under Article 60 of the 1980 Annual Town Meeting, the Town appropriated \$6,000.00 to reevaluate the so-called "S-Group" positions including the fire chief, deputy fire chief, library director, assistant library director, and police chief positions. The contract was awarded to Olney Associates, Inc., Boston, Massachusetts, who began this work on July 1, 1980. The Personnel Board supplemented the consultants' reports by conducting its own independent survey of compar-

able local area positions. The Town employs approximately 550 employees. This is excluding the schools, of course. Involved with the Article 60 reevaluation are approximately 63 employees who fill approximately 54 positions. The remaining 55 titled positions are filled by remainder of the employees, which numbers about 286. These figures are the permanent, full and part-time employees and do not include the seasonal and temporary employees.

We take this opportunity to thank all persons involved with the transactions of this Board during 1980 which required 27 meetings.

Plymouth Airport Commission

The Plymouth Airport Commission wishes to report that the airport had an eventful and busy year.

Two major accomplishments at the airport were: the completion of the Airport Standards for Conduct of Persons and Business at the Plymouth Airport, and the complete rehabilitation and overlay of Runway 06/24. In August, 1980, the airport enjoyed a very successful "Fair Day", with one of the finest air shows witnessed in this area.

The Plymouth Airport continues to be an attraction for business enterprises and private aircraft owners. The commission welcomed aboard Mr. Ronald Donley of Attleboro, Massachusetts. Mr. Donley constructed a new hangar here. In addition, the airport is now the home base for approximately 155 aircraft, and 14 different businesses employing 75 people daily.

In November, 1980, the airport commission regretted to accept the resignation of Airport Manager Mr. William "Pinky" Prentice. Mr. Prentice served the Town of Plymouth and Airport in excess of 15 years, and his accomplishments were outstanding. Mr. Warren Smith was selected by the commission to manage the airport for the Town of Plymouth.

On a sad note the Plymouth Airport lost two of its finest personalities. First, Mr. Frederick Hahn, a town employee who was a kind and patient individual, contributed immensely to the beautification of the airport, and welcome atmosphere felt by many at Plymouth Airport. Mr. Hahn served as Line Supervisor at the airport for many years and his passing was a great loss to the staff and the people associated with the airport here. Secondly, Mr. Frank McNulty, who lost his life in the crash of his aircraft at Martha's Vineyard in November 1980, was a distinguished airport personality. Mr. McNulty was a member of the Plymouth Aero Club, and an ardent supporter of aviation at Plymouth for many years.

In conclusion, the Airport Commission and airport staff would like to welcome any members or community organization to visit the Plymouth Airport. The Airport at Plymouth is still considered one of the finest of its kind in the New England area.

Design Review Board

The Design Review Board meets every other Wednesday evening during the year. The Design Review Board works in conjunction with the Board of Appeals and the Planning Board by commenting on the aesthetic and visual aspects of Special Permits and Variances petitioned throughout the year. The Board has had 20 meetings during 1980 and has reviewed 75 petitions. The Board has also been asked to comment on various projects when the Building Inspector requested design opinions.

The major petitioners the Board has worked with this year were: Childs, Bertram, Tseckares Casendino & Associates, White Cliffs; Ken Parry Associates, Plymouth Five Cent Savings Bank Mall; East Bay Mall Corporation, Shopping center.

During the year the Board's two vacancies were filled by Dr. Lawrence Geller, Planning Board Designee and Kent Kopke, Realtor.

The Board strives to maintain Plymouth as aesthetically attractive for residents and tourists alike and the Board works closely with all petitioners for the betterment of the Town.

The Board will continue to meet throughout the year and in this coming year hopes to work with proposed Waterfront/downtown planning area to encourage the essentials of good design that will reflect both Plymouth's history and new use for this part of town.

The Board welcomes public attendance and input at all the meetings.

Conservation Commission

The Conservation Commission has had a very exciting year. We have many projects under way, some nearing completion, a new secretary and one new member, Richard Stafford, who replaces John Loupos, a long-time Conservation Commission member and an ardent conservationist. The Commission was sorry to see John leave and wishes him "all the best" in his future endeavors.

During the past three years we have been studying the Plymouth Ponds and the Plymouth-Carver aquifer to determine the state of eutrophication of the ponds and the reason for the apparently rapid eutrophication in many of them. Our initial study on Billington Sea was reported on in the last Annual Report. This year we began a eutrophication study of six other ponds including Halfway, Great Herring, Sandy Pond, Great South, Long and Little Long Pond, the results of which are expected in June or July, 1981. Using the recommendations of the Billington Sea report a weed harvesting program was initiated on those parts of Billington where weeds were most prevalent. This project appeared to be very successful in that the weed population during the summer was minimal and no algae blooms were observed. At this point, the Commission feels that a continuing effort must be made in order to maintain the lake as a recreational community to the Town.

A well-publicized study undertaken by the Commission was a physical, chemical and biological analysis of 41 ponds in the Town. This study provides the Town with valuable base line data on many of the major ponds and enables us to come up with a "eutrophication index" for each pond. The eutrophication index is a number related to the nitrate concentration, the phosphate concentration and the percentage of algae and weed material in the pond.

The 41 ponds studied are listed below in the order of increasing eutrophication index:

- | | | |
|------------------|----------------------|------------------|
| 1. Long | 15. Wall | 29. Forge |
| 2. Little | 16. Little Sandy | 30. Skokes |
| 3. Great South | 17. Island 39 | 31. Little Long |
| 4. Little South | 18. Gunners Exchange | 32. Savery |
| 5. Bloody | 19. Long Island | 33. Ship |
| 6. Fresh | 20. Morey Hole | 34. Bartlett |
| 7. Gallows | 21. Russell | 35. Hedges |
| 8. Micajah | 22. Island 52 | 36. Indian |
| 9. Sandy | 23. Great Herring | 37. Fresh Meadow |
| 10. Boot | 24. Little Herring | 38. Halfway |
| 11. Round | 25. Clay | 39. Spring |
| 12. White Island | 26. Big West | 40. N. Triangle |
| 13. Little West | 27. Kings | 41. Grassy West |
| 14. Ezekial | 28. Hoyts | |

These ponds with a eutrophication index greater than that of Round Pond exceeds the E.P.A. limits for eutrophic, or slowly dying, lakes.

It is obvious that a problem exists. Indications that the source of

the problem was due to a large groundwater influence came from the Billington Sea report. This fact provided the rationale for a study of the aquifer.

The aquifer study is underway and will be completed in mid-February, 1981. The product of this study will be a set of by-laws for aquifer protection and lake management, a variety of maps related to the physical and chemical properties of the aquifer, and a computer program with a user's manual which will allow the Town to predict the affect of a development on the down gradient ponds. Preliminary results indicate a high nutrient (nitrates and phosphates) concentration in upper layers of the aquifer, which feed the ponds, and a need for strict zoning to protect ponds from further eutrophication.

Plymouth Beach has always been a great concern of ours because of the necessity for continuing maintenance. Our annual Christmas tree re-cycling project builds the fore dune areas which are subsequently planted with beach grass to increase dune size and stability. These dunes provide a buffer to storm waves and should be considered expendible in the effort to protect the main dune area. As of last year we entered into a three year agreement with the R.C. & D. office of the U.S.D.A. Soil Conservation Service to stabilize the main dune area. Our share of the project amounts to \$45,000 which is 20% of the total project cost. This year eight acres of main beach area will be planted with beach grass and 2500 ft. of snow fence installed. The remainder of the project will be completed in 1982 and 1983.

Two pieces of land were donated to the Commission this year. The first is a tract of beach called Arnold Beach at Manomet Point. The second is a 17-acre parcel on Brook Road in Manomet donated by Clifford Hoytt. This is a beautiful piece of land with about 500 ft. on Bartlett Brook and Bartlett Pond.

The Commission processed a large number of wetland permits in various areas of Town, most notable among them was the State D.P.W. permit for the construction of Rte. #25. We would like to express our thanks to the Building Department for their co-operation in processing these permits and to the various members of the Commission who have spent many hours and driven many miles to administer these permits.

Committee on Inland Fisheries

Your Committee wishes to report that the appropriation for the year 1979 was expended for a May stocking program in Russell's and Sawmill's Ponds, located in North Plymouth.

The stocking consisted of 300 German Brown Trout and 300 Rainbow Trout averaging 9 to 11 inches in length. These were purchased from the Plymouth Rock Trout Company on May 21, 1980 and liberated under the supervision of Louis S. Hambly, Jr., Southeastern Massachusetts Fish and Wildlife District Manager. Provisions were made for a matching stocking by the State Department of Fisheries and Wildlife at a later date.

During the year the following ponds were stocked with trout by the State Department of Fisheries and Wildlife.

PONDS

Long Pond, Little Pond, Fearings Pond, Lout Pond, Russell's Pond, Sawmill's Pond, Big Sandy Pond and Fresh Pond

BROOKS

Town Brook, Beaver Dam Brook and Eel River

Plymouth is becoming noted for its good trout fishing and it is one of the favored fishing areas now in the State. We were fortunate this past year to receive a large number of fish from the State and the U.S. Federal Fish hatcheries. A breakdown in the number and type of fish received for stocking were:

PONDS

Eastern Brook Trout	Brown Trout	Rainbow Trout
2600	2300	16,600
BROOKS AND STREAMS		
600		200
Total	3200	16,800

The approximate value for the total number of fish received was \$23,296.00.

A small number of adult small mouthfresh water bass were stocked in Little Pond and Russell's Pond with the hope they will reproduce and provide additional sport fishing along with the trout.

No shad eggs were available for stocking in Town Brook, however, attempts are still being made to obtain eggs.

Your Committee requests that the sum of seven hundred and fifty dollars (\$750) be appropriated to carry on the Town's fresh water fish stocking program in 1981.

Recreation Activities Commission

The Plymouth Recreation Activities Commission presented a detailed budget to the Town for fiscal 1981 in the amount of \$188,451.00. The present members of the Commission are Gerald Sirrico, Chairman; Edward Borgatti, Vice Chairman; Joanne Aprea; Paul Coffin; Chester Downie; Carl Freyermuth; and Vincent Sgarzi. John Medeiros is the Commission's director with Kristine Pimental and Stephen Pimental as his full-time assistants. Tina Pasteris is the Commission's secretary.

The Spring of 1980 was highlighted by a number of Recreation Commission sponsored programs. Beginning in March, a youth gymnastics program was held under the direction of Ms. Janet Murphy at the Plymouth-Carver High School. More than two hundred youngsters participated in this program. Also in March, a one-day adult volleyball tournament was held at the Plymouth-Carver Intermediate School attracting one hundred fifty players. The month of April brought the Kite 1980 Program. Kite 1980 was held at Plymouth Beach under the direction of Mr. Alan Bartlett and Ms. Janet Boccaci. Mr. Mario Crociati and the Plymouth-Carver High School Band provided musical entertainment for this event which attracted over one thousand people of all ages. The traditional Annual Walter B. Haskell Memorial Youth Fishing Rodeo was held in May. Nearly five hundred young fishing enthusiasts turned out for this event.

From Memorial Day Weekend thru Labor Day, the Commission supervised lifeguards, swimming instructors, matrons, parking attendants, and caretakers at Plymouth Beach, Morton Park, Nelson Street, Stephens Field, White Horse Beach, and Fresh Pond. Nearly one thousand five hundred youngsters received swimming lessons at these locations. The sale of beaches and ponds parking tickets netted the Town \$19,815.00. Once again, Summer Band Concerts were held at Jenny Grist Mill.

An extensive recreational program began at the close of school in June. Under the direction of playground supervisor, Mr. Mark Tanguay, several hundred Plymouth youngsters enjoyed instruction in tennis, arts and crafts, soccer, baseball, and basketball. Programs were offered at Stephens Field, Siever Field, West Elementary School, South Elementary School, Veterans Field, and Briggs Field. Special events were held throughout the eight-week program. The Annual Fourth of July Races attracted a group of five hundred youngsters to Haskell Field. A Yo-Yo Olympics and a Frisbee Day were two new events which provided some fun for participating youngsters. The Lincoln Park Trip was a success with two hundred twenty-five youngsters attending. The All Playground Day was held during the final week of the program. One hundred youngsters showed up at Stephens Field for a day of games, races and a cook out in spite of the inclement weather.

Tennis lessons were offered to adults at Stephens Field and

Emerson Field. Two tennis tournaments were held with thirty-two adults participating.

Two new programs were organized this year. A roller skating trip was organized during the school vacation in February. Sixty-five youngsters enjoyed an evening of roller skating at the Marshfield Family Skateland. An adult volleyball program was organized in December. Fifty men and women participated in this program held at the Nathaniel Morton School on Wednesday evenings.

The Manomet Youth Center provided a wide range of activities for youngsters ages eight thru seventeen. Over six hundred youngsters were able to enjoy floor hockey, basketball, indoor soccer, baseball, and a variety of individual games and activities. A wrestling program was held in October at the Youth Center under the direction of Mr. Neal Weiss.

A chicken dinner was held for Plymouth senior citizens in August under the direction of Mr. Christian Schembri.

Progress has been made in transforming the Nelson Street Park from a trailer campground into a neighborhood park. New playground equipment was installed at this location during 1980.

The Commission would like to thank Douglass Gray, General Foreman of the Park Division, and the Park Division personnel for their assistance in maintaining the Town's fields and parks; the Plymouth School Department for allowing the Recreation Department to utilize a number of school facilities; and to the many local merchants and civic organizations who so generously donated to the Youth Fishing Rodeo.

Plymouth County Cooperative Extension Service

We are the educational arm of the University of Massachusetts, and the United States Department of Agriculture at the county level.

In addition to our County Staff, we administer a Nutritional Educational Program for limited-income families in Plymouth County, (Expanded Food & Nutrition Educational Program). We have two professional nutritionists and twelve aides, and is funded by Federal Nutrition Funds, through the University of Massachusetts, our Land-Grant College. This is for both a 4-H and Adult Program.

Areas in which our staff has expertise are Agriculture, Community Resource Development, Home Economics, 4-H Youth Program, Nutrition and Energy Conservation.

Our Expanded Food and Nutrition Program (EFNEP) has expanded from Brockton to all of Plymouth County's twenty-six towns.

In the 4-H youth phase of the program, Nutrition Assistants and volunteers work to provide education to youth, which will contribute to personal development and improvement of diets and nutrition of their families.

In 1979-80, there were 4,640 youth involved in our 4-H EFNEP Nutrition Program.

EFNEP prepared a Spanish Nutrition Newsletter to 240 Spanish speaking families and a monthly nutrition newsletter, *Kitchen Quotes*, to approximately 3,000 families. In addition, monthly columns appear in *Council for Children* news and eight *Council on Aging* newsletters, reaching 7,000 residents of Plymouth County on a monthly basis.

Since August of 1977, we have been performing energy audits for home owners. With oil at \$1.10 per gallon, this has meant an average savings of well over \$300 each for those homes. During the past two years, 1,400 homes had such an audit in Plymouth County.

In our traditional 4-H Program, we have 1,108 members with 28,777 other youth participating in our short-term and school programs. The 1977 population of Plymouth County schools was 96,287. This means 29.8% of Plymouth County youth have been involved in our programs this year.

In the town of Plymouth, there were 2,625 youth that participated in these programs.

A total expense of \$300.00 was incurred during the year for the purchase of material needed in carrying on the various Extension Programs. The appropriation made by your town was used for residents of the town and expended as follows:

Books & Manuals Purchased for Town Officials	\$27.12
Bulletins, Paper, etc.	176.16
4-H School Programs, Environmental Center	76.56
4-H and Home Economic Leader Expense	20.16
TOTAL	\$300.00

Report of the Town Accountant

I herewith submit my report of the financial transactions of the Town of Plymouth for the fiscal year ended June 30, 1980.

An overdraft of \$6,353.46 in the Town Debt and Interest Account exists as of the close of the year due to the incurrance of unexpected interest expenses due to the recipients of tax abatements.

The following unpaid bills remain on file in this office:

Selectmen: Contractual Services (Advertising)	\$216.00
Legal: Professional Services	182.99
Police Patrol: Contractual Services (Medical)	51.00
Health: New Equipment	186.98
Library: Books and Periodicals	1,146.60
All Town Insurance	14,421.75

The several schedules are in the following order:

Schedule A: Cash Receipts and Cash Payments as reported to the Bureau of Accounts of the Commonwealth for the fiscal year ended June 30, 1980.

Schedule B: Department and all special appropriations and such receipts, including Federal Grants, as may be legally expended, and all payments from the same, classified as to account, for the fiscal year ended June 30, 1980.

Schedule C: Estimated Receipts, other than from local taxes, as used by the Assessors in setting the fiscal 1980 tax rate. The schedule also shows the actual receipts from the same sources.

Schedule D: Revenue Account for fiscal 1980.

Schedule E: Excess and Deficiency Account.

Schedule F: Balance Sheet as of June 30, 1980.

Schedule G & H: Bonded indebtedness, July 1, 1980, including projected payments of principal and interest for fiscal 1981.

Schedule I: Trust and Investment Funds, June 30, 1980.

Schedule J: Calculation of the Town's borrowing capacity as of June 30, 1980.

Schedule A

Schedule H

July 1, 1980

URBAN RENEWAL PROJECT NO. MASS R26

Three percent bonds dated August 1, 1963,
payable \$20,000 annually 1964 to 1983.
Maturity Date 1983 \$80,000

SEWERAGE SYSTEM AND TREATMENT FACILITIES

Four percent bonds dated February 15, 1968,
payable \$45,000 annually 1969 to 1974 and \$40,000
annually 1975 to 1988, and \$4,400 note payable in 1969.
Maturity Date 1988 \$320,000

WATER CONSTRUCTION

Five and nine tenths percent bonds dated July 15, 1970,
payable \$30,000 annually 1971 to 1980.
Maturity Date 1980 \$30,000

WATER CONSTRUCTION

Four and seven tenths bonds dated July 15, 1971,
payable \$75,000 annually 1972 to 1981.
Maturity Date 1981 \$150,000

SEWER CONSTRUCTION

Four and one quarter percent bonds dated April 15, 1972,
payable \$20,000 annually 1973 to 1978 and \$15,000
annually 1979 to 1982.
Maturity Date 1982 \$30,000

SCHOOL CONSTRUCTION

Five and two tenths percent bonds dated June 15, 1976,
payable \$330,000 annually 1977 to 1980 and \$325,000
annually 1981 to 1985.
Maturity Date 1985 \$1,620,000

SCHOOL CONSTRUCTION

Five and two tenths percent bonds dated June 15, 1976,
payable \$270,000 annually 1977 to 1979, and \$265,000
annually 1980 to 1985.
Maturity Date 1985 \$1,320,000

Assessing Department

Fiscal 1980 Tax Bills were mailed to taxpayers on January 10, 1980. The tax rate of \$22.00 per thousand dollars of assessed valuation reflected an 80° decrease from Fiscal Year 1979.

Appellate Tax Board heard and decided over 100 appeals brought by taxpayers in the aftermath of 100% revaluation in 1979. The Assessors prepared and defended each case and were gratified by the results. Decisions promulgated by the Appellate Tax Board rarely resulted in abatements of more than five percent of the amount in dispute. The Board disposed of an additional 200 cases through technical disqualification and negotiation.

State-owned Land Case

The Board of Assessors opposed the value of the state-owned land and obtained a 29% increase in value. This resulted in an increase of State reimbursements of \$300,000 per year in cherry sheet receipts. Over the five year life of this Appellate Tax Board decision, the Town will realize \$1.5 million in State aid.

Classification

Six Percent Increase in Values was ordered by the State for residential properties in Plymouth. The Assessors were successful in lobbying the Department of Revenue for an across-the-board factoring program which does not shift a heavier tax burden on homeowners. This increase is reflected on Fiscal 1981 real estate tax bills.

Classification put into effect by order of the Department of Revenue for Fiscal Year 1981. The Assessors placed all properties in the Town into one of four classes: Residential, Commercial, Industrial or Open Space. The Assessors formulated guidelines for Open Space classification and so classed over \$17 million worth of undeveloped land. The Town chose a factor of one and a zero homestead exemption. This resulted in a Fiscal Year 1981 tax rate of \$21.00 for all classes of property. There were over 5,000 changes submitted on real estate due to classification improvements, name changes, and additions. There were over 1,500 inspections completed by the Assessors Office.

Fiscal Year 1981 Tax Bills were delayed due to both hardware and software problems at our computer service contractor.

Advisory Opinions of Value were provided by the Assessors to the Selectmen in regard to

- Central Fire Station leasing
- Purchase of the 800-acre Briggs estate
- Gift of 125 acres to Town by Messrs. Snow and Garland

Assessment Ratios announced by the State indicate that property in Plymouth is being assessed at 97% of full and fair cash value. This is the third highest ratio in the Commonwealth and reflects the excellence of Plymouth's Revaluation Program. No town with a comparable EQV or number of parcels even comes close to our assessing performance.

Planning Board

1980 was a year of many major events for the Planning Board. The Board completed the Comprehensive Plan and Capital Improvements Program and these were passed by the Town Meeting. Various zoning amendments designed to more effectively implement the plan were turned down by a narrow margin.

The composition of the Board changed radically as a result of the resignations of Mr. Robert Barnes and Mr. John Sherman Breen. It was with deep regret that their resignations were accepted. Both Mr. Barnes and Mr. Breen had served on the Board through many of its most trying moments. Mr. Breen had served on the Board for four years and Mr. Barnes for eight. Both contributed substantially to the setting of Goals for the Town and to the Comprehensive Plan.

Mr. Cotti was returned to the Board by the voters. The Board's organization remained as follows:

Louis J. Cotti, Jr.	Chairman
Michael F. Babini	Vice Chairman
Robert G. Barnes	Clerk
Joseph A. Balboni	Clerk Pro-tem
John Sherman Breen	Member

Mr. Barnes was replaced by Mr. William Shaw at a joint meeting of the Board of Selectmen and the remaining members of the Planning Board on August 12, 1980.

Mr. Breen was replaced by Mr. Robert Pontbriant by a similar meeting on September 9, 1980. In both cases, a large number of applicants expressed their interest in the Board and its work. The Board subsequently re-organized on September 16, 1980 as follows:

Louis J. Cotti, Jr.	Chairman
Michael F. Babini	Vice Chairman
Robert P. Pontbriant	Clerk
Joseph A. Balboni	Clerk Pro-tem
William A. Shaw	Member

The Staff of the Board has changed with Ms. Theresa David replacing Leslie Tilley as Junior Clerk and Julia Ess Buckley replaced Sandra Morini. Ms. Morini's departure is also viewed as a special loss to the Board. Sandy had been with the Board for seven years and was thoroughly familiar with every aspect of the Board's work. She was an invaluable resource and will be sorely missed.

The Board met regularly on Tuesday evenings at 7:30 in the 3rd floor meeting room. During the spring, many additional meetings were held in locations throughout the Town to discuss the Growth Management Plan. A Saturday meeting was held in January to make the initial presentation of the plan.

With respect to its duties under the Subdivision Control Law, the Board acted as follows:

Definitive Plans:	Number	Number of Lots
Approved and endorsed	2	55
Rescinded	2	11

Preliminary Plans:

Approved	1	24
Disapproved	3	1138
Pending	1	873

Approval not required Plans:

Signed	69	147
Not signed	17	
'Pork chop' Lots		6

The Board also acted on approximately 115 zoning applications, including twelve questions of suitable access. Among the major projects which the Board considered and reported on to the Board of Appeals were the Heritage Hills Master Plan (1500 units on 1,000 acres) in the Cedarville section of Plymouth, The Plymouth 5 Cents Savings Bank shopping mall on Water Street with approximately 30,000 square feet of commercial space, petition by D.C.R. Trust for a mobile home park of 130 units off of Old Sandwich Road, and a proposal for 60 'Town houses' off Long Pond Road across the street from PCIS.

The Board also prepared an amendment to the Town Bylaws to require developers to pay for independent studies of the impact of their projects. Town Meeting subsequently adopted this amendment.

Community Development Plan

The Planning Board and Board of Selectmen worked very hard to develop a plan and associated components. The Town could not have accomplished all of this without the help of the firm of Metcalf and Eddy and particularly Bill Rizzo and Gail Scott. In addition to the plan itself which set targets for the location and rate of population growth, school children, jobs and housing units, various studies were made including one on the impact of the proposed Pilgrim II nuclear powered electrical generating station. A Housing Assistance Plan was also developed and approved in conjunction with the Regional Areawide Housing Opportunity Plan. An important element of the plan was a Public Facilities Plan and Capital Improvements Program which phases capital projects over the twenty year planning period. This program was developed before the passage of proposition 2½ and will need further modifications in its light. A number of implementing amendments were proposed: a village services area map and rezoning to match it, an adequate public facilities (water, sewer, roads, schools) bylaw for developments, a rural residential development control, a series of environmental protection bylaws including one to protect Plymouth's vast groundwater aquifer against pollution, a revised mobile home PUD bylaw and various housing bylaws including one allowing accessory apartments in existing homes. The plan was passed strongly by Town meeting but the bylaws failed to get the needed 2/3's vote by a narrow margin. The Board intend to return to the 1981 Annual Town Meeting with a package modified in accordance with regard to the comments made in opposition to the implementation package.

Data Inventory

With the installation of the Town's computer, the Town's data base will be substantially improved. The work done in conjunction

with the plan has added information concerning the physical and institutional characteristics of our Town.

Subdivision Control

The Board has made a number of revisions to its subdivision control regulations including modifications to requirements for drainage, and fire protection. The Board also developed amendments proposed by the PDIC.

Zoning

The Board considered and reported to Town Meeting on a number of zoning amendments in addition to those proposed to implement the comprehensive plan. The Board recommended against rezoning an area of North Plymouth to LI — light industrial, against a provision allowing the Board of Appeals to grant any petition for a use variance. None of these proposed amendments was adopted. The Board developed and recommended favorably on an amendment creating a special zone for the Cordage complex to combine the light industrial zone with the waterfront zone and permit a broader range of uses in the complex.

Transportation

The Town was successful in its efforts to get a commitment from the Mass. D.P.W. to use an alignment for Route 44 which did not negatively impact the Parting Ways Cemetery and Plymouth Industrial Park. Part of this project includes improvements to the intersection of Route 3 and the existing Route 44 (Samoset Street). The transportation study performed by the Old Colony Planning Council has resulted in a number of recommendations to improve transportation through and within the central business district.

Water and Sewer

The Capital Improvements Program as adopted includes a schedule of improvements to these systems.

Open Space and Recreation

One of the Goals programs recommendations included the formation of a committee to look into the purchase of land for future use. This committee was formed in 1980 and recommended the purchase of the bulk of the Briggs Estate to preserve it for the future. This recommendation was accepted by a Special Town Meeting in November and the property is being purchased. In addition, a gift of some 100 acres in South Plymouth was recommended for acceptance and subsequently accepted by the Selectmen.

Economic Development

In addition to the creation of the LI/WF zone, the Board's staff prepared a successful application for designation of Plymouth Center as a Commercial Area Revitalization District (CARD) making low interest loans available to commercial ventures in the area. The Waterfront Development Plan was completed and approved and various components implemented. Working with the PDIC staff, the

Board's staff has prepared an application for further planning funds from the Mass Office of Coastal Zone Management.

Conclusion

The Board deeply regrets the resignation of Mr. Barnes and Mr. Breen from the Board and that of Mrs. Morini from its staff. The year has been one of mixed successes. The Comprehensive Plan was adopted but the implementing amendments were not. The Housing Assistance Plan, CARD Plan and Waterfront Development Plans were all adopted. The Board will continue its efforts to implement the plan more affirmatively and also to pursue one of the more intriguing proposals for use of our land resources, that of a high-technology Planned Unit Development.

Old Colony Planning Council

It is again our privilege and pleasure to present this yearly report outlining the activities of the Old Colony Planning Council. During the past year the Council was again involved in a broad spectrum of activities which either have or will significantly benefit the member communities and the citizens of the Old Colony region. These activities have also resulted in important accomplishments for the Old Colony Planning Council.

During the past year the Council applied for and was designated as the Area Agency on Aging (AAA). This designation was the result of a highly competitive process in which elderly service and planning agencies were evaluated by the State Department of Elder Affairs.

The designation adds a new planning responsibility which will enable the Council to plan for the allocation of federal funds and to coordinate services for the elderly under the Older Americans Act. The Council is the first and only regional planning agency in the Commonwealth to be designated as an AAA which is viewed as a new approach by the state in providing for the care and problems of the aged. In this new role the Council will be responsible for monitoring and evaluating the provision of services to the elderly.

The designation of the Old Colony Economic Development District (EDD) this past year by the Economic Development Administration, was the result of eight years of effort by the Council. Prior to this designation, the Council conducted its economic development planning on a part-time basis. The designation and the resultant funding have allowed the Council to mount a full-time economic development planning and programming effort.

Other important activities of the Council in the past year included: a Comprehensive, Coordinated and Continuing Transportation and Transit Planning effort; and, Planning for the land use, housing and water quality needs of the area's communities. During the year the Council moved to new offices at 9 Belmont Street in Brockton which has facilitated increased efficiency in the Council's planning activities.

We attribute our accomplishments during the past year largely to our ability to develop a close working relationship with our locally elected officials; the state administration, and the representatives of the various federal funding agencies.

This past year was a particularly rewarding year for us as your delegates to the Old Colony Planning Council. We again look forward to serving you with confidence that we can achieve a higher level of accomplishment that will continue to build upon our past efforts. Towards this end the Council will be placing more emphasis on technical assistance to our member municipalities in assisting them in dealing with the problems of the eighties.

Plymouth Redevelopment Authority

The Plymouth Redevelopment Authority Officers for 1980 were John Droege, Chairman, Robert Wollner, Vice Chairman, James L. Pierson, Treasurer, George DiLido, Secretary and Leon Wilson, Loan Approval Officer.

During 1980, the Plymouth Redevelopment Authority focused its interest in the Bradford Area of Plymouth. This unique Area was chosen because the Authority has a long-standing interest in the preservation of Plymouth housing stock, in particular historic housing of the Town. A neighborhood steering group, known as the Bradford Committee has been formed. This Committee is composed of residents, owners and tenants of the Area. Research on this Area has uncovered a lively historic background which is documented in a report that the Authority has published this year, along with possible rehabilitation funding sources applicable to the Area. It is possible, that during this coming year, these sources will become instrumental in providing design scenarios, energy audits and infra structure work for the restoration of the Bradford Area.

As an on-going program, the Authority administers the HUD Section 312 Rehabilitation Loan Program for the Town. In addition to helping low & moderate income families rehab their single or multi family homes, the Authority has encouraged the use of this program for historic rehabilitation in an attempt to preserve this Town asset and product of history from further decay and deterioration. The success of this program in Plymouth is evidenced by HUD's issuance of loan approval to the Authority as proof of a proven, successful performance in running the Section 312 Loan Program, and can be regarded as proof of the Town's capacities in working with Federal Programs. During 1980, the Redevelopment Authority processed nineteen loans, with a processed value of over \$320,000.

Plymouth Development & Industrial Commission

Nineteen eighty was a year of transition for the Plymouth Development and Industrial Commission which saw changes in the membership and staff.

Four members of the Commission completed their terms this past year and the Commission wishes to thank the following for their dedication and work for the Commission and the Town of Plymouth: Elizabeth Finch, Jack B. Meehl, Jr., John J. Gallant and Anthony Cordaro. In July, the Board of Selectmen appointed three new members, Robert L. Messier, Aileen Droege and Michael Hull to succeed them. Mr. Messier was elected Chairman of the Commission in August.

Melvin G. Coombs, who served the Commission as Executive Secretary for the past fourteen years, retired May 31st and the Commission named Gregory L. Collins as his successor. Mr. Coombs was honored by the Commission, Town Officials and Representatives from the state, in June, for his work and achievements in promoting economic development for the town during his tenure as Executive Secretary for the PDIC.

Mrs. Henrietta Prout, secretary for the Commission for over the past ten years, retired on December 31st and Mrs. Joan Flynn was hired in her place. The Commission would like to thank Mrs. Prout for her dedication and service to the Commission and Town.

In the Industrial Park, during the year, construction was completed on new buildings for Atlantic Design and Construction and Bartlett Consolidated. Plans have been approved and work has begun on a new 34,000 sq. ft. building for Capri Kitchens. The Plymouth Industrial Development Corporation has begun construction on the new Richards Road extension off Industrial Park Road which will open up nine new lots in the Park.

FAVA Control Systems, presently in Cedarville, announced plans to locate in the Park and plan construction of a 10,000 sq. ft. building to be completed in 1981.

In the past year, the Commission has been very active in the promotion of economic development in the commercial areas as well as the industrial zones. The Board of Selectmen designated the Executive Secretary to the PDIC as the Commercial Area Revitalization District (CARD) representative to assist businesses located in the district to obtain approval for low interest financing for expansion and improvements to their buildings.

The Commission aided the Plymouth Five-Cents Savings Bank in receiving bonding approval for the construction of the new Village Landing on the Waterfront. Construction is scheduled for completion by late summer, 1981, and will provide 18,000 sq. ft. of new retail space and 9,000 sq. ft. of new office space. Plymouth Marine, Inc. also received bonding approval for the dredging of their harbor area and the construction of new marina facilities. In addition, the Commission worked with the Central Fire Station Committee in attracting

developers to submit proposals for the redevelopment of the building located in the center of downtown.

In cooperation with the Executive Secretary and Town Planner, the Commission assisted in the preparation of grant applications to Coastal Zone Management for continual support for improvements to the Town Wharf area. The Commission is working with the Waterfront Development Committee to assist in the promotion of the Waterfront to attract development that is in conformance with the recently completed Waterfront Study Plan.

With the participation of the Plymouth Industrial Development Corporation, Chamber of Commerce and the State Department of Employment Services, the Commission sponsored the first annual Business Fair in October. Twenty-one Plymouth area companies displayed their products and services in booths at the Central Fire Station where over 3,000 people visited throughout the day. The fair provided an opportunity for Plymouth area residents to learn about the many different products made in Plymouth and employment opportunities with the businesses on hand. The Business Fair is planned again for Fall of 1981.

Although state funding for the Business Information Center Network was discontinued in 1980, the PDIC office has continued to provide information to the Plymouth Business community for help on zoning issues to financial assistance. The Commission has provided a new business memo that keeps the business community informed of town activities that relate to them.

The Commission looks forward to 1981 to continue in its efforts for the promotion of economic resources within the Town resulting in the expansion of our tax base and an increase in employment opportunities for our citizens.

Board of Appeals

The Board of Appeals has regularly held meetings on the first and third Tuesdays of each month to hear and decide applications for special permits and variances in accordance with the requirements of Plymouth's Zoning By-Law. During 1980, the Board held 31 meetings and acted on 81 petitions. This is an increase in both the number of meetings and the number of petitions from the previous year.

Several major matters were heard by the Board this year. They included the Plymouth Landing Waterfront development; expansion of a marina; a proposed winery in South Plymouth; the Heritage Hills development; and three petitions involving mobile home parks.

Four appeals were filed against decisions rendered in 1980. Several appeals filed against decisions of the Board in prior years were dismissed this year; in every case the Board's decision was upheld.

In June of 1980, Eugene V. Blanchard was re-appointed as a regular member of the Board for a three-year term. Alternate members A. Charles Caranci, Jr. and David R. Pierce were reappointed for a one-year term.

On September 30, 1980, the Board re-organized and voted unanimously to re-elect Eugene V. Blanchard as Chairman, Everett L. Hale as Vice-Chairman, and Richard M. Serkey as Clerk.

The Board will continue to meet regularly and looks forward to another busy year.

Board of Health

Environmental Health Private Sewage Disposal Systems

1979		1980	Change
Permits for New Systems	222	202	-20
Permits for Repairs	35	29	-6
Final Sewage Inspections	228	181	-47

All sub-surface sewage disposal systems installed in Plymouth since 1963 use as it's primary component a septic tank or a modified septic tank which requires periodic maintenance by the homeowner to prolong the life of the leaching system.

Septic tanks require little supervision; they rely upon settlement of solids and anaerobic digestion.

The major operation required is periodic de-sludging.

For a copy of your sub-surface sewage disposal system contact the office of the Plymouth Board of Health.

Environmental Inspections and Investigation

Of the 175 recorded complaints received by the Health Department, 108 dealt specifically with housing violations. This is a very severe increase over previous years and I hope it does not reflect what lies ahead.

Most of the problems could have been resolved between the landlord and tenant, each of which has a moral as well as legal obligation to the other. Unfortunately this is too often forgotten, with the end result being unfortunate for all involved.

Immunize Your Child (300-9-79-152239)

No one is more concerned with your child's health than you, the parent. It is therefore your responsibility to keep accurate records of your child's immunizations. You are required by state law to have your child immunized against polio, diphtheria, pertussis, tetanus, measles, rubella and mumps for school and day care entry. Lifetime Health and Immunization Record booklets can be obtained from the Plymouth Health Department, the Jordan Hospital or from your physician, along with a pamphlet re: Immunization.

Plymouth Community Nurse Association

Since 1916 the Plymouth Community Nurse Association, Inc. has been serving all of the citizens of the Town of Plymouth through its many programs. These programs have included visits to new mothers of all ages and their infants, Well Child Conferences for infants and pre-schoolers for those parents who wish to use those services for family budget reasons, communicable disease prevention and follow-up, and health education and counselling of all citizens, but most particularly senior citizens. We feel very strongly about reducing readmissions to medical facilities following catastrophic illness. Therefore, we provide health maintenance visits to those individuals who we feel are at-risk to rehospitalization. We maintain a walk-in clinic in our offices for conduction of much of this work.

In recent years we have added an Early Childbearing Program with the assistance of federal funding which provides nursing and social service to our adolescent population.

The Church of the Pilgrimage provides space for the Well Child Conferences. Health counselling sessions are conducted in various sites as arranged through the area Council on Aging.

Visits to the homes of this community are conducted by our professional staff of Public Health Nurses, physical therapists and social workers. We are currently providing mental health services through our Department of Mental Health sponsored Aftercare Program, which prevent psychiatric hospitalization, as well as supportive community services once discharge has occurred.

Many citizens of our community do not realize that the services which are provided in behalf of the Board of Health are rendered by not only one nurse as in years past, but there is the availability of the entire professional staff of the agency.

We are very pleased to be able to serve you and wish all of the citizens of Plymouth good health. From all of us at 22 Summer Street ... thank you.

Fiscal 1980 Statistics

180	Maternity
	90 Postpartum
	90 New Born
8	Infant Health Guidance
2	Preschool Age Health Guidance
2	School Age Health Guidance
64	Adult Health Guidance
2	Acute Communicable Disease Follow-up
258	TOTAL visits made in behalf of the Plymouth Board of Health

In addition there were 163 post partum encounters.

257 Mantoux tests for tuberculosis were given for food handlers,

nursing home employees, etc. in the office. 257 follow-up office visits were made to read the tests. This represents 514 encounters.

14 On-Site Mantoux testings were performed at local restaurants and summer camps involving 323 individuals.

11 Well Child Conferences were held with 198 visits made.

An On-Site Immunization Clinic was done at the Plymouth-Carver High School. 200 immunizations were given to 191 individuals.

10 X-ray Clinics were held. 50 individuals were X-rayed and examined.

Antepartum figures do not appear in the above statistics because of the State funded Early Childbearing Program. The Early Childbearing Program Staff made 824 visits.

Plymouth Public Library

It's a noisy Library, not tomblike or hush-hush. Due partly to this popularity, partly to claustrophobic, overcrowding in turn-of-the-century buildings designed for a town of 12,000 now pressed to serve 35,000, the Town Meeting approved \$197,000 in Library renovation funds. Passage culminated two years of work by the Town's Site Study Committee led by Chairman Carl Groetzinger. Plymouth Architect Nicholas Filla won the contract, and began immediately to work closely with the Plymouth Public Library Corporation's Building Committee on designs and plans.

Renovation plans reveal these benefits: full access to reference and most non-fiction in one building; increased space and improved visibility; resurrection of quiet reading areas; 80% of the collection housed on the first floor; noisier administrative and technical functions upstairs away from public space; roomier circulation adjacent to a new, centered main entrance; an enlarged, redone Youth Services Dept. gained from unused basement space; and for the first time, a small office for the research staff, whose projects presently enjoy homes in cardboard boxes.

As an interesting aside, preliminary energy and conservation planning for the renovation showed the North St. buildings to be sound. Measures suggested allowed the Library to make a spectacular 15% fuel saving by reducing thermostats. Energy conscious Plymouthans likewise continued to rely on the Library's Bookmobile to help personal gasoline savings. Bookmobile circulation in 1980 soared to 17,905.

Not considered a Town "lifesaving" service by many, concern by users over Proposition 2½'s effect on the Library ran high. Cherished services long-enjoyed, programs, audio-visual materials, extended hours, and outreach, will suffer cuts dependent on the severity of the 2½ shortfall. Availability of books and current information for all, regardless of social or economic status, basic services on which free public libraries were established, are in real jeopardy when community information needs and inflationary pressures are escalating.

Caught between deteriorating purchasing power and "galloping" demand for added information, the Library Staff hailed Town Meeting's approval of computerization. The Library System has the largest, continuously maintained data file in Town. Incorporation into the Town's computer is of equal significance to renovation for the future of Plymouth's library services. Automation, swift, efficient, and accurate access to information, can free Staff from labor-intensive, manual data maintenance, to perform vital research, referral, and acquisition services. In light of potential Prop. 2½ staffing cuts, labor-saving is singularly important.

Staff changes slowed somewhat in 1980. Senior Technician Janet Nourse, Librarian Kathryn Battillo, and Custodian Thomas Govoni resigned. Technicians Lee Towns, Carolee Nielsen, Rene Reposo and Robin Nelson, Librarian Cheryl Cannistra, and Custodian David Sousa joined the staff. Technician Towns was promoted to fill Ms. Nourse's position.

For the first time in years, the Library System had adequate professional staff for needed tasks, including removal of dated books to ease crowding until renovation. A full roster of certified Librarians in place brought implementation of a long-planned reorganization into departments, each supervised by a Librarian accountable for function and output. In 1980, the Public Services Dept. under Librarian Susanne Andrews, registered 2450 borrowers and circulated 224,647 items between Jan. and Dec., including 58,307 loaned by the Manomet Branch, supervised by Librarian Cheryl Cannistra. Youth Services, under Librarian Kitty Lyons' leadership, sponsored 380 successful activities for 7800 youngsters. The Research Dept. under Librarian Nancy Zollinger responded to 5873 queries from clients of all ages. Behind the scenes, Technical Services Dept. Librarian Sandra Hurd and her staff acquired and catalogued 3,000 items, plus an additional 706 interlibrary loans for Plymouth researchers.

Eight Staff members participated in continuing education in 1980, going back-to-school for subjects as diverse as Management Techniques and Genealogy Research, and to update skills to meet community needs and changes in national library practices. In-house workshops for Staff unable to take course work were held as well.

Above and beyond tax revenue, the community supported the Library: the Plymouth 350th Anniversary Committee donated \$7,500 for the preservation of historic books and documents. Items relating to Plymouth history will get first attention. Immanence of this 350th history project, brought in \$666 in matching funds from the Massachusetts Council on the Arts and Humanities for conservation of old Plymouth photographs. The Kiwanis of Manomet and the Manomet Business Association rescued the Manomet Branch Library with a gift of materials for remodeling an unused basement, to allow simultaneous programming during regular hours without inconvenience to other Library users. Plymouth Dept. of Public Works will complete the work. In addition, the Czechoslovakian Relief Fund donated \$1,000 to the Library's Literacy project. The Library is deeply grateful to all those individuals who have given their time so cheerfully to help with programs, behind-the-scenes functions, and Friends of the Library events.

Current Directors on the Board of the Plymouth Public Library Corporation are Rosemary Barber, Troy Creane, Russell Blake, Ronald Holmes, Elizabeth Fantoni, Adele Manfredi, Lawrence Geller, Otto Fehlow, Fay Meltzer, Sandra Moreland, Nancy Orton, Jeffrey Kapell, and Board President, Phyllis Johnson. The Plymouth Public Library Corporation is a non-profit corporation dedicated to the provision of Library Services for the Town of Plymouth.

Library Advisory and Site Study Committee

The Library Site Study Committee, having determined that the three areas of need in the existing Main Library building were quiet space, additional floor area, and a more secure and efficient building utilization, began working with architect Nicholas Filla, Plymouth Architects Inc., to develop a plan and estimate for renovations.

The Committee met regularly with the architect throughout the year to develop the preliminary plan, and presented that plan to the Annual Town Meeting. Town Meeting gave unanimous support for the funding of the design and the renovation projects.

The architect began the design phases of the project in July, and work on the drawings was complete by the end of the year. 1981 should see the construction phase of the project, a project that began in 1977 with the formation of the Site Study Committee.

Veterans Administration

On July 21, 1980 the Veterans Administration celebrated its 50th Anniversary. The nation's veteran population, as of September 1979 was 30,072,000. The number of women veterans increased by 30,000 last year and has now reached 679,000. It continues to grow annually.

During fiscal year 1980, several new legislation became law. Public Law 96-466, Vocational Rehabilitation Act, improves education training, and employment programs for disabled veterans. A 17 percent increase in vocational rehabilitation (Chapter 31) was granted. The law increased Vietnam era GI educational benefits by 5 percent effective October 1, 1980 with an additional 5 percent scheduled for January 1, 1981.

Public Law 96-385, Disability and Housing Benefits, increases compensation rates by 13 percent for those rated 10 to 40 percent disabled, and more than 14.3 percent for more seriously disabled veterans. Dependency and indemnity compensation rates for surviving spouses and children of veterans were increased by 14.3 percent. The legislation also increased from \$25,000 to \$27,000 the amount of a VA home loan guaranty for conventional homes, mobile homes from \$17,500 to \$20,000; payments up to \$5,000 for special housing adaptations for specific disabled veterans. A milestone was reached in 1980 when the 10 millionth home loan was guaranteed.

Public Law 96-449, Hostage Relief Act of 1980 was passed October 14, 1980. It will provide certain benefits to the individuals held hostage in Iran that were recently released.

The Department of Defense announced that April 1, 1981 will be the deadline for filing discharge review application for certain veterans.

A record 566 million dollars was paid to some 4.1 million veterans holding GI life insurance policies during the year 1980 on their anniversary date. Massachusetts has a veteran population of 1 million.

Veterans' Services

One of the prime functions of this office continues to be obtaining Federal funds and services. During the year 1980, the sum of 1.9 million dollars was distributed in the town of Plymouth at no cost to the local taxpayers. This involved considerable research, processing and documentation. In addition, our veterans were provided with over 1200 hospitalization days at four different VA hospitals. Since the local per diem inpatient rate approved by the Rate Setting Commission is \$238.81, an equivalent of nearly \$300,000 in savings were processed. This does not include out-patient services, treatment, prescriptions, medicines, prothesis and dental services.

Veterans' Services is a state program. When properly processed and authorized it is refundable to the town. A combination of Federal and state refunds makes this Department self-supporting.

Last July, due to the rising cost of living the Commissioner of Veterans' Services authorized a 6% increase in benefits to eligible recipients. The Rate Setting Commission also authorized increases in all medical services. Fuel costs continue to rise also with no changes in the budget.

During 1980, we completed our first year with a state mandated computer program. Plymouth continues to increase in veterans population.

I wish to express my thanks and appreciation to all agencies who have cooperated with this department and to our staff, Mrs. Goduti, Mrs. Torrance, and Miss McKenzie.

Council on Aging

The aging network of the Old Colony area was restructured and reorganized during 1980. State Secretary of Elder Affairs Thomas H.D. Mahoney designated Old Colony Planning Council as the area agency on aging. Plymouth Selectmen approved the appointment of Genevieve Ash and Chris Schembri to the Advisory Council of the new area agency on aging.

The Council on Aging managed to expand its programs through federal and state grants. This year, the stress was on quality of services to the elderly of our town. The CETA program continued to provide supplementary staff to assist on the shuttle bus service, to operate the nutrition program, to assist in socialization and educational programs, and to perform clerical duties at our senior center. The following senior center staff were on board at the close of the year: Michelle Hartigan, Dorothy Hay, Sandra Jones, Diane Clarke, Janis Bowes, Tammie Ambrose and Patricia Livingston.

Senior Aides compose another segment of our senior center staff. This program, funded under Title V of Older Americans Act, is for persons with limited incomes who are 55 years of age and older. Senior Aides generally work 20 hours per week. The following Senior Aides were employed at the senior center when 1980 ended: Faith Fenwick and Anna Powers, Dispatchers; Mary Talisano, Nutrition Statistician; Robert Rogers, June Martin, and Barbara Ruffini, Nutrition Aides; Mary Gomes, Meals on Wheels Driver; Lola Johnson, Secretary; Edward Johnson, Accountant; and Lucy Sears, Assistant Accountant. John Horan and Dorothy West delivered Meals on Wheels under the state Elder Service Corps program.

The quality of services for our elderly was guaranteed when our Council on Aging received notification of a grant award under Title III-B of Older Americans Act for the hiring of three professional staff members in the areas of advocacy, group activities and supportive services to the homebound. Frank Creane was appointed to establish an ombudsman program to assure elders in nursing homes and in isolated situations that all their rights, benefits and entitlements are protected. The ombudsman program extends throughout Plymouth County and utilizes Senior Aides, Elder Service Corps and volunteers.

To develop a broad range of group and individual activities and services for older people inside and outside the senior center walls the Council on Aging chose Lee Anderson. Group Activities were extended to South Plymouth where a 10-week humanities course was conducted at the Old School House in Cedarville. Programs at various locations throughout our town included arts and crafts groups, health/exercise sessions, the programming of individuals with special needs. Lee Anderson also published a monthly activities newsletter and established linkages with other agencies for the development of a hospice program and widows/widowers group.

A third professional position filled through our Title III-B grant was that of supportive services coordinator to the homebound elderly. Nancy Merica was chosen for this task of reaching out to elderly with greatest economic and social needs in our community. Nancy

oversees our meals on wheels program, evaluates the recipients, visits and assists elderly at risk, intervenes in crisis situations, advocates for housing, makes referrals to other agencies and follows through on cases referred.

One of the basic needs of the elderly is mobility. To fill this need, the Council on Aging operates two vans under a Dial-A-Ride system, enabling our senior citizens to overcome isolation and loneliness. The elderly use this service to do their shopping, to keep professional appointments, to get to the nutrition site for the daily congregate meals, to attend club meetings and group activities, and to commute to their volunteer jobs. In order to ride the shuttle bus, seniors must telephone their request for a ride reasonably in advance. For morning pick-ups, calls may be made the previous day; for afternoon pick-ups, calls may be made in the morning before 12 Noon. Our phone number is 746-4014.

The following comparative record of the years 1973 to the present is taken from our shuttle bus log and shows the growth in volume of riders:

Month	Total Passengers Carried		
	1973	1975	1980
January	928	1495	1875
February	721	1390	2015
March	670	1873	2162
April	988	1577	2085
May	902	1494	2154
June	975	1726	2310
July	1220	1722	2334
August	1401	1829	2250
September	936	1568	2389
October	1248	1701	2430
November	1271	1747	2020
December	1464	1506	2334
Total Carried:	12,724	19,628	26,358
Average Monthly:	1,060	1,636	2,197
Average Daily:	53	82	110

By contract with the Plymouth Community Nurse Association, the Council on Aging sponsored blood pressure clinics, flu shots, health education, and health counseling concerning medications, diet, weight, and nutrition. During 1980, the following attendance was recorded:

Month	No. of People Seen	Month	No. of People Seen
January	146	July	135
February	137	August	113
March	144	September	177
April	150	October	164
May	140	November	625
June	119	December	139

Total number of People seen: 2,189

Average number seen monthly: 182

On July 29, the Board of Selectmen appointed Shirley Axon and Harry Fox to the Council on Aging. The Council selected Harry Fox to serve on the Board of Directors of Old Colony Elderly Services. Gus Shankey was elected nutrition site representative. Hope Cole was elected Treasurer of Southeastern CIRCA Region VII. Chris Schembri was elected Chairman of the Area Agency on Aging Advisory Committee. Genevieve Ash was elected Representative of the 6th Plymouth District of the Silver Haired Legislature.

In conjunction with Bridgewater State College, the Council on Aging participated in a field internship program for the academic year, 1980-1981. Karen Harrison was assigned with our agency to fulfill a minimum of 300 hours of field experience under the direction of Lee Anderson. Karen did supervised case work, outreach and friendly visiting.

Beginning June 8, the Council on Aging inaugurated a Sunday Brunch program at the Center. The program was geared to serve senior citizens who stay in town weekends and have no special place to go on Sundays. Older men who live alone were especially responsive to this program.

A recognition for volunteers who assist in our senior center programs was held December 18, at Christ Episcopal Church Hall, a facility provided by our Council chairman and pastor Rev. J. Joseph Pennington, Jr. Certificates of recognition were given to the following: Mary Kaiser, Alice Gassman, Leon Brown, Anne Donovan, Emma Yaeger, Dorothy O'Brien, Edna Hittle, Dorothy Hanson, Mary Carr, Adeline Geller, Earl Harper, Robert Cushing, Georgia Barstow, Roy Gould, Florence Nunes, Betty Richman, Marjorie Anderson, Bernice MacKenzie, Fred Doake, Evelyn Bourne, Eunice Abate, Fannie DeCarli and Connie Dries.

During the month of March, the senior center participants were shocked by the demise of three very active participants of the Council on Aging programs. Two of the deceased had served as Council on Aging board members. They were Richard S. Cole and Howard C. Bourdon. A third, Iris M. McLean, was in the Senior Aide program serving as the familiar voice of the morning dispatcher. These and other participants of our Senior Center who departed this life during 1980 will not be forgotten. To them, we dedicate this report.

Police Department

The Department consists of 68 permanent police officers:

Chief	1
Captain	1
Sergeants	8
Detectives	3
Prosecutors	2
K-9 Officers	1
Patrolmen	52

The Department consists of 12 civilian personnel:

Dispatchers	4½
Clerks	4
Dog Officers	2
Custodians	1½

In addition, the following 42 personnel are assigned (part-time):

Permanent Intermittents	9
Park Police (Summer)	20
School Crossing Guards	11
Matrons	2

Retirements — 1980:

Antone Baptista, Jr., Martin J. Carney, Edward E. O'Brien, Donald J. Savoy, Kenneth S. Smith.

ARRESTS AND CRIMINAL COMPLAINTS BY MONTH:

	Arrests	Complaints Sought In Court
January	84	136
February	80	162
March	102	176
April	76	133
May	118	192
June	140	228
July	155	291
August	121	223
September	90	158
October	87	173
November	86	179
December	92	158
Total Complaints Received		29,421
Total Number of Motor Vehicle Accidents		1,207
Total Number of Fatal Motor Vehicle Accidents		5
Total Number of Moving Motor Vehicle Citations		1,552
Total Number of Parking Tickets		3,911

MONETARY RETURNS TO THE TOWN:

Receipts from Court	\$135,000.00
Photo Copy Service	6,394.00
Dog Officer Fines	2,330.00
Handgun Permits, FID Cards, Bicycle Licenses	1,420.00
Parking Ticket Fines	14,438.00

My thanks to the following:

The Board of Selectmen, Executive Secretary, and Finance and Advisory Committee for their understanding, cooperation, and continued support in our efforts to update the department.

My thanks to the citizens of Plymouth and merchants who have assisted this department through their participation in the Crime Watch Program.

The continued support of all of those mentioned above can only contribute to more improvement and a more responsive department in the years to come.

Fire Department

Herewith submitted is the annual statistical report of the Fire and Forest Fire Departments for the year ending December 1980.

PERSONNEL:

The Department personnel includes:

ADMINISTRATIVE STAFF

- 1—Chief of Department
- 1—Deputy Chief
- 1—Lt. in charge of Fire Prevention
- 1—Captain-Training Officer

CIVILIAN STAFF

- 1—Fire Alarm Superintendent
- 1—Master Mechanic of Apparatus
- 1—Assistant Mechanic
- 1—Principal Clerk
- 1—Senior Clerk

COMPANY FIRE FORCE —

Operating 6 Fire Stations, each with 4 shifts

- 4—Captains—(Shift Commanders at Headquarters) 1 for ea. shift.
- 5—Captains—(Company Commanders — 1 at each station)
- 15—Lieutenants—(Company Officers — 1 for each shift at each station)
- 84—Firefighters—Company personnel manning the 6 stations
- 4—Firefighters—(Fire Alarm Office assignments)

Call Force strength consists of 55 authorized positions — currently 43 posts are filled. This force supplements and assists the outlying stations limitedly as required.

STATIONS

- Headquarters—114 Sandwich Street
- North Station—Spooner Street
- 7 Hills Station—Route #44
- Manomet Station—State Road
- Cedarville Station—Route 3A
- Bourne Rd. Station—Bourne Road

RETIREMENTS, ETC.: NONE:

Firefighter Joseph Paula resigned from the Fire Department effective October 1, 1980.

PROMOTIONS 1980:

From Fire Captain to Deputy Fire Chief

Andrew J. Flynn, Jr.

FIRE ALARM DIVISION: (Peter Gage—Superintendent)

209 Fire Alarm Boxes tested—semi-annually.

Maintenance of municipal fire alarm system and electronic equipment continues with cleaning, painting, testing, adjusting, and updating as a year long task.

Refinements are constantly being evaluated and implemented in the many systems in the six fire stations. The goal is to achieve efficiency and dependability through simplicity of operation. Fire alarm operator workloads increase annually putting pressure on improving operations, consistent with numbers of personnel assigned as opposed to employing more employees.

There are now 33 Municipal Buildings with automatic fire detection systems directly connected to the Fire Department by way of the municipal fire alarm system cables. An additional 42 properties have privately owned and installed systems connected to the fire department municipal fire alarm system.

Additions this year include:

Plymouth Municipal Airport Administration Building
 Plymouth Municipal Airport Hangar
 Bartlett Memorial Hall
 Old Schoolhouse Cedarville
 Water Department Pumping Station, Lout Pond
 Bartlett Consolidated—Industrial Park
 Mayflower Cooperative Bank—Court Street

New line extensions completed this year:

Seven Hills Fire Station to Plymouth Airport
 Yankee Travler Motel to Point Road
 (This connected a previously isolated loop in Manomet to the entire Municipal system.)

This year several fires were detected and reported automatically. Resultant loss was kept minimal as Fire Department response was automatic and prompt upon detection. Some of these were:

Box 671—Ocean Spray—Water Street
 Box 742—Manomet Elementary School
 Box 81—Spencer Press—Cordage Park
 Box 363—Cherry Hill Housing for Elderly—Court Street

To the Honorable Board of Selectmen, for their support, cooperation, interest, and participation, my sincerest thanks.

To all Town Departments and Agencies for their cooperation and help, my gratitude.

To the department staff, officers, and men for their faithful and devoted performance to duty, my deep appreciation.

Plymouth Fire and Forest Fire Department

RESPONSE:

Still Alarms	790
Box Alarms Struck	115
Malicious False	116
Accidental	78
Rescue & Resuscitator	188
Mutual-Aid (To Other Towns)	15
Bomb Threats	19

HOSE USED: (footage)

1"	56,760 ft.
1-1/2"	23,920 ft.
2-1/2"	42,220 ft.

Ladders raised (footage)

4,208 ft.

Water used

148,310 gals.

Mileage (Fire duty only)

7,581 mi.

FOREST FIRE DEPARTMENT

RESPONSE:

No. of Alarms	476
Mutual-Aid	4

HOSE USED:

1-1/8"	76,085 ft.
1-1/2"	1,100 ft.

Water used (tank supplied)	324,170 gals.
Mileage (Fire duty only)	3,564 mi.
Total acres burned	121 acres

FIRE PREVENTION DIVISION:

Lt. Porter A. Holmes, Fire Prevention Officer

INSPECTIONS:

Quarterly:

Inns	12
Hospital	4
Nursing, Rest Homes, Mental Health	30
Schools	50
Day Care Centers	24
Churches	40
Theaters	9
County Buildings	8
Post Offices	5

OTHER INSPECTIONS:

Mercantile (Company)	849
Garage & Service Stations	60
Industrial	0
Tank Trucks	12
Fuel Storages	10
Gasoline Storages	4
All Other	38
Re-inspections	32
Removed Gasoline Tanks	6
Complaints Regulated	39

Oil Burners Inspected	145
Re-inspected	30
Violations issued	24
Violations corrected currently	13
Smoke Detector Permits Issued	230
Inspected	173
Re-inspected	8
Approved	173
Garage permits issued-Residential	93
Open Air Permits issued Burning	2,040
Other permits issued	33

Harbor Master

Harbor Division

Personnel of the Harbor Master Department consist of two (2) permanent officers, six (6) seasonal officers and three (3) volunteers as listed below:

Permanent

- 1 Harbor Master
- 1 Ass't Harbor Master

Seasonal

- 2 Nightwatchmen
- 2 Pond Patrolmen
- 1 Special Officer (Marine)

Volunteers

- 3 Clam Wardens

The year 1980 came in like a lion, on New Year's Day, the Plymouth Fire Department responded to a boat fire at the Cordage Park Wharf where the fishing vessel GAMBLER was fully engulfed in flames. The vessel was considered a total loss and cause of the fire unknown. Later in the season we did have another boat fire and a boat explosion. The boat fire occurred in the White Horse Beach area and the boat explosion at the Town Wharf. Unfortunately we also had two drownings in the area.

In 1980, 950 family shellfish permits were issued and 5 permits to take mussels commercially were also issued. The slight drop in permits being issued is mainly due to the closing of the entire inner harbor to the taking of shellfish. The harbor waters are constantly being monitored by the Dept. of Public Health and the Division of Marine Fisheries and will be reopened when they are satisfied the harbor is clean.

The new addition to the Harbor Master's Office was structurally completed in the late Fall of 1980. Installation of equipment will be completed early in the spring of 1981. The new addition provides greater visibility of the harbor and outlying areas that were not visible in the past.

The new boat launching ramp was completed and started operating during the month of August. In a short period of time it was in great use by small boat operators.

Plans are going forward for a marina to be constructed in the area off Plymouth Marine Railways Co., Inc. Dredging should be completed in the Spring of 1981 and the slips and breakwater later in the year. This marina will bring an additional 77 boats in the over 40' class and should contribute greatly to the economy of the Town.

During the off season slides were shown to many interested boatmen explaining and identifying the causes and effects of hypothermia. These educational slides were well received and we are prepared to show these slides to any interested groups.

Pond Division

In 1980 the Pond Division was very busy following up on past boating violations. During the past season 103 patrols and 463 pond inspections were logged in.

Harbor and Pond Statistics — 1980

Ponds—Violations, filed	7
Ponds—Violations, cited	5
Harbor—Violations, filed	21
Harbor—Violations, cited	3
Emergency boat calls	19
Overdue boat calls	48
Boats towed	176
Boats reported missing/stolen	42
Boats recovered	38
Boat fires reported	3
Boats pumped	67
Arrests/convictions	0
Drownings in area	3
Dragger trips logged out	3202
Party boat trips logged out	1442
*Visiting boats logged in	2102

*This figure does not include boats launched from the boat ramp.

I would like to take this opportunity to publicly thank all of my personnel and well-wishers for their cooperation during my extended illness this past summer and fall.

Harbor Committee

The Plymouth Harbor Committee held eleven meetings throughout the year to review problems related to the harbor and waterfront areas.

After several delays, the new boat ramp was completed in August. This committee, and the Town of Plymouth, is indebted to Mr. John Loupos and his Sub Committee for their dedication and perseverance.

The committee has been actively engaged, throughout the year, with the Army Corps. of Engineers in an effort to secure dredging to establish a new anchorage area. Overcrowded conditions within the harbor, due to the increase in commercial and recreational craft make this dredging vital to the needs of the community. A seven acre section out from the shoreline between Plymouth Rock and the Yacht Club is being studied for this project, however, a larger area may be considered. The Corps. has completed its review stage, which is the first step in the total process. We are now into the second phase which includes final review and acceptance by Washington. Should the dredging be approved, initiation of the Detailed Project Report will be undertaken upon availability of funds. The committee asked for, and received, \$1,000 to be used for expenses incurred while working with the Army Corps. of Engineers on the Harbor Dredging Project.

Your committee has been active in the determination of the scope of repairs necessary to maintain the Town Wharf in a safe and stabile condition. Cost estimates have been gathered for ladder replacement, batter board repairs and new pilings. An Article has been set aside to include this project in the 1981 Town Meeting.

It is the committee's continued feeling that the harbor and waterfront are, and always will be, Plymouth's greatest asset and all efforts to improve it are worthwhile.

Office of Emergency Preparedness

The Office of Civil Defense and Emergency Preparedness is located in the basement of Memorial Hall, 83 Court Street, Plymouth. This location was chosen for security and survival reasons.

The Telephone numbers are: Director: 746-4186 and Secretary: 746-4039.

In the event of any emergency declared by the Plymouth Board of Selectmen (or higher authority), the Office of Civil Defense and Emergency Preparedness (OEP/CD) will become operational on a full-time basis. It is presently manned by a permanent, part-time secretary four days a week (Tuesdays through Fridays) between 10:00 a.m. and 2:00 p.m.

Mr. Gerald F. Hayes, the present Director, was reappointed by the Plymouth Board of Selectmen for the term beginning 1 July 1980 through 30 June 1981.

This department is the town agency responsible for the coordination of all town departments and resources in times of disaster, man-made or natural. In the event of an incident at the Pilgrim Nuclear Power Station (PNPS), this office will be responsible for the orderly evacuation of any town residents that may be affected by the incident.

A new Radiological Emergency Response Plan (RERP), with reservations concerning the public notification procedures, was adopted by the Plymouth Board of Selectmen on 1 January 1980 and is now in effect. This plan calls for a number of different protective actions, such as staying at home, sheltering, evacuation or the administering of radiological blocking agents to protect the health and safety of town residents. The type and seriousness of an accident will determine the type necessary to implement. The basic concept of the plan is to provide an orderly evacuation of any portion of or all of the population within a ten (10) mile radius of the Pilgrim Nuclear Power Station should conditions warrant this protective action. It also describes, in detail, how each town department (or other agencies) shall respond and what their duties are during this period.

Communications

The Emergency Operations Center (EOC) continues to improve. The Center has a radio room that is capable of two-way radio communications between the Center and the Plymouth Police, Fire and Department of Public Works. We have also developed a radio system that allows us to maintain communications with the Massachusetts Civil Defense Agency and the Massachusetts Department of Public Health through either the RACES (Radio Amateur Civil Emergency Service) or the Massachusetts Executive Department frequencies. This capability was funded, in part, by State monies.

The Nuclear Regulatory Commission (N.R.C.) has installed a dedicated telephone system, in our office, which places us in direct

telephone contact with the N.R.C. in Washington, plus being directly connected to all other Nuclear Power Stations in the country. Should any accident occur at the Pilgrim Nuclear Power Station, or any other, all would be in instant and direct communication with the N.R.C. and/or each other.

We have received approval for and are now awaiting installation of a primary link of the National Attack Warning System (NAWAS) which will put us in communication with all federal agencies and serve as a backup system for notification of any emergency situation from enemy attack to severe storms to Nuclear Power Plant accidents. This system is funded, in part, by federal funds.

Volunteers

As always, we are in need of volunteers for all phases of our operations. Without volunteers and their continued support, the Office of Civil Defense and Emergency Preparedness (OEP/CD) cannot function in the manner for which the United States, through FEMA (The Federal Emergency Management Agency), and the Massachusetts Civil Defense Agency created it.

Engineering Division

The most significant event to affect the Engineering Division during 1980 was an increase in staff to eight full-time engineering personnel and one part-time clerk. The increased manpower has enabled us to make inroads in the work backlog and function in more than one work area at the same time.

Functions performed during the year consisted of:

(1) Assessors Map Revisions — 456 parcels affecting 70 plats (full and half-size originals revised);

(2) Streets accepted as Town Ways (16):

- a. Tower Road,
- b. Janebar Circle,
- c. Allen Drive — portion thereof,
- d. Heather Drive,
- e. Savin Road,
- f. Seneca Lane,
- g. Pequot Terrace,
- h. Cayuga Circle,
- i. Miller Drive,
- j. Marion Way and a portion of Crabtree Road,
- k. White Oak Drive,
- l. Oaken Bucket Lane,
- m. Pinewood Road — portion thereof,
- n. Gull Lane
- o. Canterbury Drive and
- p. Nottingham Lane;

(3) Highway and Drainage Construction Projects:

- a. Completed — Ship Pond, Obery Street, Industrial Park Road, Cypress Street, Walnut Street, Chipmunk Lane, Hopkins Road, Manomet Youth Center, A.K. Finney Property and Liberty Street;
- b. In Progress — Billington Street, Esta Road, Shore Drive, Wellington Road, North-Brewster Streets Parking Lot, Presidents Lane, Cary and Fair Oaks Roads and Earl, Center and Ray Roads;

(4) Cadastral surveys and/or plans completed:

- a. Manomet Youth Center,
- b. A.K. Finney Property and
- c. A portion of the Ellisville Well Site:

(5) Printing Services:

- a. Twenty-seven sets of Assessors Maps (142 sheets each) for use by various Town Agencies;
- b. Seventy-six sets of Zoning Maps (9 sheets each) and
- c. Approximately 600 prints of miscellaneous plans and drawings;

(6) Miscellaneous work included:

- a. Review of plans submitted to the Planning Board, Board of Appeals and Conservation Commission;
- b. A number of small drainage studies, cost estimates and recommendations,

- c. State Highway Taking analysis for the Tax Collectors office;
- d. Bike Race route and measurement layout and;
- e. A variety of tasks to assist other D.P.W. divisions in the performance of their day-to-day duties.

It is the long range goal of the Engineering Division to each year expand the scope of services provided and to ultimately maintain a readily retrievable inventory of all municipal resources available in the Town of Plymouth. The attainment of this goal requires aid and support from a great many agencies. We have gratefully received this in the past, 1980 being an exceptional example, and look forward to a future filled with more of the same.

Building Department

1980 was a year somewhat different than previous years in the Building/Zoning Department. This was a year where alteration and addition permits exceeded new construction permits for single-family dwellings. Rising interest rates and soaring construction costs are the main reasons for this turn around. Instead of purchasing larger homes, home owners are remodeling and adding on to their existing homes, in order to meet their ever increasing needs.

This was our first year for inspecting and certifying multi-family dwellings in the Town of Plymouth. The purpose of certifying these multi-family dwellings is to make sure that these dwellings meet all safety requirements under the Massachusetts State Building Code. There are approximately 385 multi-family dwellings and we have currently inspected approximately 250 of these dwellings.

As in the past, we have continued to assist the Assessors office by obtaining housing information to update their records for taxing purposes.

In 1980, we also issued permits for the construction of two new shopping centers, one in Manomet Center for a supermarket, bank and drugstore, and the other for thirteen specialty shops on the waterfront.

This has also been another big year for wood and coal stove permits. 410 permits were issued for wood and coal stoves, 92 permits were issued in December alone. I would like to remind anyone who has a wood or coal stove, that it is now required under the Massachusetts State Building Code, that all wood and coal stoves must be inspected by the Building Department. This inspection is to see that the stove has been installed properly. If a permit has been issued to you, but your stove has not been inspected, please contact the Building Department to arrange for an inspection, as the permit is not valid unless the stove has been inspected and approved by a Building Inspector.

We also made a number of procedural changes, which will help facilitate the issuing of permits. One of these changes is compiling information from our records to prepare for future use of the computer system recently purchased by the Town.

Once again, Plymouth was way ahead of most towns in the number of building and zoning permits issued and building construction in 1980. This proves that Plymouth is still one of the fastest growing communities in the State of Massachusetts.

In closing, I would like, once again, to issue an invitation to the citizens of Plymouth to address their questions and concerns to the Building Department staff. We will be glad to answer any questions you may have.

Please feel free to call or come in at any time.

Total receipts of Gas/Plumbing Inspector		\$19,069.25
Total number of gas/plumbing permits issued		1401
Gas/plumbing inspections made		1,869
Mileage of Gas/plumbing Inspector		13,380
The figures for mileage are calculated from use of inspectors personal cars only, not included is the mileage on the town car.

Water Division

The 126th Annual Report is hereby submitted by the Superintendent covering the calendar year 1980.

The total rainfall during the year amounted to 33.80 inches, which is about 12.20 inches below the annual average for this area.

The year ended with the water elevation at Little South Pond at 103.50 feet compared to 106.90 feet for the previous year end.

The pumpage for the year amounted to 1,596,346,400 gallons which is 117,168,000 gallons more than was pumped last year.

Construction on the North Plymouth Tank (Industrial Park) was started in the calendar year 1980. It is planned to put the tank into service in the Spring of 1981. This will add 1,200,000 gallons of storage capacity to the existing system.

Receipts from the sale of water, connections to mains, services rendered, etc. amounted to \$835,271.40.

CONSTRUCTION, LOCATION, LENGTH AND SIZE OF PIPE LAID

Location	Length	and Size
Armstrong Road Ext.	1,320 feet	12" D.I.
Clay Hill Drive	550 feet	8" D.I.
Bay Shore Drive & Tower Road	2,500 feet	8" D.I.
Part of Florida Avenue	780 feet	8" D.I.
Center Road	550 feet	8" A.C.
Earl Road	620 feet	8" A.C.

Total 6,320 feet

SUMMARY OF STATISTICS

Population 34,050 (Summer population 39,925 estimated).

Date of Construction, 1855.

By whom owned, Town.

Sources of Supply, Great and Little South Ponds, Lout Pond Well, Wanno's Pond Well, Ship Pond Well, Federal Furnace Well, North Plymouth Well and Bradford Well.

Mode of Supply, Pumping.

PUMPING

Builders of pumping machinery, Fairbanks-Morse, Deming, Warren, Layne & Bowlin, and Morris Electric.

Pumpage for the year:

Lout Pond pumping (electric)	564,380,000 gals.
Lout Pond Well (electric)	105,929,800 gals.
Wanno's Pond Well (electric)	186,923,600 gals.
Ship Pond Well (electric)	119,856,800 gals.
Federal Furnace Well (electric)	57,812,100 gals.
North Plymouth Well (electric)	414,451,300 gals.
Bradford Well (electric)	146,992,800 gals.

Total Pumping 1,596,346,400 gals.

STATISTICS OF CONSUMPTION OF WATER

Population 34,050 (Summer population 39,925 estimated).

Estimated population on pipeline, 29,492.

Total consumption for the year, 1,596,346,400 gals.

Average daily consumption, 4,373,500.
Gallons per day to each inhabitant, 148.
Gallons per day to each tap, 519.

STATISTICS RELATING TO DISTRIBUTION SYSTEM

Kind of pipe:

Cement-lined sheet iron, Cement-lined cast iron,
Cement-lined Ductile iron, and Asbestos-Cement.

Sizes, from 2-inch to 30-inch.

Extended, 6,320 feet.

Discontinued, 0 feet.

Total now in use, 170 miles, 2,758 feet.

Cost to repair per mile, \$24.28.

Number of leaks per mile, 0.08.

Small distribution pipe less than 4-inch, 3 miles, 0 feet.

Hydrants now in use, 1,241 public and 15 private.

Stop gates added, 11; discontinued, 0; number now in use, 2,142.

SERVICES

Kind of pipe:

Lead, Cement-lined galvanized, Cement-lined
cast iron, and copper tubing.

Sizes, from three-quarter inch to six inch.

Total in use, 28 miles, 687 feet.

Service taps added, 122; discontinued, 0.

Total now in use, 9,140.

Average length of service, 20 feet.

Average cost per service, \$98.00.

Meters added, 143.

Number now in use, 7,200.

Percentage of services metered, 78 percent.

Sewer Division

During the year of 1980, one billion, five hundred ninety-eight thousand gallons of sewage was treated in the Waste Water Treatment Plant on Water Street. This is approximately fifty-three and a half million gallons less than was pumped last year.

A television survey has been done on many of the lines so that trouble areas may be pinpointed for repairs, thus enabling us to remove more of this ground water which is infiltrating the sewer system.

In our on-going program of cleaning lines, we have covered thirty-two miles of pipe, plus frequent returns to certain trouble areas.

In July, the aeration tanks and clarifiers were cleaned out — approximately two hundred and sixty-five cubic yards of sand were removed. This material was ingested at the time of the sewer main break on Water Street in 1979.

Seven pumpers — eight trucks; dumped nine million, seven hundred sixty-three thousand gallons of septic sewage at the Night Soil Facility on Long Pond Road. (1960 loads versus 1552 for 1979)

In the past twelve months, Sewer Entry permits have been issued for three single family homes and two duplex homes, and for the replacement of a sewer line to an existing home.

We once again wish to thank the other Department of Public Works Personnel for their aid throughout the year. Without it, our job would have been much more difficult.

Highway Division

I herewith submit a report of the work done in the Highway Division of the Department of Public Works from January 1 to December 31, 1980.

Street Cleaning

The two Mobil sweepers cleaned approximately 11,500 curb miles from April to December. The same schedule is used from year to year in the sweeping of streets. The Main St. and Water St. are swept every day and the side streets are swept in rotation. The sweepers also service Manomet, Long Pond, Cedarville, Chiltonville and Buttermilk Bay areas at least once through the summer months.

Asphalt Sidewalks

The construction and maintenance of sidewalks was completed on the following streets: Water St., Bourne Road for the South School, Long Pond Road for the Intermediate School. The Long Pond Rd. sidewalk will be completed in the spring with the top course. The Highway Division has permits from the State and Federal governments to complete the sidewalk under the state highway. A new sidewalk was laid on Obery St. from the County Farm driveway to Sandwich St. Sidewalk repairs were made on Fremont St., Lincoln St., Dartmouth Rd., Priscilla Rd., Mayflower St., corner Standish Ave. and West, Cherry St., Old Mill Lounge on Water St., Murray St., Centennial St., Davis St., Seaview St., and Sandwich St. near the Jordan Hospital. A large area of cement sidewalk at Balboni's Drugstore was replaced with sidewalk asphalt.

Berms

The several requests for berms this year were placed on the following streets: Melix Ave., Jordan Rd., Rocky Hill Rd., Quaker Rd., Cape Cod Ave., Route #44, Cliff St., Fisherman's Landing, Seaview St., Clifford Rd., Russell Mill Road, Bourne St. and Standish Ave.

Drainage Construction

Many drainage systems were installed by town forces and others being done by contract. The Harris property on Long Pond Road had 150 feet of pipe and a drain basin added to the existing drainage. Two leaching basins were placed at Strand Ave. and Manomet Ave. using approximately 416 feet of reinforced concrete pipe with two catch-basins laid. Three manholes were installed on Liberty Street. Drainage was installed at the Industrial Park Road with two large dry-wells, two leaching basins and 120 feet of reinforced concrete pipe. At the corner of Manomet Ave. and Vinal Ave. 24 feet of pipe was laid. A new drain was installed at October Lane and piped to a large leaching area in the center of the cul-de-sac. The intersection of Billington Sea Rd. and Federal Furnace Road had one leaching basin installed. Lake Drive at Buttermilk Bay had a leaching basin installed.

Cypress St. and Walnut St. drainage was installed by the Highway Division. A new drainage system was designed for Obery St. and work completed by Balboni Bros. of Plymouth. Under maintenance of drainage the division cleaned and replaced several pipes on Clifford Rd., raised one drain at Clearwater Drive and repaired two collapsed manholes on Spooner St. A collapsed section of pipe on Bradford St. was repaired and a grate and frame replaced. Oak St. had a section of pipe repaired. Balboni Bros. completed work on a section of pipe at Cayuga Circle by adding pipe to pond with a headwall.

Highway Construction and Reconstruction

Simeone Coporation was contracted to place one and one half inches of Type I mix on two sections of Clifford Road, one from Rte. 3A to River St. and the other from Chiltonville four corners to bridge. Howland St. and Memorial Drive received this same type of surface. At the Manomet Youth Center a parking lot was constructed by the Highway Division and surfaced with three inches of Type I mix. All grades were furnished by the Engineering Division. Palmer Road had a surface of two and one half inches of Type I mix placed and berms installed on all the hills. The entrance to the Industrial Park being too narrow for busses and trucks to pass safely was redesigned by the town engineers. This consisted of road widening and also allowing for commuter parking. The road widening was paved with three inches of Type I mix. A portion of Obery St. was redesigned by town engineers. Clay was removed and a good gravel base was replaced by Balboni Bros.

Cypress St. and Walnut St. in the Buttermilk Bay area were widened. Trees and bankings were cut, gravel was replaced where sand and loam was removed, bankings loamed and seeded. Three inches of base and top of Type I mix were placed by Simeone Corporation.

Guardrails

Town forces replaced approximately one hundred feet of steel guardrail on John Alden Road at Priscilla Beach, also one hundred feet of guardrail was placed at the corner of Halfway Pond Rd. and Long Pond Rd. Steel posts were used with two by eight planking and painted white. At Billington Street, the old chain link fence was removed and replaced with steel posts, two by eight planking and painted white. Two new pieces of chain link fence was installed at the Fisherman's Landing bridge at West Long Pond Road. Repairs were made to the Clifford Rd. bridge and Summer St. bridge caused by vandalism. Many other fences and guardrails were repaired and paid by insurance claims.

Maintenance of Private Road

(Temporary Repairs)

The following roads were gravelled, graded, hot patched or stone dusted: Approximately 130 tons of hot patch was used to patch various streets within the Wall Pond section and Little Sandy Pond section of West Wind Shores by the Long Pond district crew. Gravel-

ling was placed on many private roads as listed: Chatham Rd., Seaview Drive, Centerville Way, Brush Hill Rd., Valley Rd., Webster Drive, Duck Pond Rd., Woods Rd., Lakeview Blvd., Indian Hill Rd., Pond Ave., Standish Ave. in Manomet, Blueberry Rd., Mayflower Rd., Shore Rd., Silver Birch Ave., Lopresti Rd., Brian's Way, John Kennedy Parkway, Ellisville Drive, Allen Drive, Central Ave., Pawtuxet Rd., Monotomy Rd., Wildwood Rd., Cedar Bushes, Granby Rd., Lookout Point Rd., M.B.O. Rd., Wamsutta Rd. and King Phillips Road.

Traffic and Street Markings

Crosswalks and parking areas were painted white. No parking areas were painted yellow. No parking signs, service zones, warning signs, speed signs were placed where needed. Center lines and side-lines were painted on connecting roads such as Route 44, Federal Furnace Road, Bourne Road and etc. Many street signs and posts had to be replaced due to vandalism and damaged by accidents.

The warning school lights are set and serviced by the Highway Division when needed.

The work in the districts of Long Pond, Cedarville and Manomet have been carried out by the three district foremen. Other work done by the Highway Division includes patching, roadside mowing, grading dirt roads, installing and removal of snow fences, applications of calcium chloride on dirt roads, rubbish pickup, plowing and sanding, pumping of poor drainage areas and picking up litter. Beaver Dam Road, leading to the Manomet transfer station, was cleaned of litter at least once a week by the districts. The catchbasin cleaner cleaned basins of winter sand and debris from April to December. Plugged drains were cleaned with the assistance from the Sewer Division using the jet rodder. Eagle Hill Drive and Carter's Bridge Road were sealed with three tenths of a gallon of asphalt and a covering of sand. Equipment purchased this year for the Highway Division included a large grader, sweeper, tractor-loader, utility pick up truck, dump pick up truck, large dump truck and a station wagon. Requests from the Selectmen's Office and Department of Public Works Office were taken care of as received at this office. I wish to thank the Sewer Division and Tree Division for their assistance again this year.

Cemetery Division

Most of the work done by the Cemetery Employees is in regular maintenance at the Chiltonville, Manomet, White Horse, Russell Mills, South Pond, Herring Pond, Burial Hill, Cedarville, Vine Hills, and Oak Grove Cemeteries.

At Burial Hill, approximately 25 feet of iron railings, ravaged by time and vandals, were replaced. Also, five stones on Burial Hill were restored this year. This is an ongoing project.

Once again, with the help of the Tree Department, dead trees were cut down in Vine Hills and Oak Grove Cemeteries. Also, 350' of chain link fence was installed between Vine Hills and St. Joseph's Cemeteries to eliminate litter blowing around from adjacent properties.

Brush was trimmed and repairs made on the road to South Pond Cemetery.

In Chiltonville, 125 lots were laid out, extending the life of this Cemetery for another four or five years.

Because of the leash law now in effect, more and more people have been running their dogs in the Cemeteries, resulting in complaints to this Division about the filth on gravesites and stones. Considerable time and money have been spent in cleaning up after these animals, and we wish to advise the public at this time that Plymouth Cemeteries are neither Parks nor Playgrounds. Once again we request that any questionable activity in any of our Cemeteries be reported immediately to the Police Department—we have some of the prettiest graveyards around and wish to keep them in that condition.

Park Division

This past year has been very productive for the Park Division. The maintenance demands at the various parks, playgrounds and beaches were increased as a result of the larger numbers of people using these facilities. Also the trend of increasing incidents of senseless vandalism continued during 1980. The repairing of damaged facilities not only takes our men from other projects, but costs the taxpayers many dollars that could have been spent on expanding the Town's recreational facilities.

The new bathhouse and concession building at Stephens Field was completed during this past summer. We wish to thank the Maintenance Division for the major portion of the building construction and because of the combined effort of all the Department of Public Works divisions the townspeople have an efficient facility that should satisfy the needs of this popular area.

The four tennis courts at Stephens Field were color coated and relined this year to complete a two year project. Last year the courts were resurfaced and windscreening installed. Hopefully during the next few years the softball field can be redone and the parking area resurfaced.

A new playground area was created at the Nelson Street Memorial Playground during the summer of 1980. Many new pieces of playground equipment were added in conjunction with the existing equipment all ready making this area one of the most popular recreation facilities. During the Spring of 1981 the entrance road to the Nelson Street Playground will be reconstructed to provide safer access to this area. Additional improvements are scheduled for this playground during the coming year.

Fresh Pond Park also saw improvements this last year. A much needed new water line to the sanitary building was installed. Picnic tables were erected in the grove area for the first time to provide for the many neighborhood families who use this area.

Approximately one-half mile of new foot trails have been opened in Morton Park this past winter. Presently there are about three miles of paths throughout this park. These paths can be used for cross-country skiing during the snow season.

The 1980 Annual Town Meeting appropriated monies for the refurbishing of the old A.K. Finney building which will be the new home for the Park Division. Work has begun on the bid specifications for the necessary repairs and we hope to be using this building by the winter of 1981-82.

The Park Division wishes to extend to Paul Hannigan, the new Department of Public Works Director, our thanks for his help and consideration during the past year. Also, some of our projects required the help from other divisions of the Department of Public Works and we would like to thank them for their assistance.

Maintenance Division

The Maintenance Division of the Department of Public Works continued again this year with their work load of vehicle maintenance and building maintenance.

More vehicle and equipment maintenance has been required due to the increase in age of some of the vehicles.

Money was appropriated for the exterior painting and water-proofing of the Memorial Building, Town Office Building, South Street Fire Station, Police Station and the Spooner Street Fire Station. All this work has been completed.

For the third year money was appropriated for Smoke and Fire Detectors for Bartlett Hall, Police Station and the Public Library. This work will be completed shortly.

Split shifts resumed at the Memorial Building, only one month earlier in November, due to the increase in the use of the Hall. Night basketball and Color Guard practices continued again this year.

The garbage service contracts are again in effect with only one change. B & M Disposal was awarded the bid for Plymouth and West Wind Shores as well as the Manomet area of Plymouth. Browning-Feris Industries still holds the contracts for the South Street Transfer Station, Manomet Sanitary Landfill and Cedarville Transfer Station.

One new part-time custodian was hired for 130/130R Court Street Buildings and grounds. Due to the increase in the work load these buildings necessitated an additional custodian.

Buildings under the control of the Maintenance Division are: Town Office Building, Memorial Building, State Pier Sanitary, Old Town Court House Sanitary, 130 and 130R Court Street Buildings, Cedarville Schoolhouse, Bartlett Hall, Highway Garage, Fire Stations, Police Station, Howland Street Shop and Pumping Stations, Cemetery Division Buildings, Dog Pound, Harbor Master Office, Information Booth and Public Library. Also added this year was the Old Central Fire Station.

Extensive wiring work has been completed at the Memorial Building to repair inadequate wiring and overloaded circuits. This work was done by Donlan Electric of Plymouth.

The Maintenance Division recently purchased a Riding Mower, Snow Blower and Lube Rack for use in the Division. These will come in handy.

With the steep increases in utility rates, measures are being taken to conserve energy wherever possible in accordance with the guidelines as set forth by the Energy Conservation Committee.

I wish to thank the various Boards, Divisions, Commissions, and Committees for their cooperation during the year. Without this cooperation certain projects would not have been completed. A special "thank you" to Frank Brenner, Water Superintendent for his assistance on several projects.

Tree Division

In retrospective of the past year the Tree Division of the Department of Public Works performed extensive projects regarding the trees and shrubs in our community under adverse conditions.

These adversities occurred because of the unexpected death on July 29th, 1980 of the Tree, Moth & Insect Pest Superintendent, Daniel J. Fratus, who had been employed in this job capacity for the past ten years. Daniel's vast and intensive knowledge of proper maintenance regarding healthy trees; correct spraying schedules of pesticides when and where needed in addition to apt expertly removal of sixty deceased trees was an intensive contribution to the Town of Plymouth.

Excessive pruning and trimming took place in December, January and February on all healthy dormant trees as well as extensive roadside cutting as these are the months when the sap of perennial woody plants are not flowing.

Spraying began in March before the buds opened and continued in the months of April, May and June for the control of Dutch Elm Disease, Ornamentals, Birch Leaf Miner and other pests. Control spraying for Poison Ivy was observed during July and August.

Fertilization was programed for necessary growth and diligently observed.

It was necessary to cut down sixty deceased trees most of which by an outside contractor in order to comply with state regulations.

The Tree Division welcomes our new Director of Public Works, Paul Hannigan, who proved to be of tremendous help and guidance.

Mosquito Control Project

The Plymouth County Mosquito Control Project respectfully submits the following report for 1980.

Extremely dry weather was partially responsible for somewhat lower than normal mosquito populations in 1980. The monitoring program conducted by the Project and Extension Specialist of the University of Massachusetts showed that most mosquito species that attack humans were indeed relatively low in numbers in most areas. However, that species implicated in the transmission of Eastern Equine Encephalitis within local bird populations was found in appreciable numbers. Encephalitis was not a major concern in 1980, though the virus was isolated from mosquitoes captured in Halifax (not a member of this project).

The project again expanded its early spring pre-hatch treatments to cover 2,506 acres of selected breeding sites, compared to 1,200 acres in 1979. Excellent results were again obtained and provided an additional factor in the lowering of mosquito populations.

Beyond the pre-hatch treatments, 890 acres of larval mosquito habitat was treated along with 969 catch basins. The latter involved the use of a relatively new and extremely safe insect growth regulator.

In those areas where adult mosquitoes reached nuisance levels, various types of chemical applications were performed with a total coverage of 125,242 acres. Increased use of ultra-low volume spray apparatus and decreased use of cumbersome and expensive mist blowers enabled the project to more effectively serve all areas involved. We expect to phase out the use of mist blowers in the next few years.

The project continued its water management program with the excavation or reclamation of nearly 100,000 feet of upland and saltmarsh drainage ditches. 48,905 feet were worked by hand with the remainder by tractor mounted backhoe. In addition, 60 culverts were cleaned of blockages. Water management is the first and most permanent line of defense against mosquitoes. The topography of Plymouth County insures that water management will occupy the Project for many years to come.

The vastly increased complexity of mosquito control in the last decade precipitated the appointment of an entomologist as superintendent of the Plymouth County Mosquito Control Project late in 1980. This will result in the incorporation of the most modern mosquito control technology into the pest management program already well established by Arthur L. Westgate, who will continue to direct field operations. An educational slide presentation by the superintendent will be available to governmental and civic organizations in the county by late summer, 1981.

We wish to thank each town and their personnel for their cooperation and assistance throughout 1980.

Annual Report of the School Department

	Term Expires
Kenneth E. Peck, Chairman	1981
Jeannette G. Colas, Secretary	1982
Diana Palladino	1983
Mrs. Adeline Keller	1983
Stuart A. MacLeod	1982
Dr. Richard M. Hailer	1981

ADMINISTRATION

F. Edward Nicolas, Superintendent of Schools
 William Gault, Jr., Assistant Superintendent
 Leo P. Dauwer, Elementary Supervisor/Director of Curriculum
 Mrs. Theresa Leonardi, Business Manager
 Mrs. Margaret Nelson, Billing Clerk
 Mrs. Marsha P. Silva, Payroll/Personnel
 Mrs. Marie Diodato, Payroll/Personnel

Plymouth School Committee

For the first time in many years we have not found ourselves anxiously awaiting the completion of another construction project. We look back and thank all of you for the patience you displayed and the financial support that you so willingly gave during those years.

We have been pleased to welcome into membership Mrs. Diana Palladino, whom you elected last spring, and Dr. Richard Hailer, who was selected to fill the vacancy caused by the resignation of Rev. Clinton Parker. It is our hope that Plymouth may always find itself with people of such fine qualification to serve the educational needs of its young people.

During the summer we learned of the possibility of that statewide referendum to be held on Proposition 2½. We fear that we may well have shared the naivete of the electorate in not fully realizing the severity of hurt that this legislation might bring to all public services.

Indeed as the election passed and the figures became realities, we came to a very disappointed understanding of some of the advantages we would be obliged to withdraw from the educational services we have been so proud to offer to your children.

We have come to know that we shall no longer be allowed to afford the advantages of sensibly limited class size, portal to portal transportation of our tiny tots, an aide service that has proven so beneficial to so many, and a custodial force that has so effectively maintained our buildings.

The cost of lunches will have to go up with the costs of food and of labor. We find ourselves not only caught in this spiraling economy, but asked to keep our budget increases to a fraction of those increases that passed on to us.

Transportation costs exceed one million dollars. It is a matter of pride to us that we have in the past been able to be most generous in our manner of speaking to the many concerns of the community. This represents 13 percent of our total budget. Presently we are in the final year of a three-year contract. As a result of the past three years of inflation, the bids for next year have increased by substantial amounts. The individual Kindergarten run has increased from \$6,900 to \$7,500, a difference of 9 percent. The projected increase for heating fuel is 20 percent. We share your fear of what the cost of electricity may become.

As dark as these days seem, we give you our positive assurance that we shall do all that is possible to maintain the finest educational program that can be developed within the constraints that have been imposed upon us.

Annual Report of the Principal of the Plymouth-Carver High School

The second year of double sessions found continued student population increase in the building that was already suffering from overcrowding in both sessions.

After the Christmas recess the senior class began work on the Senior Show. Long hours were put in by many students under the direction of Christopher Darsch and Joyce Panora who organized the memorable "Slide Show," a great work which exemplified the Class of 1980 as truly a "Cut Above the Rest".

The French-Spanish Club had an increase in their membership and were involved with several activities. The highlight of their program was an international dinner prepared for the foreign exchange students attending Plymouth-Carver High School.

The Music Department had a very busy and exciting year. The Concert Choir were involved with three evening concerts, namely: A Christmas Concert, A Spring and Choral Pops Concert. Fifteen students made the SEMSBA chorus, a school record; seven made the Southeast District Chorus; and one made the All-State Chorus. The Marching Band participated in several competitions with a high degree of success and their Toronto trip was the highlight of their school year.

The DECA program under the leadership of Mr. Huban was able to achieve their objectives. Valerie Chaplin qualified at the State Conference to attend the National DECA Conference in Miami with her written event General Merchandising. Through the various fund raising activities the DECA program defrayed the entire cost of students attending these conferences. In addition, DECA gave three \$300.00 scholarships to qualified seniors planning to continue their education in a business program.

Successes of the boys' and girls' athletic teams were major highlights of our sports program. The basketball team shared the Old Colony League Championship with Whitman-Hanson. The boys' cross-country and golf teams were crowned champions and the girls' field hockey team qualified for state tournament competition and reached the semi-finals.

In January the AFS Club had foreign exchange students from Norway, Mexico, South Africa, Spain, Japan, Holland, and Chile. For the new school year, beginning in September, students arrived from Colombia, Italy, Finland, Sweden, Japan, Holland, Germany and Brazil.

A short term exchange was held with Wallingford, Connecticut in the spring. Twenty Plymouth-Carver High School students spent five days in Wallingford; a month later twenty students from Wallingford attended Plymouth-Carver High School.

Eight Plymouth-Carver High School students were involved in

foreign exchanges. In December Hannah Barnes, '82, was accepted by AFS to spend a year in Australia.

The AFS Club, advised by John Allen and Nancy Stevens, has about 150 student members. Various fund raising events were held, such as selling coffee and doughnuts at town meetings and the faculty-student basketball game. Other activities included a pot luck dinner attended by 250 people, a Christmas party, Christmas carolling and a trip to the Whole World Celebration in Boston.

Curriculum development during the school year was a top priority. The English Department, under the leadership of Mr. McQuillan, has initiated the following proposals:

To build developmental reading programs similar to the one implemented in the elementary grades.

A literature series has been identified that would be adopted for students in Curriculum I and II in all grades and to continue to search for materials for students in Curriculum III.

It is recommended the curriculum writing committees for the 11th and 12th grades be instituted with new procedures for teaching and evaluating composition. Efforts to improve students' composition skill continues to be a major concern of the department. Miss Johnson, Coordinator of the Social Studies Department and Mr. McQuillan have provided direction on composition instruction by conducting workshops during in-service time. These workshops will be administered by consultants from Curry and Antioch College and also by members of the English Department. Looking ahead to the near future the accelerated curricula for grades 11 and 12 will be adopted.

Miss Albertini, Foreign Language Department Chairman, and Mrs. Stevens worked during the summer studying the content, structure and lexical components to be mastered of the French I course. The study included the different levels of French I which have been created to accommodate the in-coming students from Plymouth-Carver Intermediate School.

Mathematics courses have been realigned and a new sequence, standard, has been introduced. The mathematics teachers have been developing courses of study which contain expectation levels for both the preparatory and standard sections. The course of study for Algebra Preparatory and Algebra Standard was developed and is now in use at the high school level. The second course of study to be developed was geometry, and during the summer a math committee was organized in which expectation levels for both the preparatory and standard sequences were finalized. A third course of study, which is in its final stage, is Senior mathematics. The next objective for developing the course of study is Algebra II. The explosion of computers on the educational and business world brought about the development of the micro-computer in recent years. Because of this unpredicted growth in the use of the computer the Mathematics Department will be advocating the inclusion of computer programming and computer science in the school curriculum.

The Science Department of Plymouth-Carver High School is evolving to better cope with the needs of its students. Our students

will be able to deal with the many decisions that they will face in the technological world in which they live.

In order to do this, the programs and facilities have been assessed and changes are being planned.

All curriculum offerings will be standardized and updated to ensure a proper coverage of topics. The level of Sophistication made available to our students will be increased with an advanced, placement level of instruction in the near future.

The Social Studies Department, under the leadership of Miss Johnson, Coordinator, completed the course of study for the ninth grade (Social Studies I) as outlined by the teachers. This course of study includes the concepts to be taught within each section of the content outline and the skills to be developed during the year.

Mr. Correa, of the Business Department, conducted a Data Processing Workshop during the summer to develop a curriculum for our computers. Conferences were held with people who are involved in educational planning for mini-computers. The result of this two-week workshop was the implementation of a desirable and effective business data processing course.

The Class of 1980 received \$524,859.93 from scholarships and financial aid; of the total received \$49,854.93 is the amount of the local program. This was a record breaking amount and we are grateful to the citizens of Plymouth and Carver for this continued support.

Annual Report of the Principal of the Plymouth-Carver Intermediate School

1980 was a year of curriculum revision at PCIS. Each of the major disciplines was reviewed and emphasis placed on the basic skills. Reading comprehension, writing, and grammar were particularly emphasized in the Language Arts curriculum. Latin American Countries was introduced in the Social Studies curriculum as well as emphasis on writing. A needs assessment in Science has been completed with the aid of a new Science Coordinator. The most significant change will be in Grade 8 curriculum. A survey course involving the fundamentals of Earth and Physical Science will be readied for September 1981. The Math curriculum has been expanded to include a computer segment. Intermediate School students are provided with a good variety of experiential areas to help foster a well-rounded curriculum addressing the intellectual and social needs of our students.

Enrollment has increased 45% for a total of 1457 students. With minimal increase, additional staffing was unnecessary. Our staff remained at 101.

Students at PCIS have extended services to community and school through the band, art department, and National Jr. Honor Society. The decorations for the public Thanksgiving dinner were provided by students in art classes. Our band has performed in all major holiday parades and the National Jr. Honor Society visits the sick and infirm.

A pictorial history of Plymouth has been added to our library. This project included pictures of major attractions in Plymouth at the turn of the century. Our thanks to the staff at Pilgrim Hall for making this possible. In 1981 the PCIS library will house the Raytheon collection of working engineers' models of space missiles, including those our Houses are named after.

1981 will bring some changes to PCIS as mandated by Proposition 2½. We will continue to serve the needs of our students with perseverance and commitment.

Plymouth-Carver Regional School Committee Report

We find ourselves looking back on 1980 with very mixed feelings.

It had been a matter of such great encouragement to observe the outstanding efforts of our School Building Committee. Chaired by Mr. Frank Collins and assisted by Mr. Robert Nelson, our Assistant Superintendent/Director of Vocational Education, this committee had engaged an architectural firm that had developed plans for a building that we truly believed to be within the budgetary limitations which we had placed upon them.

We went to Town Meetings in both Plymouth and Carver and were delighted by the broad margins of support given by both communities. These meetings were held in October and were under the shadow of what might come to pass if Proposition 2½ were to be supported by the electorate. In November the voters chose to impose a tax limit that would deny the will of the people of our two towns as expressed in their separate Town Meetings.

Since that day in November we have been urgently seeking those ways in which we could continue to operate your schools with the least possible hurt to our educational programs.

There exists an obvious disparity in the effects that 2½ imposes upon our separate communities. Plymouth is already below the mandate. While we shall not be able to meet the expanding needs of our growing community, the Town will not be forced to make drastic cuts in any of its programs that are believed to be essential.

Carver has a very different situation in which they have been forced to reduce their appropriation quite drastically. This has meant a fifteen per cent reduction in all departments, including the Elementary School programs for Grades K-VI.

In addition we are faced with increases in costs over which we have no control. State mandated programs such as 766 are ever expanding. A new contract for school bus transportation has to be awarded following these years of unpredicted inflation. Costs for heating and lighting are beyond our control.

Teachers, custodians, cafeteria employees, clerical staff members, bus drivers are all people whose personal budgets are being ravaged by inflation and who are looking to us and to you for wage and salary adjustments.

We enter upon a new year that does indeed seem plagued with problems which we have never before had to face. We give you our positive assurance that we will work to find the best for our young people during these very trying times.

1981
ANNUAL
REPORT
PLYMOUTH, MASSACHUSETTS

In Memoriam

Alan C. Bishop, Sr.
1931 - 1981

Mr. Alan C. Bishop, Sr. served on the Town of Plymouth Personnel Board from June 1971 to January 17, 1981.

He also served as a member and chairman on the Plymouth Development and Industrial Commission from 1971 to 1979 and was a Town Meeting Member.

Mr. Bishop was very active in baseball. He was a former president of the Plymouth-Manomet Little League; vice-president of the Babe Ruth Baseball League; and coach for both the American Baseball League and the Babe Ruth Senior Baseball League.

Mr. Bishop is remembered as a gentleman and a gentle man—devoted and dedicated to his family and to his townspeople.

In Memoriam

Elio W. Barufaldi

Mr. Elio W. Barufaldi served the Town of Plymouth as Plymouth Airport Manager and Executive Officer for over 20 years. Over the years his name became synonymous with aviation in the Plymouth area.

Commonly referred to as "Al" by his many friends and associates. He was a driving force to make an airport and aviation a reality in the Town of Plymouth. Throughout the minutes and notes kept at Plymouth Airport the name, Elio W. Barufaldi is sprinkled on their pages. He was never one to shy away from responsibilities and proved his capabilities by obtaining new runways, taxiways and navigational aids needed by Plymouth Airport. The airport was his dream and he worked hard to see that it became part of the Town of Plymouth.

Elio W. Barufaldi's passing was deeply felt by the people that knew him as an aviator at Plymouth Airport. In addition his name was known throughout the State of Massachusetts for his airport accomplishments. With his passing an era has come to an end.

Special Town Meeting

April 4, 1981

The Annual Town Meeting was convened at 10:35 A.M. by the Moderator, Thomas Frates.

The number of Town Meeting Members present was 87 as reported by the checkers.

The Moderator declared a quorum present.

Any and all newly-elected Town Meeting Members who had never been sworn into office were sworn to the performance of their duties by the Asst. Town Clerk.

At this time Mr. Donald Thomas moved to adjourn the Annual Town Meeting to May 9, 1981, at 10:00 A.M. in the Plymouth-Carver High School. SO VOTED.

At 10:40 A.M. Mr. Frates called the Special Town Meeting to order.

Mr. Thomas Frates led the Town Meeting Members in the Pledge of Allegiance to the flag, and requested a moment of silence for all deceased Town Officials who have died during the past year, especially mentioning Mr. Alan C. Bishop, Sr., of the Personnel Board and the PDIC.

ARTICLE 1:

Mr. Thomas moved that the Town appropriate the sum of \$5,542.00 from Surplus Revenue, to conduct energy conservation audits on certain Town-owned buildings, said funds to be expended under the supervision of the Board of Selectmen.

(The following buildings are to be included in the survey as per announcement by the Finance Committee vice-chairman.):

1749 Court House	120.00
Barrett Building	100.00
Water Div. Shop	60.00
Admin. Bldg. — Airport	312.00
Bartlett Hall	190.00
130 Court St. rear	490.00
No. Ply. Fire	120.00
Cedarville Fire	100.00
Bourne Rd. Fire	190.00
Manomet Fire	115.00
7 Hills Fire	310.00
Hdg. Fire	510.00
130 Court St. frnt.	325.00
Police Hdg.	180.00
Highway Barn	320.00
Memorial Hall	960.00
T. O. Bldg. (DPW)	910.00
Main Branch Library	230.00
	\$5,542.00

By voice vote this motion was PASSED — UNANIMOUSLY.

ARTICLE 2:

Article withdrawn by petitioner.

ARTICLE 3:

Mr. Thomas moved that the Town appropriate the sum of \$216,906.93 from Surplus Revenue, to be added to funds already appropriated under Article 7 of the 1980 Annual Town Meeting, for the purpose of supplementing departmental expenses as follows:

Item #	Department	Line #	Department	Amount

Total Amount requested				\$ 216,906.93 ;

and further moved that the Town transfer the sum of \$50,729.00 from Police (Regular Salaries and Wages — #19-01-100 to: Police

(Overtime — Salaries and Wages) #19-01-131, in the amount of \$50,729.00

Mr. Dardinski moved to change Item F from \$10,000.00 to -0-. This motion to amend did not pass.

A consensus of the Town Meeting was taken by voice vote to indicate that it is the desire of the body that the Board of Selectmen obtain second opinions in the future regarding spcl. paraphanelia recommended for medical problems of Town employees who are disabled. Voting on the original motion of Mr. Thomas, said motion was PASSED UNANIMOUSLY.

ARTICLE 4:

Mr. Thomas moved that the Town appropriate the sum of \$2,088.73 from Surplus Revenue to pay certain unpaid bills incurred during the previous fiscal year:

Item	Department	Creditor	Amount
A.	Police	R. E. Timberlake, M.D.	142.00
B.	Police	Radiology Assoc. of Plyth.	26.00
C.	Police	Jordan Hospital	1,520.11
D.	Police	S. K. Stewart, M.D.	85.00
E.	Police	A. G. Krebs, M.D.	35.00
F.	DPW Sewer	Comm. Elec. Co.	280.62
Total			\$2,088.73

By voice vote, this motion was PASSED UNANIMOUSLY.

ARTICLE 5:

Mr. Thomas moved that the sum of \$583,000.00 be appropriated for extending water mains of not less than 6" on the following streets or portions thereof:

A) from the entrance to the Ellisville Well southerly to Hedges Pond Road, approximately 16,200 feet,

B) In old Ellisville Road from Route 3A to Route 3A, approximately 2,600 feet,

and that to raise this amount, the Treasurer with the approval of the Selectmen is authorized to borrow \$583,000.00 pursuant to the Mass. General Laws, Chapter 44, Section 8, as amended.

Mr. William Nolan moved to amend the motion of Mr. Thomas by substituting the amount of \$793,000.00 for \$583,000.00 and in section A) by amending to read "southerly to the Bourne Town Line, approximately 22,000 feet and to include therein the Ellisville Loop" . . . and that to raise this amount the Treasurer with the approval of the Selectmen is authorized to borrow \$793,000.00 . . . "

Mrs. R. Ryan moved that the Body vote to take the count on Article 5 standing vote.

This motion was APPROVED.

By a vote of 63 AFFIRMATIVE, and 19 NEGATIVE, the motion of Mr. Nolan to amend was PASSED.

The original motion of Mr. Thomas was presented, as amended, for consideration and was APPROVED UNANIMOUSLY.

ARTICLE 6:

VOTED: That the Town authorize the transfer of a portion of the unexpended balance of Article 13, of the 1979 Annual Town Meeting,

"Drainage System — Shore Drive", in the amount of \$26,000.00 to conduct a topographic survey of a portion of the Town bounded by Rte. 3A on the west, Ship Pond on the South, and the northern end of Manomet Avenue on the north; said funds to be expended under the supervision of the Department of Public Works.

ARTICLE 7:

Mr. Thomas moved to amend the Zoning By-Law by adding a new section — #313 — sections 313.01 through 313.08, as reported by the Planning Board.

Mr. Morrison moved to amend Mr. Thomas' motion as regards section 313.04—paragraph B—Item 2—to read . . . "than 3 campsites per gross acre of dry land"—rather than 5 campsites per gross acre . . .

This motion to amend was NOT PASSED.

Mr. Leonard Vaz questioned the presence of a quorum.

Standing count revealed a total number of Town Meeting members present at this time to be 80.

The original motion of Mr. Thomas was voted and PASSED by a vote of 68 AFFIRMATIVE and 6 NEGATIVE. (See insert.)

ARTICLE 8:

Mr. William F. Nolan moved to amend the Plymouth Zoning Map Number 2 as follows: By changing from R-20 SL (Small Lot Residential) to TC (Transitional Commercial) that area located east of North Russell Street and west of South Russell Street, more particularly shown as Lots 1, 2, 3, 4, 5 and 6 on the Plymouth Assessors' Plat 19.

By standing count of 19 AFFIRMATIVE, and 45 NEGATIVE, this motion was NOT PASSED.

ARTICLE 9:

Mr. Thomas moved that the Town amend the Official Zoning Maps of the Town of Plymouth, Nos. 1, 2, and 3, dated November 14, 1972, as amended, to extend the Transitional Commercial Zone on the Southwesterly side of Sandwich Street to Stephens Street, by changing from R-20 SL Residential District to TC — Transitional Commercial District that area shown on Plymouth Assessors' Maps as Plat 22, Lot 104, owned by The Plymouth Antiquarian Society and Lot 103-A owned by Dr. and Mrs. Edward M. Powers.

This motion was PASSED - UNANIMOUSLY.

ARTICLE 10:

No Action on Article 10.

At 2:40 P.M. Mr. Antone Morgardo moved to dissolve the Special Town Meeting, and it was so voted.

Precinct Caucuses

July 27, 1981

7:30 P.M.

Precinct 7 met to elect a new Town Meeting Member to fill a vacancy caused by the resignation of Mr. William Burke. Mr. Burke had accepted

an appointment to the Finance Committee, and is therefor precluded from holding any other position. Anthony Thompson of 11 Tobi Circle was elected to serve to the next election.

Precinct 8 met to elect a new Town Meeting Member to fill the vacancy caused by the resignation of Charles Hamilton. Mr. William Grieves of 31 Matthews Trail was elected to serve to the next election.

Precinct 10 met to fill the vacancy caused by the resignation of Edward Fagan. Mr. Fagan has moved from the area. Donald Rutan of 102 Lake Drive was elected to serve to the next election.

Annual Town Meeting

May 9, 1981

(Adjourned from April 4, 1981 (Sat.))

The meeting was called to order at 10:35 A.M. by the Moderator, Thomas Frates.

The number of Town Meeting Members present as reported by the checkers was 83.

The Moderator declared a quorum present.

Moderator Thomas Frates read a resolution in honor of Mothers' Day.

The death of Firefighter John J. Vincent was announced, with a moment of silence in his memory being observed.

Mr. Thomas moved that adjourned sessions of this Town Meeting be held on Monday, May 11; Tuesday, May 12; Wednesday, May 13; and Thursday, May 14, 1981.

Mr. Whipple moved to amend Mr. Thomas' motion by asking that only the Monday date be voted on at this time.

Mr. Whipple's motion to amend was defeated.

Mr. Thomas' schedule of proposed adjourned sessions was voted on and PASSED . . .

ARTICLE ONE: ELECTION

ARTICLE TWO:

Mr. Tarantino moved that the Town authorized the broadcasting of the 1982 Annual Town Meeting, and appropriate the sum of \$1,200.00 for the expenses thereof, provided that the Town receive a tape recording of the proceedings so broadcast.

The voice vote being questioned by Mr. Agnew, a standing vote was taken with the following result:

YES — 26, and NO — 50, therefor the motion was NOT PASSED.

ARTICLE THREE:

Mr. Thomas moved that the Town receive reports of various Town Committees, Boards, Commissions and Departments and place same on file with the Town Clerk.

The report of the following were read and accepted:

Library Advisory and Site Study Committee

Permanent Elementary School Building Committee.

Genevieve Ash moved to continue the Library Site Committee for one year, and it was so VOTED.

ARTICLE FOUR:

VOTED: That the Town authorize the Treasurer with the approval of the Selectmen, to borrow in anticipation of the revenue for the twelve-month period beginning July 1, 1981, in accordance with General Laws, Chapter 44, Section 4, and acts in amendment thereof, and including in addition thereto, Chapter 849 of the Acts of 1969, as amended, and to renew any note or notes as may be given for a period of less than one year, in accordance with General Laws, Chapter 4, Section 17.

ARTICLE FIVE:

NO ACTION

(Report of progress in regard to Revaluation Survey by R. Dorothy Canucci, Chairperson of the Plymouth Personnel Board.)

ARTICLE SIX:

Mr. Thomas moved that the Town set the salaries of elected Town Officers as follows effective July 1, 1981:

Office	Salary
Moderator	\$300.00
Chairman - Board of Selectmen.....	3,000.00
Other Selectmen	2,000.00
Town Clerk	11,386.00
Town Treasurer.....	11,386.00
Town Collector	20,865.00

The above schedule was voted and PASSED.

ARTICLE SEVEN:

Mr. Thomas moved that the Town raise and appropriate the sum of \$29,370.694. to provide for a Reserve Fund and to defray the expenses of the Town for other purposes as listed in the printed recommendations of the Advisory and Finance Committee. (Final figures, as amended, follow action on all of Article 7.)

Mr. Tarantino moved to amend Art. 7, Item #37, "Town Clerk — Contractual Services" by deleting the figure of \$7,980.00 and substituting the sum of \$1,160.00

Item 138 figure is changed from \$325.00 to -0- in the original presentation.

Item 226 figure is changed from \$4,781,285. to \$4,847,956. in the original presentation.

Mr. Whipple moved to amend Item 226 back to the figure of \$4,781,285.

This motion to amend did NOT PASS, therefor the figure of \$4,847,956. is voted and PASSED.

Louise Hague moved to delete items #273-280 completely from the budget.

This motion to amend did NOT PASS.

Mr. L. Vaz moved to amend item 281 by changing the figure from \$1,425. to \$2,850.00. First vote on motion to amend ended in a tie.

Final vote on motion to amend was defeated by vote of 39 Affirmative and 42 Negative.

At this time there was a call for a quorum count; there being only 73 Town Meeting Members answering the roll at this time, the Moderator declared a lack of a quorum, and the meeting was adjourned at 4:23 P.M. until Monday, May 11.

**Adjourned Session Town Meeting
May 11, 1981**

The Meeting was called to order by the Moderator, Thomas Frates at 7:45 P.M.

The checkers reported 92 Town Meeting Members present.

The Moderator declared a quorum present.

Mr. Morrison moved to amend Item 296 from \$2,600. to \$1,000.
This motion to amend was PASSED.

Mr. Morrison moved to amend Item 298 from \$2,000. to -0-.
This motion to amend did NOT PASS.

Mr. Barufaldi moved to amend Art. 7, 1) Item #299 from the figure of \$16,320. to \$12,820. and to 2) increase Item #301 from -0- to \$2,500., 3) to increase Item 302 from -0- to \$500., and 4) to increase Item #303 from -0- to \$500.

Voting on each proposal in turn, the following was voted:

1. Item #299 reduced to \$12,820.00
2. Item #301 increased to \$2,500. (Vote of 55 Yes — 30 No)
3. Item #302 increased to \$500.
4. Item #303 increased to \$500.

Final motion of Mr. Thomas, as amended, was presented in the following form: Moved — that the Town raise and appropriate the sum of \$29,428,620.00 to provide for a Reserve Fund and to defray the expenses of the Town and for other purposes as listed in the printed recommendations of the Advisory and Finance Committee, with amendments thereto voted, of which \$2,000.00 shall be from the Plymouth-Home National Bank Parking Meter Receipts; \$13,453.00 from State Aid to Libraries for Library Salaries and Wages; Budget #45-Item #240; \$2,000,000.00 from U.S. Federal Revenue Sharing Funds (Regular) for Fire Department Salaries and Wages, Budget #21-Item #122; and \$1,400.00 from Street Parking Meter Receipts for Police Department, Building Maintenance and Parking Control and Meter Maintenance, Budget #19-Item #113; \$200,000.00 shall be from the Overlay Surplus for a Reserve Fund under Budget #65-Item #315; and \$50,000.00 from the Income from Cemetery Perpetual Care Funds for Cemetery Salaries and Wages, Budget #71-Item #344.

Mr. Thomas' motion, with all amendments thereon, was VOTED and PASSED.

ARTICLE EIGHT:

Mr. Thomas moved that the Town appropriate the sum of \$205,941.00 of which the sum of \$116,071.00 is to be raised, and the sum of \$89,870.00 is to come from the Stabilization Fund, for the repair and/or purchase and/or lease and/or replacement of departmental equipment for various departments as follows:

Item A. Authorize the DPW Highway Div. to acquire by purchase one Compactor, with no trade, for the sum of \$839.00 (Stabilization Fund)

Item B. Authorize the DPW Water Div. to acquire by purchase one Compactor, with no trade, for the sum of \$839.00 (Stabilization Fund)

Item C. Authorize the DPW Highway Div. to acquire by purchase one Compressor, and trade in an Ingersol Rand, for the sum of \$10,943.00 (Stabilization Fund)

Item D. Authorize the DPW Park Div. to acquire by purchase one pick-up truck, and trade in (1) 1971 GMC, for the sum of \$9,925.00 (Stabilization Fund)

Item E. No Recommendation

Item F. Authorize the DPW Park Div. to acquire by purchase one dump truck, and trade in (1) 1973 GMC, for the sum of \$16,606. (Stabilization Fund)

Item G. No recommendation

Item H. No recommendation

Item I. No recommendation

Item J. No recommendation

Item K. Authorize the Fire Department to rebuild Engine #1, for the sum of \$13,927., to be raised and appropriated (Levy)

Item L. Authorize the Fire Department to acquire by purchase one rescue truck, with no trade, for the sum of \$50,718. (Stabilization Fund)

Mr. Lopresti moved to amend Art. 8, Item L, by deleting the figure of \$50,718. and substituting the amount of -0-

This motion did NOT PASS.

Item M. No recommendation

Item N. No recommendation

Item O. No recommendation

Item P. Authorize the Police Dept. to acquire by lease, 2 full size wagons, and 7 midsize sedans (without air conditioning), with no trade, for the sum of \$102,144. to be raised and appropriated.

Mr. Tarantino moved to amend Item P by deleting the amount of \$102,144. and substituting therefor the figure of \$108,561.00

This motion did NOT PASS. (By vote of 38 YES and 45 NO)

Original motion on Item P PASSED.

Mr. Tarantino moved to rescind the action taken under Art. 8, Item P.

This motion to rescind was PASSED. (By vote of 52 YES and 31 NO)

Mr. Tarantino moved to delete the figure of \$102,144 in Item P and substitute therefor the figure of \$107,087. to be raised and appropriated.

This motion PASSED.

**Amount to Come
From Tax Levy**

Item K.....13,937.00

Item P.....107,087.00

Total \$121,014.00

**Amount From
Stabilization Fund**

Item A..... 839.00

Item B..... 839.00

Item C 10,943.00

Item D 9,925.00

Item F 16,606.00

Item L 50,718.00

Total\$89,870.00

By UNANIMOUS vote, the total of \$210,884. was expended.

ARTICLE NINE:

NO ACTION

ARTICLE TEN:

NO ACTION

ARTICLE ELEVEN:

NO ACTION (However, Mr. Paul Hannigan, DPW Director, addresses the Town Meeting at this time.)

ARTICLE TWELVE:

VOTED: (UNANIMOUSLY) That the Town appropriate the sum of \$50,000. for the reconstruction and/or repair of sidewalks, said funds to be expended under the supervision of the Dept. of Public Works.

ARTICLE THIRTEEN:

VOTED: (UNANIMOUSLY) That the Town appropriate the sum of \$26,000. from the Stabilization Fund, to replace the existing 15-inch reinforced concrete pipe drain from the vicinity of 99 Allerton Street, easterly to Court Street, then southerly on Court Street to Murray Street, a total distance of approximately 800 L.F., more or less, said funds to be expended under the supervision of the Department of Public Works.

ARTICLE FOURTEEN:

VOTED: (UNANIMOUSLY) That the Town appropriate the sum of \$60,000 from the Stabilization Fund, to replace approximately 2,500 L.F. of existing 15-inch sewer line, with appurtenances structures, on Water Street running southerly from Nelson Street.

ARTICLE FIFTEEN:

Mr. Thomas moved that the Town report and allow as Town Ways the following streets or portions thereof as laid out by the Selectmen, and reported to the Town, provided that all necessary easements have been granted prior to recording of the acceptances of said ways in the Plymouth County Registry of Deeds:

Item	Street Name
A.	Black Cat Road (portion)
B.	North Hill Road
C.	West Hill Road
D.	Dartmouth Road
E.	Princeton Road
F.	Yale Avenue
G.	Columbia Circle
H.	LaScala Avenue
I.	Wallwind Drive
J.	Langford Road
K.	Eel River Circle
M.	Tanglewood Drive
Q.	Lucy's Path
W.	Scarlet Drive (portion)
X.	Skylark Avenue
Y.	Pheasant Avenue

Mr. Tarantino moved to amend Mr. Thomas' motion by adding two items — Item #L, Nickerson Street and Item #S, Pearl Street (portion). This motion was moved and PASSED.

Mr. Thomas' original motion, as amended by Mr. Tarantino to include Items L and S, was presented and PASSED UNANIMOUSLY.

Motion to adjourn was made and voted at 11:05 P.M.

Annual Town Meeting

Adjourned Session May 12, 1981

The Meeting was called to order by Town Clerk, Andrew J. Collas, (in the absence of Moderator, Thomas Frates) at 7:45 P.M.

The checkers reported 83 Town Meeting Members present.

The Town Clerk declared a quorum present, and at this time the Town Meeting voted to appoint Mr. Clarence Krueger as temporary Moderator.

ARTICLE SIXTEEN:

NO ACTION

ARTICLE SEVENTEEN:

NO ACTION

ARTICLE EIGHTEEN:

VOTED: (UNANIMOUSLY) That the Town appropriate the sum of \$6,000. to be added to the Unemployment Compensation Funds, in accordance with Mass. General Laws, Chapter 40, Section 5E.

ARTICLE NINETEEN:

VOTED: (UNANIMOUSLY) That the Town appropriate the sum of \$70,000. to make repairs to the Town Wharf, said funds to be expended under the supervision of the Board of Selectmen.

ARTICLE TWENTY:

VOTED: (UNANIMOUSLY) That the Town appropriate the sum of \$2,500. to purchase and install a ventilation system at the Manomet Branch Library.

ARTICLE TWENTY-ONE:

VOTED: That the Town lease a private ambulance service, to include the services of Emergency Medical-Trained Technicians, for one year, and to appropriate the sum of \$168,906.00; said appropriation to be expended under the direction of the Fire Chief, and further to continue the Ambulance Study Committee for one year to evaluate said service; and further that the Selectmen direct the above-named committee to look into alternatives to the outside contract service, and report back to the Town their findings by August, 1981.

ARTICLE TWENTY-TWO:

NO ACTION

ARTICLE TWENTY-THREE:

VOTED: That the Town appropriate the sum of \$43,545.00 to make certain alterations to Town-owned buildings for the purpose of conserving energy, as follows:

A) Storm Windows	\$5,000.00
B) Insulation	17,545.00
C) New boiler for Memorial Hall furnace	<u>21,000.00</u>

Total \$43,545.00;

said funds to be expended under the direction of the Board of Selectmen.

ARTICLE TWENTY-FOUR:

NO ACTION

ARTICLE TWENTY-FIVE:

VOTED: (UNANIMOUSLY) That the Town appropriate the sum of \$25,000.00 from Free Cash, to pay for legal services in connection with a State-owned land case.

ARTICLE TWENTY-SIX:

VOTED: That the Town appropriate the sum of \$6,000.00 for cleanup and improvement of certain ponds in the Town, said funds to be expended under the supervision of the Conservation Commission.

ARTICLE TWENTY-SEVEN:

VOTED: That the Town appropriate the sum of \$20,000.00 for improvements to Plymouth beaches, said funds to be expended under the supervision of the Conservation Commission.

ARTICLE TWENTY-EIGHT:

VOTED: (UNANIMOUSLY) That the Town authorize the Board of Selectmen to convey an easement to the Commonwealth Electric Company, for the purpose of installing underground cables and a transformer on Town-owned property, namely 11 Lincoln Street, Plymouth, for a sum and upon conditions as the Selectmen may deem appropriate.

ARTICLE TWENTY-NINE:

NO ACTION

ARTICLE THIRTY:

NO ACTION

ARTICLE THIRTY-ONE:

Mr. Thomas moved that the Town vote to amend the Zoning By-Law of the Town by adding a new Section 401.17 entitled "AA-Aquifer Protection District" as follows: (See page 92-A etc.) as outlined in the March 17, 1981, Draft of the Planning Board, consisting of pages 1, 2, 3, & 4; and Mr. Thomas further moved that the Town adopt as a Zoning Map the Map entitled: "Groundwater Significance Map," in four quadrants — Plymouth, Manomet, Sagamore and Wareham.

Mr. Paul Whipple moved to amend Mr. Thomas' motion by changing the figure of 200' to 400' in paragraph 2, page 2 of the above-mentioned literature.

This motion to amend did NOT PASS.

Mr. D. Malaguti moved to amend Mr. Thomas' motion regarding Article 31 to include under Section D of the "Aquifer Protection District" By-Law a new subsection #7 to read: "Notwithstanding the foregoing, any existing use herefore in operation shall be exempt from the provisions of the "Aquifer Protection District" section.

Mr. Malaguti's motion to amend was PASSED.

Mr. Thomas' motion, as amended by Mr. Malaguti, was voted and PASSED UNANIMOUSLY.

ARTICLE THIRTY-TWO:

Mr. Thomas moved that the Town vote to amend the Zoning By-Laws of the Town by adding thereto a new Section 400.05 "Village/Rural Services Area Line" as follows: (See pages 92-E etc.) as outlined in the Planning Board's draft, pages 1, 2, & 3, Sections A - F; and Mr. Thomas

further moved to amend the Zoning By-Law of the Town as it relates to Planned Unit Development as follows: refers to Planning Board Draft of 1-30-81 entitled "Memo—Elimination of Residential P.U.D.s." (This will result in deleting Section 311-Mobile Home Planned Unit Developments in its entirety.

By standing vote of 62 Affirmative and 14 Negative, this motion was PASSED.

ARTICLE THIRTY-THREE:

Mr. Thomas moved that the Town vote to amend the Zoning Maps of the Town by adopting an additional Map entitled: "Village/Rural Service Area Map" in four quadrants: Plymouth, Manomet, Sagamore and Wareham, dated March 30, 1981.

This motion was PASSED UNANIMOUSLY.

ARTICLE THIRTY-FOUR:

Mr. Thomas moved that the Town vote to amend the Zoning By-Laws of the Town as follows:

by deleting the present Section 311 Mobile Home Planned Unit Developments and inserting a Section 311 Retirement Mobile Home Planned Unit Developments. (See text on pps. 92-H etc.); and

by amending Sections 310 and 401 as outlined in text on above-referenced pages, also Section 400.

Mr. Lee moved to amend Mr. Thomas' motion by adding to Par. B, Sec. 311.03 the restriction that "All roads within these Mobile Home Parks must be paved to subdivision standards."

This motion to amend did NOT PASS by vote of 27 Affirmative and 49 Negative.

Mr. Thomas' original motion PASSED by vote of 62 Affirmative to 14 Negative.

At 10:55 P.M. Mr. Whipple moved to adjourn and it was so VOTED.

Adjourned Session May 13, 1981

The session was called to order by the Moderator, Thomas Frates at 7:55 P.M.

The checkers reported 87 Town Meeting Members present.

The Moderator declared a quorum present.

Mr. Leonard Vaz requests permission to address the meeting — said permission granted and Mr. Vaz announced that

Gerald Sheehan, proprietor of L. Knife and Sons, has agreed to underwrite the band concert program for the Town during the next year, and will share equally in paying for same, to the amount of \$1,400.00 which will be paid to offset the decreased appropriation made by the Town for this purpose.

Mr. Thomas Frates read a resolution, which was endorsed by the Town Meeting Members, with respect to the attempted assassination of the Pope.

Mr. Thomas moved to defer action on Article 35 until Article 36 has been heard.

This motion PASSED.

ARTICLE THIRTY-SIX:

Mr. Thomas moved to amend the Zoning By-Laws of the Town so as to:

1. Permit certain types of Industrial development in limited portions of the RR-Rural Residential District subject to certain conditions and by Special Permit of the Board of Appeals. (see P. 94-A etc.)
2. Limit allowed uses in LI-Light Industry Districts to eliminate commercial uses as allowed by right but to permit certain uses by Special Permit of the Board of Appeals. (See following pages for text.)
3. To require more frontage and a deeper front yard along a numbered highway or route unless reverse frontage is employed, and to require a 150' buffer in such cases and along boundaries with residential districts. (See following pages for text.)

Mr. White moved to amend SECTION 205.02 - Subsection A - Paragraph (4) by inserting "existing traveled" before ---limited access divided highway --.

This motion to amend was voted and PASSED by vote of 66 Affirmative and 14 Negative.

Mr. Thomas' motion, as amended by Mr. White, was then voted on and PASSED by vote of 72 Affirmative and 7 Negative.

ARTICLE THIRTY-FIVE:

Mr. Thomas moved to amend the Zoning Maps of the Town of Plymouth numbered #1, #2, #3 as follows:

1. By changing from RR-Rural Residential to LI-Light Industrial, that area located East of Long Pond Road, South of Camelot Drive, and North of the southerly edge of the powerline easement, more particularly shown as Lots 46A, 46B, 47B, 45C, 48B, 49B, 49A, 51, 52, 56, 55, 42C and portions of Lots 45B, 50, 42B, and 54 on Plymouth Assessors' Plat 88; and
2. By changing from R-20MD Mixed Density Residential to LI-Light Industrial that area located North and East of Route 80, West of North Triangle Pond and Southwest of Plymouth Mobile Estates, more particularly shown as Lots 14-1, that portion of Lot 14-3 which is West of an extension of the Easterly property line of Lot 14-1, Lots 14-4, 14-E, and 14-F of the Plymouth Assessors' Plt. 103;
3. By changing from LI-Light Industrial to R-25 Medium Lot Residential that area less than 500' North and East of Route 80 (Plympton Road), Southeast of the Town Boundary and West of a line which follows property lines and is approximately an extension of the Westerly boundary of the adjacent "GC" zone, more particularly shown as the following Lots on Plat #104: 14, 16, 27A-1, 27A-2, 28, 29 or portions thereof.

Mr. Burke moved to amend Mr. Thomas' motion by changing Article 35, Part 2 so that it reads:

"By changing from R-20MD Mixed Density Residential to LI-Light Industrial that portion of Lot 14-3 located more than 500' North and East of Route 80 and West of an extension of the Easterly property line of Lot 14-1, to where it intersects with the edge of North Triangle Pond.

This motion to amend was voted and PASSED.

Mr. Thomas' original motion, as amended by Mr. Burke, was voted on and PASSED UNANIMOUSLY.

ARTICLE THIRTY-SEVEN:

VOTED: (UNANIMOUSLY) That the Town vote to amend the Zoning By-Laws of the Town of Plymouth, Section 401, District Regulations, Subsection 401.14 (LI) Light Industrial Table #5, page 103 by changing the maximum lot coverage from 25% to 50% and the maximum floor area ratio from .5 to .75.

ARTICLE THIRTY-EIGHT:

VOTED: (UNANIMOUSLY) That the Town vote to amend the Zoning By-Law of the Town of Plymouth, Section 401.14-Part F Dimensional and Intensity Requirements and Table #5 Dimension and Intensity Regulations by adding thereto:

"Development within a lot shall include areas along the lot lines to be in the form of new or existing grass, trees and/or planting areas which afford a vegetative buffer 10' minimum in width along the lot lines of the land owned by the particular industry except at required driveways. ."

ARTICLE THIRTY-NINE:

VOTED: (UNANIMOUSLY) That the Town vote to amend the Zoning By-Laws of the Town, Section 102 Definitions, Page 4, under "Lot Measurements" Paragraph "C" by adding thereto "except in non-residential districts (WF, NC, TC, GC, AC, LI, AP, and LI/WF) where said easements are for underground or aerial utilities or underground drainage structures and the topography will allow the placement of pavement for parking or roadway use thereon", and further on Page 7, under "Yard" add to the end of the paragraph, "except in non-residential districts, (WC, NC, TC, GC, AC, LI, AP, and LI/WF) where said easements are for underground or aerial utilities or underground drainage structures and the topography will allow the placement of pavement for parking or roadway use thereon.

ARTICLE FORTY:

ARTICLE FORTY-ONE:

NO ACTION

ARTICLE FORTY-TWO:

NO ACTION

ARTICLE FORTY-THREE:

NO ACTION

At this time, Selectman Roger Silva questioned the presence of a quorum; the count resulted in listing 80 Members present.

ARTICLE FORTY-FOUR:

VOTED: (UNANIMOUSLY) That the Town amend the Town's By-Laws by adding thereto a Subsection to: Article V - Public Ways and Places, Section 14: Soil Pits - "The hours of operation of licensed soil pits shall be 6 A.M. - 7 P.M., Monday through Friday; and 6 A.M. - 12 Noon on Saturday."

ARTICLE FORTY-FIVE:

Mr. Thomas moved to amend the Town's By-Laws by adding a new section to Article V - Public Ways and Places, Section 19: Towing of Vehicles - "A motor vehicle may in any calendar year, if in such year and in the calendar year immediately preceding, five or more notices in the

aggregate have been affixed to said vehicle as provided in Section 20C of Chapter 90 of the General Laws and have not been disposed of — be removed to, and stored, in a convenient place in the Town until all charges lawfully imposed for such removal and storage have been paid and due notice has been received that either the fines provided in such notices have been paid or security for the payment thereof has been deposited.”

Mr. Whipple moved to amend Mr. Thomas' motion by adding — “Fees for said towing and storage shall be set by the Board of Selectmen.”

This motion to amend the original motion was PASSED.

Mr. Thomas' original motion, as amended by Mr. Whipple, was voted and PASSED UNANIMOUSLY.

ARTICLE FORTY-SIX:

NO ACTION

ARTICLE FORTY-SEVEN:

VOTED: (UNANIMOUSLY) That the Town vote to authorize the Board of Selectmen to convey to Edward B. Minichiello a certain parcel of land (Town-owned) situated on the east side of State Road, Manomet Bluffs, shown as Lot 83, Plat 48 of the Plymouth Assessors' Maps for a sum and upon conditions to be determined by the Board of Selectmen.

ARTICLE FORTY-EIGHT:

Mr. Thomas moved that the Town vote to authorize the Board of Selectmen to convey to John F. Eagan a certain parcel of land on the east side of Ellisville Drive, Pilgrim Beach, shown as Lot 4-521, Plat 49 of the Plymouth Assessors' Maps, for a sum and upon conditions to be determined by the Board of Selectmen.

This motion did NOT PASS.

ARTICLE FORTY-NINE:

Mr. Leo Best moved that the Town vote to authorize the Board of Selectmen to convey to Costa and Cathy Y. Chalas a certain parcel of land on the east side of Ellisville Drive, Pilgrim Beach, shown as Lot 4-521, Plat 49 of the Plymouth Assessors' Maps, for a sum to be determined by the Board of Selectmen.

By vote of 1 Affirmative and 73 Negative, this motion did NOT PASS.

ARTICLE FIFTY:

NO ACTION

ARTICLE FIFTY-ONE:

NO ACTION

ARTICLE FIFTY-TWO:

VOTED: That the Town authorize the Town Accountant to close out any unexpended balances remaining in the following account on June 30, 1981:

ARTICLE 21 -- 1980 Annual Town Meeting —

(Repair and/or replace sewer line at Spooner and Court Street)

ARTICLE FIFTY-THREE:

NO ACTION

ARTICLE FIFTY-FOUR:

Mr. Thomas moved that the Town vote to transfer the sum of \$1,100,000.00 from available funds to reduce the tax levy of the forthcoming fiscal year, and to exempt the balance of said free cash from any limitations which may be imposed by law, this amount being \$1,114,350.00

This motion was PASSED UNANIMOUSLY.

ARTICLE FIFTY-FIVE:

NO ACTION

At 10:30 P.M. Mr. Antone Morgardo moved to adjourn and dissolve this Annual Town Meeting, and it was so voted.

Special Town Meeting August 17, 1981

The Meeting was called to order at 7:55 P.M., with a quorum present, as announced by the checkers and declared so by the Moderator.

ARTICLE 1:

That the Town amend the Personnel By-Law by amending Schedule B, Salaries, by increasing the salary figures for Fiscal '82 by 8% - retroactive to July 1, 1981, and further that the salary figures of the Police Chief, Deputy Fire Chief, Library Director and Assistant Library Director be increased by 7% for Fiscal '82, retroactive to July 1, 1981, and further moved that the Town accept the Collective Bargaining Agreements approved by the Board of Selectmen and the Representatives of the International Association of Firefighters, Local 1768, and further that the Personnel By-Law be amended by incorporating the agreements, including all changes including salaries in such agreements; and by amending Schedule B-2 by increasing the salary figures for Fiscal '82 by 5% retroactive to July 1, 1981, and by an additional 4% effective January 1, 1982. Further that the salaries of the Call Firefighters, Call Fire Captain and Call Fire Lieutenant under Miscellaneous Schedule D be amended in accordance with the Firefighters' agreement for hourly rates; and further moved that the Town accept the Collective Bargaining Agreement approved by the Board of Selectmen and the Representatives of the Department of Public Works, AFSCME-Local 2824-AFL-CIO, State Council 93; and further that the Personnel By-Law be amended by incorporating the Agreements, including all changes, including salaries in such agreements; and by amending Schedule C by increasing the salary figures for Fiscal '82 by 5% retroactive to July 1, 1981, and by an additional 4% effective January 1, 1982, and by an additional 7% effective July 1, 1982.

ARTICLE 2:

VOTED: That the Town rescind its action taken under Article 6 of the 1981 Annual Town Meeting, and that the Salary of Elected Officers be set as follows:

(as per Mass. G. L. Chap. 41, Sec. 108)

Moderator	300.00
Chairman of Selectmen	3,000.00

Other Selectmen	2,000.00
Town Clerk	*12,297.00
Town Treasurer	*12,129.00
Town Collector	*22,534.00

*indicates recommended changes.

ARTICLE 3:

VOTED: That the Town appropriate the sum of \$368,700.00, of which \$300,000. is to come from Overlay Surplus, to be added to funds already appropriated in Article 7 of the 1981 Annual Town Meeting for the purpose of supplementing departmental expenses as follows:

ARTICLE 4:

NO ACTION ON ARTICLE 4.

ARTICLE 5:

VOTED: That the Town appropriate the sum of \$13,000.00 from Overlay Surplus to be added to the Unemployment Compensation Fund in accordance with Mass. General Laws, Chapter 40, Section 5E.

ARTICLE 6:

VOTED: That the Town establish certain fees, to be charged by the Town Clerk, pursuant to Section 34 of Chapter 262 of the Mass. General Laws — as attached:

Town Clerk Fee Structure Changes

- | | | |
|--|----------|-------|
| 1) For filing and indexing assignment for benefit of creditors. | (\$2.00) | 5.00 |
| 11) For entering amendment to a record of the birth of an illegitimate child subsequently legitimized | (\$2.00) | 5.00 |
| 12) For correcting errors in a record of birth. | (\$2.00) | 5.00 |
| 13) For furnishing certificate of birth. | (\$2.00) | 3.00 |
| 13A) For furnishing an abstract copy of a record of birth | (\$1.00) | 2.00 |
| 14) For entering delayed record of birth. | (\$2.00) | 5.00 |
| 20) For filing certificate of a person conducting business under any title other than his real name. | (\$1.00) | 10.00 |
| 21) For filing by a person conducting business under any title other than his real name of statement of change of his residence, or of his discontinuance, retirement or withdrawal from, or of a change of location of such business. | (\$.50) | 5.00 |
| 22) For furnishing certified copy of certificate of person conducting business under any title other than his real name or a statement by such person of his discontinuance, retirement or withdrawal from such business. | (\$.50) | 3.00 |
| 24) For recording the name & address, the date and number of the certificate issued to a person registered for the practice of podiatry in the commonwealth. | (\$1.00) | 10.00 |
| 29) For correcting errors in a record of death. | (\$2.00) | 5.00 |
| 30) For furnishing a certificate of death. | (\$2.00) | 3.00 |
| 30A) For furnishing an abstract copy of a record of death. | (\$1.00) | 2.00 |
| 42) For entering notice of intention of marriage and issuing certificates thereof. | (\$4.00) | 10.00 |
| 43) For entering certificate of marriage filed by persons married out of the commonwealth. | (\$2.00) | 3.00 |
| 44) For issuing certificate of marriage. | (\$2.00) | 3.00 |
| 44A) For furnishing an abstract copy of a record of marriage. | (\$1.00) | 2.00 |
| 45) For correcting errors in a record of marriage. | (\$2.00) | 5.00 |
| 54) For recording power of attorney | (\$1.00) | 5.00 |

57) For recording certificate of registration granted to a person to engage in the practice of optometry, or issuing a certified copy thereof. (\$1.00) 10.00

58) For recording the name of the owner of a certificate of registration as a physician or osteopath in the Commonwealth. (\$1.00) 10.00

66) For examining records or papers relating to birth, marriage or deaths upon the application of any person, the actual expense thereof, but not less than (\$2.00) 5.00

67) For copying any manuscript of record pertaining to a birth, marriage or death. (2.00) 3.00

75) For filing a copy of written instrument or declaration of trust by the trustees of an association or trust, or any amendment thereof as provided by Sec. 2, Chapter 182. (\$5.00) 10.00

78) For recording deed of lot or plot in a public burial place or cemetery. (\$1.00) 5.00

79) Recording any other documents. 5.00 per page
(and \$2.00 per each additional page)

Voter's card 2.00

ARTICLE 7:

Mr. Hannigan moved that the Town appropriate the sum of \$35,000.00 to be added to funds already appropriated in Article 38 of the 1980 Annual Town Meeting for the purpose of constructing an off-street parking lot between North and Brewster Streets, said funds to be appropriated from the Parking Meter Funds, and said funds to be expended under the supervision of the Department of Public Works.

By vote of 54 Affirmative and 24 Negative, this motion was PASSED.

ARTICLE 8:

VOTED: UNANIMOUSLY that the Town appropriate the sum of \$396.40 from Overlay surplus for the payment of a certain unpaid bill as follows:

Item	Department	Creditor	Amount
A	Police	T. W. Morse	\$396.40

ARTICLE 9:

VOTED: That the Town amend its action taken under Article 102 of the 1962 Annual Town Meeting, by changing the membership of the Harbor Committee by increasing the number of members-at-large to two (2), and further by eliminating the requirement of a Master Mariner or Harbor Pilot.

ARTICLE 10:

VOTED: That the Board of Selectmen be authorized to grant, in addition to the five on-premise liquor licenses authorized under Article 46 of the 1980 Annual Town Meeting, one (1) additional on-premise liquor license.

ARTICLE 11:

VOTED: UNANIMOUSLY That the Town authorize the Selectmen to grant, insofar as they have the right to do so, to the Commonwealth Electric Company, its successors and assigns, and the New England Telephone Company, the perpetual and exclusive easement to install

and maintain poles and to dig up, lay, construct, repair, replace, operate and inspect underground conduits, wires, and cables, transformer supports, transformer enclosures, transformers, equipment and other usual fixtures and appurtenances deemed necessary for the distribution supply of electricity for light, heat, and power or for any other purposes and for the distribution of intelligence by electricity or otherwise, together with the right to install a temporary overhead line or lines whenever, in the judgement of the Grantee, it is required for maintenance of service. In cases of emergency work repairs, the improvements shall be completed and the temporary overhead lines will be removed as soon as it is practical, in, under, and upon certain parcels of Town-owned land, being shown as Lots 28-17, 28-18, and 28-59B on Plat 52 of the Town of Plymouth Assessors' plans; said location being westerly of State highway, Route 3A, also known as Manomet Road, Plymouth.

ARTICLE 12:

VOTED: UNANIMOUSLY That the Town authorize the Board of Selectmen to grant, in so far as they have the right to do so, to the Commonwealth Electric Company, its successors and assigns, the perpetual and exclusive easement and right to enter upon to maintain, construct, reconstruct, repair, replace, operate, inspect and remove transformer supports, transformer enclosures, transformers, and equipment and other usual fixtures and appurtenances deemed necessary for the distribution supply of electricity for light, heat and power or any other purpose, upon a certain parcel of land in which the Town may have an interest, namely Lot 27D on Plat 101 of the Town of Plymouth Assessors' plans.

ARTICLE 13:

Mr. Fitch moved to amend the Zoning By-Law by adding a new section — Section 313 Recreational Campgrounds — as follows:

SEE PAGES 100C, 100D, 100E, 100F, 100G, 100H

Karen Terry moved to have this question voted on by roll call.

This motion did NOT PASS.

The original motion was presented for standing counted vote and was PASSED by vote of 55 Affirmative and 26 Negative. (See results of Special Election of Oct. 3, which affects this vote.)

Mr. Antone Morgardo moved to adjourn and dissolve at 9:45 P.M., and it was so voted.

Town Warrant Special Election

QUESTION: "Shall the Town vote to approve the action of the representative Town Meeting whereby it was voted that the Town amend the zoning bylaw to allow recreational campgrounds as a permitted use by special permit in the Rural Residential Zone by the Board of Appeals pursuant to Section 313 of the Zoning Bylaw, a copy of which is on file in the Town Clerk's office?"

(Special Town Meeting August 17, 1981, Article 13.)

Special Election Results Oct. 3, 1981

	Pre. 1	Pre. 2	Pre. 3	Pre. 4	Pre. 5	Pre. 6
Total Vote	70	89	92	102	97	66
YES	37	48	58	53	51	21
NO	33	41	34	49	46	45

	Pre. 7	Pre. 8	Pre. 9	Pre. 10	Grand Totals
Total Vote	67	70	110	430	1193
YES	26	33	47	49	423
NO	41	37	63	381	770

(Subsequent to this election, a petition was filed challenging the effectiveness of this election's results. Subsequent action of the office of the Attorney General was then necessary. See Zoning Bylaws of this period for final resolution of this problem.)

Board of Selectmen

Nineteen hundred and eighty-one was clearly a bench-mark year for all municipalities of the Commonwealth of Massachusetts, and Plymouth was no exception. The realities and implications of Proposition 2½, which was approved by the voters in November of 1980, came to pass in 1981. A statutory limit was placed on the Town's tax levy for the first time, and the motor vehicle excise tax rate reduced by 62%. In preparation for the 1981 Annual Town Meeting, extensive discussions were held by policy makers and administrators. Through selected budgetary reductions and new revenue sources, the FY 82 budget and financial articles addressed Proposition 2½ without imposing a severe cutback in personnel or services.

The April 1981 Town Election brought to the Board of Selectmen two new members, George W. Butters and David F. Malaguti, replacing Kenneth Tavares and Clarence Krueger, who chose not to seek re-election.

With the passage of the Growth Management Plan at the April Town Meeting, including a new High-Tech P.U.D. Provision and an Aquifer Protection By-Law, the issues of industrial development and water supply came to the forefront. The announcement by Digital in December that they were planning to purchase the Talcott property was greeted with very positive reactions from Town Officials. It is Digital's desire to actively involve the Town in its Master Plan development, an opportunity the Board of Selectmen and Planning Board strongly wish to encourage.

News reports of Brockton and the Metropolitan District Commission interest in meeting their water supply needs by drawing from the Plymouth aquifer produced a considerable degree of concern from the Board of Selectmen and other officials. The Town on a number of occasions has informed State Officials that while Plymouth does not intend to act as an obstructionist to regional solutions to water supply problems, it believes it imperative that all environmental, social and economic impacts of such withdrawal from the aquifer be analyzed fully prior to regionalism. The Selectmen have also initiated discussions with neighboring communities to establish a coalition of municipalities to deal with this major issue.

Efforts continued during 1981 to bring a final resolution to the long-standing matter of the proposed new Route 44. Following a number of public hearings, the Board of Selectmen, with the support of the Planning Board and Industrial Development Commission, went on record with the Massachusetts Department of Public Works that Plymouth favors a two inter-change system for the relocated highway, one to serve the Industrial Park and the other the demands of West Plymouth. Discussions continue on this matter as we entered 1982.

The project to bring Town water to the Cedarville area as a result of the existence of hazardous wastes at the landfill commenced during 1981. Additional tests were taken and test wells located at both the Cedarville and Manomet landfills to allow the Town to continue to monitor and evaluate this important situation.

A Manomet Commercial Area Revitalization District (CARD) was proposed and finally accepted by the Commonwealth in December of 1981. The purpose of the CARD designation is to allow low-interest

revenue bond to businesses in an effort to revitalize this important commercial area. Efforts are also being made to allow low-interest loans to those small businesses that would not normally qualify for revenue bond financing.

Other issues addressed by the Board of Selectmen during 1981 included the approval of a final license for cable television with Campbell Communications, Inc. the endorsement of an intra-Town Transportation System proposed by the Plymouth Rock Trolley Company, the implementation of the new in-house computer system, the negotiation of a number of employee collective bargaining agreements, and the initiation of a study to determine whether Police and Fire should remain under Civil Service jurisdiction.

As the Board of Selectmen closes its report for 1981, it wishes to express its sincere appreciation to all elected and appointed officials who have devoted their time and energy to insuring that Plymouth's government provides the highest level of service to its citizens, and operates in an effective and efficient manner.

Conservation Commission

This year we held many public hearings, issued permits for work to be done, placed several cease and desist orders and inspected all work for which we had issued permits. We followed up all complaints concerning wetlands violations that came from neighbors and persons interested in protecting our wetlands. Our efforts on pond and water supply purity have intensified.

One such development was the completion of a groundwater study which confirmed the Conservation Commission's suspicion that an intimate relationship existed between the groundwater and the ponds and that this relationship is causing an increase in the rate of eutrophication of many of our ponds. One major positive aspect of this study was the passing of the Aquifer Protection Bylaw. The unanimous vote cast at Town Meeting serves to prove the public's interest in protecting our most precious water supply.

We continued our pond reports by conducting an in-depth eight pond study. This year the major studies included Halfway, Long, Sandy, Great South, Little Long and Great Herring Ponds. These reports are available to the public on a daily basis. They have also served as an invaluable tool to the Conservation Commission and other Town departments for pond and water quality data.

In conjunction with the Pilgrim Resource Conservation and Development Area Council, we completed Phase I of the Plymouth Coastal Dune Stabilization Project at Plymouth Beach. This year we planted 165,000 beach grass plants and constructed 2500 feet of cedar post snow fence. Next spring we plan to begin Phase II which includes beachgrass planting, erecting snow fence and a wall constructed of one-ton rocks along the four-wheel-drive path to prevent vehicles from damaging dunes and plantings.

Still on Plymouth Beach, we continued our eleventh annual Christmas Tree Re-cycling Project. This program has been successful in the past in preventing sand erosion on the beach.

In co-operation with the Mass. Nat'l. Heritage Program, the Commissioners aided in identifying and protecting the rare and endangered species at the Big West Pond Complex.

The Commission and the Division of Marine Fisheries constructed and funded a new fishway at Hayden's Pond. Another fishladder is now under construction on Newfield St. and should be completed in early spring of 1982.

In the past the Conservation Commission has always developed programs with the youth in the area to educate them in good environmental practices. This year we worked with the Plymouth County Extension Youth Conservation Corps under the direction of ConCom member, Antone Morgardo, and Youth Conservation Director, Jim Spinale. The group constructed nature trails and picnic tables at Little Island Pond. The youths also provided general clean-up and installed snow fence at Plymouth Beach.

Again this year, local PCIS science teacher, Judith Fall provided us with students for the "annual pond clean-up week." Over the years the Commission has donated boots, rakes, shovels, rowboats, etc. for this

annual activity. This year marks the student's 11,000th hour donated to the Town for clean-up purposes. Congratulations to Ms. Fall and her students for their concern in the environment and a job well done!

The Commission has worked diligently this year to develop a bluff stabilization and erosion control program through planting. The Commission will produce the guidebook to the general public before the 1982 planting season in hopes that they will exercise good erosion control procedures to protect our fragile coastline.

Personnel Board

During the first six months of 1981, the Personnel Board met three nights each week and during the second half of 1981, met bi-monthly for the purpose of establishing updated job descriptions for the Town's supervisory and administrative positions. This is the first phase of the re-evaluation project for which the Town appropriated \$6,000. under Article 60 of the 1980 Annual Town Meeting. There are approximately fifty-five (55) positions which are not under collective bargaining. These positions involve approximately sixty-five (65) employees. The total number of Town employees, excluding the schools, is approximately five hundred (500) and include full and part-time employees.

The supervisory and administrative employees did not accept the job descriptions written up by the consultants, Olney Associates, Inc., Boston, Massachusetts. These consultants held personal interviews with the incumbents and department heads during July, 1980, however the employees expressed their dissatisfaction with the result that the Personnel Board found it necessary to go back and review, again by personal and individual interviews, all the job descriptions. The employees were also reluctant to accept the consultants' recommendations regarding grade levels. This matter will be resolved by a re-review between consultants and employees upon completion of the job descriptions.

On March 19, 1981 the supervisory and administrative employees requested the Personnel Board to go before the April 4, 1981 Annual Town Meeting to 1) go for a cost-of-living adjustment (increase) effective July 1, 1981 and 2) to complete the re-evaluation and make its recommendations at the 1982 Annual Town Meeting, said recommendations to be effective July 1, 1982.

The Town took no action under salaries at the 1981 Annual Town Meeting, however at the August 4, 1981 Special Town Meeting, the Town accepted and funded the contracts with the fire department and the department of public works employees. The town also voted and funded the Personnel Board's recommendation to allow an 8% cost-of-living salary adjustment for Schedule B salaries and the salaries of the Library Director, Assistant Library Director, Deputy Fire Chief and Police Chief retroactive to July 1, 1981.

On January 29, 1981, the Personnel Board, on the advise of the Board of Selectmen and the Town's labor counsel, voted to return to the classification plan three clerical positions challenged by the clerical union some time after the June 30, 1980 Special Town Meeting. These positions are Senior Clerk-Assistant Town Clerk C-6; Senior Clerk-Assistant Town Collector C-6; and Finance Committee Secretary (Part-time) C-5. These positions, however, were negotiated out of the clerical union the following year (1982).

On February 17, 1981, the Personnel Board voted to advise the Board of Selectmen that this Board would like to be totally involved in a joint meeting with them, the school committees, and the finance committee to discuss salaries in connection with Proposition 2½.

On February 26, 1981, the DPW laborers and custodians invited the Personnel Board to participate in their in-house review of job descriptions, but to date this Board has not been invited to any of their

meetings. The law requires that the Personnel Board be involved with such matters.

Adherence to the personnel by-law is not being observed by the department heads. The result of these actions is causing unnecessary hardships both psychologically and financially.

The day-to-day operations included job descriptions for three new positions namely, Parking Clerk, Library Account Clerk and Library Supervisor; requests for reclassifications; extensions for sick and vacation leaves.

Regarding the board, certain changes were made. Mr. Alan C. Bishop died on January 17, 1981; Mr. William D. Burke was appointed to fill his term of office to 1981; and Mr. Scott R. Schnell resigned on May 19, 1981 and his office was filled by Mr. Michael A. Gallerani to 1982.

With the Town negotiating salaries and wages that pay \$6.00 and more per hour for unskilled work for which students are eligible, the Personnel Board must continue to think big but realistically in its recommendations to the Town.

Plymouth Harbor Committee

The Plymouth Harbor Committee held eleven regular, and two special, meetings throughout the year to review problems related to the harbor and waterfront area.

Your committee has secured \$70,000 through Town Meeting for repairs to the Town Wharf. These are to include ladder replacement, batter board repairs and new pilings. With the help of Mr. Paul Hannigan of the Department of Public Works, this project is expected to be completed by the summer of 1982.

The committee completed an extensive review and rewrite of the Harbor By-Laws including fee schedule. This updated printing will be available for distribution following approval by Town Meeting.

Efforts continued to secure dredging of a new anchorage area. Unavailability of Federal funds precluded any progress during 1981. The committee will maintain communications with the Army Corps. of Engineers to secure dredging at the earliest opportunity.

Recreation Activities Commission

The Recreation Activities Commissioners for 1981 were Mr. Gerald Sirrico, Chairman; Mr. Paul Coffin, Vice Chairman; Ms. Joanne Aprea, Mr. Chester Downie, Mr. Carl Freyermuth, Mr. Vincent Sgarzi and Mr. Robert Murphy. Mr. Edward Borgatti completed his term in June and the Commission wishes to thank him for his many years of service and dedication as a member and Chairman of the Commission. Mr. John Medeiros is the Commission's Director with Ms. Kristine Pimental and Mr. Stephen Pimental as his full-time assistants at the Manomet Youth Center. Ms. Sandra Leet is the Commission's secretary.

A detailed budget of \$170,422.00 was presented to the Town for fiscal 1982. Although some programs had to be eliminated by the impact of Proposition 2½, the Commission did conduct many successful programs in 1981.

In January, a table tennis tournament was conducted for area residents at Memorial Hall with over one hundred youngsters and adults participating. In February, the Commission supervised a roller skating trip to the Marshfield Family Skateland for sixty Plymouth youngsters ages ten to thirteen. A youth basketball clinic was conducted in March and was held at the Plymouth-Carver Intermediate School. Mr. M.L. Carr of the Boston Celtics made a surprise appearance at the clinic and demonstrated many skills and then proceeded to sign autographs for the more than two hundred youngsters who were present. An adult volleyball tournament was held in March with many Plymouth residents taking part. A youth gymnastics program, under the direction of Ms. Janet Murphy, was begun in April with over two hundred Plymouth youngsters participating. In May, the 5th Annual Walter B. Haskell Memorial Youth Fishing Rodeo was held at Little Pond. Nearly five hundred Plymouth youngsters turned out for this very popular event. Also in May, the 1981 Kite Day, under the direction of Mr. Alan Bartlett and Ms. Janet Bridge, saw 1000 youngsters and adults attend Plymouth Beach to take part in this successful program.

From Memorial Day thru Labor Day, the Commission supervised lifeguards, swimming instructors, parking attendants, matrons and caretakers at Plymouth Beach, Morton Park, Taylor Avenue Beach, White Horse Beach and Fresh Pond. Swimming lessons were given to over six hundred youngsters at these locations. The sale of beaches and ponds parking tickets netted the Town \$17,832.50. Summer band concerts were once again held at Jenny Grist Mill.

At the close of school in June, the Recreation Commission again offered a varied and extensive recreational program for Plymouth youngsters at West School, Siever Field, Stephens Field, Briggs Field and South School. Instructors gave lessons and organized activities in tennis, arts and crafts, soccer, baseball and basketball. The program concluded with a trip to Lincoln Park for over two hundred youngsters and an All Playgrounds Day and a cookout at Stephens Field. In July, the Commission organized a baseball clinic at Siever Field which was under the direction of former major league ballplayer, Eddie Pellagrini. Nearly one hundred youngsters attended this informative program. Adult and

youth tennis tournaments were sponsored by the Commission in June and August with nearly one hundred tennis enthusiasts taking part.

The Manomet Youth Center again conducted a wide range of activities for youngsters. Over six hundred youngsters were able to take part in these activities at the Center.

The Commission would like to thank Douglass Gray, General Foreman of the Park Division and the Park Division personnel for their outstanding work at the Town's fields and parks; the Plymouth School Department for allowing the Recreation Department to utilize a number of school facilities and to the many local merchants and civic organizations who so generously donated to the Youth Fishing Rodeo.

Plymouth County Cooperative Extension Service

The Plymouth County Cooperative Extension Service's Office is located on High St., Hanson, and can be reached by called 293-3541, 447-5946 or 746-0053.

STAFF:

Our staff is comprised of a Director, two Regional Agricultural Specialists, a Community Resource Development Specialist, two Home Economists, four 4-H Agents and four clerical staff.

In addition to our County Staff, we administer a Nutritional Education Program for limited-income families in Plymouth County, (Expanded Food & Nutrition Educational Program). We have two professional nutritionists and ten aides. This office is located at 32 Belmont St., Brockton, and is funded by Federal Nutrition Funds, through the University of Massachusetts, our Land-Grant College. This is for both a 4-H and Adult Program.

Our Expanded Food and Nutrition Program (EFNEP) has expanded from Brockton to all of Plymouth County's twenty-six towns.

In 1980-81, there were 4,722 youth involved in our 4-H EFNEP Nutrition Program. You can obtain information about current programs, as well as up-to-date consumer information, by requesting the free monthly newsletter, *Kitchen Quotes*. This newsletter can be sent to you by calling the Brockton Office at 583-2545 or 583-2598. This newsletter is also prepared in Spanish.

In our traditional 4-H Program, we have 1,313 members with 22,041 other youth participating in our short-term and school programs. The 1977 population of Plymouth County schools was 96,287. This means 2,412 of the Plymouth County youth have been involved in our programs this year.

In your town, Plymouth, there were 1,385 youth that participated in these programs.

Contact your Town Director, Thomas W. Prentice, Sr., for the County Cooperative Extension Service with any suggestions or request.

Free bulletins are on display at our office on lawn care, gardening, nutrition, home canning and freezing, to name just a few. If you pass our office in your travels, please stop and get to know us. We continue to test soil, free of charge, for Plymouth County residents. Our Home Economist will also check your pressure cooker gauge.

A total expense of \$300.00 was incurred during the year for the purchase of material needed in carrying on the various Extension Programs. The appropriation made by your town was used for residents of the town and expended as follows:

EXPENSE 1980-1981

Books & Manuals Purchased for Town Officials	\$14.07
Town Director's Expense	—
Bulletins, Paper, etc.	175.17
4-H School Programs, Environmental Center	63.69
4-H and Home Economic Leader Expense	47.07
TOTAL	\$300.00

Plymouth Airport Commission

The Plymouth Airport Commission wishes to report that the airport had an eventful and busy year.

Major accomplishments included the construction of a new addition to the Town Hangar, construction of a new addition to the Town Hangar, construction of a pad for additional hangar spaces, and the purchase of a new 10,000 gallon aviation fuel storage tank. Additionally, the airport commission became responsible for purchasing their own supplies and materials thus reducing their budget request to the Town of Plymouth by \$25,000.

The Plymouth Airport continues to be an attraction to business enterprises and to individual aircraft owners. One of the new businesses at the airport is Mr. Vance Olson who is specializing in aircraft upholstery and redecorating aircraft interiors. The airport remains home base for approximately 150 aircraft, and has 12 viable businesses employing over 70 people.

In July 1981, Mr. Douglas A. Armstrong, a Plymouth Airport Commissioner for 21 years retired from the board. His presence on the board will be sorely missed. Mr. Armstrong was a keen and ardent supporter of aviation and the airport for these many years. He made the airport what it is today a very valuable asset to the Town of Plymouth and the State of Massachusetts. The Plymouth Airport Commission wishes him well for his outstanding service.

The Plymouth Airport lost two of its finest personalities this year. First, Mr. Elio W. Barufaldi who was the Airport Manager; and businessman at the airport for 35 years. His accomplishments and support of aviation will never be forgotten. Secondly, Mr. Robert Forde, an Island Flying Club member who lost his life in a plane crash off of Nantucket, was very involved in aviation at Plymouth Airport. Both will be missed by all.

In closing, the Plymouth Airport Commission and staff would like to welcome any members or community organization to visit with us at Plymouth Airport. The airport at Plymouth is considered one of the finest of its kind in New England.

Planning Board

1981 was a very significant year for the Planning Board and the Town of Plymouth as Digital Equipment Corporation announced the purchase of the 3,700-acres, Talcott Estates, with the intent of creating a High Technology P.U.D. on the property. The Board takes great pride in the fact that its efforts over the past few years—first with local colleges and universities in examining potential of the property for benefit to the Town and region, then in the development of the High Technology P.U.D. and in guiding that ordinance through the legislative process—have had such spectacular results. The Board wishes to particularly congratulate its Chairman, Louis J. Cotti, Jr., on this accomplishment as he guided the entire process from start to finish.

The High Technology P.U.D. was just one of the major zoning changes proposed and adopted in 1981. An Aquifer Protection Bylaw was also adopted as were most of the other zoning amendments needed to implement the Comprehensive Plan.

The composition of the Board changed once again as a result of the elections to fill the positions which had been temporarily filled by appointment. The new organization of the Board was:

Louis J. Cotti, Jr. — Chairman
Michael F. Babini — Vice Chairman
Robert G. Barnes — Clerk
Paul McAuliffe — Clerk Pro-Tem
Joseph A. Balboni — Member

The Board wishes to thank Mr. William Shaw and Mr. Robert Pontbriant for their service on the Board and to welcome Mr. Paul McAuliffe and Mr. Robert Barnes (welcome back).

1981 brought only one staff change. Ms. Julia Ess-Buckley left to rejoin the Peace Corps in Paraguay. We wish her all the best. Julia did a fine job in bringing the Town's computer resources into the Planning Board office. It is a tremendous asset to the Town.

The Board met regularly on Tuesday evenings at 7:30 P.M. in the third floor meeting room. During the Spring, several additional meetings were held to discuss implementation of the Comprehensive Plan. These efforts resulted in a package of amendments which was adopted by Town Meeting on May 13, 1981.

With respect to its duties under the Subdivision Control Law, the Board acted as follows:

Definitive Plans:	Number	Number of Lots
Approved & Endorsed	1	25
Disapproved	—	—
Rescinded	1	84
Pending	1	51
Preliminary Plans:		
Approved	2	73
Disapproved	7	1084
Rescinded	—	—

Approval Not Required:

Signed	96	70
Not Signed	23	—
"Pork Chop" Lots	17	35

The Board also acted on 94 zoning applications, including 11 of suitable access. Among the major projects, which were before the Town in 1981, were:

Plymouth Shore: 69 Condominium units off Hedge Road in North Plymouth Several private "Wind Energy Conversion Systems" (W.E.C.S.)—windmills

Liberty Street Condominiums: 60 Condominium units off Liberty Street Cordage Park Retail Facilities: 130,000 SF of rehabilitated retail space Expansion of the Ocean Spray Facilities: 2,000 SF for computer facilities.

Community Development Plans

The plan adopted in 1980 has been largely implemented by Zoning Amendments passed in 1981. Certain other aspects of the plan will be fully operational when the computer is completely on line.

Data Resources

The Board's Staff has made much use of the Town's computer for maintenance of records, preparation of contracts and other word processing functions, and maintenance of certain kinds of statistical data.

Subdivision Control Law

The Board has approved the reorganized format of its Rules and Regulations. Detailed changes have been made and more are in the works.

Zoning

The Board, together with advisory committee from the Building Dept., Design Review Board and DPW-Engineering, is preparing a Bylaw amendment to accommodate windmills. We have two (2) windmills in operation and more in the planning stages. Protecting neighbors and the public is the main issue, but aesthetics is also playing a role in the deliberation. We are hoping to present the Bylaw to this year's Annual Town Meeting.

Transportation

The Board has been active in pushing the State for Route 44, improvements to the Route 44/Route 3 intersection, Route 3A and Water Street projects. The Board's staff also obtained a grant to study parking garages to see if it is possible to design one which could fit in our historic downtown.

Water

The Board and its staff have been most active in efforts to save our water supplies from export to Brockton or Boston!! These efforts will continue to have top priority.

Housing

In the area of housing, the Board has assisted the Plymouth Housing Authority in the preparation of specifications for its latest elderly housing project. The Board also met with State Representative, Peter Forman, to discuss condominium conversions in Plymouth. A formal policy will be drawn up in the coming months.

Open Space

With the purchase of the Briggs property by the Town and the Talcott property by Digital Equipment Corp. for a High Tech. P.U.D., the Board has already been actively engaged in preserving open space. During the year, the Board also met with Austin Mason, State Forester, to discuss State Tax Incentive Programs for agricultural and forestry uses with a view towards eliminating conflicts between forest management practices and Town Bylaws preventing wholesale clearing of land.

Economic Development

The Board's staff spent the better part of the year in preparing the application to the State for a Commercial Area Revitalization District in Manomet. The C.A.R.D. Program makes lower interest funds available to businesses within the district. Normally, the practical constraints of the program limit the availability of funds to borrowers looking for more than \$200,000. An innovative and unique provision of the Town's C.A.R.D. plan allows for loans of as little as \$10,000 through local banks. The C.A.R.D. plan has been approved by the responsible State agency.

The Board's staff also obtained a grant from the Massachusetts Office of Coastal Zone Management for \$25,000 to prepare an improvement plan and program for the Town Wharf. This plan is the Town's follow up to a master plan prepared under a similar grant last year. The master plan is providing a framework for many of the impressive private efforts being made along the waterfront.

Old Colony Planning Council

As your representatives to the Old Colony Planning Council we are pleased to present this report of the Council's activities during 1981.

The Council members and staff were involved in a wide range of national, state and areawide issues that were directly related to the Council's program and future effectiveness. The year was marked by a substantial shift in policy at the state and national level that impacted the Council's ability to serve the technical assistance needs of the member communities. Reductions in federal funding for Economic Development, Housing and Land Use Planning and Water Quality Program Management activities have required the Council to decrease the size of its staff and restricted the Council's ability to assist member communities with specific problems. If this situation is to be reversed it will require increased funding from state and local sources.

Council President Gerard W. Dempsey of Pembroke assisted the National Association of Regional Councils (NARC) in establishing regional council priorities. President Dempsey believes there will continue to be a base level of federal funding support and involvement in the Council's program, but feels the states must do more to support the work of the Council.

This past year Council members, acting as the regional clearinghouse on applications for federal funding, environmental review and industrial revenue bonds reviewed applications for state and federal assistance amounting to over fifty-one million dollars.

During the year the Council continued in its responsibility as the Area Agency on Aging and administered programs for the AAA service area. Two new programs were initiated by the Council to provide for the transportation and housing needs of elders. The Council is assisted in its work by the AAA Advisory Committee, Chaired by Christian Schembri, Director of the town of Plymouth Council on Aging.

Another important Council activity for the year was Economic Development planning and programming. In this capacity, the Council acts upon all bonding proposals submitted to the Massachusetts Industrial Finance Authority through the Overall Economic Development Program Committee. The Committee is headed by Timothy Sullivan, Director of the Office of Continuing Education and Conferences at Stonehill College.

The Housing Advisory Committee of the Council under the Chairmanship of John Mather provided valuable input to the Council on housing issues and applications for housing assistance during the year. Through the work of this Committee on Areawide Housing Opportunity Plan was developed for the area.

The Joint Transportation Committee chaired by John Yaney established transportation project priorities for the region with the assistance of area communities. This information led to the development of the Transportation Improve Program (TIP). The TIP is the basis for funding all state and federally assisted highway and transportation projects.

The adequacy of present and future water supply continues to be one of the most important areawide issues within the Old Colony

Planning Council district. The Council is acutely aware of the need to encourage the public to conserve water use and to develop additional sources of supply. In this regard, the Council made available to each member community water conservation flyers to be distributed to each household emphasizing the need to conserve the use of water. The Council will be working with local officials in designing the best method of assuring an adequate supply of water for the future.

The Council gratefully acknowledges the generous support and cooperation of its member communities, the local boards and commissions and the many governmental agencies, public and private institutions and individuals who have assisted the Council in its work.

Plymouth Development and Industrial Commission

The Plymouth Development and Industrial Commission respectfully submits its annual report for 1981.

The PDIC saw the following changes in its membership during 1981:

In April, Mr. Robert Messier, who served as Chairman, announced his resignation from the PDIC due to his acceptance of a position to Edmonton, Alberta, Canada. The Commission gratefully acknowledges and appreciates the dedication and service Mr. Messier gave to the Town of Plymouth.

The Board of Selectmen appointed the following to the Commission in July:

Mr. Joseph Balboni, Jr., Mr. Michael Sweeney and Mr. Kenneth Tavares.

Mr. Robert Akins was elected Chairman and Mr. Stanley Strychaz, Vice Chairman at the reorganizational meeting.

During the year, the Commission worked in attracting several new companies to Plymouth and assisted a number of local businesses in their expansion plans.

In the Industrial Park, ground was broken for *Superior Pet Products'* new 60,000 square foot manufacturing and office building. Upon completion scheduled for spring of 1982, this new facility will employ over 200 full-time workers. Superior Pet Products has been operating out of the Cordage Park complex during the last several years.

Capri Kitchens moved into their new 34,000 square foot building from their original building on Murray Street. Manufacturers of kitchen and office cabinets, this Plymouth firm currently employs some 40 workers.

Blue Shield of Massachusetts announced plans for location into Plymouth and have neared completion of a 26,000 square foot data processing center which will employ over 250 people over the next few years.

Castall Incorporated of South Weymouth announced plans for relocation to the Industrial Park and have begun design plans for construction of a 30,000 sq. ft. facility with the initial employment of 20 full-time workers.

The Foxboro Company has purchased an additional 34 acres adjacent to their 12 acre site housing the Analytical Division. Foxboro plans major expansion over the next couple of years, commencing in the fall of 1982.

MIJA Industries, Inc. manufacturers of pressure gauges and indicators have begun plans for a \$400,000 acquisition and expansion plan. The firm anticipates a second production shift in 1982 adding some 30 employees to the payroll.

Pixley-Richards Inc., the first company to locate in the Plymouth Industrial Park and manufacturer of molded plastic components for high-tech industry, is planning a \$1.7 million expansion that would

double the size of its existing plant and create 170 new jobs over the next three years.

Gamepoint Racquetteer and Health Club has neared completion of a \$400,000 addition which will include an indoor pool, nautilus gym, child care center and meeting rooms to their facility in the industrial park. Upon completion Gamepoint will employ over 32 full-time employees and will offer membership not only for the general public but corporate fitness plans as well. A number of Plymouth firms have already indicated support for this new program.

Outside the industrial park, the Commission has assisted in the plans for other business expansions including *Ocean Spray Cranberries Inc.* Plans for the construction of a two-story computer center and 40-car parking lot on the property adjacent to its corporate headquarters on the waterfront. The \$1.6 million project is due to be completed in July 1982. Ocean Spray employs more than 200 at their Plymouth offices.

In addition to the promotion and development of the Plymouth industrial community, the Plymouth Development & Industrial Commission was also involved with commercial business as well. Serving as the Board of Selectmen's designated coordinator for the C.A.R.D. programs, the Plymouth Development & Industrial Commission assisted the *Plymouth Marine* with their \$2 million marine development and expansion program. The project included extensive dredging, construction of two new buildings and the installation of a floating dock system scheduled for completion by the 1982 summer season.

Plymouth Five Cents Savings Bank completed construction of the new *Village Landing* market place. This waterfront shopping area offers 20 year-round specialty shops in 17 diverse colonial-style structures with professional offices on the second floors.

The Plymouth Development & Industrial Commission was responsible for obtaining SBA financing for the new *Station One Restaurant* housed in the old central fire station, downtown. Construction on the renovation began in the summer of 1981 and opening is scheduled for March 1982.

The most lengthy and eventually successful efforts undertaken by the Plymouth Development & Industrial Commission was the designation of the Manomet Center as a Commercial Area Revitalization District. Begun in February with the assistance of the planning office staff and under the direction of the Board of Selectmen an application was prepared and submitted to the State Department of Communities & Development. The State approved the plan in late December 1981 and implementation of the plan is expected in early 1982.

In December, *Digital Equipment Corporation* announced plans for the purchase and eventual development of the 3,500 acre Talcott property near the Clark Road interchange of Route 3. The new high-tech planned unit development zoning bylaw approved by the 1981 annual town meeting will enable this development under the conditions and restrictions protecting adjacent properties and town resources. The Plymouth Development & Industrial Commission looks forward to working with the Board of Selectmen as well as other boards and commissions in the planning and actual development of this exciting proposal. We believe that the Digital Corporation will provide not only direct employment opportunity to Plymouthians, but will assist the town

in attracting other businesses to locate or expand and increase local job prospects.

In October, the Plymouth Development & Industrial Commission together with the Plymouth Industrial Development Corporation, the Chamber of Commerce and Department of Employment Services sponsored the second annual Business Fair held at Memorial hall. Thirty-four companies from in and around Plymouth participated in the exhibition which was visited by over 2500 persons during the two-day program.

Governor Edward J. King was the feature speaker at the Business Fair Kick-off Luncheon attended by over 200 Plymouth area business persons.

Working in conjunction with the Plymouth Industrial Development Corporation, the Plymouth Development & Industrial Commission successfully obtained a Small Business Administration Certified Development Corporation Designation. This is the new SBA-503 Lending Program which enables low interest financing for small business concerns in the construction of new facilities and purchase of new equipment.

In 1981, there were six loan applications filed under this program.

We anticipate and look forward to a very promising 1982.

Design Review Board

The Design Review Board has had a very productive year. We have seen Village Landing become a reality. The close cooperation between the Design Review Board and the architects, Ken Parry Associates, has resulted in a "mini-shopping mall" which is aesthetically and visually pleasing. It is representative of what we are striving for on a town-wide basis.

The Design Review Board has had 18 meetings during the year and has reviewed 84 petitions. The Board has also been asked to comment on Zoning Permits when the Building Inspector has requested comments concerning design.

During the past year with a heavy emphasis on energy conservation, we have seen a number of petitioners requesting Special Permits for Windmills. The Board requested that the Selectmen set up a Windmill Study Committee. This Committee is responsible for writing a Windmill By-Law. It is felt that certain regulations and guidelines must be implemented for the safety, aesthetics, location, noise, electro-magnetic interference, and maintenance of these structures. The Committee is working toward approval of these by-laws for the Annual Town Meeting.

The upcoming year should prove to be very interesting as the new developers of White Cliffs are introducing a new plan. The concept has completely changed in regards to building design, road layout, amenities and an eighteen-hole golf course. We are looking forward to a close working relationship with the new developers.

The Design Review Board welcomes public attendance and input at all meetings.

Redevelopment Authority

During 1981, the Plymouth Redevelopment Authority continued to administer the HUD Section 312 Program in Plymouth to provide upgraded housing especially geared to low income, minorities or for houses of historic value by providing low interest loans to rehabilitate existing housing and supervising that rehabilitation to the minimum code standards of the Town. The success of this program is measured proof of the Town's ability to administer federal programs and more important, in noticeable improvements in certain neighborhoods of Town.

In addition, the Plymouth Redevelopment Authority has a continued active interest in the Bradford Area of Plymouth and successfully procured a matching grant from the State and Massachusetts to implement planning of sadly deteriorated public improvements of the Bradford Area. The developed plans will put in progress steps to revitalize this Area and with the assistance of individual owners and governmental funding programs work to upgrade this historically unique area of Plymouth.

Department of Public Works

Following this section are the annual report of the eight Divisions which comprise the Public Works Department of the Town of Plymouth: Maintenance, Engineering, Tree, Sewer, Highway, Park, Water and Cemetery.

1981 was a year that, despite a two-day strike by employees of the Public Works Union, saw an increasing spirit of cooperation between the personnel in the various Divisions as a result of the realization that the goals of the Department of Public Works as a whole can best be achieved if flexibility, cooperation and innovation are maximized while meeting the goals of the individual Divisions.

In an effort to live within the constraints resulting from Proposition 2½, capital projects were cut back and six vacant positions within the Department were not funded. Increased emphasis has begun to be placed on maintenance of existing roads and facilities in order to prolong their effectiveness.

As a result of increased levels of organic compounds found in some private wells in the Cedarville area, water mains were extended along Route 3A to the Bourne Town Line. This line, with its booster pumping station will go into service in early 1982. Water mains on Court Street and Sandwich Street dating back to the turn of the century were replaced with ductile iron mains.

The manner in which the Town of Plymouth will dispose of its solid wastes was discussed and evaluated at length. With the Manomet Landfill soon to reach capacity under the existing approved operating plan, we must determine our future course. The painfully slow process of receiving local and state approvals for a new landfill in Cedarville, a project initiated by Town Meeting action in the late 1970's was begun. In addition, consideration is also being given to other alternatives, such as hauling refuse out of town, resource recovery, incineration, etc. It is probably that the short term solution will be to petition the State for permission to use the Manomet facility for a few more years.

The manner in which the Town's sanitary wastes will be collected, treated and disposed of is perhaps the single subject that will receive the most discussion and review in the next few years.

At present, the Town finds itself with an overloaded wastewater treatment plant, many older sewer lines with much infiltration of groundwater and/or seawater, plus certain unsewered areas of Town where problems exist with on-site disposal systems. A Town-wide study to determine how we will meet our wastewater disposal needs began in 1981 and is expected to take two years. Public participation is an important part of the study and it is encouraged. The manner in which the Town of Plymouth grows will be influenced heavily by the degree to which the recommendations of the Sewer System Study are carried out.

Although the aquifer from which we draw our daily water supply is vast, it is also fragile, and those from without who have begun to cast eyes in its direction will have to realize that before we can approve any withdrawals therefrom, the environmental impacts of such actions must be thoroughly documented and evaluated.

The retirements of Walter Smith and William Flockton, of the Cemetery Division, Joseph Romano of the Water Division, John Manfredi of the Tree Division and Frank Tavares of the Park Division marked, in each case, the end of many years of dedicated service to the Town.

In addition, the passing of Francis E. Rapose of the Sewer Division while on the job May 15, 1981 is noted with great sorrow. He is missed by all of us who had the pleasure of working with him.

The co-operation and assistance of other Town Departments is acknowledged and appreciated.

Engineering Division

Nineteen eighty-one marked the first time that the Engineering Division has had the opportunity to function for an entire calendar year with a full complement staff. The availability of two field crews plus office staff enabled us to function with more diversification than ever before.

The acquisition of electronic measuring equipment (EDM) now gives us the capability to produce a uniform town-wide control system. The initial use of this equipment was to furnish control for a five square mile aerial survey of the Manomet area.

Other functions performed during the year include:

- (1) Assessors Map Revisions — 560 parcels affecting 60 plats (full and half-size originals revised);
- (2) Streets accepted as Town Ways (18):
 - a. Black Cat Road — portion thereof,
 - b. Columbia Circle,
 - c. Dartmouth Road,
 - d. Eel River Circle,
 - e. Langford Road,
 - f. LaScala Avenue,
 - g. Lucy's Path,
 - h. Nickerson Street,
 - i. North Hill Road,
 - j. Pearl Street
 - k. Pheasant Avenue — portion thereof,
 - l. Princeton Road,
 - m. Scarlet Drive — portion thereof,
 - n. Skylark Avenue — portion thereof,
 - o. Tanglewood Drive,
 - p. Wallwind Drive — portion thereof,
 - q. West Hill Road and
 - r. Yale Avenue
- (3) Highway and Drainage Construction Projects:
 - a. Completed — Cary Road, Fair Oaks Road, Billington Street, Federal Furnace Road (Colby Pond), Water Street (Village Landing utility tie-ins), Liberty Street and Municipal Airport;
 - b. In Progress — Esta Road, Wellington Road, North-Brewster Streets Parking Lot, Shore Drive, Presidents Lane, Earl, Center and Ray Roads, Colony Beach Boulevard, Lady Slipper Drive, Allerton-Court Streets and Fresh Pond Circle;
- (4) Surveys:
 - a. Manomet Aerial (Horizontal and vertical control),
 - b. Municipal Airport (Property Line),
 - c. Bradford Street (Property Line),
 - d. Town Wharf Area (Property Line and Topographic),
 - e. Indian Brook Road (Property Line) and
 - f. Monumentation of Town Ways (247 bounds set);
- (5) Printing Services:
 - a. Twenty-three sets of Assessors Maps (142 sheets each) for use by various Town Agencies;
 - b. Fifty sets of Zoning Maps (13 sheets each) and

c. Approximately 650 prints of miscellaneous plans and drawings;

(6) Miscellaneous work included:

a. Plan reviews for the Planning Board, Board of Appeals and Conservation Commission;

b. Plan and document review at 25% level for the Long Pond Road Commuter Parking Facility and the Federal Urban Systems Aid Projects — Water Street and Court and Sandwich Streets;

c. Manomet and Cedarville Landfill groundwater monitor programs;

d. Various sewer tie-ins;

e. Preliminary water main layout (Ellisville) and as-built detail (Court and Sandwich Street);

f. Zoning map revisions including new plans showing Aquifer Protection District;

g. Street numbering;

h. Assist various department personnel in the work processing function of the municipal computer system and

i. A variety of tasks to assist other D.P.W. divisions in the performance of their day-to-day duties.

The quality and quantity of our services are greatly dependant upon the many agencies, both public and private, with whom we interact. We gratefully acknowledge the exemplary assistance and cooperation that we have received during the year.

Maintenance Division

The year of 1981 was fairly quiet for the Maintenance Division of the Department of Public Works.

Again, as in the past, the three Mechanics and the Maintenance Man at the Highway Garage were kept quite busy with continuous repairs to Town vehicles and equipment.

Two new cement pads were constructed at the South Street Transfer Station for the compactors located at the site. This was completed by Town Forces and an outside Contractor.

Outside painting was completed at the Memorial Building and the Plymouth Police Station.

A new boiler/heating system was installed in the Memorial Building by Volta Oil Co., Inc. of Plymouth. It is now a relief to the many people that use the building to have heat during the colder months of the year. Renovations to the lighting and wiring was also done in the Memorial Building with this work being completed by Donlan Electric Co. of Plymouth.

Renovation work, including the construction of a new room was completed in the Town Office Building to accommodate the new computer system installed throughout the building.

The Maintenance Men made the necessary general repairs as needed to the following Town Buildings: Town Office Building, Memorial Building, State Pier Sanitary, Old Town Court House Sanitary, 130 and 130R Court Street Buildings, Cedarville Schoolhouse, Bartlett Hall, Highway Garage, Fire Stations, Police Station, Howland Street Shop and Pumping Stations, Harbor Master Office, Cemetery Division Buildings, Dog Pound, Information Booth, Old Central Fire Station and the Public Library.

Split shifts continued at the Memorial Building to accommodate night basketball practices, Color Guard practices and Recreation Activities Commission use.

Due to the cutbacks because of Proposition 2½, major projects for the Maintenance Division were postponed. Most of the year was spent on general maintenance of the buildings and vehicles.

The Maintenance Division wishes to thank all those involved in helping and assisting us during the year of 1981.

Tree Division

In 1981 the Town of Plymouth, which is comprised of 104.7 square miles, was not overlooked by the Gypsy Moth invasion. Spraying with 4F Sevin and Shore Surfactant was done extensively by the Tree Division crew as well as deployment of caterpillar tents in many of the Town's heavily infested wooded areas. A study of the Gypsy Moth problem was undertaken by the Director of Public Works, Town and State officials and the acting Tree Superintendent. It is hopeful that this study will provide for an effective manner of dealing with the Gypsy Moth in 1982. Corrective timing of the spraying operations is imperative for this pest as well as the Elm Leaf Beetle, Japanese Beetle, Mites, Aphids, Red Spider, Poison Ivy and Poison Sumac.

Over 150 trees were removed in the Town because of rot, disease, or storm damage. Dutch Elm Disease claimed two stately elms while one rare Linden tree was also lost.

Dormant trees were pruned in the winter months as well as areas along town ways where brush had grown such to interfere with travel.

Twenty-nine Maple trees were planted in various areas of the Town under the Beautification Program but this program has been eliminated by Proposition 2½ cutbacks.

Root feeding of town-owned shrubs and small trees took place in May and June. This is a necessity in insuring good future growth.

Sewer Division

During the twelve months of 1981, nine hundred thirty-four million gallons of raw sewage were treated at the Waste Water Treatment Plant on Water Street, a decrease of some sixty-six and one half million gallons from 1980. However, the plant is still treating in excess of its design capacity of 1.75 million gallons per day.

Although slips turned in at the night-soil facility on Long Pond Road indicated only 1810 loads (170 less than last year), the treatment of this type of sewerage is still a most significant problem.

Approximately three hundred feet of sewer line were replaced with six inch P.V.C. pipe at Nelson Street and Cold Spring, thus reducing a severe infiltration problem.

We have a continuing program of rodding lines to keep them open, with more frequent trips to "trouble" areas. We also had a problem this year with numerous sewer line breaks, due to the Water Construction Work.

Thirteen Sewer Entry Permits were issued in 1981 including the complex at Village Landing and three buildings in the Industrial Park. At the present time, the Sewer Entry Bank, which was established in 1978 and set at 50,000 gallons per day, is about to be depleted. Unless significant reductions in flow are realized, through measures such as conservation or infiltration reduction by repairing damaged sewer lines, new tie-ins to the system will not be possible. This will have an effect on development.

We wish to take this time to thank the various other Divisions under the Department of Public Works for their help and cooperation throughout the year.

Highway Division

I herewith submit a report of the work done in the Highway Division of the Department of Public Works from January 1, to December 31, 1981.

Street Cleaning

The two Mobil sweepers started sweeping around the middle of March. One sweeper started early in the morning and swept the main street from Jabez Corner to Plymouth/Kingston line. The side streets were done in rotation. The second sweeper started at 7:00 A.M. and worked in Manomet until 3:30 P.M. The sweepers also serviced Manomet, Cedarville, Buttermilk Bay areas, Long Pond and Chiltonville. The private developments that were sanded by the Highway Division during the winter months were also swept.

Asphalt Sidewalks

The construction and maintenance of asphalt sidewalks was completed on the following streets: The Long Pond Road and South Street sidewalk was completed. A new sidewalk was placed on Allerton St. from Samoset St. to Davis St., on the west side. North Green St., from Sandwich St. to Pleasant St. had a new sidewalk laid. Maintenance was completed on a portion of the Centennial St. sidewalk. Repairs were made in the sidewalk on Lincoln St., #21 Stafford St., near the 1620 Restaurant, Taylor Ave., Lothrop St. and Russell St.

Berms

There were several requests for berms due to erosion on various streets as listed: Cape Cod Ave. (east), Palmer Road, Esta Road, Prince Street and at 295 Beach St. in Manomet.

Drains and Drainage Maintenance

Many drainage systems were installed this year by town forces and others done by contractors. At Ellis Haven, 232 feet of 18 inch reinforced concrete pipe was laid in the shoulder of Federal Furnace Road, including one complete manhole and two complete catchbasins to eliminate a very hazardous traffic condition.

Drainage was installed on Cary Road, Fair Oaks Drive and a portion of Vinebrook Road. The drain at the new Plymouth Five Cents Savings Bank shopping center was connected to an existing drain to the ocean. On Billington Street, reinforced concrete pipe was laid including three manholes and five catchbasins. The bankings were regraded and seeded. A small drainage system was placed at Janebar Circle consisting of two leaching basins and 12 inch reinforced concrete pipe. Maintenance repairs were made to several drainage areas throughout the Town of Plymouth. A drain was repaired at Walnut St. and #18 Cypress St. in the Buttermilk Bay area. Long Pond repairs were made to drains at Unity Circle. In the Manomet area repairs to drains were made on Arboretum Road, Heather Drive, Fisherman's Landing. In the Plymouth areas drainage repairs were made at Friendly's, South St., South St. and Pleasant Sts., Castle St., Long Pond Road, Sandwich St., Chestnut St. and Oak St.

Guard Rails

Guard rails were constructed and repairs made by town forces at the following areas: Approximately 75 feet of steel posts and 2 x 8 railings was placed on Samoset and Chestnut Sts. Repairs were made to fences on Billington St. and River St. New steel posts and rails were replaced at Point Road at the bluffs. 165 feet of guard rail was placed at Ship Pond to prevent people from climbing the bluffs and eroding the banking. Repairs to damaged posts and rails were paid by insurance claims.

Maintenance of Private Roads (Temporary Repairs)

The following roads were gravelled, graded or patched by the Highway Division: Archer Drive, Blueberry Road, Bradford Ave., Brewster Ave., Brush Hill Road, Burbank St., Carol Blvd., Diane Ave., Carver Ave., Chatham Road, Crescent Ave., East Wind Drive, Entrance Road, Florida Ave., George St., Janet St., Glenn Ave., Goddard Lane, Granby Road, Gull Lane, Gunning Point Road, Haskell Road, Hiawatha Road, Hyannis Road, Indian Ave., Jackson Lane, Jaynes St., Juniper St., King Ave., King Phillip Road, Lascala Ave., Lookout Point Road, Lopresti Road, Mildred St., Brians Way, Milford St., Namelock Road, Nickerson St., Park Road and Standish Ave. in Manomet. Also, Pond Ave., Rabbit Pond Rd., Sachen Road, Sandy Beach Road, St. Charles Ave., Trade Wind Lane, Trask Road, Westwood Rd., M.B.O. Road, Highland Place, Queen Ave., Goddard Lane, Woods Road, Lakeview Blvd., Ellisville Drive, Colony Beach Blvd., Hyannis Road and Pembroke Road. Drainage was placed on Ship Pond Road under temporary repairs to private roads. This included two leaching basins connected by 60 feet of 12 inch reinforced concrete pipe.

Highway Construction and Reconstruction

Siemone Corporation was contracted to place three inches of Type I surface on Point Road from State Rd. to Taylor Ave. Cary Road and Fair Oaks Road were completed with the same type of surface and a small section of Vinebrook Road was also done.

Maintenance of Roads

A portion of Billington St. was done by town forces from the Pierce property to the pumping station with the town Layton paver. A combined effort by the Water Division and Highway Division resulted in the permanent patching of trenches on Rocky Hill Road. Several hundred feet of trenching was also patched on Liberty Street. Infra-red heat patching of streets at various locations was completed by Felix A. Marino Co., Inc. of Peabody on the following streets: Main St., Brewster St., Water St., Leyden St., Market St., Main St. Ext. and South St. College Pond Road was reshaped by town forces and had a pug mill surface laid of tar material, sand, stone and mixed and spread with a paver and rolled.

Sealing of Roads

The following streets received a seal coating of 3/10 gallons of asphalt per sq. yd. and covered with sand: Boot Pond Road, Morton Park Road and Burgess Road.

Traffic and Street Markings

Center lines were painted on Rocky Hill Road, White Horse Road, Herring Pond Road, Jordan Road, Long Pond Road, Hedges Pond Road, Summer St., Federal Furnace Road, South Meadow Road, Seven Hills Road, Bourne Road, Obery Street and Point Road. Dangerous curves such as Nelson and Water Sts., South St., Newfield St., Park Ave. and Westerly Rte. at By-Pass received painted center lines. Crosswalks, meter spaces, parking areas were painted. Many signs have been made and installed on streets throughout Plymouth and private developments. Vandalism and accidents has again caused the Highway Division to replace many signs and posts.

Miscellaneous

The work in the districts of Long Pond, Cedarville and Manomet have been carried out satisfactorily by the three district foreman. Other work done by the Highway Division includes patching roads, roadside mowing, grading and gravelling of dirt roads, installing and removal of snow fences, applications of calcium chloride, replacing parking meters, plowing and sanding, rubbish pickup, picking up litter and pumping of poor drainage areas. The catchbasin cleaner cleaned basins from April to December. Plugged drains were cleared by the men of the Sewer Division with their sewer jet rodder. Equipment purchased this year for the Highway Division was a compactor, compressor replacement and two brush saws.

At the new Brewster St. parking lot, the Highway Division placed railroad ties to hold the banking of a property owner. Cemented parking meter posts were placed and chips spread behind the berms, parking lines painted and signs erected. The drainage pipe trench was permanently patched by the Highway Division. Repairs and maintenance of signal and school lights are being done by the Highway Division. Requests from the Selectmen's Office and Department of Public Works Office were taken care of as received at the office. I wish to thank the men of the Sewer Division, Park Division, Water Division, Tree Division, Engineering Division and the Maintenance Division for their cooperation.

Park Division

As in past years the Park Division's work schedule increased during 1981. More and more maintenance and repair is needed yearly to keep the Town-owned parks and playgrounds in good operating condition. Each year more of our residents are taking advantage of our recreational facilities. For this reason, an increase in maintenance is expected. However, the senseless vandalism seems to be growing at an alarming rate. Eventually, because of today's fiscal problems it is feared that some of the vandalized facilities may not be repaired or replaced. It would be unfortunate if, because of vandalism, the recreational facilities of the Town of Plymouth became fewer while the populations and demand are still increasing.

The Stephens Field softball infield was partially reconstructed during the Spring. New sod was installed to eliminate the most severely worn areas. We would like to continue improving this popular ballfield during the next few years. It will also be necessary to replace all of the floodlight poles within the next two years because of their age and condition.

The Nelson Street Playground project continued this year with the Park Division crews installing new picnic tables, repairing the buildings and reseeding grass areas. This very popular facility should be complete during 1982. It will provide a fairly complete family oriented play area for years to come.

The demand for more recreational facilities for our townspeople and children is increasing with each year. The present economy situation is certain to delay any large scale projects that would add new fields or park areas.

It is unfortunate that fiscal tightening is occurring at the same time when new town-owned parks and playgrounds should be created. Hopefully in the years ahead new facilities can be built especially in South and West Plymouth.

We wish to thank all of the other Department of Public Works Divisions for their aid and assistance in our various projects this year. Also, the continued close cooperation with the Recreation Activities Commission has been of great benefit to the operation and maintenance of the many town-owned parks and playgrounds.

Water Division

The 127th Annual Report is hereby submitted by the Superintendent covering the calendar year 1981.

The total rainfall during the year amounted to 48.62 inches, which is about 3.62 inches above the annual average for this area.

The year ended with the water elevation at Little South Pond at 103.40 feet compared to 103.50 feet for the previous year end.

The pumpage for the year amounted to 1,552,056,400 gallons which is 44,290,000 gallons less than was pumped last year.

Construction was started on the new Ellisville Well. The building has been completed and the pumping equipment is being installed. Work was started this fall on the pipeline extension on Route 3A in Ellisville.

CONSTRUCTION, LOCATION, LENGTH AND SIZE OF PIPE LAID

Location	Length and Size
Route 3A Rest Area	500 feet 6" D.I.
Liberty Park Condominiums	600 feet 8" P.V.C.
Laurinda Lane	900 feet 8" D.I.
Deirdra Drive	1,000 feet 8" D.I.

Total 3,000 feet

SUMMARY OF STATISTICS

Population 35,913 (Summer Population 42,550 estimated).

Date of Construction, 1855.

By Whom, Town.

Sources of Supply, Great and Little South Ponds, Lout Pond Well, Wanno's Pond Well, Ship Pond Well, Federal Furnace Well, North Plymouth Well, and Bradford Well.

Mode of Supply, Pumping.

PUMPING

Builders of pumping machinery, Fairbanks-Morse, Deming, Warren, Layne & Bowlin, and Morris Electric.

Pumpage for the year:

Lout Pond Pumping (electric)	495,985,000 gals.
Lout Pond Well (electric)	90,652,900 gals.
Wanno's Pond Well (electric)	176,311,800 gals.
Ship Pond Well (electric)	92,441,700 gals.
Federal Furnace Well (electric)	40,443,300 gals.
North Plymouth Well (electric)	417,851,700 gals.
Bradford Well (electric)	238,370,000 gals.

Total Pumping 1,552,056,400 gals.

STATISTICS OF CONSUMPTION OF WATER

Population 35,913 (Summer Population 42,500 estimated).

Estimated population on pipeline, 29,901

Total consumption for the year, 1,552,056,400 gals.

Average daily consumption, 4,252,200

Gallons per day to each inhabitant, 142

Gallons per day to each tap, 459

STATISTICS RELATING TO DISTRIBUTION SYSTEM

Kind of pipe:

Cement-lined sheet iron, Cement-lined cast iron,
Cement-lined Ductile iron, and Asbestos-Cement.

Sizes, from 2-inch to 30-inch.

Extended, 3,000 feet.

Discontinued, 0 feet.

Total now in use, 171 miles, 478 feet.

Cost to repair per mile, \$25.13.

Number of leaks per mile, 0.08.

Small distribution pipe less than 4-inch, 3 miles, 0 feet.

Hydrants now in use, 1,247 public and 15 private.

Stop gates added, 8; discontinued, 0; number now in use, 2,150.

SERVICES

Kind of pipe:

Lead, Cement-lined galvanized, Cement-lined cast iron,
and copper tubing.

Sizes, from three-quarter inch to six inch.

Total in use, 28 miles, 3,261 feet.

Service taps added, 117; discontinued, 0.

Total now in use, 9,257.

Average length of service, 22 feet.

Average cost per service, \$102.00

Meters added, 112

Number now in use, 7,312.

Percentage of services metered, 78 percent.

Cemetery Division

This has been a year of events in the Cemetery Division—on Thursday evening, May 14th, the Tool Shed in the Vine Hills Cemetery was partially destroyed by fire, ruining most of the equipment and damaging, but not destroying, many of the records. Arson is expected, and the case is still open. Cemetery business was carried on from a trailer near the burned out building for the balance of the year. Being a Division under the Department of Public Works was a great help at the time of our fire—and we take this time to thank everybody involved in helping us in relocating records, furniture, etc., cleaning up, and the myriad chores which had to be done.

Our second "happening" was the retirement of Superintendent Walter Smith on October 2, 1981. He entered the employment of the Cemetery Department on July 17, 1967 and was appointed Superintendent March 9, 1969. Under his able guidance, the various cemeteries of the Town were put in ship-shape condition, and we wish him well in his retirement. Roger E. Wood, Foreman since December, 1961, has been appointed Superintendent and Robert J. Emond promoted to Foreman—thus ensuring there will be no break in the excellent care of our Cemeteries.

The major portion of our time is spent in maintenance of all the Cemeteries under our care—Oak Grove, Vine Hills, Burial Hill, Chiltonville, Russell Mills, Manomet, White Horse Beach, Cedarville, Ellisville, South Pond, and six other small cemeteries. Vandalism has continued to be a problem and once again we appeal to the public to call the Police and report any suspicious activity—we are continually having to clean up after beer parties, repair lots which have been run over by automobiles, repair stones which have been damaged, etc.

Report of the Town Accountant

I herewith submit my report of the financial transactions of the Town of Plymouth for the fiscal year ending June 30, 1981.

There were no overdrafts for fiscal 1981, but the following unpaid bills remain on file in this office:

Police—Mario's Auto Body	\$337.47
Police—Milton F. Brougham, M.D.	325.00
Police—Richard B. Tichnor, M.D.	45.00
Police—Plymouth Anesthesia Assoc.	40.00
Fire—MGH Radiological Assoc.	22.00

The several schedules are in the following order:

SCHEDULE A—Cash Receipts and Cash Payments as reported to the Bureau of Accounts of the Commonwealth for the fiscal year ending June 30, 1981.

SCHEDULE C—Estimated Receipts, other than from local taxes, as used by the Assessors in setting the fiscal 1981 tax rate. The schedule also shows the actual receipts from the same sources.

SCHEDULE D—Revenue Account for fiscal 1981.

SCHEDULE E—Excess and Deficiency Account.

SCHEDULE F—Balance Sheet as of June 30, 1981.

SCHEDULE G & H—Bonded Indebtedness, July 1, 1981, including projected payments of principal and interest for fiscal 1983.

SCHEDULE I—Trust and Investment Funds, June 30, 1981.

SCHEDULE J—Calculation of the Town's borrowing capacity, June 30, 1981, based on the latest available equalized valuation.

Schedule A

Water	75,000.00
Available Borrowing Capacity, June 30, 1981:	
General - Inside Limit	\$47,915,000.00
Water	\$97,905,000.00

Assessing Department

Fiscal 1981 tax bills were mailed to taxpayers on February 5, 1981. The tax rate of \$21.00 per thousand dollars of assessed valuation reflected a \$1.00 decrease from the fiscal 1980 tax rate. This reduction in tax rate did not yield any savings to the taxpayers due to the blanket increase of 6% on all real estate valuations as ordered by the Department of Revenue. In fact, tax bills reflected a slight increase over the previous year.

The transition into classification was smooth due to a dedicated effort by this office in preparing for the new provisions of Chapter 797.

COMPUTERIZATION

The first step in implementing the towns new computerized system was initiated in the month of April. Due to unforeseen delays this was the leading factor in bills being mailed out late for fiscal 1981. In fairness to all concerned, delays of this type are common in such major transitions. Even at this writing our office is involved with building a broad based error free system to aid all departments of the town with a wealth of useful information as well as make the assessing and billing process much more efficient. We sincerely believe that when our program is complete it will add a greater dimension to this department as well as all other departments within the town.

PERSONNEL

In July of this year Charles Berg announced his resignation due to increased demands of his law practice. We regret the loss of Mr. Berg as a member of the Board. His expertise in the field of revaluation and his dedication as an Assessor will be missed.

The Board of Selectmen appointed Mr. Francis Shea to fill the vacant position on the Board. We welcome Mr. Shea and hope his tenure on the Board will be long and rewarding.

After 17 years of dedicated service, Mrs. Harriet Giovanetti announced her retirement. Her dedication and expertise will also be greatly missed by the Board. We thank her and wish her a long and healthful retirement.

In closing the Board wishes to thank the Assessors staff for an outstanding job during another difficult year. As the scope of the Assessors office expands the demand on all personnel continues to grow.

Plymouth Public Library

Renovation anticipation dominated both staff and public thoughts as 1981 began. The plans for the project, developed by Plymouth Architect Nicholas F. Filla, were finally bid, and on april 23, 1981 Scorpio/Chase Contractors began what turned out to be nearly an 8 month project. After a 3 week closing in November and December to accommodate the installation of new books stacks and the relocation of the entire printed and audiovisual collection, the library reopened for business on December 14. A centralized entrance/exit, handicapped access to the building, a separate Reference/Study area, and a brand new, expanded Childrens Room were all part of the "Christmas present" to the community.

Even with the noise and chaos of renovation, normal business continued at the Main Library. The public packed into the one operational building for all library activities-reference, borrowing, and children's programs. Main library circulation for the year dropped 9%, to 136,482 items, an expected result of the pre-and during renovation crowding and noise. The Manomet Branch circulation for 1981 dipped slightly to 54,657 while the Bookmobile circulated some 16,692 items to its 2500+ customers.

Library budget cuts resulting from Proposition 2½ trimmed 45 hours of staff time, primarily in public service, and totally eliminated the purchasing of sound recordings at the adult level. The level-funded book budget continued to lose purchasing power through inflated book costs.

Library staff began utilizing the town computer, with the first project being the automation of the outstanding overdue accounts. The renovation of the Main library provided the necessary space to utilize the computer fully-now we anxiously await our own equipment.

Another important part of the renovation was the creation of a climate-controlled local history room, providing both security and proper storage facilities for Plymouth Materials, a number of which are old and rare. The library anticipates expanding this collection of photographs, post cards, memorabilia and printed materials through donation and direct acquisition, with a goal of providing a broad-based collection on Plymouth past and present.

The library looks forward to a 1982 of growth, as the public and staff more fully utilize the "new" Main library, the Manomet Branch and the Bookmobile.

The current Board of Directors for the Plymouth Public Library Corporation are Rosemary Barber, Troy Creane, Russell Blake, Roland Holmes, Adele Manfredi, Lawrence Geller, Otto Fehlow, Fay Meltzer, Sandra Moreland, Alice Baker, Jane Churchill, Doris Green, and President Jeffrey Kapell. The Plymouth Public Library Corporation is a non-profit corporation dedicated to the provision of the library services for the Town of Plymouth.

Veterans' Services

During 1981, new directives were issued and implemented by the Commissioner of Veterans' Services. It became effective July 1, 1981. Other changes include Chapter 351, Section 159 of the Acts of 1981, regarding the payment of fuel.

New dental and medical fee increases were implemented with the approval of the Rate Setting Commission and the Health Care Financing Administration.

Unemployment rose slightly during 1981. This has been attributed to the decline of available jobs through Ceta, passage of the Omnibus Budget Reconciliation Act of 1981 and the continuing Recession beginning in 1980.

Secretary of Human Services, Charles F. Mahoney resigned during 1981 and Mr. William T. Hogan, Jr. was appointed to this position by Governor King. Plans to reorganize certain programs have been discarded now.

It is anticipated that a cost-of-living increase will be implemented during the next fiscal year in assistance. Proposals for new Directive changes are being considered.

I wish to thank all the agencies who have been instrumental in assisting our Department, The Division of Employment, War Records, and our staff, Mrs. J. Goduti, Mrs. Anne Torrance and Miss Miriam MacKenzie.

Veterans Administration

During 1981, Public Law 96-449 was signed by President Reagan effecting a 10% increase in education benefits. Public Law 96-385 increased Compensation rates by 13% for those rated 10 to 40 percent disabled and more than 14.3 percent for those above this level. Other legislation increased from \$25,000 to 27,500 VA home loan guaranty for conventional homes. Mobile homes increased from \$17,500 to \$20,000.

Veterans with G.I. life insurance policies showed a record 619.7 million dividends during 1981. The average payment to World War I veterans with policies was \$296.00. World War II veterans averaged \$168.00, and Korean Veterans averaged \$67.00 each.

Mr. Robert Powers Nimmo was appointed Administrator of The Veterans Administration during 1981 succeeding Mr. Max Cleland.

Since 1977 to 1980 our veterans population has increased by the sum of 1,594. It is now approaching the 6,000 mark. This represents a 25% increase.

Most significantly are the financial statistics. In prior years the amount of federal funds processed and received by local veterans and their dependents were slightly under two million dollars.

A comprehensive data report prepared in conjunction with the Bureau of the Census, The VA Central Office, Office of the Controller, and the Providence Regional Office has been compiled. During the fiscal year of 1980, Plymouth veterans and their dependents received a record \$5,538,650 in Federal funds. In addition, this office assisted veterans utilizing VA hospitals for over 1200 days. Since the local hospital's approved rate by the Rate Setting Commission is \$248.67 per diem, this is another tremendous savings to the town of Plymouth's annual appropriation budget.

Council on Aging

The most significant even for older Americans this year was the 1981 White House Conference on Aging, held November 30 to December 3. Throughout the year, senior citizens of Plymouth participated in seven White House Conference local forums, three regional ones and a state White House conference. Of the fifty-two original delegates to the conference, two Plymouthians were appointed. Chris Schembri was the choice of U.S. Congressman Gerry E. Studds; Genevieve M. Ash was selected by Governor Edward J. King.

The four-day White House Conference, attended by over 2,200 delegates and 1,500 observers, was often tumultuous. The major debates occurred in areas of Social Security and health care. The Conference's 14 committees were successful in producing over 600 resolutions.

The CETA office in Plymouth was closed this year, dwindling the support staff of our Senior Center provided by this program. The year ended with only one CETA participant, Rita Barber, serving under the Adult Work Experience program. In consequence, the Council on Aging must rely more heavily on Senior Aides, funded under Title V of Older Americans Act, to maintain our core senior center programs. The following Senior Aides were employed at the Senior Center when 1981 ended: Faith Fenwick and Anna Powers, Dispatchers; Mary Tolisano, Nutrition Statistician; Barbara Williamson, John Dries and Barbara Ruffini, Nutrition Aides; Mary Gomes and Betty Leach, Meals on Wheels Drivers; Lola Johnson and Ruth Fanning, Secretaries; Ed Johnson and Lucy Sears, accountants; Robert Rogers and June Martin, Assistants on the shuttle bus. Linwood Bernache and John Marston delivered meals on wheels under the state Elder Service Corps program.

The Area Agency on Aging awarded the Council on Aging a renewal of our Title III-B Older Americans Act grant in order to maintain our Senior Center as a community focal point in Plymouth identifying, responding to, and answering the needs of the town's approximately 6,000 older Americans. The grant aimed to reach those elderly with needs who either haven't heard of the programs or having heard of them, are reluctant or unable to make a request for services. Goals of this grant were: 1) to develop our Senior Center's group activities and thereby fill needs of socialization, nutrition, and social services on the premises; 2) to reach outside the walls of our facility to those who are frail or homebound and bring them within the influence of our Senior Center's activities.

Lee Anderson was coordinator of programs, thereby working toward the first goal. Classes in arts and crafts, physical fitness and health were conducted. Much was done by way of advocacy, helping people with individual needs; such as, housing, handicaps, entitlements to public benefits and working with Old Colony Elderly Services case managers on solutions to individual needs.

Nancy Merica, as coordinator of supportive services, reached out to those with the greatest economic and social needs who were homebound. She oversaw the meals on wheels program, evaluated the recipients, visited and assisted elderly at risk, intervened in crisis situations and made referrals to other agencies. Both staff members have built up a log of cases which they are managing well.

An economy move in the administration of our shuttle bus program this year was the purchase of gasoline and repairs through the Department of Public Works. This change has enabled the Council on Aging to provide transportation to the older citizens of our Town with a minimum of reduction. Generally, riders use the shuttle bus to do their shopping, to keep professional appointments, to visit spouses in nursing homes, to get to the nutrition site for the daily congregate meals, to attend group meetings and activities, and to commute to their volunteer jobs. In order to ride the bus, Plymouth residents 60 and over must telephone their request for a ride reasonably in advance. For morning pick-ups, calls may be made the previous day; for afternoon pick-ups, calls may be made in the morning before 12 Noon. Our phone number is 746-4014.

The following comparative record of the years 1973 to the present is taken from our shuttle bus log and shows constant growth in volume of riders:

MONTH	TOTAL PASSENGERS CARRIED		
	1973	1976	1981
January	928	1,838	2,036
February	721	1,753	2,105
March	670	2,065	2,586
April	988	1,774	2,309
May	902	2,148	2,118
June	975	1,901	2,227
July	1,220	1,707	2,398
August	1,401	1,713	2,411
September	936	1,654	2,484
October	1,248	1,676	2,427
November	1,271	1,840	2,420
December	1,464	1,999	2,468
Total Carried:	12,724	22,068	27,989
Average Monthly:	1,060	1,839	2,332
Average Daily:	53	92	113

The Council on Aging sponsors health sessions with the Community Nurse at the following locations on a rotating basis: Southfield elderly housing, Castle Hill elderly housing, Cherry Hill elderly housing and Pinehurst Village Mobile Park. Health sessions are held at the Old School House in Cedarville each month. Included in these health sessions are blood pressure, flu shots, health education and health counseling concerning medications, diet, weight and nutrition. During 1981, the following attendance was recorded:

No. of Month	People Seen	No. of Month	People Seen
January	37	July	70
February	131	August	123
March	76	September	124
April	69	October	63
May	64	November	730
June	78	December	75

Total number of People Seen: 1,640

Average seen monthly: 137

Audiologist Lynn Miller, employed by Associated Hearing Aids, provided many hours of public service during 1981. Conducting a weekly schedule of free hearing tests at the Council on Aging Senior Center, her presence in our facility was a valuable asset and resource to older residents with hearing problems. A program of legal services for the elderly was continued this year through the law offices of Connolly and Greenglass. These two attorneys volunteered their services to the Council on Aging, came to our Senior Center each month, assisted older persons in making out wills and answered legal questions.

During July, the Board of Selectmen appointed Romeo W. Carletti and Earl R. Harper to the Council on Aging. With regret, resignations were accepted from Rev. Joseph Pennington and Lawrence Mossey. The Council elected Earl Harper and Sam Ferrari to serve as alternates to Ed Johnson and Harry Fox on the executive board of Old Colony Elderly Services. Ed Batchelder was elected to serve on the nutrition advisory committee. Hope Cole was re-elected Treasurer of Southeastern CIRCA Region VII. Genevieve Ash was elected Representative to the 6th Plymouth District of the Silver Haired Legislature. Chris Schembri was re-elected Chairman of the Area Agency on Aging Advisory Committee and served on the Council on Aging Advisory Committee to the Department of Elder Affairs.

The Volunteer Income Tax Assistance (V.I.T.A.) program was conducted at the Council on Aging Senior Center. During the month of January, IRS agent Paul Curtin provided 12 hours of instruction to a class of 35 volunteers. Following the mini-course, volunteers gave free income tax assistance to taxpayers at 130 Court Street, at Cedarville, and in neighboring towns.

Throughout the Commonwealth, Councils on Aging are municipal bodies authorized by state law. Chapter 496 of the Acts of 1956, allows a town to establish a Council on Aging and to make appropriations for its administration and programs. The Town of Plymouth established its Council on Aging at the Annual Town Meeting of March, 1972. Since its establishment, Plymouth Council on Aging has played a leadership role in the growth of the aging network of Massachusetts. Credit is due to the Board of Selectmen and the town voting members who brought our Council on Aging into being and sustain it each year. Credit is due also to the appointed members who serve on the Council and the dedicated staff whose labors are responsible for the programs in effect at 130 Court Street.

Fire Department

Herewith submitted is the annual statistical report for the Fire and Forest Fire Departments for the year ending December 31, 1981.

PERSONNEL CHANGES DURING 1981:

PROMOTIONS:

From Fire Lieutenant to Fire Captain	
Arthur H. Lamb, Jr.	August 9, 1981
From Firefighter to Fire Lieutenant	
John Furtado	January 8, 1981
Michael Furtado	January 8, 1981
John Hedge	January 8, 1981
James Pierson	January 8, 1981
Martin Smith	January 8, 1981
Martin Enos	August 5, 1981
John Prince	August 9, 1981

APPOINTMENTS IN 1981 (Firefighter)

Paul Foley	February 10, 1981
Allen Hoyt	February 10, 1981
Sanford Lopes	February 10, 1981

RESIGNATIONS:

William Davis-Firefighter	January 17, 1981
Ronald Drapeau-Firefighter	January 26, 1981
Walter Diaz-Firefighter	August 8, 1981
Brian O'Keefe-Firefighter	September 8, 1981

One position not filled due to attrition.

DECEASED:

Lieutenant John Vincent succumbed to a heart attack and died on May 8, 1981.

John entered the department as a firefighter on July 29, 1962 and rose to the rank of Lieutenant on July 11, 1976.

John was typical of that firefighter steeped in dedication and motivated by that unusual desire to serve his community. These two strong characteristics among others, along with his strong sense of participation found John in the forefront among his colleagues, both upon the fireground and working to promote his department and his fellow firefighters.

John left his mark—he will be greatly missed by all who were associated with him. He had a great capacity to like and be liked by all who were privileged to work with or to know him.

Plymouth Fire and Forest Fire Department Annual Report 1981

Open Air Burning Permits issued	1,493
Other permits issued	54

FIRE ALARM DIVISION:

Peter Gage, Fire Alarm Superintendent

Maintenance of the municipal fire alarm system and electronic communications and radio equipment is a continuous year round program. Systems reliability under the most adverse of conditions is the department goal.

Fire alarm operator workload continues to increase as requests for Fire Department and Ambulance service increases each year. Fees for permits issued is another additional task for the operators to handle. The Department looks forward to the future installation of a computer terminal in the fire alarm operations center, hopefully to reduce workload and enhance operations.

Cable television installation throughout the Town has greatly impacted the workload of outside plant maintenance. Fire Alarm circuits had to be rebuilt on:

Oak Street	South Street
Allerton Street	Newfield Street
Vernon Street	Whiting Street
Russell Street	Town Street
North Green Street	Jefferson Street
Bradford Street	Water Street
	Brewster Street

Many other streets required relocation of existing circuits. Some of the material costs and labor was provided by Campbell Communications at some savings to the Town as the departments' work was rescheduled to coincide with that project.

New line extensions this year include:

Industrial Park Road	Armstrong Road
Liberty Street	Standish Avenue
Water Street	Brewster Street
Winslow Street	North Street

New Fire Alarm Additions:

- Police Headquarters—Russell Street
- Library—North Street
- Village Landing—Water Street
- Beth Jacob Community Center—Court Street
- Airport Airfield Emergency Box

There are now 36 Municipal Buildings (with an insured value in excess of \$55,000,000) with automatic fire detection systems directly connected to the Fire Department. An additional 44 properties have privately owned and installed systems to the municipal fire alarm system. At this time plans are pending on 6 additional systems.

Each year an increasing number of fires are being detected and reported by these automatic alarm systems. This helps to reduce fire department operational costs and preserves municipal income from taxpaying commercial and industrial operations as costly fires are minimized thereby.

The Fire Alarm Division at this time has 157 street fire alarm boxes (78 of these have automatic systems connected) located along nearly 200 miles of wire conductors above or below 70 streets in the Town. There are also more than 150 electronic communication units in use throughout the Fire Department along with many other types of electronic equipment under the care of this division.

Many members of the Fire Department are assigned limitedly and assist with certain phases of this work without which much of the work could not be accomplished. Their help is greatly appreciated and helps defray costs which otherwise would accrue.

To the Honorable Board of Selectmen, for their support, cooperation, interest, and participation, my sincerest thanks.

To all Town Departments and Agencies for their cooperation and help, my gratitude.

To the department staff, officers, and men for their faithful and devoted performance to duty, my deep appreciation.

Police Department

RICHARD H. NAGLE

Chief of Police

WILLIAM J. MURPHY, JR.

Captain of Police

Department Personnel

7 — Sergeants

59 — Patrolmen

4 — Dispatchers

4 — Clerks

11 — Crossing Guards

20 — Park Police

2 — Dog Officers

PERSONNEL CHANGES

Retired

John P. Hanson, Jr., Sergeant; Louis E. Comeau, Sr., Patrolman; Robert E. Crowley, Patrolman; Anthony W. Perry, Patrolman

Resigned

Catherine Gay, Dog Officer; Doris Schauer, Clerk; Paul Thomas, Part-time Dispatcher; Dorothy Wilson, Dog Officer

New Personnel

John R. Abbott, Patrolman; Michael A. Burke, Patrolman; Frank W. Colley, Patrolman; Paul A. Tibbetts, Patrolman; Alan R. Vecchi, Patrolman; William H. White, Patrolman; Cecilia Callahan, Dispatcher; Lynn Fortini, Clerk; Albert Gonsalves, Dog Officer; Stephen Viella, Dog Officer; Lawrence Rooney, Part-time Dispatcher

During the year the department responded to 42,726 requests for service. A total of 1,581 arrests were made on a total of 3,158 charges. A total of 1,273 motor vehicle accidents were reported.

A total of \$93,585.86 was returned to the Town of Plymouth in court fees, fines, license fees and photocopy requests.

The Plymouth Police Department extends its thanks to the Board of Selectmen, town boards and commissions and the people of Plymouth for their support during the year 1981.

Harbor Master

The harbor facilities in 1981 again attracted many transient boat tourists. The additional boats taxed our capabilities to the limit but fortunately we had relatively good boating weather with no severe storms during the season, which allowed us to keep control of any occurrences.

In the 1982 season Plymouth Marine Railway Co., Inc. will have their Marina operational which will add 80-100 boats to our harbor population. These facilities will include 77 slips plus some dockage space for larger vessels and racks for small boats.

At the present time our commercial fleet consists of 66 boats broken down into the following categories: 38 lobster boats, 8 party fishing boats, 12 fishing draggers, 7 gill netters and 1 swordfish boat. These boats are permanently moored in Plymouth and pay for this privilege with either dockage fees or mooring fees. Needless to say we have many transient boats that use our facilities at the Town Wharf to off load their catches.

This past season 9280 bushels of mussels were reported taken by the (5) five commercial diggers allowed by the Town. In cash value to the diggers this amounts to approximately \$55,700.

Repairs to the Town Wharf are expected to be completed this coming season. These repairs should put our fish pier in very good shape for the off loading of boats.

The new boat ramp was greatly utilized this past season allowing small boats from areas that never fished Cape Cod Bay to do so.

During the 1981 season 103 patrols were made by our Pond Patrol Officers covering 412 ponds during a three and a half months. Many boats were inspected for proper safety equipment and a few citations and warnings were issued.

Harbor and Pond Statistics — 1981

Ponds—Violations, filed	10
Ponds—Violations, cited	2
Harbor—Violations, filed	32
Harbor—Violations, cited	5
Emergency boat calls—	23

Proposition 2½ has resulted in a significant change within the Building/Zoning Department. In order to keep within our budget, we were forced to re-examine the fee structure for all of our permits. In an effort to become more self-sufficient, we have raised our permit fees for Zoning, Building, Plumbing and Wiring. It should be noted here that these increases keep us within the level of fees collected in area towns and are in no way punitive or unequitable to the applicant.

The new fee schedule was put into effect on July 1, 1981. In the first six month period (July-Dec.) we increased our fee intake by approximately \$30,000.00 over the same period last year. Based on this, we have projected that the Department should be from 85% - 90% self-sufficient for the entire fiscal year.

Once again, economic pressures have limited new construction within the Town. Alterations and addition permits however, continue to dominate our work load.

Two "firsts" for the Town occurred in 1981. We issued three permits for windmills to be constructed with electrical power sources for single-family residences. Because this form of conservation may become more popular, we will be, in conjunction with the Planning and Design Review Boards, submitting a Windmill Regulation for approval at the 1982 Town Meeting. The other "first" for Plymouth is a newly constructed underground solar home.

Increase in permits for condominiums reflects that another change in housing and lifestyles is becoming more obvious in Plymouth.

Our Department continues to work closely with the Assessors in obtaining housing information to update their records for taxing purposes.

Although new construction permits are relatively low in numbers, Plymouth continues to surpass area towns in permits issued, reflecting our remaining position as one of the fastest growing communities in Massachusetts.

Board of Health

Environmental Health Private Sewage Disposal Systems

	1980	1981	Change
Permits for New Systems	202	244	+42
Permits for Repairs	29	54	+25
Final Sewage Inspections	181	195	+14

In an effort to protect the aquifer and potable water supplies from contamination the Board of Health has banned the use of coagulant aids, sulfuric acid and volatile organics as additives to sanitary sewage and industrial waste systems as a means of trying to reactivate failed systems.

Proper maintenance of your sub-surface sewage disposal system e.g., cleaning annually and repairing as required are prerequisites in order to prolong the life of said system and are economical and safe to the environment and the general public. Volatile organics and acids on the other hand pose a very real threat to both and are usually introduced after the fact.

Environmental Inspections and Investigation

Local Boards of Health in Massachusetts have historically played a crucial role in the protection of public health, the promotion of a sanitary living condition and the protection of the environment. Both the State Legislature and your local Health Department have enacted over the years statutes and local rules and regulations dealing with the broad range of health, sanitation and environmental problems. January 1, 1982 saw the implementation of rules and regulations for the installation of wells in the Town of Plymouth which were adopted by this Department in an effort to protect one of our most valuable resources.

Immunize Your Child

Why?

POLIO - A viral disease with three known strains.	Can Cause:	*permanent paralysis *deformity *death
DIPHTHERIA - A serious bacterial infection.	Can Cause:	*pneumonia *heart failure *nerve damage death by suffocation
PERTUSSIS (Whooping Cough) - A serious respiratory infection.	Can Cause:	pneumonia *brain damage *death
TETANUS (Lockjaw) - A non- contagious disease caused by bacteria found in the soil.	Can Cause:	*muscle spasms *severe nervous system damage *death
MEASLES - A serious and highly contagious disease.	Can Cause:	*brain damage *mental retardation *pneumonia, respira- tory problems *deafness, blindness *death
RUBELLA (German Measles) - A mild infection in children, a major tragedy in pregnant women.	Can Cause:	*miscarriage and stillbirth *severe birth defects including blindness, deafness and damage to heart, brain and other organs

MUMPS - An acute viral disease Can Cause: *central nervous
 with painful swelling system damage
 around the jaw and under *deafness
 the ear. *brain damage
 *kidney inflammation

Plymouth Community Nurse Association, Inc.

The Plymouth Community Nurse Association, Incorporated has been providing on a part-time, intermittent basis, qualified Public Health Nursing, therapeutic services, health guidance, professional education, community planning and health education. These services are provided regardless of race, creed, sex, national origin, or the ability to pay.

In keeping with our philosophy, the Board of Directors and PCNA Staff are deeply committed to the insurance of holistic quality health care and are ever striving to identify individual and community needs and to develop and implement programs to address these needs. Currently, this is done through direct service to the acutely ill, as well as to those requiring preventative teaching and rehabilitative service both in their homes, in the PCNA office, or community-based clinics. Our Early Childbearing Program, funded with Federal assistance, provides nursing and social service to the pregnant and parenting adolescent population. Mental Health Services, funded through the Department of Mental Health are provided by social workers, mental health assistant, and nursing staff, to monitor the chronic psychiatric client living in the community as well as preventative intervention for those at mental health risk.

Board of Health activities (well child clinics, newborn assessment, communicable disease follow-up, tuberculin testing, immunization programs, health teaching and supervision) are rendered by our entire professional staff.

We are pleased to be a part of the collaborative effort which seeks to promote growth, health and happiness for the citizens of Plymouth.

Plymouth County Mosquito Control Project

The Plymouth County Mosquito Control Project is pleased to submit the following report for 1981.

Despite a relatively dry season, mosquito populations were considerable in some areas of the county during certain weeks of the spring and summer. Use of efficient Ultra-low volume sprayers allowed our crews to treat 220,500 acres and thus bring some measure of relief to a majority of Plymouth county residents. In addition, over 1500 acres of breeding habitat and 10,750 storm sewer catch basins were treated with safe and non-persistent larvacides.

Before and after the mosquito breeding season, all crews were utilized in the maintenance of nearly 150,000 linear feet of ditchwork and streams to prevent clogging and water back-up, and thus reduce mosquito breeding sights. Most of this was accomplished by hand.

During the first full year under the direction of Superintendent/Entomologist Gary L. Benzon, many significant changes have occurred which include a complete revision and modernization of methods, equipment, facilities, and personnel. When complete, this revision will greatly increase our ability to control mosquitoes safely with no increase in costs per capita which remains below one dollar per year. The superintendent will be visiting each member town during 1982 to fully explain the program and its benefits.

On July 1, 1981, the five towns of Duxbury, Norwell, Scituate, Hingham, and Hull joined the Plymouth County Mosquito Control Project. They have been assessed for and have received our services since that time. This will have the effect of decreasing overhead relative to operational costs and therefore make mosquito control even more economical to all towns served. Cohasset had recently voted to join during 1982.

On September 1, 1981, this Project vacated its separate office and operations facilities and occupied one new consolidated facility on Pembroke street in Kingston. This also resulted in an increase in economy and efficiency. We invite interested town officials to tour the building.

During the next two years, revision and modernization will continue to occur until the utmost in efficient mosquito control with the least possible environmental impact is achieved. We are proud of our achievements during 1981 and wish to thank each city and town, and their personnel, for their cooperation throughout the year.

Plymouth School Committee

As this year comes to a close we find ourselves well into our first year of operation under the structures imposed by Proposition 2½. We thank all who have worked with us to assure the continued quality of education for our children. We appreciate the acceptance of the community of the necessary curtailments that occurred in transportation and other previously enjoyed services.

We were pleased to find ourselves able to assist the Regional School Committee by housing our Grade 7 students at Nathaniel Morton School. Dr. Sarke and his staff have done a remarkable job of providing programs for this group of 626 young people. Had we been unable to lend this critical assistance, the Region would have had to continue with double sessions.

It was only because we were satisfied that our housing of Grade 7 did not cause major hurts to our other school programs that we have agreed to continue this plan for another school year. We feel that we have learned much from this first year and that we shall be able to bring increased benefit to our entire program next year.

School lunch services are losing increased amounts of federal aid. Much tighter restrictions have been placed upon families who had previously been found worthy of the free or reduced lunch. As these numbers of eligible drop, so is our reimbursement sharply reduced. In addition, the aid that has long been given to subsidize all student lunches is being slowly eroded. It is because of this that we have been obliged to increase lunch costs. This has found a great number of families unable to afford lunches for the two and three children in many families. As our volume drops, our unit cost increases, giving us problems that are going to be increasing in dimension.

We were most pleased to welcome Robert Bartlett's return to service with our Committee. In times that are as difficult as these, it is critical that we have continued service by people who are dedicated to serving the needs of children.

The attendance of community members has increased and has been very much appreciated. We may not always be able to provide for your specific requests, but you may be certain that we appreciate your concern. We think that you may have come to better understand the difficult nature of many of the decisions that we must make. It is hoped that as we continue to work together we shall achieve an improved understanding of the needs and desires of the community which we serve.

Plymouth-Carver Regional School Committee Report

We were very pleased to have an end to the double sessions with which our high school has been plagued over the past two years. This was made possible only through the expressed willingness of the Plymouth and Carver School Committees to accept responsibility for housing Grade Seven. We are presently looking forward to this continued service by our member towns.

Present plans will have as complete the construction of partitions at the intermediate school to make possible the housing of Grades Eight, Nine and a major part of Ten. This will allow both schools to be on a regular schedule for all classes.

We would not have you think that this puts aside our need for additional space. We wish to thank Mrs. Anne Hogan and her Space Needs Committee for the dedicated effort they have given to a study of future needs. Their report to us makes clear that their recommendations have been for temporary solutions, that a permanent solution must soon be found for permanent construction.

Class sizes have continued to increase tremendously. Last June we graduated a class of 483 students, this the last class to fall below 500. This years incoming seventh grade has a total enrollment of 792, a net increase of 309 students in Grades 7 through 12.

With this broad increase in enrollment and a budgetary decrease of \$518,000, it was necessary to reduce many student services and to increase many class sizes. We are now beginning to develop our budget for next year with the understanding that despite further enrollment increases it is to stay at this year's level. Add the continued inflation of costs and you begin to understand the difficulty of our problem.

You have our continued assurance that every effort will be made during these difficult times to protect the quality of the secondary educational opportunities that are provided for your children. Space is our greatest need, and we hope soon to be before you with a specific recommendation. Let us hope that at this time next year we shall have an accepted project underway. We shall do our very best to provide a plan that will prove worthy of your support.

Annual Report of the Principal of the Plymouth-Carver High School

The major highlight of the 1980-81 school year was the elimination of double sessions which was a relief to everyone involved.

With the use of several classrooms at Plymouth-Carver Intermediate School an over-lapping schedule was implemented involving only Sophomores. This allowed for a normal school day with all extra-curricula activities being maintained.

The AFS Club participated in its annual short term exchange. This year twenty-six students spent a week in Lebanon, New Hampshire, attending classes at Lebanon High School. Later twenty-five Lebanon students spent a week in Plymouth. Seven Plymouth-Carver High School students were abroad this past year in such countries as South Africa, Australia, Brazil, Japan, Costa Rica, Turkey, and Yugoslavia. Seven exchange students arrived here in August to attend classes at Plymouth-Carver High School. They are from such countries as Egypt, Holland, Germany, Japan, and Colombia. Once again I would like to commend the advisors of the AFS Club, namely Mr. Allen and Mrs. Stevens for the growth and development of the AFS Club.

The National Honor Society and its advisor, Mrs. Joyce Ruprecht, were involved with many activities and projects namely: Aided with registration for adult education, provided a tutoring service, sponsored an Arts and Crafts Show, prepared revisions for Student handbook, attended National Honor Society Convention, and sponsored the National Honor Society induction.

The Concert Choir, Vocal Ensemble, Chamber Singers, and Men's Chorus had a busy year. The students raised funds for senior glory jackets, and the Easter Egg sale was an unqualified success. The Vocal Ensemble donated twenty books to the Music Library and the Chamber Singers donated six Madnigal books for the collection. The Christmas Concert featured an extended work with orchestra which was a very exciting event for them. South Pacific was the highlight of the year for the Vocal Department and in conjunction with the Drama Club. It was a very proud moment to produce and stage such a musical and dramatic success.

Concert Band did an outstanding performance with their Spring Concert at Memorial Hall. The high school Color Guard won class "A" finals in their competition activities.

The Student Council had a successful year with Nestor Bittleman serving as president. Once again a day-long workshop was held at the Memorial Hall to help the new members acquaint themselves with Student Council affairs. The council attended the Fall convention in Attleboro and the Spring convention in Falmouth with a large delegation of members attending. The council is a member of the National, State, and Regional Organization with the Regional Organization being very productive.

Two charity drives were conducted by the council for the Salvation Army. A successful fund raising drive netted two four hundred dollar scholarships to graduating seniors.

Spirit Week was a highlight of the council just prior to the Thanksgiving recess. Different classes decorated the corridors in the school and were assigned given days as "Blue and White Day."

The Journalism course under the direction of Mr. Thorsen and Mr. Johnson (Graphic Arts instructor) publish our school newspaper, The Octopus. The students in the course are very excited about being directly involved with the publishing of the paper.

The boys' and girls' athletic teams had a most productive season. Mr. Hughes' cross country team won their third straight league championship and extended their undefeated streak in dual meets to thirty-one over four seasons.

The boys' wrestling team tied with Bridgewater/Raynham for the league championship and Mr. Ward was elated with the progress of his young squad. The boys' basketball team went undefeated in league play and were finally eliminated by North Quincy in the State Tournament. Coach Thorsen has high hopes for another successful season. Miss McDuffee's field hockey team was undefeated and captured the Old Colony League Championship. Their only defeat was to Harwich in overtime during the state play-offs.

The boys' baseball team won the Old Colony League Championship and qualified for State play. They were eliminated by a strong Weymouth South team. It was encouraging to see the large number of boys and girls participating in our athletic programs and doing extremely well.

The Mathematics-Science Club with Mr. John Lee as advisor were involved with the following events: Speaker from Coastal Zone Management on "Saving our Beaches," namely Mr. Larry Cavitt showed color slides of the dynamic effects of the ocean on Cape Cod and local beaches. There was a plant tour and dinner at the Gillette Company with the Boston section of the American Society of Mechanical Engineers. Mr. Allen Latham of Massachusetts Institute of Technology gave a presentation with slides on the human blood factions, cytology, and the device that was designed to separate them.

One of the highlights of the Distributive Education program was the recognition received by three students who successfully completed their competitive events at the Regional Conference in Hyannis by placing first, second, or third. As a result of their performance these students qualified and attended the State DECA conference in April. One of these students placed fourth in the State for her preparation of a forty-typewritten page personnel policy manual for a department store.

The students in the Aerospace Science Education program are involved with the building of a Long-EZ aircraft, designed by Burt Rutan of Mojave, California. The target date for completion of the aircraft is in the Spring of 1982. Mr. Mondeau, the instructor of the program and Richard Harlow of Plymouth are supervising this project.

The local Plymouth-Carver Scholarship Program reached an all-time high with \$55,145. in assistance to students through the efforts of service clubs, civic organizations, memorial scholarships, and Trust funds. This program continues to grow and is one of the most generous

local scholarship programs in the State. We are grateful to everyone for making this program possible.

I wish to express my appreciation for the cooperation extended to me by the teaching staff, administrative assistants, and Central Office throughout the year.

Annual Report of the Principal of the Plymouth-Carver Intermediate School

1981 was a year of many changes. Grade level shifts began to focus as space needs became evident. Responding to the needs of the communities of Plymouth and Carver, PCIS became an eighth and ninth grade school. Environmental changes became a necessity to accommodate the Grade Nine matrix schedule. Two houses and the media center were augmented with wall construction, adding greater room capability for learning and scheduling.

The curriculum in both grade levels remained intact. Writing has been emphasized in English and social studies. The Grade Eight science survey course, involving the fundamentals of earth and physical science, is in place. Grade Nine students are on a matrix schedule allowing access to all courses five periods per week. Grade Eight students continue to receive all academic subjects five periods per week and a good variety of experiential areas to help foster a well-rounded curriculum.

Enrollment fluctuates from 1397 for four periods to 1597 during two periods when 200 sophomores are housed at PCIS. The staff was decreased from 101 to 92.

Students at PCIS continue to support the school and community. The band performs in all major holiday parades. Grade Nine has provided funds and food for deserving families and Grade Eight has worked with the Globe Santa and Toys for Tots. Our National Jr. Honor Society provides tutorial help for students at PCIS and visits the sick and infirm.

The PCIS library has become the respository for several paintings by the late Leo P. Dauwer. We are indeed appreciative of the great talent of this fine man.

1982 will again pose many changes for PCIS. Grades Eight and Nine and four hundred fifty sophomores will be housed at PCIS, reaching an enrollment of 1950. Walls will be installed in the remaining houses to accommodate the efficiency of matrix scheduling. As these changes become necessary, the staff and administration will continue to address the intellectual and social needs of our students with perseverance and commitment.

Annual Report of the Plymouth-Carver Regional School District School Committee

	Term Expires
Donald Raymond, Chairman	1984
Erwin K. Washburn, Vice Chairman	Appointed
Elmer M. Haskins, Treasurer & Secretary	Appointed

1982
ANNUAL
REPORT
PLYMOUTH, MASSACHUSETTS

In Memoriam

Sumner A. Chapman, Jr.

1911 - 1983

Attorney Sumner A. Chapman, Jr., longtime public servant of the Town of Plymouth, died January 18, 1983 at the Jordan Hospital.

Attorney Chapman served Town government in several capacities for more than 35 years, including 28 years as a member of the Board of Selectmen. He also served as a member of the Plymouth Airport Commission from its inception, immediately after the end of World War II.

In recognition of his many years as a Selectman, the Town of Plymouth honored Attorney Chapman in 1979 by dedicating the new Plymouth Central Fire Station as the Sumner A. Chapman, Jr. Fire Station.

Among Attorney Chapman's affiliations during his career was membership in the Plymouth County Bar Association. He was also President of the Plymouth County Selectmen's Association.

In Memoriam

John Vincent 1927 - 1981

John Vincent was first appointed to the Plymouth Fire Department as a call firefighter on April 9, 1960. On July 29, 1962 he was appointed as a temporary full time firefighter and on January 23, 1963 as permanent firefighter. He was appointed to the rank of Lieutenant on July 11, 1976.

On May 8, 1981 John passed away unexpectedly while still an active member of the Plymouth Fire Department.

While fighting a forest fire on the East Line Road in the Myles Standish State Forest on May 15, 1971, John was severely burned along with others and was unable to return to duty until late in October 1971.

During his length of dedicated service to the Town of Plymouth, John always put others before himself and performed his duties as a firefighter in a highly efficient and professional manner. His pride in the fire service was an inspiration to those who worked with him and he is truly missed by all that knew him.

Victor Bissonnette

The loss of Mr. Bissonnette is one of truly tragic proportion for his wife and family. It also should be noted as a great loss to our community and to the many families whom he so effectively served.

It was his absolute dedication to the most needful of our young people that gave me my greatest cause for respect.

We have been fortunate to have had such a person to work with us for these last 14 years. That his boundless energies are now still does not seem fair. In our grief we must bow and give thanks that they were available to us for such a long period of time.

Vic, wherever you may be, know that those who worked with you, loved and respected you for the person you were and for the exceptional quality of your professional performance.

In Memoriam

In Memoriam

Orissa J. Gomes

March 16, 1901 - March 5, 1982

Orissa Josephine White Gomes was born in Boston, Massachusetts, was educated in its public schools and at the New England Conservatory. She was by training a concert singer and served for many years as organist and choir director of the First Baptist Church in Plymouth. For thirty-two years she was a civil servant in the Department of Education of the Commonwealth, and was for a while employed by the Department of Welfare of the Town of Plymouth.

She had lived in Plymouth since 1941, and was in 1976 named Massachusetts Merit Mother of the Year by Governor Dukakis.

Laurence H. Stiles

1911 - 1982

BORN: June 1, 1911 — Plympton, Mass.

E.	Police	19-01-100	Salaries	97,972.00
F.	Police	19-01-120	Overtime	24,657.00
G.	Police	19-01-110	Special Details	10,000.00
H.	Police	19-03-300	Contractual	1,675.00

The motion of Mr. Fitch was presented for vote and PASSED.

Mr. Fitch moved that Articles 4 and 7 be taken out of order
This motion was PASSED UNANIMOUSLY.

ARTICLE 4:

VOTED: That the Town fix the maximum percentage of full and fair cash valuation at which total taxes may be assessed shall be that percentage levied for the Fiscal Year ending June thirteenth, 1979, namely 2.28%.

ARTICLE 7:

VOTED: UNANIMOUSLY That the Town amend the zoning maps and bylaw, Plymouth Quadrant, Maps 1 and 2, by changing from R20MF to Waterfront, Lots 48A, 48B, 49, 50, 51 and 51-A, Plat 14 Plymouth Assessors' Maps, said lots being situated on Murray Street.

Mr. Fitch moved that the Special Town Meeting be adjourned until April 20, 1982, at 7:30. P.M. in the Plymouth-Carver Regional High school

So Voted. (10:55 A.M.)

Special Town Meeting **April 20, 1982** **Adjourned Session**

The meeting was called to order at 8:40 P.M. by the Moderator, Thomas Frates.

The number of Town Meeting Members present was 82, as announced by the checkers at the commencement of the Annual Town Meeting session of same date.

ARTICLE 3:

VOTED: UNANIMOUSLY That the Town appropriate the sum of \$347.90 from Free Cash for the payment of certain unpaid bills, being Items B, C and D, and further moved that the following action be taken under Item A:

ITEM A that the Town authorize the payment of certain unpaid bills for Prime Computer, in the amount of \$8,784.21 to be paid from the appropriation under Article 2, of the November 17, 1980, Special Town Meeting;

ITEM B that the Town appropriate the sum of \$249.90 from Free Cash for the payment of a certain unpaid bill for Wright Line, Inc.;

ITEM C that the Town appropriate the sum of \$50.00 from Free Cash for the payment of a certain unpaid bill for M. F. Brougham, M.D.;

ITEM D that the Town appropriate the sum of \$48.00 from Free Cash for the payment of a certain unpaid bill for Ambulatory Care Div., M.G.H.

ARTICLE 5:

VOTED: That the Town appropriate the sum of \$50,000.00 from Free Cash to develop a groundwater computer model for the Town's underground water system, said funds to be under the supervision of the Board of selectmen.

ARTICLE 6:

VOTED: UNANIMOUSLY That the Town appropriate the sum of \$15,660.00 from Free Cash to be added to the Unemployment Compensation Fund, in accordance with Massachusetts General Laws, Chapter 40, Section 5E.

ARTICLE 8:

VOTED: UNANIMOUSLY That the Town accept Chapter 606 of the Acts of 1981 relating to the regulating the operation of certain premises licensed to sell alcoholic beverages.

(nude performances)

ARTICLE 9: NO MOTION

ARTICLE 10:

VOTED: UNANIMOUSLY That the Town authorize the Board of Selectmen to convey to Franklin & Margaret L. Bartlett a certain parcel of land at Sandy Pond, being Lot I-34, Plat 123 of the Plymouth Assessors' Maps, for a sum of not less than 12, 330.00 plus any legal costs to the Town, and upon any other conditions to be determined by the Board of Selectmen.

ARTICLE 11:

VOTED: UNANIMOUSLY That the Town authorize the Board of Selectmen to convey to John L. & Agnes Brace a certain parcel of land at Pilgrim Beach, being Lot 575, Plat 49 of the Plymouth Assessors' Maps, for a sum of not less than \$900.00, plus any legal costs to the Town, and upon any other conditions to be determined by the Board of Selectmen.

ARTICLE 12:

Mr. Fitch moved that the Town appropriate the sum of \$2,550.00 from Free Cash to pay all legal fees and expenses of Sgt. Louis J. Cappella, Jr., of the Plymouth Police Department incurred in his defense before the Plymouth Chief of Police provided that the town receives a complete release from any and all liability of said case in question.

THIS MOTION WAS NOT PASSED.

ARTICLE 13:

VOTED: UNANIMOUSLY That the Town amend the Zoning Bylaws and Map #4, Aquifer Protection District, by adding the area shown on the map entitled, 'Bourne Wells Protection District, December 1, 1981; revision 1: add: Lout Pond Protection district, Quadrant 1, February, 1982" so as to include the area of influence and the primary recharge area of the Lout Pond Well as part of the MUNICIPAL WELL -- Primary Recharge Area.

ARTICLE 14:

VOTED: UNANIMOUSLY That the Town amend the Zoning Bylaw, Section 401.17 AA Aquifer Protection District, paragraph D.6.b, so that it reads (in part) as follows:

"Before discharge from the closed drainage system, the runoff shall be treated through an oil and grit separator manhole and a lined storm

water retention pond designed to capture a one (1) year frequency storm with a percolation rate no faster than forty (40) minutes per inch; or by some other means proven or which may be shown to be of equal or superior effectiveness."

ARTICLE 15:

VOTED: That the Town instruct the Plymouth-Carver Regional School Committee to draw up an amendment to the regional agreement setting forth terms of withdrawal for the town of Plymouth.

At 9:50 P.M. Mr. Morgardo moved to adjourn and dissolve this Special Town Meeting, and it was so VOTED.

Annual Town Meeting

April 3, 1982

The Annual Meeting re-convened at 10:55 A.M.

Number of Town Meeting Members present was 89, as previously noted.

ARTICLE 2:

Mr. Fitch moved that the town receive the reports of the various Town Committees, Boards, Commissions, and Departments and to place them on file at the Town Clerk's Office.

The following reports were presented:
Manomet Sewage Planning & Building Comm.
The 130 Court Street Committee.

ARTICLE 3:

Mr. Fitch moved that the Town authorize the Treasurer with the approval of the Selectmen, to borrow in anticipation of the revenue for the twelve-month period beginning July 1, 1982, in accordance with General Laws, Chapter 44, Section 4, and acts in amendment thereof, and including in addition thereto, Chapter 849 of the Acts of 1969, as amended, and to renew any note or notes as may be given for a period of less than one year, in accordance with General Laws, Chapter 44, Section 17.

MOTION PASSED.

ARTICLE 4:

Mr. Fitch moved that the Town exempt its fire fighters from serving as a juror pursuant to Section 1, Chapter 234 of the General Laws.

MOTION PASSED.

ARTICLE 5:

VOTED: That the Town amend the Classification and Compensation Plans and the Personnel Bylaws as recommended by the Personnel Board and outlined in its March 25, 1982, report to the Board of Selectmen.

ARTICLE 6:

VOTED: That the Town set the salaries of elected Town Officers as follows, effective July 1, 1982: (Mass. G. L. Chap. 41, Sec. 108)

Office	Salary
Moderator	\$ 300.00
Chairman, Board of Selectmen	3,000.00
Other Selectmen	2,000.00
Town Clerk	13,158.00
Town Treasurer	13,158.00
Town Collector	24,111.00

ARTICLE 7:

VOTED: That the Town raise and appropriate the sum of \$30,555,576.00 to provide for a Reserved Fund and to defray the expenses of the Town and for other purposes as listed in the printed Recommendations of the Advisory and Finance Committee, with amendments thereto voted, of which \$2,000.00 shall be from the Plymouth Home National Bank Parking Lot Parking Meter Receipts; \$17,956.00 from State Aid to Libraries; and \$8,642.00 shall be from the Dog Tax for Library - Salaries and Wages, Budget #45-01-100; \$1,300,000.00 shall be from U.S. Federal Revenue Sharing Funds for Fire Department - Salaries and Wages, Budget #21-01-100; and \$8,274.00 from Street Parking Meter Receipts for Police - Salaries and Wages, Budget #19-01-100; and \$1,500.00 from Street Parking Meter Receipts for Police - Building Maint. & Parking Control & Meter Maint.; Budget #19-07-200 (Supplies and Materials); \$150,000.00 shall be from the Overlay Surplus for a Reserve Fund under Budget #65; and \$50,000.00 from the Income from Cemetery Perpetual Care Funds for DPW Cemetery Division - Salaries and Wages, Budget #71-01-100; and \$5,000.00 from the Airport Revolving Fund for Airport - Salaries and Wages, Budget #67-01-100; and the balance from the tax levy of the ensuing twelve-month period, beginning July 1, 1982.

(Mr. Richard Withington had moved to amend Art. 7, as presented, by adding \$9,000.00 to Item 11, Bldg. Maint. for a new total of \$133,541.00 for Item 11. This Motion was NOT PASSED.

Mr. Richard Withington had moved to amend Art. 7, as presented, by adding \$6,260.00 to Item 11, Salaries & Wages, for a new total of \$255,292.00. This Motion was NOT PASSED.

Mr. Velander had moved to amend Mr. Fitch's original motion by adding the sum of \$13,572. to Planning Board Budget #14 - Salaries and Wages, so the total of same would be \$78,730.00. This Motion was NOT PASSED.

Mr. Lowery moved to defer consideration of Item 44 - Voted by vote of 43-25.

At this time (4:15 P.M.) the quorum was questioned, and a count revealed that there were only 74 members present; therefor the meeting was adjourned to April 5, 1982, at 7:30.

Annual Town Meeting

April 5, 1982

Adjourned Session

The meeting was called to order at 7:45 P.M. by the Moderator, Thomas Frates.

The number of Town Meeting Members present was 92, as reported by the checkers.

The Moderator declared a quorum present.

ARTICLE 8:

VOTED: That the Town appropriate the sum of \$165,756.00, of which the sum of \$12,750.00 is to be raised and the sum of \$153,006.00 is to come from the Stabilization Fund, for the repair and/or purchase and/or lease and/or replacement of departmental equipment for various departments as follows:

Item	Department	Equipment	Amount
A.	Fire	Repair of Engine #4	\$12,750.00 (levy)
B.	Police	2 - K9 Sedans	16,546.00 (stablz.)
		1 - Dog Van	6,510.00 (stablz.)
		1 - Detective's Sedan	8,273.00 (stablz.)
		2 - Station Wagons	20,840.00 (stablz.)
		9 - Mid-size Sedans	76,257.00 (stablz.)
C.	Highway	1 - Sander	5,945.00 (stablz.)
D.	D.P.W.	5 - Mobile Radios	5,570.00 (stablz.)
E.	Library	1 - Microfilm Reader/Printer	3,668.00 (stablz.)
F.	Concl. on Aging	1 - 12 passenger Van	9,397.00 (stablz.)

Dr. Meltzer moved to rescind action of April 3, at which time the schedule of adjourned sessions was established, so as to eliminate the meeting of Wed., April 7 and Thurs., April 8.

This motion was PASSED.

ARTICLE 9:

Mr. Tarantino moved that the Town appropriate from the Stabilization Fund the sum of \$25,000.00 to construct a ramp at the Town Office Building for the handicapped, including other renovations relative thereto; said funds to be expended under the supervision of the Department of Public Works.

By a vote of 51 in the Affirmative, and 33 Negative, this motion was NOT PASSED, since it required a 2/3 vote for passage.

Mr. Tarantino moved to rescind the action taken under Article 9; said motion to rescind was NOT PASSED.

ARTICLE 10:

VOTED: That the Town appropriate the sum of \$132,855.00 from Available Funds (Free Cash) for State Aid Construction for various streets in Plymouth; said monies to be used in conjunction with any available funds, State or Local, all ready appropriated; said monies to be expended by the Department of Public Works with reimbursement to be returned to Excess and Deficiency.

ARTICLE 11:

VOTED: That the Town appropriate the sum of \$10,000.00 from the Sale of Lots and Graves Fund to be expended by the Cemetery Division for the improvement of the cemeteries.

ARTICLE 12:

VOTED: UNANIMOUSLY That the Town appropriate the sum of \$75,000.00 from Stabilization Funds for the purpose of designing and constructing improvements to the wastewater treatment and collection system to alleviate the sludge processing and disposal problems and to remove infiltration from various points in the collection system, said funds to be expended under the supervision of the Department of Public Works.

ARTICLE 13:

WITHDRAWN

ARTICLE 14:

VOTED: UNANIMOUSLY That the Town appropriate the sum of \$10,000.00 from the Stabilization Fund to install a drainage system in Cape Cod Avenue; said funds to be expended under the supervision of the Department of Public Works.

ARTICLE 15:

WITHDRAWN

ARTICLE 16:

WITHDRAWN

ARTICLE 17:

Mr. Fitch moved that the Town report, accept and allow as Town Ways, the following street or portion thereof, as laid out by the Selectmen and reported to the Town, provided that all necessary easements have been granted prior to the recording of the acceptance of the said way in the Registry of Deeds:

Item Street and Name

A Long Pond Road — 1/4 mile south of Clark Road
for a distance of 1,200 feet more or less.

By vote of 76 Affirmative, and 4 Negative, this motion PASSED.

ARTICLE 18:

VOTED: That the Town appropriate the sum of \$125,000.00 for reconstructing a portion of Long Pond Road situated 1/4 mile south of Clark Road, said funds to be expended under the supervision of the Department of Public Works and to be taken

<i>Account</i>	<i>Sum</i>
A. Carver Road Chapter 825	\$94,210.81
B. State Aid Construction	\$30,789.19

At this time Mrs. Eklund moved that the Town Meeting members vote to rescind the action taken under Article 9.

This motion DID NOT PASS.

ARTICLE 19:

VOTED: That the Town appropriate the sum of \$10,490.00 to paint Bartlett Hall and the 1749 Court House; said funds are to be expended under the supervision of the Department of Public Works.

ARTICLE 20:

WITHDRAWN

ARTICLE 21:

VOTED: That the Town appropriate the sum of \$80,000.00 to be

added to the Unemployment Compensation Fund in accordance with Massachusetts General Laws, Chapter 40, Section 5E.

ARTICLE 22:

VOTED: That the Town raise and appropriate the sum of \$118,000.00 for the purpose of leasing a private ambulance service for the town; said funds to be expended under the supervision of the Fire Chief, and Mr. Fitch further moved to continue the Ambulance Study Committee for one year to evaluate said service.

ARTICLE 23:

VOTED: That the Town transfer the sum of \$10,000.00 from the unexpended balance in Article 23 of the 1981 Annual Town Meeting for the purpose of conducting an energy conservation audit on the Town's pumping station,; said funds to be expended under the supervision of the Selectmen.

Mr. Cotti moved that the Town amend the Zoning By-Law, Section 102, as it relates to the location, nature and intensity of home occupations, as follows:

To change the first sentence of the definition of Home Occupation so that it reads — "Home Occupation - an occupation conducted within the dwelling unit, by the residents of that dwelling unit and no others provided that ..."

By a vote of 31 Affirmative, and 54 Negative, this motion did NOT PASS.

ARTICLE 42:

Mr. Fitch moved that the Town amend the Town of Plymouth Zoning By-Law, Section 102, Definition, "Lot Measurement" by adding a fourth part to the definition of "Lot Measurements" which would read:

D. In addition to other dimensional requirements for lots created after (the date of adoption of this amendment), lot configuration must be such that a rectangle having the minimum lot width and lot depth dimensions required in the zone can be located entirely within the lot exclusive of any easements of record.

By a vote of 37 Affirmative, and 45 Negative, this motion did NOT PASS.

ARTICLE 43:

Mr. Fitch moved that the Town amend its Zoning Bylaw, Section

300.10, Frontage Reduction, to restrict the use of this provision to a lot which is being subdivided into not more than three lots as follows:

Proposed: (the words in parentheses *()* are to be deleted, and the words in italics are to be added.) To change the second condition under 300.10 *Frontage Reduction* as follows:

2. *The lot is being subdivided into not more than three (3) lots, none of which, individually or in combination with any adjacent lots in the same ownership, has sufficient frontage or width to allow further subdivision thereof*

(The lot is being divided into not more than three lots); and

At 11:00 P.M. it was moved and so voted to adjourn until April 6, 1982.

THE MEETING OF APRIL 6, 1982
(was cancelled because of a major snowstorm)

THE MEETING OF APRIL 12, 1982
(The meeting could not be called to order
because of lack of a quorum.)

Annual Town Meeting

April 20, 1982

Adjourned Session

The meeting was called to order at 7:40 P.M. by the Moderator, Thomas Frates.

The number of Town Meeting Members present was 82, as reported by the checkers.

The Moderator declared a quorum present.

ARTICLE 29:

Rachel Ryan moved that the Town appropriate the sum of \$165,000.00 from the Stabilization Fund to lay water mains in the following streets — "L" — Pawtuxet Road ++ "M" — Wildwood Drive ++ "N" — Menotomy Road; said work to be performed and said funds to be expended under the jurisdiction of the D.P.W.

By vote of 14 in the Affirmative, and 61 in the Negative, this motion did NOT PASS.

8:40 P.M.

At this time it was voted to adjourn the Annual Town Meeting, so as to consider the remainder of the Special Town Meeting warrant, as previously decided.

Special Town Meeting

April 20, 1982

Adjourned Session

Please see page 124-125 . . . Articles 3 thru 15.

9:50 P.M.

Voted to dissolve the Special Town Meeting and re-convene the Annual Town Meeting.

Mr. Tarantino moved that the Town return to consideration of Article 37, which had previously had no motion made. Mr. Frates ruled that this was permissible if the Town so chose, and it was so voted.

ARTICLE 37:

1. Chief Arthur Lamb moved that the Town accept Sections 26C, 26D, and 26E of Chapter 148 of the General Laws relating to the installation of smoke and heat detectors in residential buildings or structures;

2. that these sections be discussed collectively, but voted upon separately.

The motion to accept Section 26C did NOT PASS by voice vote.

The motion to accept Section 26D did NOT PASS by voice vote.

The motion to accept Section 26E did NOT PASS by voice vote.

ARTICLE 40:

VOTED: That the Town amend its Zoning Bylaw and Zoning Map Number 4, Aquifer Protection District, by adding the areas shown on Maps entitled "Bourne Wells Protection District, December, 1981" and "Water Resource Protection — Wareham" Plymouth-Carver Aquifer Corridor; January, 1982" to the map as additional "Municipal Well — primary recharge area."

67 Affirmative 1 Negative

10:15 P.M. — Quorum count at request of Mr. Vandini.

Count records 79 Town Meeting members present.

ARTICLE 44:

VOTED: UNANIMOUSLY That the Town amend the Zoning Bylaw to define and regulate "Political Signs", by amending Section 302 "Conservation of Open Space Quality, 302.01 Signs, as follows:

1) By adding to B. *DEFINITIONS.*, 5. Temporary Sign. a paragraph which reads:

warrant articles or other political or legislative activity. The size of political signs shall be governed by TABLE 302.01 - 1 and part F.

CONFORMING NON-IDENTIFICATION SIGNS. Political signs in excess of the limits imposed by part F. may be erected by Special Permit of the Boards of Appeals, provided that the Board of Appeals finds that such size is the minimum required to inform the public without endangering the public's safety." and,

2) By adding to c. *PERMITS.*, 2. DURATION OF PERMITS., TEMPORARY SIGNS. a sentence which reads:

"In the case of political signs, such signs must be removed

within one week after the election or action to which they apply."

ARTICLE 45:

Mr. Cotti moved that the Town amend the Zoning Bylaw, Section 305, Off-Street Parking, to specify requirements for good design practices and size of spaces and driving lanes, as shown in "1982 Annual Town Meeting, Article 45, Final Report and Recommendation of the Planning Board on the Proposed Amendment to the Town of Plymouth Bylaws", and shown on Pages 1 and 2 thereof.

(See pages 131-A and 131-B for text referred to above.)

Proposed: (the words in parentheses *()* are to be deleted, and the words in italics are to be added.)

To change *305.07 Design Standards and Lighting* so that it reads as follows:

305.07 Design Standards and Lighting

Sufficient maneuvering space shall be provided such that vehicles shall not have to back into a public way or across a public sidewalk in gaining egress from any parking area, nor shall any vehicle have to back more than once in maneuvering into or out of a parking space. Space for snow-removal activities shall be provided in addition to the required parking and maneuvering space.

Required parking spaces shall not be less than *nine (9)* *(ten (10))* feet wide, nor less than *eighteen (18)* *(twenty (20))* feet long, exclusive of maneuvering and driving lanes, except that one (1) foot may be allowed for bumper overhang beyond the curb. Lots or garages operated by attendants may provide spaces eight (8) feet wide by special permit. Driving lanes shall be a minimum of twenty (20) feet *wide* for angle parking and twenty-five (25) feet *wide* for perpendicular parking. Turnaround spaces shall be provided in all dead end parking lanes.

All parking lanes shall be separated by concrete or bituminous curbing between the lanes sufficient to prevent driving from one parking lane to any other except in designated driving lanes.

All parking areas of over ten (10) cars shall be suitably lighted as prescribed by the Building Inspector.

All parking areas shall be designed and built so that grades throughout the lot are greater than 1% and less than 5%, including those of the entrance and exit drives. Access roads may be 10% maximum provided grades level off to 5% or less where they reach the parking area, and provided pedestrian ways required for accessibility by the handicapped do not exceed 8%. Parking shall not be allowed on grades over 5%. Intersection platforms not to exceed 2% grade shall be provided at all intersections within the lot and between the drives and any way open to the public. Surface water or storm drainage shall be provided in the form of catch basins, underground pipes, manholes, headwalls and/or leaching basins and percolation sumps. The drainage shall be designed by a registered professional engineer and shall be

capable of disposing of a one hour, 25-year storm. Catch basins shall not be more than 300 feet apart throughout the parking area. The entire lot shall be curbed so as to provide for a positive drainage system.

Due regard shall be paid to the fact that drivers become pedestrians once they park their cars and that they must walk to the facility for which the parking is provided. Parking lots shall include a clearly delineated, properly constructed pedestrian system to bring people from their cars to the facility.

Mr. William Lowery moved to amend Mr. Cotti's motion so that the first sentence of the second paragraph of proposed 305.07 shall read as follows:

****Required parking spaces shall be not less than ten (10) feet wide, nor less than eighteen (18) feet long, exclusive of maneuvering and driving lanes, except that one (1) foot may be allowed for bumper overhang beyond the curb . . ."**

This motion to amend Mr. Cotti's motion was APPROVED, and the original motion to amend as proposed by Mr. Cotti was PASSED, with Mr. Lowery's amendment included, UNANIMOUSLY.

ARTICLE 46:

Mr. Cotti moved that the Town amend the Zoning Bylaws to require adequate space around all new buildings to allow for access by fire fighting equipment and apparatus by amending Section 300, Lot Regulations 300.05, Buildings to have Access; and further by amending Section 305, Off-Street Parking, 305.07, Design Standards and Lighting; and further by amending Section 205, Special Permits, 205.01, Procedures, as shown in "1982 Annual Town Meeting, Article 46, Final Report and Recommendation of the Planning Board on the Proposed Amendment to the Town of Plymouth Zoning Bylaws", and shown on Pages 1 and 2 thereof.

(See pages 131-C and 131-D for text referred to above.)

Proposed: To amend the Zoning Bylaw, Section 300 Lot Regulations, 300.05 *Buildings to Have Access* by adding to its end the following paragraphs:

C) Access from a public way to all new buildings shall be of such construction and width to permit ready, unobstructed travel for emergency apparatus without backing and turning. Security gates, island-type structures, and the like must be located and designed to allow emergency equipment such unobstructed and convenient travel. The recommendation of the Fire Chief shall be sought in such cases.

D) Access for fire-fighting equipment and personnel shall be provided around each new industrial, commercial or multi-family building standing alone or in a complex as follows: for emergency vehicles including an aerial ladder truck, unobstructed access shall be provided to the front and rear elevations of each building and to all hydrants and sprinkler connections; for personnel and equipment, a 10-foot unobstructed access to and along all other elevations shall be provided as well. All pedestrian pathways which will

be used for emergency vehicles to satisfy the above requirements shall be in the form of at least an 8'-0" wide path including its shoulders with sufficient turning radii (50 feet outside) to accommodate such vehicles. Where the required access cannot be provided, a special permit may be issued by the Board of Appeals allowing sufficient internal sprinkling and external water curtains to be provided in place of the required access."

And Section 305 Off-Street Parking, *305.07 Design Standards and Lighting*, by adding the following paragraph:

"In any new parking area, parking shall be prevented wherever it may obstruct access to hydrants or sprinkler connections. Parking shall also be prevented along curbs in front of retail storefronts, and alongside of other building walls where it will interfere with emergency and rescue access, especially in areas of high activity. Additional space shall be provided at each sprinkler connection or hydrant so as to allow an engine to connect to it and allow other equipment to pass by. Islands in parking lanes as well as entrance ways shall be located and designed to allow emergency equipment unobstructed travel.";

And Section 306 Off-Street Loading, *306.05 Design Standards*, by adding the following paragraph:

"Loading areas shall be designed so as not to obstruct access to hydrants or sprinkler connections."

And Section 205 Special Permits, *205.01 Procedures*, paragraph B. By changing the word 'quadruplicate' to 'five copies'.

And paragraph C. by inserting the words 'Fire Chief' after the words 'Design Review Board,'

This motion was PASSED UNANIMOUSLY.

ARTICLE 47:

Mr. Cotti moved that the Town amend its Zoning Bylaw by adding thereto the following:

Section 309.09, Wind Energy Conversion System (WECS) as shown on "1982 Annual Town Meeting, Article 47, Final Report and Recommendation of the Planning Board on the Proposed Amendment to the Town of Plymouth Zoning Bylaws", and shown on Pages 4 through 7 thereof.

(See pages 131-E through 131-H for text referred to above.)

WIND ENERGY CONVERSION SYSTEMS (WECS)

To see if the Town will vote to amend the Zoning Bylaw of the Town of Plymouth by adding thereto the following:

309.09 Wind Energy Conversion Systems (WECS):

Special permits may be granted to permit the construction and operation of Wind Energy Conversion Systems (WECS) provided the following requirements are satisfied:

A. General Conditions:

1. Production of power principally for sale to the public utility grid shall be prohibited.

2. The Board of Appeals may not approve a WECS application unless it finds the WECS will not cause excessive noise, electromagnetic interference (EMI), or otherwise adversely affect the public health, safety and general welfare.
3. Finish surfaces and colors of the WECS tower and associated structural elements shall not be such as to contrast sharply with the architectural character of the neighborhood.
4. Ground level equipment and structures shall be screened from adjoining properties, such as by existing vegetation or proposed screening.

B. Application:

Every application shall conform to the submission requirements specified in Section 205.03, paragraph C., and the following additional requirements:

1. Site Plan, to be prepared by a Registered Land Surveyor. Building Inspector may waive requirement for Professional Surveyor if lot on which WECS is to be sited is two (2) acres or larger and/or if proposed setback is twice the minimum distance required herein and if all other submission requirements are met. Such plan shall show:

- a. Accurate property lines and existing or proposed easement lines;
- b. Location and ground elevation of tower on site;
- c. Location and height of all structures on site and all WECS and other structures within 200' of the proposed WECS;
- d. Existing and proposed above-ground and underground utility lines within a radius equal to the required setback distance of the tower;
- e. Location of trees and other vegetation on the site described by type and size;
- f. Location of microwave beam pattern, if any, affecting the locus;

2. Manufacturer's structural drawings of tower, including base and footings, rotor assembly and associated components, and ground level equipment, if any;

3. Certification by a Registered Professional Engineer (structural) that the tower design and foundation is sufficient to withstand wind load requirements for structures as specified by State of Massachusetts Building Code, or amendments thereof, and that tower meets WECS manufacturer's standards for harmonics and wind load requirements. Such certification may be submitted after special permit has been granted but shall be required prior to issuance of a building permit.

4. Test data and/or written certification by the WECS manufacturer to certify that:

- a. The WECS will not exceed noise levels specified under F., below;
- b. The WECS will not interfere with TV, radio and microwave reception;

c. The WECS is designed with proper braking and rotor overspeed controls in accordance with paragraph l.;

5. Manufacturer's maintenance schedule and specifications.

C. *Dimensional Requirements:*

1. Maximum height of WECS (tower and rotor): 100'
2. Maximum rotor diameter: 35'
3. Minimum blade height (minimum distance between ground and any protruding blades, measured in any direction): 15'

D. *Setback Requirements:*

Any tower support structure shall be set back from property lines and overhead utility lines a distance equal to the overall height of the WECS plus twenty (20) feet, minimum, measured to the center of the tower base. The Board of Appeals shall require greater setbacks if necessary to better protect health, safety and welfare.

E. *Tower Access:*

Climbing access to the WECS tower shall be limited either by means of a fence six feet high around the tower base with a locking portal, or by limiting tower climbing apparatus, including climbable cross-members or the like, to no lower than twelve feet from the ground. This requirement in no way relieves the WECS owner from liability in regard to the WECS.

F. *Noise:*

The operation of a WECS in wind speeds up to the specified shut-down speed of the WECS shall produce no more than the following readings on the A Scale (dBA) at the closest point of any adjoining property line:

Ambient Reading (at Design Wind Speed Without WECS Operating)	Maximum Reading (With WECS Operating)
Less than 45 dB	48 dB
45 dB or more	Max. 5 dB above ambient reading, up to 65 dB max.

No permit shall be issued for the construction of a WECS until the manufacturer certifies that the above noise criteria for the system can be met. Operation of the WECS in excess of these noise criteria shall be cause for shutdown of the system by the Building Inspector until the system can be modified to meet the noise criteria.

G. *Electromagnetic Interference (EMI)-TV, radio, microwave:*

EMI produced by the WECS is subject to regulation by the Federal Communications Commission (47 C.F.R., Part 15, or amendments thereof). Operation of any WECS which exceeds F.C.C. standards shall be discontinued until the WECS is screened or filtered to eliminate such interference.

H. *Airspace:*

A WECS to be sited within 20,000 feet of approach zones of the Plymouth Municipal Airport shall comply with guidelines of the Federal Aviation Administration (Federal Aviation Regulations, Part 77, Objects Affecting Navigable Airspace) and the Massachusetts Aeronautics Commission (M.G.L. Chapter 90, Section 35B). No building permit for such

installations shall be granted until proof of such compliance is submitted by the applicant.

I. Braking and Overspeed Control:

The WECS shall be designed with a braking system, blade pitch control and/or other mechanism for rotor control and automatic shutdown procedures under high wind conditions. The WECS shall also be designed with an emergency control that will automatically prevent rotor overspeed in the event of a transmission or brake failure.

J. Installation and Maintenance:

The WECS installation shall be installed and fully and properly maintained in accordance with the recommended procedures and schedule of the manufacturer. Failure to do so shall constitute a violation of the Zoning Bylaw of the Town of Plymouth. Due to the potentially dangerous consequences of improper maintenance, failure to properly maintain a WECS shall constitute abandonment of the WECS and the Building Inspector shall require immediate removal of the rotor system and subsequent dismantling of the tower forthwith unless the installation is repaired.

Add to Section 102 Definitions, the following:

Wind Energy Conversion System (WECS):

A device which converts wind energy to mechanical, pneumatic, fluid, or electrical power. Includes tower, rotor, energy conversion equipment such as generators or inverters, all controls and integration equipment. May include multiple installations.

Rotor

The blades plus the hub to which the blades of a WECS are attached.

Rotor Diameter:

Distance from lowest to the highest reaching point of the rotor blades, their supporting structure, and hub of WECS, whether on vertical or horizontal axis.

This motion was PASSED UNANIMOUSLY.

ARTICLE 52:

Mr. Fitch moved that the Town amend its Zoning Bylaw to allow Campgrounds by Special Permit of the Board of Appeals, by adding a new Section as follows:

SECTION 313 — RECREATION CAMPGROUNDS

313.01 Definitions

313.02 Objective

- 313.03 Permit & Administration
- 313.04 Location & Density
- 313.05 Planning Principal & Requirements
- 313.06 Natural Features & Protection of Open Space
- 313.07 Utilities & Facilities
- 313.08 Regulations

(See pages 131-J through 131-O for text as outlined above)

313.01 Definitions

Recreational Campground — a parcel of land upon which campsites are located, established, and maintained for occupancy by campers or recreational vehicles of the general public as temporary living quarters for recreation or vacation puposes from April 15 to October 15.

Recreational Campsites — a plot of ground within a recreational campground intended for the accommodation of either a recreational vehicle, tent, or other individual camping unit on a temporary basis.

Recreational Vehicle — A vehicular type of unit primarily designed as temporary living quarters for recreational, camping, or travel use, which either has its own motive power or is mounted on or drawn by another vehicle. The basic entities are travel trailer, camping trailer, truck camper, and motor home.

Roads:

Access — The way which leads from the street, as herein defined, to the main office/facility.

Service — Ways serving the campsites and different areas within the campgrounds: main services being a two-way collector; minor service being a one-way minor.

313.02 Objectives

The purose of this bylaw is to allow for an adequate number of recreational campsites to service the family tourist trade in the Town of Plymouth during the camping season in such a manner as to protect the health, safety, and general welfare of the community as well as the campers by establishing specific design criteria for and requirements and regulations governing the design, construction, establishment, occupancy and maintenance of recreational campgrounds.

313.03 Permit & Administration

A. Special permits for campgrounds will be:

1. *Seasonal* for operation from April 15th to October 15th.
2. *Subject to review* every five (5) years for conformance to the requirements of the special permit, as originally granted.

B. Campgrounds are allowed in the RR zone by special permit subject to environmental design conditions. Submission materials shall include:

1. The site plan shall be prepared by a professional engineer, architect, or landscape architect licensed in the Commonwealth of Massachusetts and duly signed and sealed. Said site plan shall be duly certified as to accuracy of everything represented thereon.
2. The name and title of the applicant, the owner, and name of the person preparing the plan maps, and accompanying data.
3. Plot and lot number of the premises affected.
4. Date, scale and North arrow.

5. Names, plots and lots of adjacent property owners and property within three hundred (300) feet of the boundaries of the affected premises.

6. Boundary limit of premises, setback lines, lines of existing easements and proposed easements.

7. Any proposed regulations or restrictive covenants which would affect the premises.

8. Detailed plans of all permanent structures.

9. Location of all existing and proposed storm and water drainage systems.

10. Location of all existing and proposed utilities systems.

11. Location of all recreational areas and storage areas.

12. Location of all signs.

13. Location and layout of campsites and parking areas.

14. Topography of existing and proposed grades, with contours taken at two-foot intervals.

15. Location of all access and service roads within the affected premises, showing access points to already existing streets.

16. Legend: Parcels shown hereon are for the purposes of designating campsites for temporary rental. This plan does not constitute a subdivision of land. The entire tract shown hereon is considered a single lot and may not be subdivided.

All construction to be completed in one year after issuance of a building permit or in self-sufficient phases that can be completed in one year after issuance of a building permit for each phase. Failure to comply will render the permit null and void.

313.04 Location and Density

A. Recreational campgrounds may be permitted by the Zoning Board of Appeals in the RR Zone by special permit subject to Environmental Design Conditions. Access to recreational campgrounds shall be directly from major streets as shown on the Plymouth Zoning Maps.

B. Campgrounds shall:

1. Have no less than 30 contiguous acres under one ownership;

2. Have no more than 5 campsites per gross acre of dry land;

3. Have no more than 200 campsites total or be comprised of clusters of no more than 200 campsites separated by 100 ft. buffer zones;

4. Have center to center separation of campsites of not less than 40 ft.;

5. Have no tenting campsites within 50 ft. of a shoreline or no recreational vehicle campsites within 100 ft. of a shoreline; (This requirement may be reduced by the Board of Appeals based upon topographic conditions and density of foliage.)

6. Have campsites with minimum dimensions of 40 ft. width by 50 ft. length;

7. Have the sites numbered so that the numbers can be seen from the road.

313.05 Planning Principles and Requirements

It is intended that campgrounds will be laid out in a logical manner with uses and functions located efficiently and compatibly within a matrix of green space. Each campground shall provide its own recreational facilities. Buffers of green space shall separate the campground from streets, rights-of-way, and abutters, as well as provide privacy and separation where needed within the campground.

A. *Drainage*: The site plan shall be developed to permit the unobstructed flow of all natural water courses, including existing natural topography and surface runoff to existing low areas, to insure adequate drainage of all low points along streets, and to provide a proper means for storm water runoff from the roads (access and service), the campsites, recreational areas, and all developed areas being drained. There shall be no construction in low areas (kettleholes) and no filling of any wetlands in conjunction with construction of a campground.

B. *Roads*: The Board of Appeals shall designate all roads shown on the plan as *access* or *service*.

1. Access roads shall be 25 ft. wide and paved according to the standards of the Subdivision Rules and Regulations as shall all parking areas associated with the main office or facility. The horizontal alignment of the access road shall be curved in such a way that no facilities shall be visible from the public way.

2. Service roads within the campground shall be 12 ft. one-way, 20 ft. two-way and constructed of a suitable hard surface, such as gravel, crushed stone or other comparable material, and shall be well drained. The service road network shall allow easy passage of fire vehicles.

3. Access roads shall not exceed a 10% grade. Service roads shall not exceed a 12% grade.

C. *Buffer*: There shall be a minimum buffer zone of 100 ft. of dense, mature, living vegetation along all Town roads, rights-of-way or abutters and appropriately dimensioned buffers along all private ways. Recreational amenities as trails, bocce courts, etc., may be included within the buffer zones provided that their total width does not exceed 10 ft.

D. *Recreation Facilities*: Approximately 5% of the total area shall be set aside for designated and equipped recreation areas; for example: swimming ponds/pools, playing fields, bocce, tennis, volleyball, horseshoes, etc.

E. *Water*: The distance from drinking water to any campsite shall be no more than 300 ft. maximum.

F. *Sanitary Facilities*: Sanitary facilities shall comply with all State and local health codes.

G. *Trailer Waste Station*: There shall be one (1) trailer waste station per 100 trailer sites or fraction thereof.

H. *Parking*:

1. Parking spurs for trailers and car of vehicle pulling trailer within the campsite shall be a maximum of 2% grade.

2. One parking space at a maximum of 5% grade shall be provided at each tent site.

3. One additional parking space shall be provided per ten campsites.

4. Parking for a minimum of two cars shall be provided at each sanitary facility.

5. One additional parking space for each 20 sites or fraction thereof shall be provided at the reception area.

I. Reception Area:

1. The reception area shall be designed to accommodate through traffic in both directions without interruption and shall also accommodate parking and provide an area for registration.

2. A large map of the campground with numbered sites shall be installed at the entrance reception area. The map shall be lighted.

J. Rubbish: Proper rubbish receptacles shall be provided.

313.06 Natural Features and Protection of Open Space and Shorelines

It is the intent of this regulation to provide adequate and safe campsites within a network of green space. Site plans must comply with the natural features conservation requirements as outlined in Section 301 of this bylaw and with the following special requirements:

The open space system shall be designed to accomplish the following:

1. To preserve large parcels in a natural state and to tie together the different uses within the campground.

2. To maintain natural material and topography as buffers between roadways, rights-of-way and abutters and campsites and among individual campsites and groups of campsites or common facilities.

3. To provide developed recreational areas therein.

Such characteristics as area, breadth, nature of foliage, whether open, partially wooded, thickly wooded, shall be considered in determining whether open space requirements of these standards are fulfilled. Similarly, tree cover and/or other foliage as may be necessary to achieve these purposes may be required as conditions of approval.

All open space and its maintenance shall be the responsibility of the landowner.

313.07 Utilities and Facilities

All facilities shall comply with any and all applicable regulations of the Commonwealth of Massachusetts, Department of Public Health, and Plymouth Board of Health and other sections of the Zoning Bylaw where applicable.

Limited commercial activities may be provided to serve the campers but are subject to the basic seasonal and temporary permit restrictions of the recreational campground. These facilities are intended for the convenience of the campers and may be permitted by the Board of Appeals only if they are to be located in conjunction with the main office or recreation facility central to the campground. They shall not be advertised from the public way and are not intended for use by the general public.

They may not exceed 100 sq. ft. per 200 campsites.

313.08 Regulations

No vehicle may have its wheel or apparatus for mobility removed, other than for emergency repairs. Recreational vehicles shall not be allowed

on the site after October 15 or before April 15.

*Campgrounds in RR District:
Supplemental Zoning Bylaw Revisions*

1. Amend Section 401.03 D. by adding thereto a new subsection to read as follows:

"5. Recreational Campgrounds."

2. Amend Section 401, Table #5, District Regulations, Section 401.03, RR Rural Residential, Column #4, Special Permit Uses, by adding thereto the following:

"Recreational Campgrounds subject to conditions in Section 313."

By vote of 54 Affirmative, and 22 in the Negative, this motion was PASSED.

ARTICLE 53:

VOTED: UNANIMOUSLY That the Town authorize the Board of Selectmen to convey to Byung Kang a certain parcel of land near Saby's Pond shown as Lot 70-41 on Plat 96 of the Plymouth Assessors' Maps, for a sum of not less than \$1,480.00 plus legal costs incurred by the Town, and upon any other conditions set by the Board of Selectmen.

**The Commonwealth of Massachusetts
Town of Plymouth, Mass.**

Warrant for State Primary

Plymouth, ss.

To any of the Constables of the Town of Plymouth

Greetings:

In the name of the Commonwealth, you are hereby required to notify and warn the Inhabitants of said town who are qualified to vote in Primaries to meet at the proper voting places in each precinct as follows: Precinct 1, at the Hedge School; Precinct 2, at the Cold Spring School; Precinct 3, at the Town Hall; Precinct 4, at Plymouth-Carver Regional High School; Precinct 5, at Manomet Elementary School; Precinct 6, at Indian Brook School; Precinct 7, at West School; Precinct 8, at Plymouth Airport; Precinct 9E, at Plymouth-Carver Intermediate School; Precinct 9W, at Federal Furnace School; Precinct 10E, at the Old Cedarville School House; and Precinct 10W, at South Elementary School in said Plymouth on

TUESDAY, THE FOURTEENTH DAY OF SEPTEMBER, 1982

at TEN o'clock in the forenoon for the following purpose:

To bring in their votes to the Primary Officers for the Nomination of Candidates of Political Parties for the following offices:

Senator in Congress	for this Commonwealth
Governor	for this Commonwealth
Lt. Governor	for this Commonwealth
Attorney General	for this Commonwealth
Secretary	for this Commonwealth
Treasurer	for this Commonwealth
Auditor	for this Commonwealth
Representative in Congress	for the 10th Congressional District
Councillor	for the 1st Councillor District
Senator in General Court	for the 2nd Plymouth Senatorial District
Representative in General Court	for the 1st Plymouth Representative District
District Attorney	for the Plymouth District
Clerk of Courts	for Plymouth County
Register of Deeds	for Plymouth County
County Commissioner	for Plymouth County

The polls will open in each of the above-mentioned precincts at 10:00 o'clock in the forenoon on said Tuesday the 14th day of September, 1982, and will remain open until 8:00 o'clock in the evening to allow the residents of Plymouth to cast their votes in this primary for the candidates of their choice.

And you are hereby notified to serve this warrant in the manner prescribed by a vote of the Town by posting notices thereof, seven days at least before the meeting, in the Town Office Building and in a public place in each precinct, and make return thereof with your doings thereon at the time and place above-mentioned.

Hereof fail not and make return of this warrant with your doings thereon at the time and place of said meeting.

Given under our hands this twenty-fourth day of August, 1982.

(signed) George W. Butters
David F. Malaguti
David F. Tarantino
Roger E. Silva, *Chairman*

Plymouth, ss.

August 30, 1982

Pursuant to the foregoing warrant, the Inhabitants of Plymouth qualified to vote in Primaries are hereby notified to meet at the time and place and for the purposes therein mentioned.

(signed) Richard H. Nagle,
Constable of Plymouth

August 30, 1982

Pursuant to the foregoing warrant, I have this day notified and warned the Inhabitants of Plymouth qualified to vote in Primaries to meet in Precinct 1, Hedge School; Precinct 2, Cold Spring School; Precinct 3, Town Hall; Precinct 4, the Plymouth-Carver Regional High School; Precinct 5, Manomet Elementary School; Precinct 6, the Indian Brook School; Precinct 7, at West School; Precinct 8, at Plymouth Airport; Precinct 9E, at Plymouth-Carver Intermediate School; Precinct 9W, at Federal Furnace School; Precinct 10E, at Old Red School House; Precinct 10W, at South Elementary School in said Plymouth on Tuesday, the 14th day of September, 1982, at ten o'clock in the forenoon, by posting copies of this warrant in the Town Office Building and in a public place in each precinct, seven days at least before such meeting.

(signed) Richard H. Nagle,
Constable of Plymouth

Special Town Meeting Warrant

September 20, 1982

In the name of the Commonwealth, you are hereby directed to notify and warn the Inhabitants of Plymouth qualified to consider and vote on articles at a Special Town Business Meeting, to meet in the Plymouth-Carver Regional High School on Monday, the twentieth day of September, 1982, at 7:30 P.M. to act on the following articles, to wit:

Article 1: To see if the Town will vote to amend the Classification and Compensation Plans and the Personnel Bylaw, including Collective Bargaining Agreements, or take any other action relative thereto.
BOARD OF SELECTMEN

Article 2: To see if the Town will vote to raise and appropriate a sum of money to be added to funds all ready appropriated under Article 7 of the 1982 Annual Town Meeting for the purpose of supplementing departmental expenses, or take any other action relative thereto.
BOARD OF SELECTMEN

Article 3: To see if the Town will take with regard to the payment of certain unpaid bills, as follows:

<i>Item</i>	<i>Department</i>	<i>Creditor</i>	<i>Amount</i>
A.	Police	Kevin's Sunoco	\$ 3.50
B.	Police	Radiology Associates of Plymouth	135.00
C.	Police	Plymouth Anesthesia Associates	50.00
D.	Police	Matthew Carr, D.V.M.	30.00
E.	Police	Steven C. Fischer, Psy.D.	195.00
F.	Police	Some's Uniforms, Inc.	109.00
G.	Fire	Radiology Associates of Plymouth	50.00
H.	Highway	Joe Souza	1,340.00

to raise and appropriate a sum of money therefor, or take any other action relative thereto.

Article 4: To see if the Town will vote to raise and appropriate a sum of money to purchase equipment for the departments as follows:

<i>Item</i>	<i>Department/Division</i>	<i>Equipment</i>
A.	Public Works — Water Division	Ground-piercing tool
B.	Ambulance Advisory Committee	Radio for Ambulance

or take any other action relative thereto.

BOARD OF SELECTMEN

Article 5: To see if the Town will vote to transfer a sum of money from the Unemployment Compensation Fund to the Salary and Wages Account, Engineering Budget #12-01-100, or take any other action relative thereto.

BOARD OF SELECTMEN

Article 6: To see if the Town will vote to raise and appropriate a sum of money for the purpose of providing a valuation update of all real and personal property in the Town of Plymouth, or take any other action relative thereto.

BOARD OF ASSESSORS

Article 7: To see if the Town will vote to raise and appropriate a sum of money for the purpose of connecting the municipal water supply system to the existing water distribution system at Surfside Estates, or take any other action relative thereto.

BOARD OF SELECTMEN

Article 8: To see if the Town will vote to convey, by gift, purchase, or otherwise a certain parcel of land situated off the Southwesterly side of Alden Terrace in the Town of Plymouth to George E. Morgan and Jeanette A. Morgan; said parcel containing approximately 6,000 square feet, more or less, and being shown as a portion of Lot 48, Map 30 of the Plymouth Assessors' Maps.

GEORGE E. and JEANETTE A. MORGAN, et al

And you are hereby required to serve this warrant in the manner prescribed by a vote of the Town by posting notices thereof, fourteen days at least before such meeting, in the town Office Building and in a public place in each precinct and make return thereof with your doings thereon at the time and place above-mentioned.

Given under our hands this thirty-first day of August, 1982.

Approved as to Legal Form

Robert L. Shea (signed)

BOARD OF SELECTMEN

(signed) George W. Butters

William F. Nolan

David F. Tarantino

September 3, 1982

Plymouth, ss.

Pursuant to the foregoing warrant, I have this day notified and warned the Inhabitants of Plymouth qualified to vote in elections and town affairs to meet in said Plymouth, on Monday, the twentieth day of September, 1982, at 7:30 P.M. in the Plymouth-Carver Regional High School, by posting copies of this warrant in the Town Office Building and in a public place in each precinct.

(signed) Richard H. Nagle,

Constable of Plymouth

Special Town Meeting Action September 20, 1982

The Meeting was called to order at 7:40 P.M. by the Moderator, Thomas Frates.

The number of Town Meeting Members present was 83, as reported by the checkers.

The Moderator declared a quorum present.

Mr. Thomas Frates read the following:

ANNOUNCEMENT

The Board of Registrars — with much regret — would like the entire Town to know that as of tonight we are going to say "Au Revoir" to one of our most dedicated citizens.

Mr. Alton Leeson has served as teller and/or precinct warden for the Town of Plymouth since 1936. However, he has advised the Registrars that he will retire as of this meeting.

Please join us in wishing him well and much pleasure in his free evenings. (Perhaps with a cold Ballantine at the Cold Spring Club.)

ARTICLE 1:

Mr. Fitch moved that the Town amend the Personnel Bylaw by amending Schedule B-2, Annual Fire Salary Schedule, by increasing the salary figures for Fiscal '82 by 7% — retroactive to July 1, 1982; and further moved that the salaries of the Call Firefighters, Call Force Captains and Call Force Lieutenants under the Miscellaneous Schedule "D" be amended in accordance with the Firefighters agreement for hourly rates; and further moved that the Town accept the Collective Bargaining Agreement approved by the Board of Selectmen and the Representatives of the International Association of Firefighters, Local 1768.; and further that the Personnel Bylaw be amended by incorporating this "Memorandum of Agreement", dated August 24, 1982, including all changes and salaries in said agreement.

This motion was PASSED, UNANIMOUSLY.

ARTICLE 2:

Mr. Fitch moved that the Town appropriate the sum of \$208,017.00 to be added to funds all ready appropriated under Article 7 of the 1982 Annual Town Meeting for the purpose of supplementing departmental expenses as follows:

Item	Budget # (Line)	Classification	Amount
A.	10-01-320	DPW-Administration — Street & Traffic Lighting	\$ 8,500.00
B.	19-01-300	Police Dept. — Contractual Serv. #341 — Service/Main., Contrctl.	1,014.00
C.	21-01-100	Fire Dept. — Salaries & Wages	198,503.00
Total			\$208,017.00

Mr. Paul Hannigan moved to amend Mr. Fitch's motion by adding the following:

D.	11-01-100	DPW Maintenance Div-Salaries & Wages	17,288.00
----	-----------	--------------------------------------	-----------

therefor changing the amount of \$208,017.00 to 225,305.00.

This motion to amend was PASSED.

Mr. Fitch's motion, as amended was then presented and PASSED for a total of \$225,305.00.

ARTICLE 3:

VOTED — UNANIMOUSLY That the Town appropriate the sum of \$1,912.50 from Free Cash for the payment of certain unpaid bills as follows:

Item	Department	Creditor	Amount
A.	Police	Kevin's Sunoco	\$ 3.50
B.	Police	Radiology Associates of Plymouth	135.00
C.	Police	Plymouth Anesthesia Associates	50.00
D.	Police	Matthew Carr, D.V.M.	30.00
E.	Police	Steven C. Fischer, Psy. D.	195.00
F.	Police	Some's Uniforms, Inc.	109.00
G.	Fire	Radiology Associates of Plymouth	50.00
H.	Highway	Joe Souza (1,340.00)	1,340.00
			\$1,912.50

ARTICLE 4:

Arthur Lamb moved that the Town appropriate the sum of \$4,600.00 from Free Cash for the purpose of purchasing a radio for the back-up ambulance; said appropriation to be under the jurisdiction of the Fire

Department.

THIS MOTION WAS NOT PASSED.

ARTICLE 5:

VOTED — That the Town transfer the sum of \$7,099.00 from the Unemployment Compensation Fund to the DPW Engineering Division Budget, #12-01-100 Salaries and Wages Account.

ARTICLE 6:

VOTED — That the Town appropriate the sum of \$65,000.00 from Free Cash for the purpose of providing a valuation update of all real and personal property in the Town of Plymouth, said funds to be under the jurisdiction of the Board of Assessors.

ARTICLE 7:

VOTED — UNANIMOUSLY That the Town appropriate the sum of \$22,000.00 from Free Cash, for the purpose of connecting the Town's water supply system to a water distribution system located at Surfside Estates, upon certain conditions as follows:

- 1) That all necessary easements be obtained in advance, at no cost to the Town;
- 2) That said water distribution system shall be owned by a Surfside Estates Neighborhood Association;
- 3) That said Association receive the water; 4) That said Association be assessed all charges incidental thereto;
- 5) That said Association reimburse the Town of Plymouth the amount of said appropriation, in equal periodic payments over a period of ten years;
- 6) That said Association be responsible for operating and maintaining the lines within the system;

and in the event that said Association shall not be created by April 1, 1983, then said appropriation will revert back to the Town's funds as of the close of the Fiscal year 1983. Said appropriation to be expended under the jurisdiction of the Department of Public Works.

ARTICLE 8:

VOTED — UNANIMOUSLY That the Town authorize the Board of Selectmen to convey to George E. Morgan and Jeanette A. Morgan a certain parcel of land situated off the Southwesterly side of Alden Terrace in the Town of Plymouth, shown as a portion of Lot 48, Map 30, of the Town of Plymouth Assessors Plans, for a sum and upon conditions to be determined by the Board of Selectmen.

At 8:40 P.M. it was moved and voted to adjourn and dissolve said Special Town Meeting.

**The Commonwealth of Massachusetts
Town of Plymouth, Mass.**

State Election

Plymouth, ss.

To any of the Constables of the Town of Plymouth, in the County of Plymouth, Commonwealth of Massachusetts:

Greetings:

In the name of the Commonwealth, you are hereby required to notify and warn the Inhabitants of Plymouth who are qualified to vote in elections and town affairs to meet in Precinct 1, Hedge School; Precinct 2, Cold Spring School; Precinct 3, Town Hall; Precinct 4, Plymouth-Carver Regional High School; Precinct 5, Manomet Elementary School; Precinct 6, Indian Brook School; Precinct 7, West School; Precinct 8, Plymouth Airport; Precinct 9W, Federal Furnace School; Precinct 9E, at Plymouth-Carver Intermediate School; Precinct 10W, South School; Precinct 10E, the Old School House in said Plymouth, on

TUESDAY, THE SECOND DAY OF NOVEMBER, 1982

the same being the first Tuesday after the first Monday in said November from six o'clock a.m. to eight o'clock p.m. for the following purpose:

To cast their votes in the State election for the candidates for the following offices:

U. S. Senator	for the Commonwealth
Governor/Lt. Governor	for the Commonwealth
Attorney General	for the Commonwealth
Secretary	for the Commonwealth
Treasurer	for the Commonwealth
Auditor	for the Commonwealth
Representative in Congress	10th Congressional District
Councillor	1st Councillor District
Senator in General Court	2nd Plymouth Senatorial District
Representative in General Court	1st Plymouth Representative District
District Attorney	Plymouth District
Clerk of Courts	Plymouth County
Register of Deeds	Plymouth District
County Commissioner	Plymouth County

BALLOT QUESTIONS

Question 1	Proposed Amendment to the Constitution
Question 2	Proposed Amendment to the Constitution
Question 3	Law Proposed by Initiative Petition
Question 4	Referendum on an Existing Law
Question 5	Legislative Advisory Question

All the above will be voted on one ballot.

The polls will open in Precinct 1, Hedge School; Precinct 2, Cold Spring School; Precinct 3, Town Hall; Precinct 4, Plymouth-Carver Regional High School; Precinct 5, Manomet Elementary School; Precinct 6, Indian Brook School; Precinct 7, West School; Precinct 8, Plymouth Airport; Precinct 9W, Federal Furnace School; Precinct 9E, at Plymouth-Carver Intermediate School; Precinct 10W, South School; Precinct 10E, the Old

School House, at six o'clock a.m. and will be closed at eight o'clock p.m., said tuesday, November second, 1982.

And you are hereby notified to serve this warrant in the manner prescribed by a vote of the Town by posting notices thereof, seven days at least before said election, in the Town Office Building and in a public place in each precinct. Also by publishing the warrant in the newspapers published in Plymouth.

Hereof fail not and make return of this warrant with your doings thereon at the time and place of said meeting.

Given under our hands this twelfth day of October, 1982.

David F. Tarantino
David F. Malaguti
George W. Butters

William F. Nolan
Plymouth, ss.

Pursuant to the foregoing warrant, the Inhabitants of Plymouth qualified to vote in elections and town affairs are hereby notified to meet at the time and place and for the purposes therein mentioned.

Richard H. Nagle,
Constable of Plymouth
Plymouth, Massachusetts
October , 1982

Pursuant to the foregoing warrant, I have this day notified and warned the Inhabitants of Plymouth qualified to vote in elections and town affairs, to meet in Precinct 1, Hedge School; Precinct 2, Cold Spring School; Precinct 3, Town Hall; Precinct 4, the Plymouth-Carver Regional High School; Precinct 5, Manomet Elementary School; Precinct 6, Indian Brook School; Precinct 7, West School; Precinct 8, Plymouth Airport; Precinct 9W, Federal Furnace School; Precinct 9E, at Plymouth-Carver Intermediate School; Precinct 10W, at South School; Precinct 10E, the Old School House in said Plymouth on Tuesday, the second day of November, 1982, at six o'clock a.m. by posting copies of this warrant in the Town Office Building and in a public place in each precinct, seven days at least before such meeting; also by causing this warrant to be published in the newspapers published in Plymouth.

Richard H. Nagle,
Constable of Plymouth

Board of Selectmen

The Board of Selectmen respectfully submits its annual town report for the year nineteen hundred and eighty-two. Very clearly, the year 1982 presented to the Town of Plymouth its greatest challenge in meeting the demands imposed by Proposition 2½ and the increased demand for services by Town residents.

The year 1982 also saw the return of William Nolan to the Board of Selectmen after a three-year absence. Selectman Nolan defeated a field of candidates who sought to replace Joseph Gallitano, who did not seek reelection. Upon the Board's reorganization, Selectman Roger Silva was elected Chairman.

A series of budgetary reductions were required of town government to meet the tax levy restraints required by the Proposition 2½ legislation. However it was explained to the Annual Town Meeting in April that those budget cuts would not significantly impact upon the level of services to be provided to Plymouth taxpayers.

Waterfront and central business district redevelopment was a focus of the Board of Selectmen and other Town departments during 1982. Of particular importance to this effort was the receipt of a grant in the amount of \$491,000 from the Massachusetts Community Development Action Grant program. The purpose of the grant is to provide public works improvements to the Town Wharf area, including parking, landscaping, pedestrian access and drainage. Such work will be completed to complement the development of a 20,000 square foot parcel of land for commercial and office space. Proposals for such a development have been solicited by the Town, and a selection of a developer should be made shortly. Notable improvements to the North Plymouth and Center Plymouth area included the repaving of Court, Main and Sandwich Streets, and the opening of the Central Fire Station on a lease basis as a restaurant. While the first tenant of the Fire Station was required to cease operations, a new leasee is currently being sought. The Board of Selectmen is confident that this facility will continue to provide substantial income to the town and serve as a cornerstone for continued redevelopment in the Downtown area.

The issues of water quality and its supply were of high concern to the Board of Selectmen and town agencies during 1982, and will of course occupy the attention of town officials for the future. Efforts on the part of the State Department of Environmental Quality Engineering to create legislation which would infringe upon the Town of Plymouth's water supply and remove local control over that valuable natural resource was successfully opposed by the Town. Relative to the issue of water quality, the Board of Selectmen went on record as opposing the location of a sanitary landfill site in Cedarville, and commenced a detailed examination of alternative resource recovery proposals for Southeastern Massachusetts.

On the administrative side of affairs, the Board of Selectmen appointed Michael Gallerani of Plymouth to the position of Assistant Executive Secretary, replacing Richard Agnew who has moved on to the Town of Marshfield as their Town Administrator. Work continued in the implementation of the Town's computer system, with a number of functions becoming operational.

In the area of emergency preparedness, a number of public meetings were held with the Nuclear Regulatory Commission, Boston Edison, state and local civil defense officials, and interested citizens for the purpose of closely monitoring the safety of the Pilgrim Nuclear Facility, the public address/siren system, and related emergency functions. Efforts continue to improve the radiological response capability of the Town of Plymouth and to insure that the Town is prepared for all emergency circumstances, including those weather-related.

In an effort to possibly expand the use and financial potential of Plymouth Memorial Hall, the Board of Selectmen in late 1982 appointed a citizens advisory committee to study uses of the facility, a realistic fee schedule, and policies for the building's use. Also during the past year, the Selectmen adopted a moratorium on the issuance of permits for automatic amusement gamerooms.

The attention of the Selectmen, School and Health officials was directed in the late summer of 1982 to possible health hazards at the Indian Brook School. Through the expert assistance of various local, state and federal health officials, the school was found suitable to commence classes in the late fall. A resolution to the long-standing water problems at Surfside Estates was finally achieved during 1982 with the assistance of the State Attorney General's Office and an appropriation at a Special Town Meeting to allow the tie-in of Town water to the Surfside system.

In conclusion, the Board of Selectmen would like to thank the many elected and appointed officials, both paid and volunteer, for the many hours of service to the Town of Plymouth during 1982. These are challenging times that require the expertise and dedication which this community is fortunate to receive from its officials.

Personnel Board

At the Annual Town Meeting held in April the re-evaluation which the Board had been working on for two years was completed and presented to the Town Meeting members for acceptance. This re-evaluation consisted of a new pay scale for schedule B as well as revised job descriptions for positions covered under the Administrative and Supervisory Group as well as a few positions covered under the Public Safety, Clerical and Recreational Groups. The re-evaluation became effective July 1, 1982 resulting from Article 60 of the 1980 Annual Town Meeting

The day-to-day activities of the Board included salary recommendations for positions not covered by the re-evaluation or by bargaining contracts; requests for vacation leave extensions; new salary schedules and job descriptions for seasonal employees and certain library positions. The Board also worked on revisions to the Personnel By-Law which will be presented at the 1983 Annual Town Meeting.

Plymouth Harbor Committee

The Plymouth Harbor Committee held nine regular meetings throughout the year to review and act on areas of concern related to the harbor and waterfront area.

Extensive repairs to the Town Wharf were completed this fall. The total cost was approximately \$65,000, which included the replacement of many pilings and ladders and repairs to the batter boards. The Town Wharf is now in excellent condition and should offer many years of service.

Your committee has now shifted its attention to the "T" Wharf and should have a survey of the extent of needed repairs for the 1983 Town Meeting. By properly maintaining these facilities we can preserve their value to the town and the industries that they support.

The Harbor By-Laws changes were disapproved by the Finance Committee on a minor technicality. They will be presented again this year and the updated printing should be available for distribution following approval by Town Meeting.

The committee is also attempting to establish a Waterways Improvement Maintenance Fund using boat excise tax monies as provided by state law. We hope to have this fund in place by the end of 1983.

Recreation Activities Commission

The Recreation Activities Commission submitted a detailed budget to the Town for fiscal 1983 in the amount of \$155,062. As a result of the constraints imposed by Proposition 2½, this figure was nearly \$25,000. less than the previous year. Reductions incurred by the Recreation Commission included the loss of their part time secretary and the end of funding for many of the Town's youth sports programs. However, the Commission did manage to provide a variety of programs to the residents in addition to supervising the town's lifeguards, swimming instructors, parking attendants, matrons, caretakers, and playground personnel.

Recreation Commissioners for 1982 included: Mr. Gerald Sirrico, Chairman; Mr. Paul Coffin, Vice-Chairman; Ms. Joanne Aprea, Mr. Chester Downie, Mr. Carl Freyermuth, Mr. Vincent Sgarzi, and Mr. Robert Murphy. Mr. John Medeiros is the Commission's Director, and Ms. Kristine Pimental, Mr. Stephen Pimental, and Mr. John Spencer serve as his assistants. Ms. Sandra Leet served as the Commission's secretary until April

The Recreation Commission's program schedule began with a Table Tennis Tournament for area residents. This program was held at Memorial Hall in January and had over one hundred participants of all ages. In February, a roller skating party was held at the Marshfield Family Skateland and was enjoyed by sixty youngsters ages ten to thirteen. During the month of March, the Commission, under the direction of Plymouth-Carver varsity basketball coaches Mr. Marty Thorsen and Mr. Paul Coffin, conducted a youth basketball clinic at the high school gym. Over one hundred Plymouth youngsters participated. Also in March, the Commission sponsored a gymnastics clinic for children in grades four, five, and six. Two hundred children registered for this program, which was under the direction of Ms. Janet Murphy. In May, the Commission held the Sixth Annual Walter B. Haskell Memorial Youth Fishing Rodeo at Little Pond. This program was attended by over five hundred Plymouth children. Also in May, the Commission held their annual Kite Day at Plymouth Beach. Approximately one thousand children and adults turned out to take part in the day's activities. Mr. Alan Bartlett and Ms. Janet Bridge helped organize this program. The Town's beaches and ponds were officially opened on Memorial Day Weekend with the Recreation Department's personnel on duty thru Labor Day. The sale of parking tickets at Plymouth Beach and Morton Park netted the Town \$25,576. in 1982. The month of June saw the start of summer band concerts at Jenny Grist Mill. In all, sixteen concerts were held and sponsored by the Recreation Activities Commission and the Musicians Performance Trust Funds. Beginning in July and continuing into August the Commission supervised swimming lessons at Morton Park, Plymouth Beach, White Horse Beach, and Fresh Pond. The swimming program included seven hundred Plymouth youngsters ages six and over. Also starting in July and ending in August was the Commission's Summer Playground Program which had over one thousand participants at Veterans Field, Stephens Field, West Elementary School, Briggs Field, and South Elementary School. Other programs in July

included the Annual Fourth of July Children's Races at Haskell Field and a free baseball clinic conducted by former Red Sox player Eddie Pellagrini at Siever Field. As part of the Playground Program the Commission supervised a field trip to Lincoln Park for over two hundred youngsters, held the annual All Playgrounds Day, which also involved over two hundred children, and staged a performance by the Young Actors Studio of Weston. A doubles tennis tournament was held in July for local residents which attracted over thirty teams. In response to the potential dangers that surrounded young trick or treaters, the Recreation Commission quickly organized a Halloween Party for the Town's children. This program was held at Memorial Hall on Halloween night and over four hundred youngsters attended. The Manomet Youth Center continued to offer a wide range of activities and programs at the center throughout the year.

The Commission would like to thank Douglass Gray, General Foreman of the Park Division, and his personnel for another job well done on the Town's fields and parks, and also for their cooperation and assistance with preparations for a number of programs; the Plymouth School Department for allowing the Recreation Department to utilize school facilities on a number of occasions; Ms. Sandra Leet, for her dedicated service as the Commission's secretary, and to the many businesses and civic organizations who so generously helped to sponsor the Youth Fishing Rodeo and the Children's Halloween Party. The Commission would also like to thank Mr. Robert Murphy, who resigned from the Commission late in the year, for the many hours of dedicated service he performed while a member.

Plymouth County Cooperative Extension Service

The Plymouth County Cooperative Extension Service's Office is located on High St., Hanson, and can be reached by called 293-3541, 447-5946 or 746-0053.

STAFF:

Our staff is comprised of a Director, two Regional Agricultural Specialists, a Community Resource Development Specialist, two Home Economists, three 4-H Agents, one part-time 4-H & Home Horticultural Agent and four clerical staff.

In addition to our County Staff, we administer a Nutritional Educational Program for limited-income families in Plymouth County. EFNEP, staffed by one nutritionist and nine nutrition assistants, is located at 32 Belmont Street, Brockton. This program is funded by Federal Nutrition Funds, through the University of Massachusetts, our Land-Grant College. A monthly nutrition newsletter can be sent to you by calling the Brockton Office at 583-2545 or 583-2598. Presently, 137 subscribe from your town.

In our traditional 4-H Program, we have 1,132 members with 22,944 other youth participating in our short-term and school programs. The 1980 population of Plymouth County schools was 86,443. This means 26.5% of the Plymouth County youth have been involved in our programs this year.

In your town, Plymouth, there were 2,513 youth that participated in these programs.

The Home Economics Department has a monthly newsletter, *Extension Post*, with 1,300 subscribers. Call the Extension Service to be placed on the mailing list.

In addition, free bulletins on food preservation, vegetable gardening, nutrition, insect problems, community resource listings and many more are available by calling, writing or stopping by the Plymouth County Extension Service at High Street, Hanson. We continue to test soil, free of charge, for Plymouth County residents. Our Home Economist will also check your pressure cooker gauge.

Contact your Town Director, Thomas W. Prentice, Sr., for the County Cooperative Extension Service with any suggestions or requests.

Mary M. McBrady, *Director*

1981-1982 REPORT OF TRUSTEES FOR COUNTY COOPERATIVE EXTENSION SERVICE TOWN OF PLYMOUTH

In accordance with the General Laws of the Commonwealth, Chapter 128, the Trustees for Plymouth County Cooperative Extension Service are empowered to receive, on behalf of the County, money appropriated by any town, or by the Federal Government for carrying out the provision of the Law, under which they are appointed.

Agents have made contacts during the past year in every community, either by public meetings, individual visits, group discussions and demonstrations, in attempting to assist the needs of the citizens toward helping to solve management problems, better living, and better community service. The Extensive Service staff have been ably assisted by many local volunteer leaders.

A total expense of \$200.00 was incurred during the year for the purchase of material needed in carrying on the various Extension Programs. The appropriation made by your town was used for residents of the town and expended as follows:

EXPENSE 1981-1982

Books & Manuals Purchased for Town	
Officials	\$14.60
Town Director's Expense	—
Bulletins, Paper, etc.	92.00
4-H School Programs	66.80
4-H & Home Economic Leader Expense	26.60
TOTAL	\$200.00

FINANCIAL SUMMARY

Current Appropriation	\$200.00
Suggested Appropriation for 1983-1984	200.00

Plymouth Airport Commission

The following is furnished by the Plymouth Airport Commission as part of their activities for the Plymouth Airport.

The year 1982 was a period of adjustment for aviation. Prices on aviation fuel hit an all time high of nearly \$2.00 per gallon. Sales of fuel were off approximately 15% during the year. Most aviation businesses found themselves diversifying in order to make a go of it in aviation. Even though it was not a banner year at Plymouth Airport it was considered a successful one.

Plymouth Airport Commission did manage to obtain a \$100,000 land purchase grant to protect the clear zone for the Runway 33 approach to the airport. They added an additional 10,000 gallon capacity to their fuel storage at the airport. Additionally, the interior of the Town Hangar's west wing was renovated to make an excellent conference facility for Plymouth Airport.

On a sad note the commission and people at the airport mourned the passing of Colonel Lee Hipson In April, 1982. Colonel Hipson had a very distinguished career in the United States Air Force. He was part owner of the Plymouth Air Services for many years. Colonel Hipson was a true aviator, loved flying, and was very interested in aviation at Plymouth. The Plymouth Airport Commission in July, 1982 dedicated a new flagpole in memory of Commander Elio Barufaldi who served as Airport Manager at Plymouth Airport for 20 years.

"Fun Day" in August 1982 was sponsored by the Plymouth Aero Club and was very successful. The day featured aerial demonstrations, parachutists and plane rides. Approximately 3000 people were attracted to the ariport on this day.

Plymouth Airport continues to be a very viable place for doing business. It is home for 140 aircraft, 11 businesses and employs approximately 65 people in the various jobs adsssociated with avaition.

The Plymouth Airport Commission and staff would like to welcome any members or community organization to visit the Plymouth Airport. We are proud to show we do have one of the finest General Aviation airports in New England.

Airport Commissioner Sumner A. Chapman, Jr.

Mr. Sumner A. Chapman, Jr., was the longest serving member of the Plymouth Airport Commission. In the records of the airport commission Mr. Chapman continually served from November 20, 1957 until January 6, 1983. A total of 26 years.

Although Mr. Chapman was not an aviator or aircraft pilot he added a very incisive dimension to the ariport commission. Additionally, no one debated his wit or humor; he always had that. Mr. Chapman always held out for his ideas on what was best for the airport and the people of the Town of Plymouth. His passing certainly ends an era at Plymouth Airport.

Mr. Chapman will be missed by one and all. He will always be known as the perfect gentleman, never offensive and truly a tribute to all who had the chance to known him. Again, an era has ended, and the airport and airport commission will be just a little less without him.

Board of Appeals

The Board of Appeals has regularly held meetings on the first and third Tuesdays of each month to hear and decide applications for special permits, variances, and appeals in accordance with the requirements of Plymouth's Zoning By-Law. During 1982, the Board held 38 meetings and acted on 81 petitions. This is an increase in activity from the previous year.

Several major matters were heard by the Board this year. They included the High Cliff Housing for the Elderly project, the proposed relocation of the Commonwealth Winery, the expansion of Plymouth Marine, and the Waterfront Hotel and Conference Center proposed by Puritan Waterfront Corporation. In addition, the White Cliffs condominiums received approval for the first phase of development in August.

Five appeals were filed against decisions rendered in 1982. Two appeals filed against decisions of the Board in prior years were settled this year. In one case, (the proposed K-Mart Shopping Center) the Board's decision was upheld, and in the other (Mayflower Seafoods) it was reversed.

In June of 1982, Mr. Allan T. Gifford resigned after many years of service on the Board. Mr. Charles J. Brophy, previously an alternate member, was appointed as a full time member of the Board for three years. Mr. Richard M. Serkey was reappointed as a full member of the Board for three years. Mr. John Lee was reappointed as an alternate and Mr. Allen A. Cotti was appointed as an alternate member. In July of 1982, the Board unanimously reelected Mr. Eugene V. Blanchard as Chairman, Mr. Everett L. Hale as Vice-Chairman and Mr. Richard M. Serkey as Clerk.

In December of 1982, the Board amended its By-Laws in order to charge a filing fee for all petitions submitted to the Board effective January 1, 1983.

The Board will continue its regular meetings and looks forward to another very busy year.

Planning Board

1982 was a year of new challenges for the Planning Board and its staff. Late in 1981 the Board took great pride in introducing the Town to its newest corporate citizen, the Digital Equipment Corporation. DEC had purchased the Talcott Estate consisting of roughly 3500 acres. DEC's decision to come to Plymouth was based in part on the results of a number of Planning studies done by students at the Harvard Graduate School of Design in cooperation with the Planning Board and on the flexibility offered by the Board's innovative Hi—Tech PUD zoning of rural residential land. During the first few months of 1982, several meetings were held with DEC officials to explore the potential of their property and the implications of various development options for the Town.

A possible scenario for development of DEC's holdings in Plymouth was presented but with no firm dates. Construction of roughly 2.5 million square feet of facilities over 20 years was suggested. Permanent employment of such a facility would be over 8,000. Induced population growth in Plymouth was estimated at 8,000 over the same period. Traffic impacts on the Clark Road interchange with Route 3 would necessitate the construction of the remaining two 'lobes' of the interchange about midway through the construction program. DEC officials indicated their willingness to make these improvements to serve their facilities. The facility would provide its own water and sewer and have resident security so as not to burden the local police force. The project could increase our tax base and reduce our tax rate by as much as 20%, in addition to providing many economic opportunities for residents and local businessmen.

The Board: The composition of the Board remained stable this year as incumbent Robert Barnes was re-elected. The organization of the Board also remained stable as follows:

Louis J. Cotti, Jr. — Chairman
Michael F. Babini — Vice-Chairman
Robert G. Barnes — Clerk
Paul McAuliffe — Pro-Tem
Joseph A. Balboni

1982 also brought some major staff changes. As a result of cuts mandated by Town Meeting, the employment of Mrs. Ruth Aoki, Planning Aide, and Miss Theresa David, Senior Clerk, was terminated. The Board deeply regretted losing these two valued employees. The reduction in staff has necessitated several changes in the Board's procedures and reductions in its goals and acceptance of responsibilities not mandated by statute or charter. In part, however, the impact of the reductions has been mitigated by the redoubling of effort on the part of the remaining staff and extensive use of the capabilities of the town's computer as a word- and data-processor.

Meetings: One of the other adjustments to the reduction in staff was a reduction in the frequency of Board Meetings. The Board now meets every other Tuesday evening, alternating with the Board of Appeals to which many of the Planning Board's Advisory Reports are sent.

Subdivision Control: With respect to its duties under the Massachusetts Subdivision Control Law, the Board took the following actions:

Definitive Plans:	Number	Number of Lots
Approved & Endorsed	22	100
Disapproved	0	0
Rescinded	1	10
Amended and Modified	2	28
Pending	0	0
Incomplete	1	251
Preliminary Plans:		
Approved	1	823
Disapproved	1	4
Pending	1	4
Approval Not Required:		
Signed	63	51
Not Signed	13	0
"Pork Chop" Lots	2	6

The Board acted on 111 zoning applications, including 8 for a determination of suitable access. Among the major projects which were before the Town Boards were:

Saint Mary's Elderly Housing: 82 apartments for the elderly to be run by the Plymouth Housing Authority.

Castall Corporation: Because this company deals in chemicals and is located in the Aquifer protection district for the North Plymouth Municipal Well, special attention was given to the design of the building to protect against accidental contamination of the groundwater.

Puritan Mills Hotel/Conference Center: a 175-room hotel and conference center planned for the site formerly occupied by the Puritan Mills factory. Difficulties in assuring adequate sewage disposal capacity at the Municipal Treatment Plant and adequate surface water disposal at the Town Wharf emphasize the need to pay careful attention to our capital improvements program.

COMMUNITY DEVELOPMENT PLANS

The major aspects of the Plan adopted in 1980 have been put into place. While some monitoring activities are taking place, more detailed considerations of the precise location of development and its implications for town services cannot be done by the present staff and will have to be developed more gradually through cooperative use of the Town's computer (see below).

DATA RESOURCES

Recognizing that staff cuts would have to be compensated for through better use of data developed by other departments, the Planning Board's staff, with the help of volunteer Sandy Morini, brought to fruition an idea which had been talked about but never implemented — a computer programming course for department heads and administrative aides. Actually, the real credit belongs to Malcolm MacGregor, Ph.D., who has volunteered his time to teach the course, in addition to his many other volunteer roles and his professional and business pursuits. The question of where he finds the time is only slightly more difficult to answer than that of how he manages to put up with his 'students' here in the town hall. Very shortly, the introductory portion of the course will be complete and we will turn our new-found skills to cooperative programming for data-processing and problem-solving.

The Planning Board staff has managed to put together some statistics on current growth based on the 1980 census, building permit records and state employment statistics. These will be presented to the town in the form of a monitoring report in the spring of 1983.

SUBDIVISION RULES AND REGULATIONS

A draft of the completely revised rules and regulations has been published and distributed to various Town officials and boards for review and comment. The Board expects to hold public hearings on a revised draft in the spring and to adopt a final version in 1983.

Certain portions of the revised rules and regulations have already been adopted, however. In particular, a pre-payment requirement for fees has been adopted so as to reduce the need to appropriate funds for reviews. In addition, the Board will charge developers for staff time spent in connection with their developments, thus further reducing the burden on the town's taxpayers.

ZONING

A number of important changes to the Town's Zoning By-Law were made in 1982: Perhaps most important were additions to the zoning maps to protect the Lout Pond Well and to protect well fields in Bourne and Wareham. The Board hopes that this cooperative spirit will continue in matters of common concern. The Town also adopted a 'Windmill By-Law' prepared by staff member Sam Butterfield and an advisory committee of various Town officials and Board member Paul McAuliffe. Another group of changes to the By-Law were developed with Chief Lamb to improve access of Fire Department personnel and equipment to new buildings, especially those in multi-building complexes.

TRANSPORTATION

The Planning Board played a major role in developing a consensus design for the proposed interchange for the new route 44 in the industrial park. The Board also proposed and supported a work-study project by two Harvard students to develop a design for a multi-level parking garage behind Memorial Hall. A set of conceptual drawings and a handsome model of the area and the garage were the products of this project.

WATER RESOURCES

The Board and its staff were heavily involved in the controversy over the use of ground-water resources. Initiated by the Selectmen, a coalition of local towns was formed to promote the local interests at the state level. Planning Board staff provided policy papers and technical information in cooperation with the staffs of the Cape Cod and Southeastern Regional Planning Agencies. Planning Director Ray Frieden served as the chairman of the coalition. This issue is only dormant, however, and the coalition must be revitalized and be active in any attempts to develop statewide or regional systems for utilization of water resources.

HOUSING

The Board proposed some amendments to the Town's Housing Assistance Plan in order to recognize the new elderly housing project. The existence of this plan satisfied an important state requirement for many grant programs, including the CDAG program (see below).

OPEN SPACE

Since the advent of Prop. 2½, there has been very little activity in that direction of creating or enhancing our open space resources. Of course, Digital Equipment Corporation has done extensive studies of the Talcott property and assured the Town that major Open Space amenities will be preserved in a completely natural state (although they will be carefully managed). Of particular importance to the Town was DEC's assurance that Old Sandwich Road will be preserved as a carpath in their development proposals.

ECONOMIC DEVELOPMENT

In addition to the long-range implications of the DEC project, the Board and its staff have had a lead role in two other economic development projects. Planning Board staff has obtained all of the waterfront planning grants from the Office of Coastal Zone Management and administered those grants. Recently, the planning has paid off in a 491,000 dollar implementation grant to improve the town wharf and attract additional retail and commercial development to the area. In addition, the Cordage Park, by virtue of its 'designated port' status with OCZM, has been studied by them for economical dredge soil disposal methods to allow for improvement of the shipping channel with minimum expenditure.

Old Colony Planning Council

As your representatives to the Old Colony Planning Council we are pleased to present this report of the Council's activities during 1982.

During the year, the Council was involved in a wide range of activities that were important to insuring its future effectiveness and its ability to serve its member communities. On the national level, the goal of the administration was to shift the emphasis and responsibility for dealing with many socio-economic problems to the state and local communities. In this regard, the administration was only partially successful and several programs that the Council has been involved in for many years and had expected to be reduced or terminated were continued. The Council's Economic Development Program activities which are supported by Economic Development Administration program funds is a prime example of the attempt to reduce federal involvement but which was not successful. However, the off again—on again signals from Washington, D.C. played havoc with the Council's program in this important area of activity at a time when the area's economy is in need of positive direction.

The uncertainty at the federal level in authorizing funds also impacted the Council's Area Agency on Aging activities. In this role the Council administers the Older American's Act funding for a twenty-three community region that includes the regular Council district plus ten additional communities. Because of the way funding decisions were made it was not until midway through the program year that the exact amount of funds that would be available to the Area Agency was determined. As a result funding commitments and program starts were delayed for certain subgrantees beyond what were considered to be appropriate starting dates. Several OCPC communities benefited from subgrants made by the Council; they included Avon, Bridgewater, Brockton, Easton, Hanson, Pembroke, Plymouth, Stoughton and West Bridgewater. OCPC also funded areawide programs of benefit to elders such as the Senior Law Project; Catholic Charities Home Health Aide and Hospice Program; and, the Elderly Nutrition Program administered by Old Colony Elderly Services.

The Council's transportation program was again an important area of involvement during 1982 with the Council facilitating several traffic and transportation improvements of benefit to the area's communities and residents. The Council serves as the planning arm of the Brockton Area Transit Authority and advises on routes and service. In 1982 several traffic improvements were scheduled and accomplished. They included traffic and street improvements in downtown Brockton; a commuter parking lot in Bridgewater; reconstruction of Chestnut Street in Abington; improvements to Route 3A in Plymouth; and, the Plymouth Tourist Information Center.

The Council was also instrumental in obtaining state transportation-economic development grants for Bridgewater, Avon and Hanson. The Council staff provided those communities with technical assistance in preparing the grant applications which were awarded in September.

Other activities of note included the Council's involvement in developing alternative solutions to the area's septage disposal problems. The Council was awarded a grant from the State Department

of Environmental Quality Engineering which will enable the Council to work with its member communities in septage management and to examine possible alternatives that may be available.

In 1982, Richard H. Chase of Easton became the fourth President of the Council succeeding Gerard Dempsey of Pembroke who served for three years. A Stanley Littlefield of Abington is Council Secretary and Gregory Collins of Plymouth serves as Council Treasurer.

The Council gratefully acknowledges the generous support and cooperation of its member communities, the local boards and commissions and the many governmental agencies, public and private institutions and individuals who have assisted the Council in its work.

Plymouth Development and Industrial Commission

The Plymouth Development and Industrial Commission respectfully submits its annual report for 1982.

The PDIC saw the following changes in its membership during 1982:

In October, Mr. Michael Hull announced his resignation from the PDIC due to his acceptance of a new position with Inn America. The Commission gratefully acknowledges and appreciates the dedication and service Mr. Hull gave to the Town of Plymouth.

The Board of Selectmen reappointed the following to the Commission in July:

Mr. Robert Meichsner and Mr. Michael Sweeney.

Mr. Stanley Strychaz was elected Chairman and Mr. Paul Blanchard, Vice Chairman at the reorganizational meeting in July 1982.

In the Industrial Park, *Superior Pet Products* opened their new 60,000 sq. ft. manufacturing and office building employing over 200 people. *Fava Control Systems* moved into their new 10,000 sq. ft. plant with 20 employees and *Blue Shield of Massachusetts* dedicated the opening of their Plymouth Data Processing Center in early spring. Blue Shield currently employs 125 workers.

Ground was broken for the new addition to the *Pixley-Richards, Inc.* building in the park. Pixley-Richards is the manufacturer of electronic components employing over 190 people.

Plans have been completed for *Castall Inc.*'s new Plymouth facility. The South Weymouth company will be moving into their new 30,000 sq. ft. building in early summer of 1983 with 25-30 full time employees.

A *day care* facility in the industrial park was proposed in 1982 and with the approval of the 1982 Town Meeting, the zoning regulations were amended to permit this activity in the light industrial zone. There are several companies in the park who have been requesting such facilities for their employees with pre-schoolers. The PDIC views this service as an additional attraction for industries to consider the Plymouth park.

Outside the Industrial Park, Ocean Spray Cranberries, Inc. completed their new 30,000 sq. ft. addition to their corporate offices on Water Street. The \$1.8 million expansion is the new home for Ocean Spray's computer operations and was financed by industrial revenue bonds.

The Commission Office has also been involved in other business activities throughout town including commercial expansion. In Manomet, construction began on the new *Angelo's Supermarket* and adjacent shopping center under the Manomet C.A.R.D. Program. The PDIC was also instrumental in developing and implementing the *Manomet Small Business Loan Program*. It is an integral part of the Manomet Commercial Area Revitalization District (C.A.R.D.) Plan that calls for the participation of the single bond user in a small business loan program to inject the first year interest savings into low interest loans for small businesses located in the C.A.R.D. district to be used for capital improvements. Angelo's Supermarkets Inc., the first single bond user in Manomet, is expected to deposit funds equalling their first year's interest

savings in participating banks who will then in turn loan the money to interested Manomet C.A.R.D. businesses at the same interest rate as the bond financing Angelo's new supermarket and shopping center.

The PDIC initiated a study with graduate students at the Amos Tuck School of Business Administration at Dartmouth College to determine future industries that might be attracted to Plymouth based on our labor profile, land use, location, accessibility, quality of life and other related criteria used to determine industrial and corporate relocation needs.

The study concluded that Plymouth will continue to attract medium size manufacturers but will also become very attractive to high tech/corporate office development. Evidenced by the Digital purchase in South Plymouth, the PDIC believes with the final completion of the new Route 44, the industrial park will serve this new development. Currently there is over 250 acres zoned for this development adjacent to the proposed location of Route 44 and with Route 44 built, this area will be very attractive for office development. More long range plans might also suggest the Long Pond Road area near Route 3 as well as near the new Route 25 in South Plymouth as possible locations for office development.

The PDIC was the primary sponsor of the 1982 Business Fair held on October 8th and October 9th. Working with the Plymouth Industrial Development Corporation, Department of Employment Security and the Plymouth Area Chamber of Commerce, the fair attracted 37 companies displaying products, services and current job opportunities. In addition to the fair, a business dinner was held to present the first Annual Plymouth Business of the Year Award to Pixley-Richards Inc. The award acknowledged Pixley-Richard's growth in Plymouth and the company's involvement with the Plymouth School Department in training high school students at the company's plant in the industrial park. The Business of the Year Award will be an annual award recognizing outstanding Plymouth businesses for their contribution to the community.

The PDIC looks forward to a prosperous and successful 1983.

Design Review Board

The year 1982 has proven to be an interesting and productive year for the Design Review Board.

In July the Board of Selectmen appointed Bruce Allen as the newest member of the Design Review Board and we feel his expertise in the building field will make him a valuable asset to the Board.

During the past year we have seen the passage of the Windmill By-Law and the approval of Phase I of the White Cliffs project. Also this year, the townspeople have had the pleasure of watching the yachts come into the new Plymouth Marina which has greatly enhanced the waterfront area.

The Design Review Board has had 20 meetings and reviewed 94 petitions. The Board has also been requested to comment on various Zoning and Building Permits by the Building Inspector.

This year the Board looks forward to working closely with various architect/developers on some exciting projects which are slated for Plymouth. The Board intends to work closely with Kenneth Parry & Associates on their conference center/hotel; also the Board will review a commercial/retail complex now being designed for the waterfront. The Board looks forward to participating in the design development of these and other smaller yet important projects.

The Design Review Board meets every other Wednesday and welcomes public attendance and input at all meetings.

Redevelopment Authority

During 1982, the Plymouth Redevelopment Authority, composed of John J. Droege, Chairman, Robert Wollner, Vice Chairman, James L. Pierson, Treasurer, Wayne F. Sirrico and State Appointee Leon Wilson (term expired June, 1982), continued to administer the HUD Section 312 Program in Plymouth to provide upgraded housing especially geared to low income, minorities or for houses of historic value by providing low interest loans to rehabilitate existing housing and to supervise that rehabilitation. Due to budget cuts brought about by Proposition 2½ and Federal cutback of funds, the Authority has had to phase out the program at this time.

The Redevelopment Authority has continued its active interest in the Bradford Area and has continued its work using funds from the matching grant from the Commonwealth of Massachusetts. The Authority submitted an application for the Small Cities Program, however due to limitations and restrictions we were not eligible at that time. The Authority will continue its active pursuit of funding for the Area.

Also in connection with the Bradford Area, the Redevelopment Authority has submitted nomination papers for the Bradford Area to be placed on the National Register of Historic Places.

Department of Public Works

The Department continued to struggle to live within the constraints resulting from Proposition 2½. Existing facilities were reviewed to determine how their usefulness could be maximized in the years to come. One point that became evident was the fact that our fleet of vehicles has reached the stage that will require a three to four year program to replace a large portion thereof.

The water mains which had been extended to the Bourne Town line in Cedarville were activated. Water mains were installed by Town forces in the Nameloc Shores subdivision and all residents of that area were tied into Town water.

Court Street and Sandwich Street were resurfaced in the areas affected by water main installations, much to the relief of the motoring public. All legal disputes with the contractor who installed the water mains were settled.

The amount of time spent by Department of Public Works forces in repairing Court Street and Sandwich Street prior to their resurfacing was extensive, resulting in much work that had been scheduled to be done elsewhere not being carried out.

Solid waste disposal continued to be a subject of great concern. The year ended with the town actively considering two proposals submitted by concerns wishing to construct waste-to-energy facilities. The existing landfill at Manomet is expected to be able to serve the town for another five years.

Wastewater disposal continued to be studied, with the Town-wide Facilities plan being carried to a point that found, at year's end, recommendations being drawn up as to what areas would be considered for sewers and what methods would be considered for disposal.

High flows at the treatment plant continued to be a problem and funds were appropriated at the Annual Town Meeting for repairs to the Cordage Interceptor. It is expected that this project will be carried out in early 1983.

The retirements of Roland Bumpus of the Highway Division, Manual Souza of the Sewer Division, Edward Correa of the Tree Division, and Marcel DeCost of the Maintenance Division marked, in each case, the end of many years of Service to the Town.

The co-operation and assistance of other Town Departments is acknowledged and appreciated.

Engineering Division

The Engineering Division will remember nineteen eighty-two as the "Year of Proposition 2½". The gains made in personnel over the past couple years were all but negated in an effort to live within the budgetary restraints imposed by 2½. Forty-four percent of the Engineering staff (4 positions) was eliminated during the budget process.

The initial effect on the Division has been the realization that if we are to continue to service all the areas that we have become accustomed to, we must closely scrutinize our workload and carefully assign priorities to each job area. There will, of course, be some reduction in over-all capacity, but it is our intention to continue to provide service in the same areas as in the past. The total impact of these reductions will not be felt for a number of years to come.

Functions performed during the year include:

1. Assessors Map Revisions — 278 parcels affecting 56 plats (full and half-size originals revised);
2. Fifteen (15) streets were considered for public acceptance and the appropriate working plans were prepared for the public hearings. On March 9, 1982, the Board of selectmen voted "a moratorium on street layouts until further notice". All proposed 1982 layouts were included except:
 - a. Alteration of a Portion of Long Pond Road;
3. Highway and Drainage Construction Projects:
 - a. Completed — Wellington road, North-Brewster Streets Parking Lot, Colony Beach Boulevard, Fresh Pond circle, Reconstruction of a portion of Long Pond Road, Cape Cod Avenue and Palmer Avenue;
 - b. In Progress — Esta Road, Shore Drive, Presidents Lane, Earl, Center and Ray Roads, Lady Slipper Drive, Allerton-Court Streets, Tower Road, Nelson Street Playground and boot Pond Road;
4. Surveys Completed:
 - a. Manomet Aerial,
 - b. Town Wharf Area,
 - c. Ellisville Well Site,
 - d. Stephens Field,
 - e. Samoset Street (Layout reestablishment),
 - f. Bourne Road (Assist County),
 - g. Watercourse Road (Profile),
 - h. Nameloc Heights (Water main as-built),
 - i. Indian Hill Water Tank (Property line survey) and
 - j. Monumentation of Town Ways (213 bounds set);
5. Printing Services:
 - a. Sixteen sets of Assessors Maps (143 sheets each) for use by various Town Agencies;
 - b. Seventy-three sets of Zoning Maps (13 sheets each) and
 - c. Approximately 580 prints of miscellaneous plans and drawings;

6. Miscellaneous Work:

- a. Seventeen site plan reviews for the Planning Board and Board of Appeals,
- b. Manomet Landfill (Ground water monitor program),
- c. Zoning Map revisions,
- d. Street numbering,
- e. Preparation for Perambulation of Town Boundaries and
- f. Assistance to other D.P.W. divisions in performance of their day-to-day duties.

We take this opportunity to thank those who have so graciously given us assistance and advice during the year.

Maintenance Division

Due to major cutbacks caused by Proposition 2½, only general maintenance work was done within the Maintenance Division during 1982. Vehicle maintenance has been increasingly difficult and costly as the Town is not replacing vehicles as often as they did in years past.

The building Maintenance Craftsmen constructed a new gate house at the Manomet Landfill for the new permanent Caretaker that was hired in October. This gate house is in conjunction with renovations made at the Landfill and the fact that commercial users are being charged to dispose at the Landfill.

A new permanent Caretaker was hired for the Cedarville Transfer Station in November, with the Station being open on Wednesdays and Saturdays. This is a result of a survey taken by persons using the Station.

The Maintenance Men made necessary general repairs as needed to the following Town Buildings: Town Office Building, Memorial Building, State Pier Sanitary, Old Town Court House Sanitary, 130 Court Street Building, Cedarville Schoolhouse, Bartlett Hall, Highway Garage, Fire Stations, Police Station, Howland Street Shop and Pumping Stations, Harbor Master Office, Cemetery Division Buildings, Dog Pound and the Public Library.

Exterior painting, exterior siliconed walls and interior painting of the Apparatus Room was completed at the Manomet Fire Station. Modifications to the heating system were also performed to make the present system more efficient.

We wish to thank all for their assistance and cooperation that we have received during the year of 1982.

Tree Division

In 1982 the Tree Division of the Department of Public Works adhered to a maintenance program designed for the propagation of disease-free trees throughout the Town.

Insecticide spraying with the chemical Sevin began on May first in selected areas to control gypsy moth caterpillars. Although an egg mass count taken in late 1981 had indicated that Plymouth would be hard hit by gypsy moths, this was not the case, and the decision not to spray a large portion of the Town at an expense of several hundred thousand dollars proved fortunate indeed.

Division forces took part in the project which reconstructed a portion of Long Pond Road by providing tree removal services.

In addition, more than fifty small trees in the Nameloc Subdivision were removed in conjunction with the installation of water mains in that area.

Brush and smaller limbs generated by our operations were chipped and then spread on slopes in areas of the community where slope stabilization was required.

Fertilization and root feeding of Town trees planted in recent years was carried out by Division forces.

The assistance provided by other Divisions in the Department are acknowledged and appreciated.

Sewer Division

During the twelve months of 1982, nine hundred eighty-three million gallons of wastewater were treated at the Water Street treatment plant, an increase of some forty-nine million gallons over the 1981 figure. The plant is obviously still treating far in excess of its 1.75 million gallon per day capacity.

Of the total described above, 4,225,000 gallons of septage wastes were deposited at the nightsoil facility. In 1982, the Town began charging for such wastes at the rate of one half cent per gallon.

No new sewer construction was carried out in 1982 but projects for repairing the Cordage interceptor and a 15-inch main on Water Street were initiated. Work on these projects should occur in early 1983.

During the year, seven new entry permits were issued, three for private dwellings and four for commercial establishments, two of which are located in the Industrial Park.

Current sewer system user fees will be evaluated in early 1983 for possible revisions.

Our thanks to the other D.P.W. Divisions for their assistance during the past year.

Highway Division

I herewith submit a report of the work done in the Highway Division of the Department of Public Works from January 1 to December 31, 1982.

STREET CLEANING

The two Mobil sweepers started cleaning winter sand on March 18, 1982. The main street and the waterfront was swept every day and the side streets were done in rotation. The second sweeper services Manomet, Cedarville, Chiltonville, Long Pond, Buttermilk Bay and the private developments.

ASPHALT SIDEWALKS

The construction and maintenance of asphalt sidewalks was completed on the following streets: Water Street, Russell Avenue, sections on Court Street, River Street, Standish Avenue and Obery Street. A new section of sidewalk was placed on the south side of Lothrop Street. Two large areas of sidewalk was removed and replaced on Water Street in the vicinity of the Plymouth Rock.

BERMS

Requests for berms to stop erosion on private property were placed at Park Road, College Pond Road, Cliff Street, Colony Beach Blvd., Columbia Circle, Lascala Avenue, Cherry Street, Tower Road, Vinal Avenue, Indian Brook School, Charlemont Road, Rocky Hill Road, Cayuga Circle, Herring Pond Road, Center Hill Road, Dwight Avenue, Plymouth Rock Terrace and a sidewalk berm on Lothrop Street.

DRAINS AND DRAINAGE MAINTENANCE

Drainage was installed in many areas to eliminate large puddles of standing water in the street. At Fresh Pond Circle approximately 256 feet of 12" reinforced concrete pipe was laid with one complete leaching basin in a field of stone. Palmer road had 144 feet of 18" reinforced concrete pipe laid with one double manhold and two catchbasins placed in the street. A drainage system was laid at Colony Beach Blvd. by Geo. R. Richmond and sons consisting of 264 feet of 12" reinforced concrete pipe, 104 feet of 15" reinforced concrete pipe, one end flared pipe connected to three complete manholes and two catchbasins in the street. Geo. R. Richmond & Sons placed fourteen leaching basins on Reed Avenue, Cape Cod Avenue and Melix Avenue.

The Highway Division repaired drains and basins as follows: Heather Drive, Vinal Avenue, Sandwich St. and Nook Road, Cary Road, Worrall Road, Rexford Road, Cochituate Road, South Spooner Street, River Street, Priscilla Road, collapsed pipe at Cold Spring Antique Shop, removal of basin on Boot Pond Road, catchbasin and pipe on Emerson Road installed. A drain on Federal Furnace Road and Lantern Lane were both raised. Two leaching basins were placed on Shore Road off Manomet beach Blvd. Two leaching basins were constructed on George Street to correct a flooding problem. Namelock Road also had a leaching basin installed. The pumping of poorly drained areas was completed on Queen Avenue, South Meadow Road, George Street, Priscilla Road,

White Horse Road, Gunner's Exchange Road, October Lane and Parker Drive.

GUARD RAILS

Guard rails were constructed and repaired by town forces on Halfway Pond Road, River Street, Head of the Bay Road at Buttermilk Bay, Jackson's Brook, Spooner St. brook, boat ramp at waterfront, Billington Street and Cole's Hill.

MAINTENANCE OF PRIVATE ROADS

(Temporary Repairs)

The following private developments were scraped and repaired with gravel by town forces from a special fund approved at town meeting: Bayside Estates, Buttermilk Bay Shores, Cedar Bushes, Cedarville Landing, Colony Beach, Fresh Pond Estates, West Wind Shores, Lookout Point Development, Micajah Heights, Namelock Shores, Old Colony Estates, Saw Mill Village, and White Island Lake Shores.

MAINTENANCE OF ROADS

Obery Street had two small sections of road repaired with a permanent patch. This was also completed on Water Street near the sewer plant and a section on South Green Street with a permanent patch. The Infra-red heating patching of streets was done by Felix A. Marino Co. Inc. of Peabody on the following streets: Allerton St., South St. & Pleasant Sts., Sandwich St. to South Street. Approximately four hundred gallons of crack filler was used on Standish Avenue and Spooner Street to keep the roads from breaking up. Trenches on Court Street and Sandwich Street were cleaned of temporary patch and replaced with three inches of permanent patch and then covered with three inches of Type I by Simeone Corporation of Stoughton.

TRAFFIC AND STREET MARKINGS

The painting of yellow center lines was put out to bid this year and the contract was awarded to T. S. M. Inc. of Foxboro, Mass. Curves at Nelson St. and Water St., Newfield St., Park Ave., Westerly Rte. and South St. were painted by town forces. Also painted were crosswalks, meter spaces and parking areas. Parking meters were reset and posts replaced as needed. Many speed signs, street signs and warning signs were replaced because of damage by accidents and vandalism.

MISCELLANEOUS

Equipment purchased this year for the Highway Division included one new sander, two new brush saws and two new grass trimmers. Repairs and maintenance of signal and school lights are being done by the Highway Division. I wish to thank the men of the Sewer Division, Park Division, Water Division, Tree Division, Engineering Division and the Maintenance Division for their cooperation.

Park Division

During this past year, the Park Division's personnel schedule showed an increase in maintenance problems throughout the many Town-owned recreational facilities. Vandalism and litter seem to be an ever-growing problem that has to be handled by a work force that has become smaller during the last two years. We can only hope that community awareness will stem this continuing disregard of our facilities. It is unfortunate that these problems are caused by so few but affect so many.

At Briggs Field, the infield area of the baseball diamond was reconstructed by the men of the Park Division. This included work on the baselines, pitching mound and infield grass. This project will greatly improve this popular area.

The Park Division would like to thank the other divisions of the Department of Public Works for their assistance in our varied maintenance work this last year. Also a note of appreciation to the Recreation Activities Commission for their cooperation during 1982.

Water Division

The 128th Annual Report is hereby submitted by the Superintendent covering the calendar year 1982.

The total rainfall during the year amounted to 49.56 inches, which is about 4.56 inches above the annual average for this area.

The year ended with the water elevation at Little South Pond at 103.50 feet compared to 103.40 feet for the previous year end.

The pumpage for the year amounted to 1,591,930,900 gallons which is 39,874,500 gallons less than was pumped last year.

The new Ellisville Well was put into service in 1982. Construction on the Ellisville Booster Station was started in 1982, and it should be in use by the Spring of 1983. The water main on State Road (Route 3A) was extended and now ends at the Bourne Town Line. Town water was installed in Nameloc Heights, off Old County Road, in the Cedarville area of Plymouth.

CONSTRUCTION, LOCATION, LENGTH AND SIZE OF PIPE LAID

<i>Location</i>	<i>Length and Size</i>
George St.	1,300 feet 8" D.I.
Florence St.	1,350 feet 8" D.I.
Janet St.	1,400 feet 8" D.I.
Nameloc Road	1,000 feet 8" D.I.
Liberty St. (Ext.)	930 feet 8" D.I.
Sleepy Hollow Drive	1,050 feet 8" P.V.C.
State Road (Route 3A)	16,030 feet 12" D.I.
Ellisville Road	1,435 feet 8" D.I.

Total 32,455 feet

SUMMARY OF STATISTICS

Population 36,858 (Summer Population 44,290 estimated).

Date of Construction, 1855.

By Whom, Town.

Sources of Supply, Great and Little South Ponds, Lout Pond Well, Wanno's Pond Well, Ship Pond Well, Federal Furnace Well, North Plymouth Well, Bradford Well, and Ellisville Well.

Mode of Supply, Pumping.

PUMPING

Builders of pumping machinery, Fairbanks-Morse, Deming, Warren, Layne & Bowlin, and Morris Electric.

Pumpage for the year:

Lout Pond Pumping (electric)	549,958,000 gals.
Lout Pond Well (electric)	24,363,700 gals.
Wanno's Pond Well (electric)	112,871,200 gals.
Ship Pond Well (electric)	99,765,000 gals.
Federal Furnace Well (electric)	79,747,200 gals.
North Plymouth Well (electric)	418,850,600 gals.
Bradford Well (electric)	273,323,400 gals.
Ellisville Well (electric)	33,050,900 gals.

Total Pumping 1,591,930,900 gals.

STATISTICS OF CONSUMPTION OF WATER

Population 36,858 (Summer Population 44,290 estimated).
Estimated population on pipeline, 30,105
Total consumption for the year, 1,591,930,900 gals.
Average daily consumption, 4,361,400
Gallons per day to each inhabitant, 132.5

STATISTICS RELATING TO DISTRIBUTION SYSTEM

Kind of pipe:

Cement-lined sheet iron, Cement-lined cast iron,
Cement-lined Ductile iron, and Asbestos-Cement.

Sizes, from 2-inch to 30-inch.

Extended, 6 miles, 775 feet.

Discontinued, 0 feet.

Total now in use, 177 miles, 1,253 feet.

Cost to repair per mile, \$19.45.

Number of leaks per mile, 0.64.

Small distribution pipe less than 4-inch, 3 miles, 0 feet.

Hydrants now in use, 1,309 public and 15 private.

Stop gates added, 63; discontinued, 0; number now in use,
SERVICES

Kind of pipe:

Lead, Cement-lined galvanized, Cement-lined cast iron,
and copper tubing.

Sizes, from three-quarter inch to six inch.

Total in use, 29 miles, 1,127 feet.

Service taps added, 143; discontinued, 0.

Total now in use, 9,400.

Average length of service, 22 feet.

Average cost per service, \$105.00

Meters added, 136

Number now in use, 7,448.

Percentage of services metered, 79.2 percent.

Cemetery Division

Once again, this Division, which is responsible for the operation and care of the Town's sixteen cemeteries, performed all maintenance and burial tasks thereat. A rainy June brought about the need for considerably more mowing than in recent years.

Under the Division's beautification program, thirty-two arborvitae and five Red Maples were planted in the new area of the cemetery along Samoset Street.

Vandalism continues to be a problem, with some eighty stones being tipped over in November alone. Although Division forces repaired many, some very old and irreplaceable stones were damaged beyond repair. In addition, vandals destroyed four cast iron fences in the historic Oak Grove Cemetery.

During the year, 140 gravesites were sold; ninety-seven at Vine Hills, twenty-eight at Manomet, twelve at Chiltonville and three at Cedarville.

Burials totaled 149, with one hundred and eighteen being at Vine Hills and Oak Grove, twenty-two at Manomet and nine at Chiltonville.

We wish to thank the Plymouth Police Department and other Town agencies for their assistance during the year.

Report of the Town Accountant

I herewith submit my report of the financial transactions of the Town of Plymouth for the fiscal year ending June 30, 1982.

There were no overdrafts for fiscal 1982, but the following unpaid bills remain on file in this office:

Fire—Francis L. Colpoys, M.D.	\$75.00
-------------------------------	---------

The several schedules are in the following order:

SCHEDULE A—Cash Receipts and Cash Payments as reported to the Bureau of Accounts of the Commonwealth for the fiscal year ending June 30, 1982.

SCHEDULE B—Departmental and all special appropriations and such receipts, including Federal Grants, as may be legally expended, and all payments from the same, classified as to purpose, for the fiscal year ended June 30, 1982.

SCHEDULE C—Estimated Receipts, other than from local taxes, as used by the Assessors in setting the fiscal 1982 tax rate. The schedule also shows the actual receipts from the same sources.

SCHEDULE D—Revenue Account for fiscal 1982.

SCHEDULE E—Excess and Deficiency Account.

SCHEDULE F—Balance Sheet as of June 30, 1982.

SCHEDULE G & H—Bonded Indebtedness, July 1, 1982, including projected payments of principal and interest for fiscal 1984.

SCHEDULE I—Trust and Investment Funds, June 30, 1982.

SCHEDULE J—Calculation of the Town's borrowing capacity, June 30, 1982, based on the latest available equalized valuation.

Schedule A

Schedule J

BORROWING CAPACITY

June 30, 1982

Equalized Valuation (Ch. 58, Sec. 10C)	\$1,219,000,000.00
Normal Borrowing Capacity:	
For General Purposes:	
5% of Equalized Valuation	\$60,950,000.00
For Water Purposes:	
10% of Equalized Valuation	\$121,900,000.00
Outstanding Debt, June 30, 1981:	
General - Inside Limit	\$795,000.00
General - Outside Limit	1,255,000.00
Water	.00
Available Borrowing Capacity, June 30, 1981:	
General - Inside Limit	\$60,155,000.00
Water	\$121,900,000.00

Assessing Department

Fiscal 1982 tax bills were mailed to taxpayers on December 5, 1981. The tax rate of \$21.15 per thousand dollars of assessed valuation reflected a \$.15 increase from the fiscal 1981 tax rate. The tax rate was held to such a small increase due to the spending constraints of Proposition 2½ as well as an increase in the tax base of approximately \$17 million dollars.

The total valuation of the Town is distributed by class as follows:

Residential —	51.6%
Industrial —	31.8%
Commercial —	12.3%
Personal Property —	2.8%
Open Space —	1.5%

COMPUTERIZATION

The implementation of the Town's new computerized system is continuing to make progress. Although we are behind schedule the light at the end of the tunnel is in sight. The final product is beginning to take shape and although a great deal of work remains to be done the rewards of creating such a system are becoming obvious. We now have our excise tax billing system completely computerized. This has made it possible to leave vacant a position created by a retirement from our office as well as reducing the cost of the bills themselves in that we now do our own printing from a tape provided by the Registry of Motor vehicles. Needless to say, we are excited about the potential that our new computer affords us and look forward to the completion of the project.

VALUATION UPDATE

The Department of Revenue has ordered a valuation update for fiscal 1983. This will necessitate a great deal of work on the part of the assessors and staff already over burdened by the day to day responsibilities of our office. We hope to have the project completed in time for the second billing for fiscal year 1983. The first bills were sent out as steimated tax bills and all adjustments will be made on the second billing. We are confident that the property owners of Plymouth will cooperate with us in this monumental task as they always have in the past.

In closing the Board wishes to thank our clerical staff for an outstanding job during another difficult year.

Town Treasurer

During the past year the attractive interest rates which we have enjoyed on our investments have begun to decline; and the Town's Real Estate tax bills were somewhat late in mailing, resulting in some delay of payments. However, despite these handicaps, through astute management of the Funds which were available at any given time this Office was able to earn the sum of \$375,000.00 for the Town over the year 1982.

Naturally we will continue to vigorously pursue all permitted avenues of investment open to us in hope that we can insure in the future optimum benefits from our available resources.

Plymouth Public Library

The first full year in the newly renovated Main Library was a mix of losses and gains. In response of further staff cuts needed to trim the FY83 budget the Library chose to reduce and rearrange hours at all locations in a move designed to maintain as much as possible the existing level of service. The Main Library lost the most hours, closing one full day and 2 nights. The Manomet Branch lost minimal hours, but underwent a major change in schedule, going from a 6-day week to a 3½-day week. Even with the significant decrease in hours, circulation at the Main Library increased 6% over the previous calendar year, with a total circulation of 144,749 items. Circulation for the Library system as a whole declined 1½% over the previous year, with the Bookmobile, which was off the road for 4½ months waiting for a new electrical generator, showing a circulation loss of 40%.

The book budget, coping with skyrocketing book costs for the third consecutive level-funded year, bought even fewer books. Overall, the Library purchased 676 fewer items in FY 1982, a decrease of 13% over the previous fiscal year. In an attempt to stretch the book buying dollar many more were purchased in paperback.

Major gifts to the Library during the year included a bequest in memory of Joseph Gallitano, Sr., interest to be used to purchase books on boats and boating; an antique watercolor painting of the foot of Leyden Street from the estate of Dr. George Bosworth; funds from the Plymouth Woman's Club to purchase large print materials for the partially sighted; and a puppet theatre for the new Children's Room from the Newcomers Club. These and the many smaller gifts and donations received were appreciated by all.

The current Board of Directors for the Plymouth Public Library are Rosemary Barber, Troy Creane, Russell Blake, Roland Holmes, Adele Manfredi, Otto Fehlow, Fay Meltzer, Jane Churchill, Doris Green, Joseph Gallitano, John Peter Rooney, Kathryn Battillo, and President Jeffrey Kapell. The Plymouth Public Library Corporation is a non-profit Corporation dedicated to the provision of Library services to the Town of Plymouth.

Library Advisory and Site Study Committee

During 1982 the Site Study Committee began work on a permanent, Town-owned Manomet Branch Library, with the Committee's intention being that a proposal be presented at the 1983 Annual Town Meeting. A number of options and sites were discussed, with the Committee focusing on a preferred area on or as near Rt. 3A as possible, between Gellar's and the Manomet Fire Station.

The Committee lost two important members, Jane Freedman and Diane Card, and ended the year looking for additional members as they continued moving towards their goal of a permanent Manomet Branch facility.

Veterans' Services

Twelve pages of amendments have been proposed for our new directives. Included is a 5% cost-of-living increase in benefits effective July, 1983.

During 1982 legislation for increased reimbursements to cities and towns almost became a reality. We have resubmitted this legislation again as H-742 to the General Court.

A National seminar-conference was arranged by our Commissioner and held at the University of Massachusetts. Top ranking officials from Washington from Veterans Administration, Social Security, Senate and Congress Committee leaders appeared before us.

Unemployment among under-40 Vietnam era veterans reached a high during 1982. With the decline of Ceta jobs, fortunately extensions of Unemployment Compensation were extended in many cases. I wish to thank all agencies who have been cooperative with our department and to the members of my staff, Mrs. Jean Goduti, and Mrs. Ann Torrance.

Veterans Administration

On October 25, 1982, President Reagan signed into law the Miscellaneous Revenue Act of 1982. This legislation made provisions to qualify many ex-service men discharged after July 1, 1981 eligible for Unemployment Compensation.

Public Law 95-588, Veterans and Survivors' Pension Improvement Act was enacted in 1982 allowing a 7.4% increase effective June 1, 1982. During 1982, the VA Home Loan interest rate dropped five times in two months from 16½% to a November figure of 12%.

During 1982, Veterans and their dependents in Plymouth received the sum of \$2,632,378 in federal funds. Use of four major VA hospitals and out-patient facilities represents a substantial amount approaching the million dollar mark and at no cost to the Town of Plymouth.

The VA is accepting applications for its Health Professional Scholarship Program for a baccalaureate and master's nursing degree on a pay-back-in-service basis. Applications and information are available from: VA Health Professional Scholarship Program, Office of Academic Affairs, DM & S (14N), 810 Vermont Avenue, Washington, D. C. zip code 20420 during 1983.

Council on Aging

The Council on Aging programs have continued to move forward this year, despite Proposition 2½ and federal funding restrictions. We have expanded in two programs; namely, ombudsman and hospice. Both are federally funded. Lee Anderson was appointed supervisor of ombudsmen in Plymouth and had five ombudsmen trained: Betty Leach, Molly Gomes, John O'Brien, Joseph Kelly and Sheila Fortes. The ombudsman program operates in Pilgrim Manor Nursing Home, Mayflower House Nursing Home, and Sand Piper Inn. The program is being implemented in other area nursing homes.

The hospice was inaugurated in August through a Title III-B grant of Older Americans Act. Carol Gay, R.N., B.S., was hired under this grant as nurse coordinator. She works under the supervision of Dr. Steven Hotskin of Jordan Hospital oncology clinic. This program serves residents of the ten towns of the Jordan Hospital catchment area. Criteria for participation requires that a client be terminally ill, living at home and under supervision of a primary care physician.

Under Title V of Older Americans Act, Senior Aides continued to serve in various capacities at the Senior Center. The following Senior Aides were employed when 1982 ended: Barbara Riffini and Anna Powers, Dispatchers; Eleanor Derrick and John Dries, Nutrition Aides; Mary Gomes and Betty Leach, Meals on Wheels Drivers and Ombudsmen; Lola Johnson and Ruth Fanning, Secretaries; Lucy Sears, Accountant; Ginny Haskins, Older Worker Specialist; Robert Rogers, Assistant on Shuttle Bus. Linwood Bernache, Joseph Kelly, Dennis O'Leary and Geneva Dicks are enrolled in the state Elder Service Corps to assist in the nutrition and ombudsman program.

In order to develop our Senior Center as a focal point of services to the elderly, the Area Agency on Aging awarded another Title III-B grant enabling the Council on Aging to maintain professional staff. Goals of this grant were: 1) to develop group activities at the Senior Center and thereby fill the needs of socialization, nutrition, and social services on the premises; 2) to reach outside the walls of our facility to those who are frail or homebound and bring them within the influence of our Senior Center activities.

Lee Anderson, Coordinator of Programs, worked toward the first goal. She organized classes in arts and crafts, physical fitness and health. In the area of social services, Lee has linked our agency with community resources and has worked actively on various community projects; such as, Cranberry Area Hospice, Department of Social Services Parent Aide, Alzheimer's Disease support group, etc. Sheila Fortes was hired in November to oversee the Meals on Wheels program, evaluate recipients, assist at health clinics, visit and assist elderly at risk, work with Old Colony Elderly Services case managers on solutions to individual needs, and make referrals to other agencies.

In order to keep our Council on Aging budget in line with Proposition 2½, the shuttle bus service was cut from 40 hours per week to 35 hours per week. The weekly trips to Hanover Mall for shopping were also cut. Generally, riders use the shuttle bus to do their shopping, to keep professional appointments, to visit spouses in nursing homes, to get to the nutrition site for the daily congregate meals, to attend group

meetings and activities, and to commute to their volunteer jobs. In order to ride the bus, Plymouth residents 60 and over must telephone their request for a ride reasonably in advance. For morning pick-ups, calls may be made the previous day; for afternoon pick-ups, calls may be made in the morning before 12 Noon. Our phone number is 746-4014.

The following comparative record of the years 1973 to the present is taken from our shuttle bus log and shows constant growth in volume of riders:

MONTH	TOTAL PASSENGERS CARRIED		
	1973	1976	1981
January	928	2,031	2,154
February	721	2,060	2,346
March	670	2,331	2,671
April	988	2,095	2,671

September	936	2,401	2,710
October	1,248	2,167	2,465
November	1,271	2,088	2,530
December	1,464	2,351	2,697
Total Carried:	12,724	27,226	29,303
Average Monthly:	1,060	2,269	2,442
Average Daily:	53	109	118

By agreement with the Plymouth Nurse Association, the Council on Aging sponsors health sessions at the following locations on a rotating basis: Southfield Elderly Housing, Castle Hill Elderly Housing, Cherry Hill Elderly Housing and Pinehurst Village Mobile Park. Health sessions are held at the Old School House in Cedarville each month. Health programs include blood pressure, flu immunization, health education and health counseling concerning medication, diet, weight and nutrition. During 1982, the following attendance was recorded:

<i>Month</i>	<i>People Seen</i>	<i>Month</i>	<i>People Seen</i>
January	49	July	91
February	61	August	56
March	92	September	127
April	59	October	805
May	185	November	76
June	114	December	69

Total number of People Seen: 1,784

Average seen monthly: 149

Other health programs this year included hearing tests given by audiologist Mary McDonnell of Associated Hearing Aids, Foot clinics given by Doctors James O'Connor and Alan G. Crantz; Glaucoma testing and eye counseling by Dr. Henry J. Kriegstein. Diabetic screening was done by the Community Nurses. The Council on Aging also participated in a "Health Works" fair held at Memorial Hall.

On February 23, Plymouth Board of Selectmen appointed Rev. Daniel Wilfrid and Ronald A. Robinson to the Council on Aging. On August 10, Joseph M. Kelly was appointed. Christian Schembri and

Hope Cole were elected Vice Chairman and Treasurer respectively of Southeastern CIRCA Region VII. Genevieve Ash was reelected Representative to the 6th Plymouth District of the Silver Haired Legislature.

Volunteers who assisted in our Senior Center programs were recognized and awarded certificates on June 18. Chairman Genevieve Ash and Director Chris Schembri addressed the volunteers who served the past year in categories of dispatching the shuttle bus, assembling the newsletter, assisting with income tax forms, helping in the nutrition, providing transportation and serving on the Council. The following were cited: Marjorie Anderson, Ann Son, George Barstow, Charles Burnham, Robert Cushing, Edna Hittel, Rose Rogers, Emma Yeager, Mary Carr, Sam Bondi, Dorothy Hanson, Earl Harper, Roy Gould, Robert Hallock, Adeline Geller, Esther McLean, Mary Jewett, Fred Drake (deceased), Leon Brown, Marion Amato, Karrie Lee Anderson, Evelyn Bourne, Genevieve Ash, Romeo Carletti, Sam Ferrari, Helen Foley, Harry Fox, Kit Goldberg, Alice Gassman, Bernice McKenzie, Ronald Robinson, John Sullivan, Rev. Daniel Wilfrid, Gertrude Egan, Florence Nunes, Betty Richman, Lonoine Tassinari, Otto Fehlow, John Marston, Vernon Liberty, Mae Moynihan, Terry McCracken, Helen Woronoff, Lillian Amann, Doris Woolson, Katherine Smit and members of Gamma Sigma.

In conjunction with Bridgewater State College, the Council on Aging participated in a field internship program for the academic year 1982-1983. Mary White was assigned to our agency to fulfill a minimum of 200 hours of field experience under the direction of Lee Anderson.

The Volunteer Income Tax Assistance (V.I.T.A.) program was conducted at the Council on Aging Senior Center. IRS agent Paul Curtin provided 12 hours of instruction to a class of 36 volunteers. State Taxation staff member Lillian Kessler gave a class on state income tax returns. Volunteers provided free income tax assistance to taxpayers at 130 Court Street, at Cedarville and in neighboring towns.

During 1982, the Council on Aging lost Edward C. Johnson through death. Ed represented the Council on Aging on the Board of Directors of Old Colony Elderly Services. As Senior Aide, he was accountant for the Title V program. He also acted as coordinator of the Senior Aide program. We will not forget Ed Johnson who labored so diligently for the Council on Aging. To him, we dedicate this report.

Fire Department

Herewith submitted is the annual statistical report for the Fire and Forest Fire Departments for the year ending December 31, 1982.

PERSONNEL CHANGES DURING 1982:

PROMOTIONS:

From Deputy Fire Chief to Acting Fire Chief	
Andrew J. Flynn, Jr.	December 1, 1982
From Fire Lieutenant to Fire Captain:	
Kenneth Hall, Jr.	June 20, 1982
Porter A. Holmes	July 1, 1982

RESIGNATIONS:

Firefighter John Eufrazio	March 14, 1982
---------------------------	----------------

RETIREMENTS:

Fire Chief Arthur H. Lamb retired Nov. 30, 1982. He entered the Fire Service of the town as a firefighter on February 20, 1947. April 27, 1952 he was appointed Fire Captain. June 28, 1955 appointed Deputy Chief and June 1, 1959 appointed Fire Chief.

Captain William Loring retired on April 30, 1982. He came into the Fire Department on April 27, 1952 as a firefighter. On Jan. 23, 1963 he was appointed Fire Lieutenant. On May 26, 1974 he was appointed Fire Captain.

Fire Lieutenant Alvin DeCost retired on May 31, 1982. He came into the Fire Department as firefighter on April 27, 1952. On Oct. 5, 1969 he was appointed Fire Lieutenant.

Captain Lawrence W. Sawyer retired on June 30, 1982. He came into the Fire Department on May 1, 1955 as a firefighter. On Feb. 23, 1960 he was appointed Fire Lieutenant. On July 24, 1963 he was appointed Fire Captain.

Firefighter Joseph Horton retired on July 31, 1982. He came into the Fire Department as a firefighter on April 24, 1966.

FIRE ALARM DIVISION:

Peter Gage, Fire Alarm Superintendent

Maintenance of the municipal fire alarm system and electronic communications and radio equipment is a continuous year round program. Systems reliability under the most adverse of conditions is the department goal.

The last of the Cable TV related fire alarm line work was completed with the reconstruction of fire alarm circuits on Obery Street. As a result of this reconstruction less than three miles of fire alarm circuits constructed before World War II remain to be replaced. Overall the municipal cable system is in excellent condition at this time.

This year considerable attention has been given to the modernizing and updating of the many systems that are privately owned and maintained and connected to the municipal fire alarm system. Inspections, and recommendations have been in place over 75 years and do not meet present state of the art reliability. Pressure to improve has so far been low key and system owners have been appreciative and cooperative. All of these systems, private and public, combine to make the municipal fire alarm system a major weapon in the battle with fire. Automatic systems detect and report fire activity to the Fire Department while fire and loss are minimal.

This year 15 alarms were received from automatic systems connected to the fire alarm system. Six of the fires so reported were of some consequence. The most significant being at Southfield Housing for the Elderly. Eight alarms for fires were reported from street fire alarm boxes. Four aircraft crashes were reported from the airfield emergency alarm box at Plymouth Airport.

Water damage losses were reduced by several automatic alarms from sprinkler system pipe breaks. Each year sees more activity for the fire alarm system.

Fire Alarm Operator workload continues to increase each year and we look forward to installation of a computer terminal to improve efficiency in this area.

New fire Alarm Boxes added this year:

- 1361 Standish Avenue and Liberty Street
- 1222 Samoset Street and Algonquin Terrace
- 6711 Ocean Spray Computer Building — Water Street
- 4133 Boston Edison Training Facility, Sandwich Road
- 1336 Superior Pet Products — Industrial Park Road
- 1337 Blue Shield Building — Richard Road
- 1339 Fava Controls — Richard Road

At this time plans are pending on 8 more. All other electronic maintenance programs continue as usual.

Many members of the Fire Department are assigned limitedly and assist with certain phases of this work without which much of the work could not be accomplished. Their help is greatly appreciated and helps defray costs which otherwise would accrue.

To the Honorable Board of Selectmen, for their cooperation, interest, support, and participation, my sincerest thanks.

To all Town Departments and Agencies for their cooperation and help, my gratitude.

To the department staff, officers, and men for their faithful and devoted performance to duty, my deep appreciation.

Police Department

RICHARD H. NAGLE

Chief of Police

WILLIAM J. MURPHY, JR.

Captain of Police

PERSONNEL CHANGES

Retired

SERGEANT ROBERT E. TURNER,

PATROLMAN JAMES R. ANDERSON,

PATROLMAN GEORGE R. UTT,

CLERK RAMO BONGIOVANNI.

New Personnel

PATROLMAN WILLIAM G. FISTORI,

PATROLMAN JOHN R. WALSH, JR.

During the year the department responded to 49,538 requests for service. A total of 1,627 arrests were made on a total of 4,181 charges. A total of 1,104 motor vehicle accidents were reported.

A total of \$108,203.33 was returned to the town in court fines, license fees and photocopy requests.

The Plymouth Police Department extends its thanks to the Board of Selectmen, town boards and commissions and the people of Plymouth for their support during the year 1982.

Harbor Master

The repairs to the Town Wharf have been completed and new ladders installed for the safety and convenience of the wharf users. The repairs to the T-Wharf have not been completed because of lack of funds. Hopefully, the funds will be available in 1983 so the project may be completed to the satisfaction of all interested parties.

Our commercial fleet has increased by several boats to a total 70 boats from a total of 66 in 1981. The increase was due to 1 additional swordfish boat and 3 fishing draggers. these boats employ local fishermen which should help the economy of the Town.

The marina is operational except for its support facilities which should be completed in 1983. They have attracted many new recreational boats, both large and small, which contributed greatly to the economy of the Town.

Unfortunately the Pond Patrols were phased out due to the restraints of 2½. Complaints were handled jointly by the Police Dept. and our office with cooperation from volunteers on the ponds.

The new boat ramp again was used by hundreds of small boats to spend a day of recreation/fishing on Plymouth Bay. On holidays and weekends there was a waiting period before launching or retrieving their boats because of the amount of traffic at the ramp.

Unfortunately there were three boat fires in our area last year, two being a total loss and the third being a partial loss, only because of the alert action by a Coast Guard utility boat on the scene at the time.

The 2nd Annual Blessing of the fleet was held again this year at the Town Wharf in June. All the local boats participated, both commercial and recreational with a few boats from other harbors. This event was again sponsored by the Commercial Fishermen's Association and held the same day of the Fish Bash on the waterfront. Both activities were well received and organized. Hopefully they will continue to be an annual event.

1982

HARBOR STATISTICS

Violations — filed	30
Violations — cited	6
Emergency boat calls—	12
Overdue boat calls—	64
Boats towed—	189
Boats reported missing/stolen	42
Boats recovered—38 Boat fires—	3
Boats pumped—	53
Dragger trips logged out—	4219
Party Boats logged out—	1684
*Visiting boats logged in	1884

*This figure does not include boats launched from launching ramp.

Office of Emergency Preparedness

The Office of Civil Defense and Emergency Preparedness is located in the basement of Memorial Hall, 83 Court St., Plymouth. This location was chosen for security and survival reasons.

The telephone numbers are: Director: 746-4186 and Secretary: 746-4039.

In the event of any emergency declared by the Plymouth Board of Selectmen (or higher authority), the Office of Civil Defense and Emergency Preparedness (OEP/CD) will become operational on a full-time basis. It is presently manned by a permanent, part-time secretary four days a week (Tuesdays through Fridays) between 10:00 a.m. and 2:00 p.m.

Mr. James W. Ryan, the present Director, was appointed by the Plymouth Board of Selectmen for the term beginning 1 July 1982 through 30 June 1983.

This department is the town agency responsible for the coordination of all town departments and resources in times of disaster, natural or man-made. In the event of an incident at the Pilgrim Nuclear Power Station (PNPS), this office will be responsible for the orderly evacuation, if necessary, of any town residents that may be affected by the incident.

The Radiological Emergency Response Plan (RERP), adopted by the Plymouth Board of Selectmen on 1 January 1980, is now in effect. (Revisions occur in the plan, on an "as required" basis to update changes in pertinent information.) This plan calls for a number of different protective actions, such as staying home, sheltering or evacuation to protect the health and safety of town residents. The type and seriousness of an accident will determine the action to be implemented. The basic concept of the plan is to provide an orderly evacuation of any portion of or all of the population within a ten (10) mile radius of the Pilgrim Nuclear Power Station should conditions warrant this protective action. It also describes, in detail, how each town department (or other agencies) shall respond and what their duties are during this period.

COMMUNICATIONS

The Emergency Operations Center (EOC) continues to improve. The Center has a radio room that is capable of two-way radio communications between the Center and the Plymouth Police, Fire and Department of Public Works. We have also developed a radio system that allows us to maintain communications with the Massachusetts Civil Defense Agency and the Massachusetts Department of Public Health through either the RACES (Radio Amateur Civil Emergency Service) or the Massachusetts Executive Department frequencies. This capability was funded, in part, by State monies.

In November of 1982, the Town Siren/Notification System became fully operational. This system is regulated by the Board of Selectmen and is activated at *their* request *only*. Actual control is from the Central Fire Station Operations Room.

VOLUNTEERS

As always, we are in need of volunteers for all phases of our operations. Without volunteers and their continued support, the Office of Civil Defense and Emergency Preparedness (OEP/CD) cannot function in the manner for which the United States, through FEMA (the Federal Emergency Management Agency), and the Massachusetts Civil Defense Agency created it.

Building Department

Due to budget restrictions the Building Department was forced to work with one less clerk throughout this fiscal year. It became increasingly difficult for the two remaining clerks to keep up with the work load. We were fortunate, however, to be able to utilize the help of other departments on an occasional basis and in this way were able to cope with the clerical responsibilities of the department.

The Building Department issued over 1400 permits with the Inspectors completing over 9,000 on site inspections. The two largest projects for Plymouth this year were the White Cliffs development and the Housing for the Elderly on Prince Street. In revenue the Building Department brought in over \$117,000.00. This is a \$21,000.00 increase over fiscal 1981.

This department continues to work closely with the Assessing Department, supplying the statistics necessary to update their records for tax purposes. We continue our close relationship with other departments; such as the Zoning Board of Appeals, Planning Board, Conservation Commission and the Board of Selectmen.

An informed citizenry is the best defense for safety and security. To this end, the Building Department is always available to answer any questions or concerns which will insure better living conditions for the citizens of Plymouth.

Board of Health

Environmental Health Private Sewage Disposal Systems

	1981	1982	Change
Permits for New Systems	244	154	-90
Permits for Repairs	54	50	- 4
Final Sewage Inspections	195	126	-69

Prior to the installation of sub-surface sewage disposal systems in Plymouth, the developers (builder) are required to identify groundwater flow fields (direction) in the area. Inadequate protection of groundwater will adversely affect its quality and could jeopardize the health of downgradient users who depend on groundwater for their drinking water supplies.

Health problems associated with septic effluent contaminated groundwater are a constant threat and must be addressed.

Environmental Inspections and Investigation

In order to properly carry out their respective responsibilities, e.g.: code enforcement regarding protection of the health and well-being of the people of the Town of Plymouth, the Board of Health is authorized to enter, examine, or survey at any reasonable time such places as they consider necessary, and otherwise, to conduct such examination or survey as is expressly provided for by State, Federal and Local codes.

DID YOU KNOW THAT:

The Plymouth Board of Health was formed on May 17, 1799 and was composed of five elected members.

Pasteurization of milk became effective in the Town of Plymouth July 1, 1942 by vote of town meeting on April 28, 1942.

Plymouth Community Nurse Association, Inc.

The Plymouth Community Nurse Association, Incorporated has been providing on a part-time, intermittent basis, qualified Public Health Nursing, therapeutic services, health guidance, professional education, community planning and health education. These services are provided regardless of race, creed, sex, national origin, or the ability to pay.

In keeping with our philosophy, the Board of Directors and PCNA Staff are deeply committed to the insurance of holistic quality health care and are ever striving to identify individual and community needs and to develop and implement programs to address these needs. Currently, this is done through direct service to the acutely ill, as well as to those requiring preventative teaching and rehabilitative service both in their homes, in the PCNA office, or community-based clinics. Our Early Childbearing Program, funded with Federal assistance, provides nursing and social service to the pregnant and parenting adolescent population.

Board of Health activities (well child clinics, newborn assessment, communicable disease follow-up, tuberculin testing, immunization programs, health teaching and supervision) are rendered by our entire professional staff.

We are pleased to be a part of the collaborative effort which seeks to promote growth, health and happiness for the citizens of Plymouth.

FISCAL YEAR 1982

Well Child Conferences: 10 conferences were held

Physical Examinations: 167 physical exams were given

Immunizations: 152 children received 262 immunizations

Maternity visits: 118 postpartum visits were made — 116 newborn visits were made

Postpartum encounters: 55 postpartum encounters were made

Health Guidance Visits: 10 adults were seen, 1 preschool age child was seen, 1 school age child was seen, and 5 infants were seen, and 3 mothers were seen.

Blood Pressure/Health Counseling Sessions: 32 sessions — 934 people were seen

Flu Clinics: 5 flu clinics were held — 1080 people seen

Diabetic Screening Sessions: 5 sessions were held — 111 people were

X-Ray clinics: 3 clinics were held — 5 people seen

clinics: 3 clinics were held — 5 people seen

X-Ray Mantoux Testing: 171 were given in the office — 150 read

On-Site: 123 were given on-site — 95 were read

TB follow-up: 1 person was seen for TB follow-up

Acute communicable disease: 1 visit was made

Nutrition counseling: 5 visits were made

Community Education: 3 visits were made

Bereavement visits: 3 visits were made

Post Mortem visits: 1 visit was made

Disease prevention: 1 visit was made

Plymouth County Mosquito Control Project

The Commissioners of the Plymouth County Mosquito Control Project are pleased to submit the following report for 1982.

The Project is comprised of 21 Plymouth County Towns, the City of Brockton, and the town of Cohasset (Norfolk County). In all, approximately 350,000 people in an area of 621 square miles are served through an integrated, multi-faceted approach to mosquito control. The sweeping revisions in the program, begun in 1982, are nearly complete, and are resulting in safer and more effective control despite the lack of inflationary increases in funding for six years.

1982 was relatively wet, and mosquito populations were higher in many areas than in 1981. To provide relief, 289,000 acres were treated by truck-mounted Ultra-low volume aerosol sprayers. Standing water that could be reached on foot was treated to control breeding. 2,459 man hours were expended checking and treating such areas. In addition, 4,094 storm sewer catch basins were treated in areas where they hold water.

During August of 1982, the Project acquired a small airplane for spraying large mosquito breeding areas that cannot be reached on foot. This acquisition will be a most significant factor in improving mosquito control while decreasing the already low hazard to humans. Only insecticides classified by the EPA as "relatively non-toxic" will be used, and then only over swamps, marshes, and other wet breeding areas—not over residences.

During the cold months, field crews removed obstructions from 142,000 linear feet of ditches and streams to prevent backups and the resultant mosquito breeding pools. Very little excavation work was performed by hydraulic backhoe during 1982 to divert funds to the purchase of a new backhoe unit and a truck to transport the tractor. Backhoe work will resume during the spring of 1983. Due to the large number of requests received for such work, future projects must be evaluated solely on the basis of efficacy in controlling mosquitoes.

To an increasing extent, use of chemicals in controlling mosquitoes will be based on hard numerical data received through various surveillance methods carried out by our fieldmen, entomologists, and local volunteers. The result will be more selective, judicious, and timely treatments. An increase in "larvaciding" will mean a decrease in "fogging" of residential areas. Finally, the Project is planning to develop its own arbovirus surveillance program in light of recent outbreaks of Eastern Equine Encephalitis.

We wish to thank the citizens and personnel of our member municipalities for their cooperation during the past year.

Plymouth School Committee

It is not possible to review the past year without a vivid recollection of the very serious problem that engulfed the Indian Brook School community. Parents and teachers were justifiably concerned with the incidence of terminated pregnancies and student illnesses. As greatly disturbed as we were in regard to the reluctance of the State to move quickly when first informed of our problem, we highly commend their collective efforts once serious studies were undertaken.

Indeed, we have become the victims of a broadly advanced technology. As much as we have appreciated the climate control that is so pleasant a part of our new schools, we have been made painfully aware of the increased possibilities of hurt to the environment. All of us have known this as an experience from which many worthy lessons have been taken. Corrective actions have been taken to assure improved conditioning of all air spaces within our schools.

We are pleased to report on the continued success of our Grade 7 program at Nathaniel Morton. As much as it is our shared hope that the Regional School Committee will solve its building problems, we are thankful that we have continued to be helpful. We offer no pretense that this is being done without educational hurt. Increased secondary school space is desperately needed.

Our lunch programs have benefited from a slight increase in Federal guidelines for our free or reduced price programs. This has allowed us to give increased advantage to those who buy weekly tickets. Volume is the secret of business success in our cafeteria. It is when we share in this service that we know a true benefit. Studies have shown that it is impossible for parents to provide individual meals of similar quality at the school prices.

Following a broad search and a very careful study by an Advisory Committee which included both parents and teachers, Dr. Carol Wareing was appointed Elementary Supervisor/Director of Curriculum. Great credit is due those parents and teachers who gave so unstintingly of their time and effort. We congratulate Dr. Wareing on having been selected and wish her every success in this most challenging position.

Fortunately, our K-6 enrollments have tapered off slightly. It is a matter of having the sixth grade that is leaving us larger by one hundred children than the present K-1 grades. This should allow a relief from some of the larger class sizes that we have known in recent years.

May 28, 1984 — Memorial Day

Plymouth-Carver Regional School Committee Report

This, our first year away from one or another of our double session patterns, has not been without its very serious problems. Grade 10 students are forced by circumstance to be split with sixty percent of them at the Intermediate School and forty percent at the High School.

It must be remembered that our Intermediate School was developed for 1600 students in Grades 6-7-8. To have it overflowing today with over 1800 students in Grades 8-9-10, has caused educational hurts to many students. Because the courses in such areas as Shop and Home Economics must meet five times a week for Grades 9 and 10, there is almost no time left in these areas for Grade 8 students.

We find ourselves at this time viewing an enrollment that will be increased by 352 students. How, under the present space restrictions and the strictures imposed by 2½, we are to make intelligent provision for these 3,430 young people is our greatest present concern.

We are presently studying the feasibility of renting twelve or fourteen relocatable classrooms at an annual cost in excess of a quarter million dollars. The alternative to this expenditure is the serious overcrowding of both the High School and Intermediate School.

A major part of our time has been given to the process of deregionalization. The time may well have come when our communities would be better able to satisfy their educational needs as separate entities. It has been a good union with many benefits accruing to both communities. While we respect the divergent opinions that exist in both communities, we are trustful that you will make intelligent decisions when you are asked in the weeks before us to vote on this important issue.

There are, in both communities, serious space demands. It is our sincere hope that sensible solutions will soon be found. Once the questions presently before us are resolved, we shall be coming before you once more asking your financial support for educational programs of which you may once more be proud.

Annual Report of the Principal of the Plymouth-Carver High School

The major highlight of the 1982-83 school year was the return of the single session school day. After two years of double and an over-lapping session it was gratifying to all to be back to a normal school day.

Among the professional staff there were some significant changes. Mr. Robert Norton replaced Mrs. Jean Patenaude as Guidance Coordinator who had retired, and Mrs. Alba Thompson became the new social Studies Coordinator replacing Miss Phyllis Johnson who also retired. Mrs. Jacqueline Winokur replaced Mr. Mark McQuillan as English Coordinator who was on a one year leave of absence. Mr. Robret Ferrante became the new band director for Plymouth-Carver High School and Plymouth-Carver Intermediate School. Mr. David Hosford replaced Mr. Terry Ward in the Industrial Arts department who had resigned and Mrs. Julie Murphy replaced Mrs. Jacqueline Bouley in the Home Economics department who was on a maternity leave. There were two new staff members in the Social Studies department namely Donna Whiting and Gregory Sabine and Richard Shagoury was an addition to the Science department.

The Student Council under the advisorship of Mr. Kenneth Taylor had a very busy year. Mr. Taylor and Brian Nelson, senior class president, were members of the state executive board. Plymouth-Carver was very active on the regional level and a large delegation from the council attended the fall convention in Middleboro, and the spring convention in Wrentham. Spirit week under the leadership of Janelle Malafronte and Eugene Doherty was well-organized and culminated with a football pep rally. The council also sponsored a donkey basketball game which was well received by the audience.

The Concert Choir under the direction of Mrs. Sylvia Thornton produced a Christmas Concert, a full weekend of Sound of Music and a Pop Concert in the spring.

The National Honor Society were involved with several activities and aprojects. The members aided with registration for adult education, provided a tutoring service, conducted an Arts and Crafts show, prepared revisions for The Student Handbook and sponsored a senior citizens trip to Newport, Rhode Island. Mr. Michael Olendzenski with two students from the high school, namely Chris Alberghini and David Rawles, attended the Model Congress Convention at American International College in Springfield. The two boys presented a bill in the Senate, passed it through the committee and successfully defended it on the Senate floor. The highlight of the conference was a keynote address by former Governor Edward King.

The Science-Math Club with its advisor Mr. John Lee participated in the Plymouth-Carver Intermediate Science Fair, a visit to Tufts on Robotics, and a field trip to Bionomics, division of E.G. and G. in Wareham. This laboratory is engaged in environmental protestation, through testing of toxic substances of living plants and animals.

Successes of the boys' and girls' athletic teams were a major highlight of our sports program. The boys' basketball team won the Old Colony League Championship and the girls' field hockey team qualified

for the state field hockey tournament.

Fifteen Plymouth-Carver Distributive Education Students were among 450 high school students from Eastern Massachusetts attending the DECA full leadership conference at the Holiday Inn in Dedham. Students were welcomed, introduced and oriented to the principles of DECA, a national student youth organization dedicated to developing future leaders in marketing and distribution.

In February the AFS Club had a short term exchange with a high school in Poolesville, Maryland. Twenty-one Plymouth-Carver High School students spent a week in Maryland and in May twenty Poolesville students returned the exchange. In December twenty PCHS students went to Hunter College High School in New York City for the short term exchange.

Dorin Sullivan spent the summer in France as an AFS exchange student. Arya Nabawi arrived from West Germany in August to be this year's AFS student. Other exchange students include Jose Ugarte (Y.F.U.) from Chile, Edwardo Carrera (Rotary) from Mexico, Hannelotte Harteman (E.F.) from Holland and Richard Magnusson (E.F.) from Sweden. Our many thanks to John Allen and Barbara Lloyd as advisors of the AFS Club for their tireless efforts throughout the year.

The graduating class of 1982 was the first with over 500 seniors receiving diplomas. Fifty-nine percent plan to further their education beyond high school with 30% indicating acceptance at four-year colleges. In addition 47 students of the class plan to enter the military and 32% plan to enter the labor market. The job market is attracting a number of students and the Massachusetts Employment Security continues to have a full time representative located in the school who is ready to assist students with placement.

The local Plymouth-Carver Scholarship Program is the largest ever with \$59,375. in assistance to students through the efforts of service clubs, civic organizations, memorial scholarships and trust funds. This program, which continues to grow, is one of the most generous local scholarship programs in the state. We are grateful to everyone for making this program possible.

This year because of the cutting of Social Security Educational benefits, 21 seniors entered a dual high school/college enrollment beginning in February 1982 to save their benefits.

As I terminate thirty-five years in public education, eighteen at the Plymouth-Carver High School, I would like to extend to the Central Office staff and the faculty at PCHS my deepest gratitude for their support and cooperation over these past years. It is impossible for one person to be appointed as principal of a school and to accomplish everything that is asked of him without the support of so many people which has been spontaneous, active, and enthusiastic. At the risk of omitting anyone I would instead express my overall thanks to everyone who made my stay at Plymouth-Carver High School a pleasant and memorable one. Then there are the students who are the heart of the school. They will certainly leave with me many fond memories which I shall carry with me during my retirement years.

In summation I have been a lucky individual to be associated with so many fine people who helped me when I needed it most. I would also like to express my thanks and commend the parents and their groups for their support of public education.

Annual Report of the Principal of the Plymouth-Carver Intermediate School

1982 was a year of adaptation at PCIS. Grade level shifts evidenced an ever-increasing need for space. 420 Sophomores joined Grades 8 and 9, resulting in a total enrollment of 1820 students. To accommodate the need for credit courses and the demands of a High School curriculum within a matrix schedule, the remaining 2 Houses, shops, art rooms and learning centers were augmented with wall construction.

The curriculum for Grades 9 & 10 requiring credit for graduation remained intact. Electives for Grade 8 had to be augmented to accommodate the requirements of Grades 9 & 10. Industrial Arts, Home Ec. and Art courses were offered on a limited basis. The internal increase from Grade 8 to 9 of 133 students will limit electives even more significantly in 1983. Writing is being emphasized in all curriculum areas. Computers have been added to our Math Dept. as a necessity to prepare our students for the future world of work and academic pursuit.

Our students continue to support the school and community. The band performs in all major holiday parades. Grades 9 & 10 have provided funds for community needs servicing needy families, nursing homes, and community projects. Grade 8 has worked with Globe Santa and Toys for Tots. Our Jr. Honor Society continues to provide tutorial help for students at PCIS and to visit the sick and infirm.

The Parent Advisory Group (PAC) began meeting in October. The members have offered valuable input to many areas plaguing the ever-shifting student population. We meet the first and third Wednesday of each month.

1983 will again pose many changes for PCIS. The largest classes with enrollments exceeding 850 will be entering PCIS. Space needs will be a constant focus. The staff and administration will continue to address the intellectual and social needs of our students with perseverance and commitment.
